Maternity Leave Victoria Gordon 2019-12-18 What does it mean to be a successful working parent? And how do working parents cope in the United States, the only developed nation with no paid parental leave requirement? Despite some positive advancement in the voluntary adoption of paid parental leave, many organizations over the past 25 years have instead decreased paid leave benefits offered to employees in the United States, choosing instead to let unpaid leave under the Family Medical Leave Act (FMLA) serve in its place. This regression in practice is perhaps the greatest unintended consequence of FMLA and surely was not the intent of Congress. *Maternity Leave: Policy and Practice*, Second Edition approaches parental leave from a variety of perspectives: legal, political, social, institutional, organizational, and, most importantly, from the personal perspectives of the women and men interviewed expressly for the book. This second edition offers two new chapters: the first puts the issue of

maternity leave within the context of work–life balance issues, and the second explores case studies from states, cities, and private organizations. Incorporating new census data, related reports, and academic studies, authors Victoria Gordon and Beth M. Rauhaus utilize relevant and cutting-edge research in their exploration of parental leave, and they enrich this research with the individual stories of ordinary working parents as well as those who choose not to have children. Assuming no prior specialized knowledge, this book can be assigned on a variety of undergraduate and graduate courses in politics, public policy, public administration, gender studies, and human resource management, and will equally be of interest to parents, policy makers, and C-suite managers.

Personnel Manager's Portfolio of Model Letters Mary F. Cook 1985

Audit Defense Ed Danter 2022-04-23 Most university undergraduate and graduate audit classes are geared towards educating prospective auditors but do not provide education for those who will be audit clients and subjected to audits. Future audit clients need to be educated as well as future auditors to ensure that there is a level playing field. Those being audited do not receive the same level of formal education as internal auditors– most client education occurs during the audit itself. The client, once subjected to an audit and faced with the consequences of a failed audit, will learn via trial and error. If left unprepared, managers can suffer financial losses and promotional setbacks; the preparation and education that is needed to be audit ready is lacking. Of interest to accounting, finance or business students and entry-level practitioners, this book provides the audit education and preparation that has been missing. It shows how to interface with auditors, helping to identify issues, exposures and risks, and adequately position current and future managers to achieve successful audits. The book also provides mock audit simulation exercises to further prepare prospective audit clients.

Employment Law Yearbook 2007

Business and Professional Communication Kelly M. Quintanilla 2018-11-29 Gain the knowledge and skills you need to move from interview candidate, to team

member, to leader with this fully updated Fourth Edition of Business and Professional Communication by Kelly M. Quintanilla and Shawn T. Wahl. Accessible coverage of new communication technology and social media prepares you to communicate effectively in real world settings. With an emphasis on building skills for business writing and professional presentations, this text empowers you to successfully handle important work-related activities, including job interviewing, working in team, strategically utilizing visual aids, and providing feedback to supervisors. New to the Fourth Edition: A New "Introduction for Students" introduces the KEYS process to you and explains the benefits of studying business and professional communication. Updated chapter opening vignettes introduce you to each chapter with a contemporary example drawn from the real world, including a discussion about what makes the employee-rated top five companies to work for so popular, new strategies to update PR and marketing methods to help stories stand out, Oprah Winfrey's 2018 Golden Globe speech that reverberated throughout the #metoo movement, Simon Sinek's "How Great Leaders Inspire Action" TED talk, and the keys to Southwest Airlines' success. An updated photo program shows diverse groups of people in workplace settings and provides current visual examples to accompany updated vignettes and scholarship in the chapter narrative.

A Forensic Linguistic Approach to Legal Disclosures James Stratman 2015-10-08 This book is a scholarly work of forensic linguistics that demonstrates how the principles of Gricean pragmatics and their recent elaboration in Information Manipulation Theory (IMT) can be of use to courts faced with deciding cases of allegedly fraudulent disclosure documents. The usual goal of legal rules for disclosure documents is not merely to prevent lying but other forms of deception as well. In particular, the goal of these rules is to force the communicator to reveal information that could cause material harm to certain receivers, harms that the communicator, for various reasons of self-interest, might prefer to keep secret or hidden. Because IMT and the Gricean framework have seldom been used in published studies to investigate legally mandated disclosure documents aimed at laypersons, this book seeks to enrich current explications of the rhetorical "workings" of deceptive disclosures within the broader Gricean tradition of pragmatics. The book questions the fundamental relationships among Grice's maxims as well as the much circulated notion that violation of some maxims is more deceptive and more immoral than violations of others. In addition, the book also attempts to show how various other theories and research in discourse linguistics and reading comprehension can be used to

support IMT analyses in addressing the discourse processing issues unique to legally required disclosure texts. In this way the book contributes to the larger dual mission of the field of forensic linguistics, which is both to understand and to improve courts' impact on social justice.

Seglin teaches magazine publishing in the graduate department of writing, literature, and publishing at Emerson College. Annotation copyrighted by Book News, Inc., Portland, OR

Managing Human Resource And Industrial Relations Tapomoy Deb 2009

Improving Employment Reference Checks Eva Russell Stunkel 1956

Decisions and Orders of the National Labor Relations Board

German Employment Law Nicole Elert 2014-01-01 In modern employment practice, the question of who falls under the jurisdiction of German labor law (employees, freelancers, employers, works councils, labor unions, representatives for the disabled, employer's associations, etc.) is an increasingly salient issue faced by foreign firms and firm owners, human resource, tax, and legal departments, as well as investors and foreign employees. Specifically, many firms have questions concerning the application

of German law for establishing, managing, and terminating employment contracts with foreign or German workers within Germany. In this connection, issues frequently arise concerning foreign assignment, residency, and visa law, and an extremely wide range of legal provisions must be taken into account, including the AGG (General Non-Discrimination Act), BetrVG (German Employees Representation Act), Tarifrecht (Collective Bargaining Law), BUrlG (German Federal Leave Act), TzBfG (Part-Time Work and Fixed-Term Employment Act), AÜG (Employee Transfer Act), BDSG (German Federal Data Protection Act), KSchG (German Protection Against Dismissal Act), Entgeltfortzahlungsg (Continued Remuneration Act), GewO (German Industrial Code), and MutterschutzG (Maternity Protection Act). Beyond this, secondary questions related to income tax law, international taxation, and social security law may arise. Against this complex backdrop, the present work intends to answer questions most frequently asked by foreigners when dealing with German employment law.

Personnel Forms Made E-Z Products 2001-05-29 Essential for every company. Guides you through every personel management stage, from recruiting and hiring to discharging and terminating. Includes streamlined checklist, guidelines, policies, programs, reviews, agreements and more.

Model Rules of Professional Conduct American Bar Association. House of Delegates 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
