Therefore my system of education is based on concentration and on the transfer of knowledge even before the person is born. This can be done by the parents of the baby to be born, and therefore grandparents and, in principle, any people who are in a position to consider that someone is about to have a baby, a new person. This system of education includes several stages. The first stage is through concentration on infinity, that is, on infinite time and space before the birth of the person - to concentrate on the first thought: let him be born, creatively develop and give Eternity to the World. Having concentrating the thought three years prior to birth, to effect the following mental form: the person who is born should live joyously, happily and be surrounded by love.

Escuchando a Dios Grigori Grabovoi 2022-05-20 Cuando consideramos el nivel de la escucha de Dios, es decir, por ejemplo, consideramos los órganos de la audición de Dios, entonces primero vemos en este caso, que nos ocupamos de lo que está más cerca del hombre en la fase de percepción. Bueno, por ejemplo, si consideramos la visión de Dios, entonces Dios está viendo, y Él es a la vez omnisciente y omnipresente. Entonces, es un nivel macro, a la vez el nivel y la escala macro de la acción de Dios. Cuando consideramos el nivel de la escucha de Dios, en general, este es un sistema, que contrasta bastante para la percepción humana, que se expresa en el hecho que es posible escuchar algo con un órgano físico y, en principio, escuchar algo de alguna parte. Y, cuando, por ejemplo, establecemos las tareas para considerar precisamente la escucha de Dios, entonces, primero, debemos considerar los parámetros de la audición de Dios es decir, lo que Él escucha desde el punto de vista humano. El hecho es comprensible, que existe el sonido del mar y el follaje. Pero, después de todo, Dios, que crea la realidad, escucha algo más, que lo abarca todo y, que es más generalizado en la audición, ¿no es así? Y cuando podemos expandir este sistema de conocimiento al hombre, entonces por analogía una persona puede, por ejemplo, escuchar alguna cascada distante, que no está cerca de él, cierto?... pero puede

escuchar esta cascada. La técnica de esta propagación consiste en el hecho que expresa, la idea de Dios, que una distancia es distancia, lo que significa que desarrolla la audición en la dirección de la percepción de Dios de y en algunos procesos. Entonces, la palabra de Dios significa en primer lugar escuchar la presencia de Dios allí. Dios siempre está ahí, donde hay un proceso; e incluso donde Él tampoco está presente. Significa que la audición es una característica de separación, que podemos relacionarnos tanto con Dios como con el hombre al mismo tiempo. Y cuando comenzamos a implementar esto para los propósitos de control práctico, podemos decir que es suficiente escuchar un nivel positivo de un evento o una llamada positiva de un evento, es decir, una palabra como "una llamada del evento" es aplicable, y luego obtenemos el control logrado. Por lo tanto, por analogía con Dios, el hombre puede escuchar exactamente el llamado de un evento, llamando a la implementación positiva de los hechos: llamando con una palabra o un sonido, ¿verdad? o con el sonido de la vibración del nivel, que corresponde al nivel del Alma humana. Es decir, si consideramos la escucha de Dios, es decir, actuar por analogía con la audición de Dios en la acción de controlar un evento, trabajamos inmediatamente con el Alma. Y, de hecho, originalmente había una palabra, por lo tanto, la palabra fue percibida por el Alma. Y cuando una palabra es percibida por el Alma, podemos decir que el Alma de Dios se manifiesta en la palabra. La palabra, que implementa la construcción creativa, es la plenitud del Alma de Dios.

Unified System of Knowledge Grigori Grabovoi 2012-10-13 Recently the world has shown great interest to the work of Grigori P. Grabovoi, head of the "International Program for health improvement of man". The method of health improvement includes diagnostics, information processing, recovery process. Grigori P. Grabovoi puts into practice all work cycles, using his abilities of clairvoyance and remote information control. Digital diagnostics is performed in addition. Grigori P. Grabovoi says: "I see my mission not only in curing. I perform matter regeneration (recovery) regardless of the initial state. This proves irrationality of destruction, shows the technology of salvation, and implements the fundamental principles of the world's ecological safety". Since Grigori P. Grabovoi regenerates after natural death, cures the 4th stage of cancer and the 4th stage of AIDS, when many organs are also destroyed, he naturally heals from any disease. Thus, Grigori P. Grabovoi implements the principle of non-dying as a method of preventing the global catastrophe threatening the whole world. Recovery cycle can be performed remotely without distance limitations. The program includes both the elimination of man-made disasters that could lead to global catastrophes, as well as control of events that overcome critical conditions as a result.

Time Control Grigori Grabovoi 2019-04-15 ... the time of man and the time of God coincide at some level, at the level of the human Soul manifestation in all events of the World... *when both God and man go together on the same status to the infinite development, then time becomes controllable... * ... a simple element of the absence of aging... Then we can see, that the implementation of events often has a completely static rigid form. For example, the same events are preserved in a second, for example, right?.. we can say in five hours that, "Yes, that is the same house." It can be said in one hundred years, that a particular level of the event will be in the form of the identified values there: there is a mountain there, right?.., a stone and so on. But to say, that man will be in this place in a hundred years, right?.. well, obviously, is not possible, if you have not agreed with him in advance, provided that, he would be able to come there.

Prk-1u Grigori Grabovoi 2021-08-13 30 Controls for the PRK-1U, was created by Dr. Grigori Grabovoi, based on his great scientific research and his registered patents. There are no analog devices in the world. The device will be configured according to the personal parameters of those who sign a contract when acquire the device or by using it Online 24/7 at IVIDEON platform. By concentrating on the device, it is possible to develop one's own consciousness to be able to control events (including health) in order to improve them, develop clairvoyance, and be able to design favorable future events. The device was designed to develop the following concentration types: Concentration for any event or situation (including health) Concentration to rejuvenate Concentration for the development and clairvoyance control Concentration for the forecasting control development Concentration for the Eternal Life Development The strength of concentrations and the development of consciousness due to the concentration, is the same. But the physical device has an advantage: when the device is turned on, the person who is at 3 meters distance and is the one who was configured in the device, will take to the norm all its events, even if that person is not concentrated. Why the person has to be concentrated if the physical device is turned on and taking to the norm the events? Because when it is concentrated, the consciousness of the person is being developed and if the consciousness is developed, the person can take to the norm its own events without the device, and besides will develop the clairvoyance.

It's Never The End Alex Raco 2016-05-07 London - late 1880s. Alex - successful MBA, skeptical and

materialistic executive, sees himself as a woman in a previous life. And, she's about to have a miscarriage. This out-of-body experience, or regression, totally changes Alex's present life. He recovers from a serious autoimmune condition and forsakes the rat race of the business world to bring relief to others. And, through his treatment of clients he has reawakened and guided hundreds of people through regressions to their previous lives. This book recounts, with incredible detail, the adventures of his clients' previous lives. Readers learn about hypnosis techniques and other phenomena like déjà vu. Fear not, the book is not overly technical. The author debunks myths about hypnosis, explaining why his controlled techniques produce empirical results, notwithstanding the lack of acceptance by traditional medicine. Have you ever met someone or entered a place for the first time, but, feel like you once knew them or where there before? Mr. Raco's clients expose how childhood memories and previous lives contribute to our present consciousness - our very souls. It goes beyond our brains, before our present beings, and after our deaths. The book describes Mr. Raco's initial heavy skepticism of regression therapy. But it describes the real experiences of many clients. Their regression experiences demonstrate how present problems can be solved or reduced by reworking traumatic memories - in this and in previous lifetimes. A book in which topics such as parenting, soulmates, emotional dependency and the love for animals become alive through the lives of soldiers, monks, thieves, singers, slaves, dwarfs, ancient Romans, medieval peasants and warriors. It is a statistical and empirical investigation from a professional who is able to maintain, in spite of everything, a detached and neutral perspective. A great instrument for the psychological well-being and personal growth of all of us. A book that will change your life.

Vision of God Grigori Grabovoi 2021-10-07 Then, for man, the Soul of God is also the manifested material world. First, it is his degree of thinking towards God, that is, how much he reaches God in his thinking, and then some already manifested material processes go. By comparing this, for example, with the physiological level of a person, it can be said in such a way, that a person, for example, there, when waking up or being born, he first examines the internal structure of the organism, that is, well, what is always with him. The simplest postulate for a person is to have what is always with him. So, it is, for example, as if his constant vision of his bodily structure. And considering body as the physiological structure of the Soul in terms of its action, for example, in infinite development - specifically in this position - we can quite say that by analogy with this, God sees firstly the whole world. That is, when He turns to

the Soul, He also can see His own structure of the organization of His own Soul. After all, for God, who can create everything, it means, He can create His own Soul practically at the same time. There is a fundamental difference between God and man in terms of action. Because when we want to learn how to do what God does, we must see what we can learn. It is again an absolutely applied mechanism of action here: we must obligatorily see the difference.

The Teaching of Grigori Grabovoi about the Soul Grigori Grabovoi 2018-12-09 Here, Dr. Grigori GRABOVOI's position on the Soul formulates the technology of the work of the Soul, doing a most wondrous job of transformation by providing actionable knowledge in ways that encourage control and instant action. Implementing this knowledge attentively, its complex simplicity as if ignites a very insightful process and experience, while also making absolute sense in terms of its axiomatic principles, their application and of course, the results. If you are interested to take a next serious step towards your spiritual development and growth, perhaps this exceptional book with its theory and practical ways of thinking will be a key to your current process for further progress in your personal management and in global salvation. Considering Dr. GRABOVOI's axiom that, the Soul of man is built according to the same laws as the physical body of The One God, one can see that the Soul is already eternal because It is built according to the same laws. Did you know that your Soul is always in action, never sleeps, and that It always starts working immediately at whatever stage of a situation when asked by your Consciousness? Do you wish to know more about the properties and qualities, the special characteristics of your own Soul? For example, for the Soul, the control is always action - to improve and to normalize (i.e. make to the norm of the Creator) as It was created with these qualities. The norm is how God makes the norm, how the plants and animals grow, how the World is transformed, how the person breathes in general - this is the technology of human healing. One can restore oneself by thinking since it is the Soul that creates thought. Therefore, it is sufficient to develop one's Consciousness to the level one is really indestructible, to the level of realization of reality towards the norm, towards the physical body of the One God for self-realization and its translation to the rest of the World. God does for all at once; so you do for all and for yourself. So, you can use your Soul to help yourself. Upon reading and studying this book you can find out ways of thinking that can inspire you, for example: - to learn to control through your understanding

and through your logic - to start to understand life with your Soul and to act at the Soulic level of your perception - to make the decision that you want to be healthy and are healthy - to reach the state of complete internal tranquillity by the presence of your Soul - to feel your health and be healthy regardless of anything and everything - to activate your spiritual physical body - to reach the spiritual state where your body is absolutely healthy - to see God in your physical body and to be in the Light of the physical body of God - to use your Soul as the instrument to transport Love everywhere - to learn how God created and created you - to cultivate your awareness to use your Soul to help yourself 319_817_318 718_648519_71

All the methods of restoration of human matter with the help of concentration on number sequences given in this book can be used with preventive and sanitary purposes, for rejuvenation, and in case of necessity, to restore the matter, regardless of the initial data, on the basis of which the matter is restored. When using the described methods in paragraphs 1-9 in the introduction you can consider the following: -With the aim of prophylaxis it is expedient to make rehabilitation with the simultaneous spreading the effect of concentration on number sequences for the future. -For rejuvenation it is expedient to concentrate in succession at first on the number sequence, located in the content (of the book), taking into account the task of eternal development, and then concentrate on the matter which you are locally rejuvenating. - Restoring the matter of the body, you can perform concentration on number sequences in succession with the help of the various methods given in this book. You can use the number sequences corresponding to the matter being restored, as well as the number sequences of the area, which includes the matter you are restoring. -If it is necessary to restore the matter after biological death, then you should at first concentrate on the numbers consecutively from left to right, then in reverse order - from right to left. The spiritual impulse creating human matter makes it possible to expand the methods of restoration. Restoring the human matter one must strive to develop the spiritual level to the state in which the matter is created and functions by the spiritual activity, along with the biological principles and principles of events. Such spiritual state in the process of implementation of the methods of the eternal development must ensure full restoration of human matter, regardless of the initial data and any circumstances.

The Emotion Code Dr. Bradley Nelson 2019-05-07 "I believe that the discoveries in this book can change our understanding of how we store emotional experiences and in so doing, change our lives. The Emotion Code has already changed many lives around the world, and it is my hope that millions more will be led to use this simple tool to heal themselves and their loved ones."—Tony Robbins In this newly revised and expanded edition of *The Emotion Code*, renowned holistic physician and lecturer Dr. Bradley Nelson skillfully lays bare the inner workings of the subconscious mind. He reveals how emotionally-charged events from your past can still be haunting you in the form of "trapped emotions"—emotional energies that literally inhabit your body. These trapped emotions can fester in your life and body, creating pain, malfunction, and eventual disease. They can also extract a heavy mental and emotional toll on you, impacting how you think, the choices that you make, and the level of success and abundance you are able to achieve. Perhaps most damaging of all, trapped emotional energies can gather around your heart, cutting off your ability to give and receive love. *The Emotion Code* is a powerful and simple way to rid yourself of this unseen baggage. Dr. Nelson's method gives you the tools to identify and release the trapped emotions in your life, eliminating your "emotional baggage," and opening your heart and body to the positive energies of the world. Filled with real-world examples from many years of clinical practice, *The Emotion Code* is a distinct and authoritative work that has become a classic on self-healing.

Numbers of Stars for Eternal Life Grigori Grabovoi 2021-01-20 The distant stars, from which only the light can be seen by physical eyesight, have subtle connections with the Soul of man. Man can perceive the light of his Soul with physical eyesight, which is mixed with the color of human body. You can see with this understanding, that the starlight is crossed and combined with the light of the Soul at a distance from human body and on human body at the physical level. The Light of stars, in a sense, is an element of eternity in terms of the fact, that such light often reaches a human individual in millions of light-years, and it is simultaneously a gateway to the world, that is on the other side of a star, and it is infinite.
