Affective Health and Masculinities in South Africa Hans Reihling 2020-04-24
Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress

in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Eighteenth-Century Russian Music Marina Ritzarev 2017-07-05 Little is known outside of Russia about the nation's musical heritage prior to the nineteenth century. Western scholarship has tended to view the history of Russian music as not beginning until the end of the eighteenth century. Marina Ritzarev's work shows this interpretation to be misguided. Starting from an examination of the rich legacy of Russian music up to 1700, she explores the development of music over the course of the eighteenth century, a period of especially intense Westernization and secularization. The book focuses on what is characteristic and crucial to Russian music during this period, rather than seeking to provide a comprehensive survey. The musical culture of the time is discussed against the rich background of social, political and cultural life, tying together many of the phenomena that used to be viewed separately. The book highlights the importance of previously marginalized sectors - serf culture, choral sacred culture, the contribution of foreign musicians, the significant influence of Freemasonry, the role of Ukrainian and West-European cultures and so on - as well as casting new light on the well-researched topic of Russian opera. Much new archival material is introduced, and revised biographies of the two leading eighteenth-century Russian composers, Maxim Berezovsky and Dmitry Bortniansky, are provided, as well as those of the serf composer Stepan Degtyarev and the Italian Giuseppe Sarti. The book places eighteenth-century Russian music on the European map, and will be of particular importance for the study of European musical cultures remote from such centres as Italy, Germany-Austria and France. Eighteenth-century Russian music is organically linked with its past and future and its contributory role in forming the Russian national identity and developing the Russian idiom is clarified.

Sakura's Cherry Blossoms Robert Paul Weston 2018-02-20 A warm, gorgeous exploration of a little girl's experience immigrating to a new country and missing her home and her grandmother, who still lives far away. Sakura's dad gets a new job in America, so she and her parents make the move from their home in Japan. When she arrives in the States, most of all she misses her grandmother and the cherry blossom trees, under which she and her grandmother used to play and picnic. She wonders how she'll ever feel at home in this new place, with its unfamiliar language and landscape. One day, she meets her neighbor, a boy named Luke, and begins to feel a little more settled. When her grandmother becomes ill, though, her family takes a trip back to Japan. Sakura is sad when she returns to the States and once again reflects on all she misses. Luke does his best to cheer her up -- and tells her about a surprise he knows she'll love, but she'll have to wait till spring. In the meantime, Sakura and Luke's friendship blooms and finally, when spring comes, Luke takes her to

see the cherry blossom trees flowering right there in her new neighborhood. Sakura's Cherry Blossoms captures the beauty of the healing power of friendship through Weston's Japanese poetry-inspired text and Saburi's breathtaking illustrations.

Sailing by Starlight Alex Capus 2013-09-10 Capus takes us on an exploratory journey via the loss of a Spanish vessel laden with gold and jewels in the South Seas, the burial of treasure, an ancient map, and a long and dangerous voyage across the Pacific, to prove that Robert Louis Stevenson's "treasure island" actually exists; and that it exists in a place quite different from where hordes of treasure-hunters have been seeking it for generations. In fact, he posits, it was for this reason alone that Stevenson spent the last five years of his life in Samoa. On a long trip round the Pacific islands with the

idea of writing articles for American periodicals, Stevenson, travelling with his beloved wife, Fanny, and stepson Lloyd Osbourne, had no notion of stopping at Samoa when their ship made landfall in December 1889. Yet, only six weeks later, at the age of 39, he would invest all his available assets in a patch of impenetrable jungle and spend the rest of his life there. This book traces what led Stevenson to Samoa and the origins of his famous story. For facing him from this unlikely spot was another island – a conical isle, Tafahi, where legends abound, and it was, Capus suggests, this isle that would cause him to change the course of his life.

The Ice-Cream Makers Ernest van der Kwast 2017-08 In the far north of Italy lies the valley of the ice-cream makers: about a dozen villages where, for generations, people have specialised in making ice cream. Giuseppe Talamini claims it was actually invented here. Every spring his family sets off for the ice-cream parlour in Rotterdam, returning to the mountains only in winter. Eldest son Giovanni Talamini decides to break with this tradition by pursuing a literary career. But then one day his younger brother Luca approaches him with a highly unusual request. Now Giovanni faces a dilemma: serve the family's interests one last time or choose his own path in life, once and for all.

Remains of the Summer Tamara Bach 2016-06-01 The last thing either Jana, 13, or Louise, 17, is looking for on this hot and boring summer is a friend of totally the wrong age. But then one day, they abandon their responsibilities and irritating families, and head off in a "borrowed" car for a day by the lake. Their adventure is simple--beer, ice-cream, swimming, singing--but the friendship it forges between them turns out to be profound. When Jana experiences loss, it is only Louise's tender and funny postcards that can haul her out of depression--right out of her bedroom window and off on another adventure.

Beautiful isle of the sea John Rogers Thomas 1866

Transcending the Cold War David Reynolds 2016-09-01 In 1989 and 1990 the map of Europe was transformed peacefully, without the wars which caused the other great ruptures of the international order in 1815, 1870, 1918, and 1945. What role did international summitry play in the denouement of the Cold War?

Scholars have tended to focus on long-term systemic factors, Gorbachev's reform agenda, or the impact in 1989 of 'people power'. This major multinational study, based on archives from both sides of the 'Iron Curtain', adopts a novel perspective by exploring the contribution of international statecraft to the dissolution of Europe's bipolar order. This is done through the examination of key summit meetings from 1970 to 1990 across three phases - 'Thawing the Cold War', 'Living with the Cold War', and 'Transcending the Cold War' - and in three main strands: the superpowers and arms control, their triangular relationship with China, and the German question. The threads are drawn together in a sweeping analytical conclusion. *Transcending the Cold War* includes fascinating insights into key statesman such as Richard Nixon and Ronald Reagan, Leonid Brezhnev and Mikhail Gorbachev, Willy Brandt and Helmut Kohl, Zhou Enlai and Deng Xiaoping - both as thinkers about the international system and also practitioners of summit bargaining. Particular attention is devoted to the cultural dimension of summitry, as performative acts for the media and as engagement with 'the Other' across ideological divides. Written in lively prose, this volume is essential reading for those interested in modern history, contemporary politics, and international relations - addressing issues that still shape the world today.
