**Visual Style and Constructing Identity in the Hellenistic World** Miguel John Versluys 2017-06-29 Located in the small kingdom of Commagene at the upper Euphrates, the late Hellenistic monument of Nemrud Dağ (c.50 BC) has been undeservedly neglected by scholars. Qualified as a Greco-Persian hybrid instigated by a lunatic king, this fascinating project of bricolage has been written out of history. This volume redresses that imbalance, interpreting Nemrud Dağ as an attempt at canon building by Antiochos I in order to construct a dynastic ideology and social order, and proving the monument's importance for our understanding of a crucial transitional phase from Hellenistic to Roman. Hellenistic Commagene therefore holds a profound significance for a number of discussions, such as the functioning of the Hellenistic koine and the genesis of Roman 'art', Hellenism and Persianism in antiquity, dynastic propaganda and the power of images, Romanisation in the East, the contextualising of the Augustan cultural revolution, and the role of Greek culture in the Roman world.

*Jewish Comedy: A Serious History* Jeremy Dauber 2017-10-31 Finalist for the National Jewish Book Award “Dauber deftly surveys the whole recorded history of Jewish humour.” —Economist In a major work of scholarship that explores the funny side of some very serious business (and vice versa), Jeremy Dauber examines the origins of Jewish comedy and its development from biblical times to the age of Twitter. Organizing Jewish comedy into “seven strands”—including the satirical, the witty, and the vulgar—he traces the ways Jewish comedy has mirrored, and sometimes even shaped, the course of Jewish history. Dauber also explores the classic works of such masters of Jewish comedy as Sholem Aleichem, Isaac Babel, Franz Kafka, the Marx Brothers, Woody Allen, Joan Rivers, Philip Roth, Mel Brooks, Sarah Silverman, Jon Stewart, and Larry David, among many others.

Rodney Schmuck and his wife, Millie, Hillside Manor's latest guests, seem normal, well, except for that last name. Innkeeper Judith McMonigle Flynn is touched to hear that the fortysomething couple is in town to visit family. Rodney is especially eager to see his long-lost mother—who he insists is Judith. Shocked to meet an alleged son she's sure she never had, she can't believe Rodney when he swears he has proof from a Norway General Hospital birth certificate listing Judith Anne Grover as his mother. The father's name is Unknown. Judith has never heard of Rodney, let alone given him life. But she's got a bigger problem when one of the B&B guests turns up dead in the backyard. To Judith's surprise, Joe is willing to help investigate. He can't ignore a potential homicide that hits so close to home. But Rodney is seeking compensation for Judith's so-called abandonment of him. Perhaps she'll sign over Hillside Manor? Fat chance of that, Judith declares, and wonders what kind of scheme Rodney has on his devious mind. For that matter, she also wonders why the rest of the guests in his party are acting so strangely. With Joe hot on the killer's trail, Cousin Renie is persuaded to help Judith discover the truth about the Schmucks and their mysterious hangers-on. If they don't act fast, Hillside Manor could end up as Schmucks' Gold Mine.

*Managing the Risks of Extreme Events and Disasters to Advance Climate Change Adaptation* Christopher B. Field 2012-05-28 This Intergovernmental Panel on Climate Change Special Report (IPCC-SREX) explores the challenge of understanding and managing the risks of climate extremes to advance climate change adaptation. Extreme weather and climate events, interacting with exposed and vulnerable human and natural systems, can lead to disasters. Changes in the frequency and severity of the physical events affect disaster risk, but so do the spatially diverse and temporally dynamic patterns of exposure and vulnerability. Some types of extreme weather and climate events have increased in frequency or magnitude, but populations and assets at risk have also increased, with consequences for disaster risk. Opportunities for managing risks of weather- and climate-related disasters exist or can be developed at any scale, local to international. Prepared following strict IPCC procedures, SREX is an invaluable assessment for anyone interested in climate extremes, environmental disasters and adaptation to climate change, including policymakers, the private sector and academic researchers.

**Both/And** Huma Abedin 2021-11-02 In this beautifully written and propulsive memoir, Huma Abedin—Hillary Clinton's famously private top aide and longtime adviser—emerges from the wings of American political history to take command of her own story. The daughter of Indian and Pakistani intellectuals and advocates who split their time between Saudi Arabia, the UK, and the United States, Abedin grew up in many worlds. Both/And grapples with family, legacy, identity, faith, marriage, and motherhood with wisdom and sophistication. Abedin launched full steam into a college internship in the office of the first lady in 1996, never imagining that her work at the White House would blossom into a career in public service, nor that the career would become an all-consuming way of life. Still in her twenties and thirties, she thrived in rooms with diplomats and sovereigns, entrepreneurs and artists, philanthropists and activists, and witnessed many crucial moments in 21st-century American history—Camp David for urgent efforts at Middle East peace in the waning months of the Clinton administration, Ground Zero in the days after the 9/11 attacks, the inauguration of the first African American president of the United States, the convention floor when America nominated its first female presidential candidate. Abedin's relationship with Clinton has seen both women through extraordinary personal and professional highs, as well as unimaginable lows. Here, for the first time, is a deeply personal account of Hillary Clinton as mentor, confidante, and role model. Abedin cuts through caricature, rumor, and misinformation to reveal a crystal-clear portrait of Clinton as a brilliant and caring leader a steadfast friend, generous, funny, hardworking, and dedicated. Both/And is a candid and heartbreaking chronicle of Abedin's marriage to Anthony Weiner, what drew her to him, how much she wanted to believe in him, the devastation wrought by his betrayals—and their shared love for their son. It is also a timeless story of a young woman with aspirations and ideals coming into her own in high-pressure jobs, and a testament to the potential for women in leadership to blaze a path forward while supporting those who follow in their footsteps. Both/And describes Abedin's journey through the opportunities and obstacles, the trials and triumphs, of a full and complex life. Abedin's compassion and courage, her resilience and grace, her work ethic and mission are an inspiration to people of all ages. "This journey has led me through exhilarating milestones and devastating setbacks," said Abedin. "I have walked both with great pride and in overwhelming shame. It is a life I am—more than anything—enormously grateful for and a story I look forward to sharing."

*Commercial Communication in the Digital Age* Gabriele Siegert 2017-04-10 In today's digital age, online and mobile advertising are of growing importance, with advertising no longer bound to the traditional media industry. Although the advertising industry still has broader access to the different measures and channels, users and consumers today have more possibilities to publish, get informed or communicate – to “co-create” –, and to reach a bigger audience. There is a good chance thus that users and consumers are better informed about the objectives and persuasive tricks of the advertising industry than ever before. At the same time, advertisers can inform about products and services without the limitations of time and place faced by traditional mass media. But will there really be a time when advertisers and consumers have equal power, or does tracking users online and offline lead to a situation where advertisers have more information about the consumers than ever before? The volume discusses these questions and related issues.

*Spring Cannot Be Cancelled: David Hockney in Normandy* Martin Gayford 2021-05-25 David Hockney reflects upon life and art as he experiences lockdown in rural Normandy in this inspiring book which includes conversations with the artist and his latest artworks. On turning eighty, David Hockney sought out rustic tranquility for the first time: a place to watch the sunset and the change of the seasons; a place to keep the madness of the world at bay. So when Covid-19 and lockdown struck, it made little difference to life at La Grande Cour, the centuries-old Normandy farmhouse where Hockney set up a studio a year earlier, in time to paint the arrival of spring. In fact, he relished the enforced isolation as an opportunity

for even greater devotion to his art. *Spring Cannot Be Cancelled* is an uplifting manifesto that affirms art's capacity to divert and inspire. It is based on a wealth of new conversations and correspondence between Hockney and art critic Martin Gayford, his long-time friend and collaborator. Their exchanges are illustrated by a selection of Hockney's new Normandy drawings and paintings alongside works by Van Gogh, Monet, Bruegel, and others. We see how Hockney is propelled ever forward by his infectious enthusiasms and sense of wonder. A lifelong contrarian, he has been in the public eye for sixty years, yet remains entirely unconcerned by the view of critics or even history. He is utterly absorbed by his four acres of northern France and by the themes that have fascinated him for decades: light, color, space, perception, water, trees. He has much to teach us, not only about how to see . . . but about how to live.

**Intelligible Beauty** Christopher Entwistle 2010 The field of Byzantine jewellery (4th-15th centuries) is a rapidly expanding one and a large amount of important research has been conducted within the last ten years, both by scholars on the continent and in America. The intention of the conference, and subsequently the volume, is to draw together the many strands involved in this research and to publish them in accessible form. This volume represents a rare opportunity to make this crucial work available to a much wider specialist and non-specialist audience in Britain (and beyond). In particular the topics to be addressed by foreign speakers are either not well-known in Britain or are published in largely inaccessible journals. Chris Entwistle has been the curator of the Late Roman and Byzantine Collections at the British Museum since 1985. Dr Noël Adams is an independent scholar who has published widely on the metalwork and jewellery of the Early Middle Ages.

**Opening Skinner's Box: Great Psychological Experiments of the Twentieth Century** Lauren Slater 2005-02-17 Through ten examples of ingenious experiments by some of psychology's most innovative thinkers, Lauren Slater traces the evolution of the century's most pressing concerns—free will, authoritarianism, conformity, and morality. Beginning with B. F. Skinner and the legend of a child raised in a box, Slater takes us from a deep empathy with Stanley Milgram's obedience subjects to a funny and disturbing re-creation of an experiment questioning the validity of psychiatric diagnosis. Previously described only in academic journals and textbooks, these often daring experiments have never before been narrated as stories, chock-full of plot, wit, personality, and theme.

**Satanic Feminism** Per Faxneld 2017-08-24 According to the Bible, Eve was the first to heed Satan's advice to eat the forbidden fruit and thus responsible for all of humanity's subsequent miseries. The notion of woman as the Devil's accomplice is prominent throughout Christian history and has been used to legitimize the subordination of wives and daughters. In the nineteenth century, rebellious females performed counter-readings of this misogynist tradition. Lucifer was reconceptualized as a feminist liberator of womankind, and Eve became a heroine. In these reimaginations, Satan is an ally in the struggle against a tyrannical patriarchy supported by God the Father and his male priests. Per Faxneld shows how this Satanic feminism was expressed in a wide variety of nineteenth-century literary texts, autobiographies, pamphlets, newspaper articles, paintings, sculptures, and even artifacts of consumer culture like jewelry. He details how colorful figures like the suffragette Elizabeth Cady Stanton, gender-bending Theosophist H. P. Blavatsky, author Aino Kallas, actress Sarah Bernhardt, anti-clerical witch enthusiast Matilda Joslyn Gage, decadent marchioness Luisa Casati, and the Luciferian lesbian poetess

Renée Vivien embraced these reimaginings. By exploring the connections between esotericism, literature, art and the political realm, *Satanic Feminism* sheds new light on neglected aspects of the intellectual history of feminism, Satanism, and revisionary mythmaking.

*The Photomontages of Hannah Höch* Hannah Höch 1996 Here, in the first comprehensive survey of her work by an American museum, authors Peter Boswell, Maria Makela, and Carolyn Lanchner survey the full scope of Höch's half-century of experimentation in photomontage - from her politically charged early works and intimate psychological portraits of the Weimar era to her later forays into surrealism and abstraction.

**Social and Sustainability Marketing** Jishnu Bhattacharyya 2021-09-26 "... an important intervention in the conversation around social and ecological sustainability that draws on both micromarketing and macromarketing scholarship to help the reader understand the challenges with illustrations from insightful cases both from emerging and developed economies. This compilation should be essential reading for the discerning student of sustainable consumption and production." -- Professor Pierre McDonagh, Associate Editor, *Journal of Macromarketing* (USA); Professor of Critical Marketing & Society, University of Bath, UK Experts in the field of economics, management science, and particularly in the marketing domain have always been interested in and acknowledged the importance of sustaining profitable businesses while incorporating societal and environmental concerns; however, the level of existing literature and availability of teaching cases reflect a dearth of real case studies, especially those focused on marketing for social good. This book of actual case studies will address that need. In addition, this book is important and timely in providing a case book for instructors (those in both industry and academia) to help them in teaching and training the next generation of leaders through corporate training and universities. Currently, marketing for social good is increasingly becoming a part of most curriculums under the umbrella of different titles, such as social marketing, green marketing, and sustainability marketing. The relevance of these studies is increasing across the globe. This book is composed of long and short real cases with varying complexity in different sectors. This case book will also cover some review articles for an overview of the recent developments in the study area. With these case studies, collections of questions, teaching materials, and real-life marketing scenarios, this book offers a unique source of knowledge to marketing professionals, students, and educators across the world. The main objective of this case book is to understand the applicability of marketing science (marketing for social good context, such as social marketing and sustainability marketing) in internet marketing related to e-buying behavior and e-WOM. In addition, it illustrates the various types of existing marketing practices that are relevant from both theoretical and practical points of view in this electronic era, as well as discussing other non-electronic marketing practices and focusing on consumer buying behavior. As a result, marketing managers can treat their customers according to their desired value. This book particularly explores the possibilities and advantages created by social marketing and sustainability marketing through the presentation of thorough review articles and case studies. This case book helps corporate training centers and universities with compact teaching reference materials in their relevant courses.

**Tell Me How This Ends Well** David Samuel Levinson 2018-01-02 Why is tonight different from all other nights? Tonight we kill dad. In 2022, American Jews face an increasingly unsafe and anti-Semitic landscape at home. Against this backdrop, the Jacobson family gathers for Passover in Los Angeles. But their immediate problems are more personal than political, with the three adult children, Mo, Edith, and Jacob, in various states of crisis, the result, each claims, of a lifetime of mistreatment by their father, Julian. The siblings have begun to suspect that Julian is hastening their mother Roz's demise, and years of resentment boil over as they debate whether to go through with the real reason for their reunion: an ill-considered plot to end their father's iron rule for good. That is, if they can put their bickering, grudges, festering relationships, and distrust of one another aside long enough to act. And God help them if their mother finds out . . . Tell Me How This Ends Well presents a blistering and prescient vision of the near future, turning the exploits of one very funny, very troubled family into a rare and compelling exploration of the state of America, and what it could become.

**Ancient Carved Ambers in the J. Paul Getty Museum** Faya Causey 2020-01-07 A comprehensive overview of ancient ambers, the only such book in English, is now revised. First published in 2012, this catalogue presents fifty-six Etruscan, Greek, and Italic carved ambers from the Getty Museum's collection—the second largest body of this material in the United States and one of the most important in the world. The ambers date from about 650 to 300 BC. The catalogue offers full description of the pieces, including typology, style, chronology, condition, and iconography. Each piece is illustrated. The catalogue is preceded by a general introduction to ancient amber (which was also published in 2012 as a stand-alone print volume titled *Amber and the Ancient World*). Through exquisite visual examples and vivid classical texts, this book examines the myths and legends woven around amber—its employment in magic and medicine, its transport and carving, and its incorporation into jewelry, amulets, and other objects of prestige. This publication highlights a group of remarkable amber carvings at the J. Paul Getty Museum.
