Stone and Secret Evangeline Anderson 2021-04-22 What happens when you've been under an uglification spell your entire life and it suddenly gets lifted? Well, read my book if you want to find out--it's what you might call a cautionary tale... I used to be plain, boring, forgettable Emma Plunkett...but that was back when I thought I was human. Now, I'm something completely different. I have raven hair, purple eyes, and the power to Fascinate--not to mention two gorgeous Fae warriors who have both sworn their undying love and loyalty to me. (How can I choose between them when I want them both?)I've heard the other students at Nocturne Academy whispering behind my back. Either I'm a lost Fairy Princess...or a creature so dark and evil I could change the fate of the Fae Realm forever--only I don't know which!But I have a bad feeling I'm about to find out...

Clothing Sacred Scriptures David Ganz 2018-12-03 According to a longstanding interpretation, book religions are agents of textuality and logocentrism. This volume inverts the traditional perspective: its focus is on the strong dependency between scripture and aesthetics, holy books and material artworks, sacred texts and ritual performances. The contributions, written by a group of international specialists in Western, Byzantine, Islamic and Jewish Art, are committed to a comparative and transcultural approach. The authors reflect upon the different strategies of »clothing« sacred texts with precious materials and elaborate forms. They show how the pretypographic cultures of the Middle Ages used book ornaments as media for building a close relation between the divine words and their human audience. By exploring how art shapes the religious practice of books, and how the religious use of books shapes the evolution of artistic practices this book contributes to a new understanding of the deep nexus between sacred scripture

and art.

**The Gospel of the Flying Spaghetti Monster** Bobby Henderson 2010-04-07 Can I get a “ramen” from the congregation?! Behold the Church of the Flying Spaghetti Monster (FSM), today’s fastest growing carbohydrate-based religion. According to church founder Bobby Henderson, the universe and all life within it were created by a mystical and divine being: the Flying Spaghetti Monster. What drives the FSM’s devout followers, a.k.a. Pastafarians? Some say it’s the assuring touch from the FSM’s “noodly appendage.” Then there are those who love the worship service, which is conducted in pirate talk and attended by congregants in dashing buccaneer garb. Still others are drawn to the Church’s flimsy moral standards, religious holidays every Friday, or the fact that Pastafarian heaven is way cooler: Does your heaven have a Stripper Factory and a Beer Volcano? Intelligent Design has finally met its match—and it has nothing to do with apes or the Olive Garden of Eden. Within these pages, Bobby Henderson outlines the true facts— dispelling such malicious myths as evolution (“only a theory”), science (“only a lot of theories”), and whether we’re really descended from apes (fact: Humans share 95 percent of their DNA with chimpanzees, but they share 99.9 percent with pirates!) See what impressively credentialed top

scientists have to say: “If Intelligent Design is taught in schools, equal time should be given to the FSM theory and the non-FSM theory.” –Professor Douglas Shaw, Ph.D. “Do not be hypocritical. Allow equal time for other alternative ‘theories’ like FSMism, which is by far the tastier choice.” –J. Simon, Ph.D. “In my scientific opinion, when comparing the two theories, FSM theory seems to be more valid than classic ID theory.” –Afshin Beheshti, Ph.D. Read the book and decide for yourself!

*Neon Genesis Evangelion and Philosophy* Christian Cotton 2022-03-04 When most people think of anime, they think of large-eyed adolescents fighting fearsome monsters (kaijū). On the surface, *Neon Genesis Evangelion* is just the same, filled with destructive explosions and gigantic EVA missiles that can only be piloted by super-hot teens. But as every otaku knows, anime as a stylized artform has much more to offer, often pushing the artistic, emotional, and intellectual boundaries of its audiences with its storylines. *Neon Genesis Evangelion* is one such anime: beyond the fearsome monsters and Evangelions, *Neon Genesis* explores the depths of the psyches of the adolescents when they become the very weapons needed to destroy the onslaught of Angels. The emotional complexities of the show make *Neon Genesis Evangelion* an emotional and intellectually challenging anime to watch. Fortunately, many of us do not undergo as extreme of experiences facing Shinji, Rei, and Asuka. But many of us do face tragedies that prompt us to ask questions about our own existence, how to live, and how to relate to others. *Neon Genesis Evangelion and Philosophy* encourages readers to take a moment to explore the wide range of philosophical topics found within the anime to challenge and encourage you to reflect on who you are and how to live with others.
