Talking Drums of Africa John F. Carrington 1969 In this study, Carrington explains how the drum can be used so skillfully as to convey, not merely a signal, but a language.

Canine and Feline Endocrinology and Reproduction Edward C. Feldman 2004-01-01 This book provides complete, current information on pathophysiology, diagnosis, and treatment of endocrine, metabolic, and reproductive diseases in dogs and cats. It also discusses the importance of testing procedures in endocrine and reproductive diseases, as well as cost-effective and expedient diagnostic protocols. A complete review of reproduction is presented with the endocrine material, making this text the most inclusive resource overall on the topic. Expansive sections on Canine Male and Female Reproduction. The book is divided into nine sections for an organized and accessible approach to information. Discussions of testing procedures in endocrine and reproductive diseases. Explains cost-effective and expedient diagnostic protocols. Logical, step-by-step guidelines aid in accurate decision-making and diagnosis. A new chapter in the Adrenal Gland section (Section 3) addresses feline hyperadrenocorticism. The chapter on diabetes mellitus in the canine and feline has been divided into two chapters in order to explore the specific aspects of the disease in each species. All material has been extensively revised and brought up to date for this edition. Additional tables and algorithms throughout the book summarize and clarify information.

Obatala Awo Fá'Lokun Fatunmbi 1993 Obatala is the Spirit of the Chief of the White Cloth in the West African religious tradition called Ifá. The power of Obatala is described by Ifá as one of many Spiritual Forces in Nature which are called Orisha. There are a large number of Orisha, and each Orisha has its own awo (Mysteries of Nature). The word Obatala is the name given to describe a complex convergence of Spiritual Forces that are key elements in the Ifá concept of consciousness. Those Spiritual Forces that form the foundation of Obatala's role in the Spirit Realm relate to the movement between dynamics and form as it exists throughout the universe. According to Ifá, dynamics and form represent the polarity between the Forces of expansion and contraction. Together these Forces create light and darkness, and it is Obatala who brings this into being.

The Yoruba God of Drumming Amanda Villepastour 2016-01-19 As one of the salient forces in the ritual life of those who worship the pre-Christian and Muslim deities called orishas, the Yorùbá god of drumming, known as Àyàn in Africa and Añá in Cuba, is variously described as the orisha of drumming, the spirit of the wood, or the more obscure Yorùbá praise name AsòròIgi (Wood That Talks). With the growing global importance of orisha religion and music, the consequence of this deity's power for devotees continually reveals itself in new constellations of meaning as a sacred drum of Nigeria and Cuba finds new diasporas. Despite the growing volume of literature about the orishas, surprisingly little has been published about the ubiquitous Yorùbá music spirit. Yet wherever one hears drumming for the orishas, Àyàn or Añá is nearby. This groundbreaking collection addresses the gap in the research with contributions from a cross-section of prestigious musicians, scholars, and priests from Nigeria, the Americas, and Europe who have dedicated themselves to studying Yorùbá sacred drums and the god sealed within. As well as offering multidisciplinary scholarly insights from transatlantic researchers, the volume includes compelling first-hand accounts from drummer-priests who were themselves history-makers in Nigerian and Cuban diasporas in the United States, Venezuela, and Brazil. This collaboration between diverse scholars and practitioners constitutes an innovative approach, where differing registers of knowledge converge to portray the many faces and voices of a single god.

The History of the Yorubas Samuel Johnson 1966 The first published account and standard reference for the history of the Yoruba people of Nigeria, first published in 1921.

Oriki Awon Orisa Obafemi Origunwa 2014-04-15 Oriki Awon Òrìsà is a book and companion audio series by Fayemi Abidemi and Obafemi Origunwa. Visit www.ObafemiO.com to download the audio files. It is part of a larger multimedia curriculum that teaches the art and the practice of òrìsà lifestyle. Oríki Awon Òrìsà is A LEARNING TOOL FOR ANYONE INTERESTED IN PROPER WORSHIP. With materials in print, audio, video and online, Oríki Awon Òrìsà is perfect for your personal shrine or as a temple worship and study guide. Visit www.ObafemiO.com for more resources.

Awakening Anthony De Mello 2009-04-22 From the bestselling author of *Awareness* and *The Way to Love* comes a classic reissue of lessons to inspire readers every day of the year. With more than two million books sold and countless admirers

throughout the world, Anthony de Mello is regarded as one of the most influential religious teachers of the past fifty years. Since his death in 1987, widespread recognition of his work's enduring value has continued to grow. In *Awakening*, de Mello explores "the wisdom that cannot be conveyed in human speech." Through 365 meditations, blending the mystical traditions of both East and West, he creates the lessons of a profound "master" to his "pupil," illustrating our common need for harmony and enlightenment. The daily parables, sometimes cryptic and often witty, are not meant so much to instruct as to awaken the understanding deep within the human heart.

A Kì Í Oyekan Owomoyela 1988 This collection of Yoruba proverbs is the most complete and authoritative study that has ever been made available to the reading public and the scholarly community. It is written in standard modern Yoruba orthography, offering both the contracted and uncontracted forms of the entries, with fastidious attention to tonal language.

Literary Theories Julian Wolfreys 1999-09 The first reader and introductory guide to literary theory—includes close readings and a full glossary and bibliography *Literary Theories* is the first reader and introductory guide in one volume. Divided into 12 sections covering structuralism, feminism, marxism, reader-response theory, psychoanalysis, deconstruction, post-structuralism, postmodernism, new historicism, postcolonialism, gay studies and queer theory, and cultural studies, *Literary Theories* introduces the reader to the most challenging and engaging aspects of critical studies in the humanities today. Classic essays representing the different theoretical positions and offering striking examples of close readings of literature are preceded by new introductions which present the theory in question and discuss its main currents. With a full glossary and detailed bibliography, *Literary Theories* is the perfect introductory guide and reader in one volume. Included are essays by Roland Barthes, Jean Baudrillard, Homi K. Bhabha, Judith Butler, Terry Castle, Iain Chambers, Rey Chow, Paul de Man, Jacques Derrida, Jonathan Dollimore, Terry Eagleton, Catherine Gallagher, Stephen Heath, Wolfgang Iser, Fredric Jameson, Hans Robert Jauss, Claire Kahane, Gail Ching Liang Low, Mary Lydon, Jean-François Lyotard, James M. Mellard, D.A. Miller, J. Hillis Miller, Louis Adrian Montrose, Michael Riffaterre, Avital Ronell, Nicholas Royle, Eve Kosofsky Sedgwick, Alan Sinfield, and Raymond Williams.

Where Bigfoot Walks Robert Michael Pyle 2017-08-01 The inspiration for the film *The Dark Divide* starring David Cross and Debra Messing, one of America's most esteemed natural history writers takes to the hills in search of Bigfoot—and finds the wildness within ourselves. Awarded a Guggenheim Fellowship to investigate the legends of Sasquatch, Yale-trained ecologist Dr. Robert Pyle treks into the unprotected wilderness of the Dark Divide near Mount St. Helens, where he discovers both a giant fossil footprint and recent tracks. On the trail of what he thought was legend, he searches out Indians who tell him of an outcast tribe, the Seeahtiks, who had not fully evolved into humans. A handful of open-minded biologists and anthropologists counter the tabloids Pyle studies, while rogue Forest Service employees and loggers swear of a vast conspiracy to deep-six true stories of unknown, upright hominoid apes among us. He attends Sasquatch Daze, where he meets scientists, hunters, and others who have devoted their lives to the search, only to realize that “these guys don't want to find Bigfoot—they want to be Bigfoot!” Since its original publication, the author's fresh experiences and finds have been added to his original work through an updated chapter. With an evaluation of recent DNA evidence from Bigfoot hair and scat, the study of speech phonemes in the “Sierra Sounds” purported Bigfoot recordings, an examination of the impact of the wildly popular Animal Planet series *Bigfoot Hunters*, the reemergence of the famous Bob Gimlin into the Bigfoot community, and more, *Walking With Bigfoot* keeps every Bigfoot enthusiast's mind wide open to one of the biggest questions in the land and brings Pyle's work on the “legend” of Bigfoot into the new century.

Each Orange Had 8 Slices Paul Giganti 1999-04-27 If each orange has 8 slices and each slice has 2 seeds, how many seeds are there in all? You'll have fun whether you multiply, add or count your way through the math puzzles hiding in the world all around you. In this companion volume to *How Many Snails?*, dynamic illustrations and appealing words combine to introduce beginning math concepts and reinforce visual literacy.

Pack Challenge Shelly Laurenston 2021-08-14 What's an Alpha Male to do when he meets the Alpha Female of his dreams? Step one, hide all sharp objects. All Zach Sheridan ever wanted was to become Alpha Male of his Pack and to be left alone. What he definitely didn't need in his life was some needy female demanding his attention. What he never saw coming was the vicious, scarred female who not only demanded his attention but knew exactly how to get it. Sara Morrighan knew this was the best she could expect from her life. Good friends. A nice place to live. And a safe job. But when Zach rode into her small Texas town with his motorcycle club, Sara knew she wanted more. She knew she wanted him. But after one sexy encounter with her dream biker, everything is starting to change. Her body. Her strength. That new thing she's doing with the

snarling. Even her best friends are starting to wonder what's going on with her. But this is only the beginning. Sara's about to find out her life was meant for so much more. And Zach's about to find true love with the one woman who makes him absolutely insane.

Global Economic Prospects, January 2019 World Bank Group 2019-02-12 The outlook for the global economy has darkened. Global financing conditions have tightened, industrial production has moderated, trade tensions have intensified, and some large emerging market and developing economies have experienced significant financial market stress. Faced with these headwinds, the recovery in emerging market and developing economies has lost momentum. Downside risks have become more acute and include the possibility of disorderly financial market movements and an escalation of trade disputes. Debt vulnerabilities in emerging market and developing economies, particularly low-income countries, have increased. More frequent severe weather events would raise the possibility of large swings in international food prices, which could deepen poverty. In this difficult environment, it is of paramount importance for emerging market and developing economies to rebuild policy buffers while laying a stronger foundation for future growth by boosting human capital, promoting trade integration, and addressing the challenges associated with informality,

Africa's Ogun Sandra T. Barnes 1997-06-22 The second edition of this landmark work is enhanced by new chapters on Ogun worship in the New World. From reviews of the first edition: ". . . an ethnographically rich contribution to the historical understanding of West African culture, as well as an exploration of the continued vitality of that culture in the changing environments of the Americas." -African Studies Review ". . . leav[es] the reader with a sense of the vitality, dynamism, and complexity of Ogun and the cultural contexts in which he thrives. . . . magnificent contribution to the literature on Ogun, Yoruba culture, African religions, and the African diaspora." -International Journal of Historical Studies

Instrument Engineers' Handbook, Volume 3 Bela G. Liptak 2016-04-19 Instrument Engineers' Handbook - Volume 3: Process Software and Digital Networks, Fourth Edition is the latest addition to an enduring collection that industrial automation (AT) professionals often refer to as the "bible." First published in 1970, the entire handbook is approximately 5,000 pages, designed as standalone volumes that cover the measurement (Volume 1), control (Volume 2), and software (Volume 3) aspects of automation. This fourth edition of the third volume provides an in-depth, state-of-the-art review of control software packages used in plant optimization, control, maintenance, and safety. Each updated volume of this renowned reference requires about ten years to prepare, so revised installments have been issued every decade, taking into account the numerous developments that occur from one publication to the next. Assessing the rapid evolution of automation and optimization in control systems used in all types of industrial plants, this book details the wired/wireless communications and software used. This includes the ever-increasing number of applications for intelligent instruments, enhanced networks, Internet use, virtual private networks, and integration of control systems with the main networks used by management, all of which operate in a linked global environment. Topics covered include: Advances in new displays, which help operators to more quickly assess and respond to plant conditions Software and networks that help monitor, control, and optimize industrial processes, to determine the efficiency, energy consumption, and profitability of operations Strategies to counteract changes

in market conditions and energy and raw material costs Techniques to fortify the safety of plant operations and the security of digital communications systems This volume explores why the holistic approach to integrating process and enterprise networks is convenient and efficient, despite associated problems involving cyber and local network security, energy conservation, and other issues. It shows how firewalls must separate the business (IT) and the operation (automation technology, or AT) domains to guarantee the safe function of all industrial plants. This book illustrates how these concerns must be addressed using effective technical solutions and proper management policies and practices. Reinforcing the fact that all industrial control systems are, in general, critically interdependent, this handbook provides a wide range of software application examples from industries including: automotive, mining, renewable energy, steel, dairy, pharmaceutical, mineral processing, oil, gas, electric power, utility, and nuclear power.

Soldier Boys Dean Hughes 2015-07-21 As one American teen proves his worth to his father and dedication to his country by joining the Army's paratroopers, a fifteen-year-old German boy is working hard as a member of the Hitler Youth in preparation for his big moment on the battlefields of World War II.

A Dictionary of the Yoruba Language University Press Nigeria 2001 Based upon the nineteenth century standard work on the Yoruba language, and first ever English-Yoruba, Yoruba-English dictionary, this new edition has been revised and enlarged considerably. The dictionary contains about 50,000 references and translations; Yoruba pronunciation guidance; examples of how words are used; contemporary meanings and interpretations; and reference to grammatical usage and parts of speech. There is also an extensive list of commonly occurring birds, plants and trees, translated from Yoruba into English alongside their botanical equivalents.

Yoruba Proverbs Oyekan Owomoyela 2005-01-01 "Yoruba Proverbs is the most comprehensive collection to date of more than five thousand Yoruban proverbs that showcase Yoruba oral tradition. Following Oyekan Owomoyela's introduction, which provides a framework and description of Yoruba cultural beliefs, the proverbs are arranged by theme into five sections: the good person; the fortunate person (or the good life); relationships; human nature; rights and responsibilities; and truisms. Each proverb is presented in Yoruba with a literal English translation, followed by a brief commentary explaining the meaning of the proverb within the oral tradition." "This definitive source book on Yoruba proverbs is the first to give such detailed, systematic classification and analysis alongside a careful assessment of the risks and pitfalls of submitting this genre to the canons of literary analysis."--BOOK JACKET.

English-Yoruba, Yoruba-English Modern Practical Dictionary Kayode J. Fakinlede 2003 Yoruba is spoken by some 20 million people. One of the national languages of Nigeria it is also spoken in other neighbouring African nations. This

bilingual dictionary includes terms that cover the complex medical, scientific and mathematical terms used throughout the world today.
