Mussolini's Death March Nuto Revelli 2013 Vivid eyewitness accounts from 43 survivors from the Italian army's short-lived and disastrous campaign on the Eastern Front. Recaptures in the words and sober reflections of the men who fought there the harrowing experience of this lunatic mission in which the Italians suffered roughly 75,000 dead."

Sovereign Excess, Legitimacy and Resistance Francescomaria Tedesco 2018-10-04 When talking about his film *Salò*, Pasolini claimed that nothing is more anarchic than power, because power does whatever it wants, and what power wants is totally arbitrary. And yet, upon examining the murderous capital of modern sovereignty, the fragility emerges of a power whose existence depends on its victims' recognition. Like a prayer from God, the command implores to be loved, also by those whom it puts to death. Benefitting from this "political theurgy" as the book calls it (the idea that a power, like God, claiming to be full of glory, constantly needs to be glorified) is Barnardine, the Bohemian murderer in Shakespeare's *Measure for Measure*, as he, called upon by power to the gallows, answers with a curse: 'a pox o' your throats'. He does not want to die, nor, indeed, will he. And so, he becomes sovereign. On a level with and against the State.

Landscape Ecology: A Widening Foundation Vittorio Ingegnoli 2013-04-17 The

urgent need for a sustainable environment has resulted in the increased recognition of the field of landscape ecology amongst policy makers working in the area of nature conservation, restoration and territorial planning. Nonetheless, the question of what is precisely meant by the term 'landscape ecology' is still unresolved. No doubt, a proper foundation of the discipline must first be cemented. This book develops such a foundation. In doing so it provides all the diverse applications of the discipline with a solid framework and proposes an effective diagnostic methodology to investigate the ecological state and the pathologies of the landscape.

The Thousand Islands 2009 The Thousand Islands are more than 1,800 islands located in 35 miles of the upper St. Lawrence River between Upstate New York and southeastern Ontario. During the latter half of the 19th century, the region evolved as a vacation destination, initially for Canadian and American urbanites drawn by the restorative powers of spectacular scenery and relaxed summer life. Tourism expanded rapidly, and by the early 1900s, the Thousand Islands boasted dozens of grand hotels, daily railroad connections to New York and Philadelphia, steamship service to Montreal and Toronto, innumerable sightseeing and guided fishing excursions, and the best that North America's premier vacation spot could offer.

Venice is a Fish: A Cultural Guide Tiziano Scarpa 2010-07-09 Built on an inverted forest, paved with a tortoiseshell of boulders, Venice is a maze of tiny alleys, bridges and squares. Tiziano Scarpa wanders through the city, recounting the customs and secrets that only Venetians know. With everything from practical advice for aspiring Venetian lovers to hints at where to find the best bacaro, Scarpa waves the tourist in the right direction and, without naming a single restaurant, hotel or bar, relates the secret language needed to experience the real Venice. So ignore the street signs - why fight the labyrinth? Venice, the fish, is ready to swallow you whole.

Art Since 1900 Hal Foster 2005-05-01 A landmark in art history and the most anticipated art publishing event of the new millennium. In this groundbreaking and original work of scholarship, four of the most influential and provocative art historians of our time have come together to provide a comprehensive history of art in the twentieth century, an age when artists in the United States, Europe, and elsewhere sought to overturn the traditions of the past and expectations of the present in order to invent new practices and forms. Adopting a unique year-by-year approach, Foster, Krauss, Bois, and Buchloh present more than 100 short essays, each focusing on a crucial event--the creation of a seminal work, the publication of an artistic manifesto, the opening of a major exhibition--to tell the story of the dazzling diversity of practice and interpretation that characterizes the art of the period. All the

turning points and breakthroughs of modernism and postmodernism are explored in depth, as are the frequent and sustained antimodernist reactions that proposed alternative visions of art and the world. Illustrating the authors' texts are more than 600 of the most important works of the century, many reproduced in full color. The book's flexible structure and extensive cross-referencing allow readers to follow any one of the many narratives that unfold, whether that be the history of a medium such as photography or painting, the development of art in a particular country, the influence of a movement such as surrealism or feminism, or the emergence of a stylistic or conceptual category like abstraction or minimalism. Boxes give further background information on the important figures and issues. In their insightful introductions, the four authors explain the different methods of art history at work in the book, providing the reader with the conceptual tools for further study. Two roundtable discussions --one at midcentury, the other at the close of the book--consider the questions raised by the preceding decades and look ahead to the art of the future. A glossary of terms and concepts completes this extraordinary volume. 600 illustrations, 400 in color. This college edition also includes the "Art 20" CD-ROM.

Last Bus to Wisdom Ivan Doig 2016-08-16 Named a Best Book of the Year by the Seattle Times and Kirkus Review The final novel from a great American storyteller. Donal Cameron is being raised by his grandmother, the cook at the legendary Double W ranch in Ivan Doig's beloved Two Medicine Country of the Montana Rockies, a landscape that gives full rein to an eleven-year-old's imagination. But when Gram has to have surgery for "female trouble" in the summer of 1951, all she can think to do is to ship Donal off to her sister in faraway Manitowoc, Wisconsin. There Donal is in for a rude surprise: Aunt Kate--bossy, opinionated, argumentative, and tyrannical--is nothing like her sister. She henpecks her good-natured husband, Herman the German, and Donal can't seem to get on her good side either. After one contretemps too many, Kate packs him back to the authorities in Montana on the next Greyhound. But as it turns out, Donal isn't traveling solo: Herman the German has decided to fly the coop with him. In the immortal American tradition, the pair light out for the territory together, meeting a classic Doigian ensemble of characters and having rollicking misadventures along the way. Charming, wise, and slyly funny, *Last Bus to Wisdom* is a last sweet gift from a writer whose books have bestowed untold pleasure on countless readers.

Local Identities and Transnational Cults within Europe Fiorella Giacalone 2018-05-23 Local-level pilgrimages, when based on strong expressions of faith, can have a much wider local, regional and international appeal. It has been estimated that pilgrims and religious tourists number around 330 million per year, meaning development of these faith identities can help drive destination visitation and regional development. This book explores the central role of

ordinary people in the popularisation of faith-based practices, thus illustrating religious tourism as an expression of cultural identity. An invaluable review of cultural identity and faith, this book delivers to scholars, students and local policy makers a collection of current perspectives on the growth, development and evolution of faith practices surrounding contemporary and historical sites and saints.

Landscapes After the Battle Juan Goytisolo 1987 Trapped in his apartment in an immigrant district of Paris, the narrator is far from the high life of museums, elegant restaurants and boutiques. Within this imprisonment, his thoughts oscillate between revolutionary terrorism and pre-pubescent sexuality - a concern he shares with Lewis Carroll. Mirroring the conventions of Arabic texts, *Landscapes After the Battle* is to be understood from the perspective of its end; an end where the relationship between writer, the reader and the written is revealed as playful and humorous. The appearance of the comic in a novel by Juan Goytisolo is unexpected; like Dracula at a haemophiliacs' convention.

Notes on a Shipwreck Davide Enia 2019-02-19 A moving firsthand account of migrant landings on the island of Lampedusa that gives voice to refugees, locals, and volunteers while also exploring a deeply personal father-son relationship. On the island of Lampedusa, the southernmost part of Italy, between Africa and Europe, Davide Enia looks in the faces of those who arrive and those who wait, and tells the story of an individual and collective shipwreck. On one side, a multitude in motion, crossing entire nations and then the Mediterranean Sea under conditions beyond any imagination. On the other, a handful of men and women on the border of an era and a continent, trying to welcome the newcomers. In the middle is the author himself, telling of what actually happens at sea and on land, and the failure of words in the attempt to understand the present paradoxes. Enia reveals the emotional consequences of this touching and disconcerting reality, especially in his relationship with his father, a recently retired doctor who agrees to travel with him to Lampedusa. Witnessing together the public pain of those who land and those who save them from death, alongside the private pain of his uncle's illness, pushes them to reinvent their relationship, to forge a new and unprecedented dialogue that replaces the silences of the past.

Gustav Mahler Donald Mitchell 1980-01-01 Available again for a new generation of Mahlerians, Donald Mitchell's famous study of the composer's early life and music, revised and updated in 1980, includes a new introduction by the author, and supplementary addenda, which bring this classic work once again to the forefront of Mahler studies. Tracing Mahler's life from his birth in Bohemia, then part of the mighty Austro-Hungarian empire, to his early works (many now lost) *Gustav Mahler: The Early Years* forms an indispensable prelude to the

period during which the cycle of great symphonies was to evolve. The conflicts which came to mark Mahler's music and personality had their beginnings in his childhood and youth. Without understanding the territorial, social and familial conflicts of this time one cannot truly appreciate the impulses behind the major symphonies and song cycles of his later years. In Praise of the Bicycle Marc Augé 2019-08-15 Witness the French anthropologist as we have never seen him before. Marc Augé coined the term "non-place" to describe the ubiquitous airports, hotels, and motorways filled with anonymous individuals. In this new book, he casts his anthropologist's eye on a subject close to his heart: cycling. With *In Praise of the Bicycle*, Augé takes us on a two-wheeled ride around our cities and on a personal journey into ourselves. We all remember the thrill of riding a bike for the first time and the joys of cycling. Here he reminds us that these memories are not just personal, but rooted in a time and a place, in a history that is shared with millions of others. Part memoir, part manifesto, Augé's book celebrates cycling as a way of reconnecting with the places in which we live, and, ultimately, as a necessary alternative to our disconnected world.

The Bauhaus Group Nicholas Fox Weber 2009-10-27 Nicholas Fox Weber, for thirty-three years head of the Albers Foundation, spent many years with Anni and Josef Albers, the only husband-and-wife artistic pair at the Bauhaus (she was a textile artist; he a professor and an artist, in glass, metal, wood, and photography). The Alberses told him their own stories and described life at the Bauhaus with their fellow artists and teachers, Walter Gropius, Paul Klee, Wassily Kandinsky, Ludwig Mies van der Rohe, as well these figures' lesser-known wives and girlfriends. In this extraordinary group biography, Weber brilliantly brings to life the Bauhaus geniuses and the community of the pioneering art school in Germany's Weimar and Dessau in the 1920s and early 1930s. Here are: Walter Gropius, founder of the Bauhaus, the architect who streamlined design early in his career and who saw the school as a place for designers to collaborate in an ideal setting . . . a dashing hussar, the ardent young lover of the renowned femme fatale Alma Mahler, beginning when she was the wife of composer Gustav Mahler . . . Paul Klee, the onlooker, smoking his pipe, observing Bauhaus dances as well as his colleagues' lectures from the back of the room . . . the cook who invented recipes and threw together his limited ingredients with the same spontaneity, sense of proportion, and fascination that underscored his paintings . . . Wassily Kandinsky, the Russian-born pioneer of abstract painting, guarding a secret tragedy one could never have guessed from his lively paintings, in which he used bold colors not just for their visual vibrancy, but for their "sound" effects . . . Josef Albers, who entered the Bauhaus as a student in 1920 and was one of the seven remaining faculty members when the school was closed by the Gestapo in 1933 . . . Annelise Else Frieda Fleischmann, a Berlin heiress, an intrepid young woman, who later, as Anni Albers, made art the focal point of her existence . . . Ludwig Mies van der Rohe, imperious, decisive, often harsh, an architect who became director—the last—of the Bauhaus, and the person who guided the school's final days after SS storm troopers raided the premises. Weber captures the

life, spirit, and flair with which these geniuses lived, as well as their consuming goal of making art and architecture. A portrait infused with their fulsome embrace of life, their gift for laughter, and the powerful force of their individual artistic personalities.

A Soldier on the Southern Front Emilio Lussu 2014-02-25 A rediscovered Italian masterpiece chronicling the author's experience as an infantryman, newly translated and reissued to commemorate the centennial of World War I. Taking its place alongside works by Ernst Jŷnger, Robert Graves, and Erich Maria Remarque, Emilio Lussu's memoir is one of the most affecting accounts to come out of the First World War. A classic in Italy but virtually unknown in the English-speaking world, it reveals, in spare and detached prose, the almost farcical side of the war as seen by a Sardinian officer fighting the Austrian army on the Asiago plateau in northeastern Italy, the alpine front so poignantly evoked by Ernest Hemingway in *A Farewell to Arms*. For Lussu, June 1916 to July 1917 was a year of continuous assaults on impregnable trenches, absurd missions concocted by commanders full of patriotic rhetoric and vanity but lacking in tactical skill, and episodes often tragic and sometimes grotesque, where the incompetence of his own side was as dangerous as the attacks waged by the enemy. A rare firsthand account of the Italian front, Lussu's memoir succeeds in staging a fierce indictment of the futility of war in a dry, often ironic style that sets his tale wholly apart from the Western Front of Remarque and adds an astonishingly modern voice to the literature of the Great War.

Hokkaido Highway Blues Will Ferguson 2003 It had never been done before. Not in 4000 years of Japanese recorded history had anyone followed the Cherry Blossom Front from one end of the country to the other. Nor had anyone hitchhiked the length of Japan. But, heady on sakura and sake, Will Ferguson bet he could do both. The resulting travelogue is one of the funniest and most illuminating books ever written about Japan. And, as Ferguson learns, it illustrates that to travel is better than to arrive.
