The Elements of Style William Strunk Jr. 2018-05-11 The Elements of Style William Strunk concentrated on specific questions of usage—and the cultivation of good writing—with the recommendation "Make every word tell"; hence the 17th principle of composition is the simple instruction: "Omit needless words." The book was also listed as one of the 100 best and most influential books written in English since 1923 by Time in its 2011 list.

The 6-Week Cure for the Middle-Aged Middle Michael R. Eades 2011-04-12 The doctor duo that brought you to the low-carb lifestyle shows you how to regain in midlife the figure of sleek, flat-bellied youth. Why is it that even though we might maintain our high school weight, few of us maintain our high school belt size? In your twenties and thirties, the layers of fat on top of your abs were the problem. But once you reach middle-age, the enemy shifts. The 6-Week Cure for the Middle-Aged Middle is the first book to deal specifically with the issues we face in the next stage of life, providing a plan for eliminating the unhealthy fat that accumulates around the organs-visceral fat—that is the true cause of the middle-aged bulge. The good news is that with the right diet, visceral fat can be quickly reduced and eliminated, enhancing both your looks and your health. Even after twenty years researching and refining the science of weight loss and management, bestselling authors Drs. Michael and Mary Dan Eades fell victim to the middle-aged middle themselves. Although otherwise fit and healthy, both lost the flat belly that signals youth. In The 6-Week Cure for the Middle-Aged Middle, they share the simple dietary program they created to shed the weight. Discover: • How eating saturated fat can actively trim your middle • Why the "eat less, exercise more" prescription fails—and what to do about it • Why "inner" and "outer" tube fat measurements are important to your health • How to fight the fat stored inside your liver that leads to hard-to-lose middle-body flab

Corporations Marco Ventoruzzo 2016-12-31

Filipinos in Stockton Dawn B. Mabalon, Ph.D. 2008 The first Filipino settlers arrived in Stockton, California, around 1898, and through most of the 20th century, this city was home to the largest

community of Filipinos outside the Philippines. Because countless Filipinos worked in, passed through, and settled here, it became the crossroads of Filipino America. Yet immigrants were greeted with signs that read "Positively No Filipinos Allowed" and were segregated to a four-block area centered on Lafayette and El Dorado Streets, which they called "Little Manila." In the 1970s, redevelopment and the Crosstown Freeway decimated the Little Manila neighborhood. Despite these barriers, Filipino Americans have created a vibrant ethnic community and a rich cultural legacy. Filipino immigrants and their descendants have shaped the history, culture, and economy of the San Joaquin Delta area.

International Business John D. Daniels 2019

Urban Enclaves Mark Abrahamson 1996 This brief, readable supplement asks the question, "How do communities which are as distinct as Boston's Beacon Hill and Chicago's South Side form in diverse urban areas and why?"

Holy Heathen Katherine North 2020-06-24 From divinely miserable to damned happy: A tale of reckoning, personal redemption, and love-over-dogma epiphany. As a child, Katherine North had a terrible secret: she couldn't feel Jesus in her heart. For the daughter of Christian missionaries, this was a problem indeed. She embarked on a most unexpected spiritual journey, one that transformed her from a terrified kid into a joyful heathen mystic. Holy Heathen is the origin story of trailblazing life coach Katherine North. From growing up as a "Third Culture Kid" in an evangelical mission in Japan to discovering feminism at Bryn Mawr College, she grapples to find the true meaning of belonging when she doesn't fit in anywhere. Katherine reckons with a lifetime of nightmares and odd spiritual encounters that lead her away from religion but toward a vocation helping others find healing. Her path spans continents, featuring an unlikely acting career in Japan on the stage, a stint in Chicago amongst a gang of mid-nineties Beat-era revivalists, marriage and divorce, church and sex, abortion and motherhood, healing and earthquakes, spiritual awakening-and finally, the call within her that she'd forever yearned for.

Peter Norton's Assembly Language Book for the IBM PC Peter Norton 1989 Now updated to cover the latest assembler versions, with more code than ever, this bestselling classic is for every programmer who wants to build complete, full-scale assembly language programs. Includes disk containing complete chapter examples and full-fledged diskpatch program.

Historical Dictionary of the Philippines Artemio R. Guillermo 2012 The Historical Dictionary of the Philippines, Third Edition contains a chronology, an introductory essay, an extensive bibliography, and several hundred cross-referenced dictionary entries.

Big Fish Daniel Wallace 2012-01-01 When his attempts to get to know his dying father fail, William Bloom makes up stories that recreate his father's life in heroic proportions.

The City of Shifting Waters Pierre Christin 2010 When agents Valerian and Laureline arrive in 1986 New York to intercept Galaxy's worst megalomaniac, they find the world in ruins and the city about to sink into the ocean.

Wiley IFRS 2016 PKF International Ltd 2016-05-13 Accurately understand and implement the latest IFRS updates Wiley IFRS 2016 is your one-stop resource for understanding and implementing the current International Financial Reporting Standards as dictated by the International Accounting

Standards Board (IASB). Fully updated to cover the latest standards and IFRIC interpretations, this book provides clear and concise explanation alongside practical implementation guidance. The information is organized by topic for ease of navigation, making it ideal for both quick reference and in-depth study, with general statement guidance followed by topic-specific discussion. The Disclosure Checklist helps you ensure full compliance at a glance, and advice for first-time adopters helps smooth the initial implementation process. The goal of the International Accounting Standards Board is to achieve global convergence of accounting standards, which will lead to uniformity in financial reporting around the world. Annual updates to the IFRS are a part of these efforts, so staying up to date is an essential part of compliance. This informative guide is your ideal reference, with the latest 2016 updates and practical advice. Understand the framework that unifies the IFRS Interpret and apply the standards correctly Verify compliance and completeness Get expert guidance on implementing the new and updated standard More and more countries around the globe are either adopting IFRS as their national standards, or adapting existing local standards to more closely align with those set by the IASB. Uniform reporting reduces the cost of financial statement preparation for multinational companies, and facilitates the jobs of investment analysts, investors, and others in assessing business results. Wiley IFRS 2016 gives you the explanation, interpretation, and practical guidance you need to ensure full compliance.

Consumer Behavior Solomon 1973

The Empire of a Thousand Planets Pierre Christin 2011 Exploring Syrte, the capital planet of a system of one thousand worlds, agents Valerian and Laureline must decide whether this decaying empire poses any danger to Earth.

Film Is Not Dead Jonathan Canlas 2012-01-20 With the popularity of digital photography growing by leaps and bounds over the last decade, some say film has been dying a slow death ever since - or is already dead. The reality is that film has never gone away, and in recent years has experienced a surging, renewed popularity - sometimes simply for its retro, analog status, but mostly for film's ability to create a look and feel that many believe digital can still not achieve. If anyone can attest to this, it's Utah photographer Jonathan Canlas, who exclusively shoots with film, and has both an extremely successful wedding photography business as well as a series of popular workshops held numerous times per year around the world. In *Film Is Not Dead: A Digital Photographer's Guide to Shooting Film*, Canlas teams up with co-author Kristen Kalp to open the doors for anyone who wants to begin-or return to-shooting film. Casual, irreverent, fun, inspiring, and beautiful, this unique 10x8 hardcover book teaches the reader the basics of film, cameras, and shooting in this medium. Whether it's discussing the different tone and color characteristics of different films (Kodak, Fuji, etc.), how to load a medium-format camera back, how to create proper exposures, how and where to get film processed, or how Jonathan uses fun, plastic cameras like the Holga in his commercial and personal work, *Film Is Not Dead* appeals to anyone who is searching to finally begin creating that film look, but until now hasn't known where to start.

Financial Shenanigans Howard M. Schilit 2002-03-22 Techniques to uncover and avoid accounting frauds and scams Inflated profits . . . Suspicious write-offs . . . Shifted expenses . . . These and other dubious financial maneuvers have taken on a contemporary twist as companies pull out the stops in seeking to satisfy Wall Street. *Financial Shenanigans* pulls back the curtain on the current climate of accounting fraud. It presents tools that anyone who is potentially affected by misleading business valuations from investors and lenders to managers and auditors can use to research and read financial reports, and to identify early warning signs of a company's problems. A bestseller in its first edition,

Financial Shenanigans has been thoroughly updated for today's marketplace. New chapters, data, and research reveal contemporary "shenanigans" that have been known to fool even veteran researchers.

Daisy Scarlett Ben Trebilcock 2016-11-17 A woman is pulled from the boot of a car on a Spanish cliff-top. She's lost teeth and is a bloody mess. Masked gunmen are hell-bent on killing her. Miraculously surviving a shoot-out and a breakneck car chase, resulting in many deaths, the woman is revealed to be British Secret Intelligence Officer Daisy Scarlett. Daisy knows her guns as she does her fine wines. In fact, she loves a drink, which is mainly due to her strained relationship with her alcoholic father, her boss - the head of MI6. Her mother is a whistle-blowing conspiracy theorist, so it's of no wonder Daisy is torn between finding out the truth on behalf of the people or pleasing her father and the State. Bilker Coot Pharmaceuticals is a global healthcare company with their own private military defence team, led by a psychotic ex member of the SAS. In the midst of a seventy billion pound take-over, they need to shake a recent academic review of a failed flu vaccine that cost the UK government a billion pounds. Teaming with a Chinese Intelligence Agent, Daisy is assigned to track down Bilker Coot's lead virologist who has gone on the run with a disturbing biological weapon, however all is not as it appears to be for female intelligence officer, Daisy Scarlett. From the writer of 'Old Habits' and 'My name is not Jacob Ramsay', 'Daisy Scarlett' is an international espionage action thriller with universal appeal. Trebilcock can be followed on Twitter via the handle @BenTrebilcock Cover design by Ant Gardner antgardner.com

Surfactants from Renewable Resources Mikael Kjellin 2010-01-26 Most modern surfactants are readily biodegradable and exhibit low toxicity in the aquatic environment, the two criteria for green surfactants. However the majority are synthesised from petroleum, so over the past decade the detergent industry has turned its attention to developing greener routes to create these surfactants via renewable building blocks. *Surfactants from Renewable Resources* presents the latest research and commercial applications in the emerging field of sustainable surfactant chemistry, with emphasis on production technology, surface chemical properties, biodegradability, ecotoxicity, market trends, economic viability and life-cycle analysis. Reviewing traditional sources for renewable surfactants as well as recent advances, this text focuses on techniques with potential for large scale application. Topics covered include: Renewable hydrophobes from natural fatty acids and forest industry by-products Renewable hydrophiles from carbohydrates, amino acids and lactic acid New ways of making renewable building blocks; ethylene from renewable resources and complex mixtures from waste biomass Biosurfactants Surface active polymers This book is a valuable resource for industrial researchers in companies that produce and use surfactants, as well as academic researchers in surface and polymer chemistry, sustainable chemistry and chemical engineering.

Black Hole Sun David Macinnis Gill 2010-08-24 Durango is playing the cards he was dealt. And it's not a good hand. He's lost his family. He's lost his crew. And he's got the scars to prove it. You don't want to mess with Durango.

Utilisation of Bioactive Compounds from Agricultural and Food Production Waste Quan V. Vuong 2017-09-07 The large quantity of waste generated from agricultural and food production remains a great challenge and an opportunity for the food industry. As there are numerous risks associated with waste for humans, animals and the environment, billions of dollars are spent on the treatment of agricultural and food waste. Therefore, the utilisation of bioactive compounds isolated from waste not only could reduce the risks and the costs for treatment of waste, but also could potentially add more value for agricultural and food production. This book provides comprehensive information related to extraction and isolation of bioactive compounds from agricultural and food production waste for

utilisation in the food, cosmetic and pharmaceutical industries. The topics range from an overview on challenges and opportunities related to agricultural and food waste, the bioactive compounds in the waste, the techniques used to analyse, extract and isolate these compounds to several specific examples for potential utilisation of waste from agricultural and food industry. This book also further discusses the potential of bioactives isolated from agricultural and food waste being re-utilised in the food, cosmetic and pharmaceutical industries. It is intended for students, academics, researchers and professionals who are interested in or associated with agricultural and food waste.

Go Your Own Way Kristen Kalp 2015-05-27 The gentle yet ass-kicking, doable yet challenging, irreverent yet intimate guide to freeing yourself from business as usual. Instead of beating yourself up about all the ways you're doing business wrong, use this book to blaze your own path through the entrepreneurial wilderness.

Turning the Tide C. R. Veitch 2002 Includes papers and abstracts dealing with eradication of invasive species in Alaska, Australia, Baker Island, California, Christmas Island, Enderby and Rose Islands, Galapagos Islands, Hawaii, Howland Island, Japan, Jarvis Island, Laysan Island, Lord Howe Island, Mauritius, Mexico, Nauru, New Zealand, Northern Ireland, Northern Mariana Islands, Saint-Paul Island, Seychelles, West Indies.

Clinical Care in the Rheumatic Diseases Susan J. Bartlett 2006-01-01 An authoritative reference text developed on the clinical management of rheumatic diseases. For use by physicians, health professionals, and rheumatology training programs in medical and professional schools, the 375-page text was written by more than 60 experts in the fields of rheumatology, nursing, physical therapy, occupational therapy, pharmacy, and the behavioral sciences. Topics covered are clinical foundations, diagnosis and assessment, common diseases, clinical interventions, medications, problem management, and resources.

Pop Culture in Asia and Oceania Jeremy A. Murray 2016-08-15 This ready reference is a comprehensive guide to pop culture in Asia and Oceania, including topics such as top Korean singers, Thailand's sports heroes, and Japanese fashion. • Supports the National Geography Standards by examining cultural mosaics and the globalization of cultural change • Connects popular culture to many disciplines, including anthropology, history, literature, film studies, political science, and sociology • Allows for cross-cultural comparisons between pop culture in the United States and Asia • Focuses on East Asia and South Asia, including China, Japan, Korea, India, the Philippines, Thailand, Vietnam, and Pakistan, among other countries • Features a detailed introduction with important contextual information about pop culture in Asia and an extensive chronology

Digital Marketing Essentials You Always Wanted to Know Vibrant Publishers 2020-07-23 The Internet has changed how we communicate, and that includes how we market. It shows how to integrate your digital activities across channels to improve your marketing performance. Whether you are a beginner, looking to understand the basics of digital marketing, or an expert marketer,

searching for a way to increase your digital marketing ROI, Digital Marketing Essentials will help you achieve your goals.

Comparative Corporate Law Marco Ventoruzzo 2015 This book is a multipurpose text that can be used in any class with a focus on comparative legal systems for corporations, taught in the U.S. or abroad. It contains cases, statutes, analysis and readings, the majority of which are from foreign jurisdictions. It also has extensive notes and questions. The focus is primarily on the U.S., U.K., major European continental civil law systems (France, Germany, Italy) and European Union law, and Japan; with references to other jurisdictions such as China, India and Brazil. In addition to law schools, the book may also appeal to non-law school professors of business administration, economics, and political science. In setting out to produce a casebook to meet the needs of students in different legal systems and on both introductory and advanced courses, make a contribution to scholarly debates and address practical and policy concerns, the authors set themselves ambitious goals, which they have amply achieved. This methodologically rigorous, insightful and stimulating book is rich in technical content but details are never allowed to obscure the main questions. The distinguished authors wear their scholarship lightly and the book is written in an admirably clear and accessible style. This book is a major addition to the growing literature on comparative corporate law and it is destined to shape the way we think about and teach the subject. Eilís Ferran, Professor of Company and Securities Law, Faculty of Law, University of Cambridge Corporate law rules vary considerably around the world, and there is much that students of corporate law can learn from a comparative analysis of how different systems deal with similar problems. This casebook, co-authored by a group of experts with a rich set of perspectives, is thus a valuable and welcome addition to the literature. Lucian A. Bebchuk, Professor of Law, Economics and Finance, Director, Program on Corporate Governance, Harvard Law School This excellent book is a welcome addition to the still relatively sparse comparative corporate law literature. It is a wonderful teaching resource and a useful reference for the scholar. Tan Cheng Han, Professor of Law and Chairman, Centre for Law & Business, Faculty of Law, National University of Singapore [Comparative Corporate Law by Ventoruzzo and others] is both comprehensive and readily understandable. I think it will be a significant addition to both the literature and teaching material on comparative corporate governance. Martin Lipton, Founding Partner, Wachtell, Lipton, Rosen & Katz In-house counsels of firms operating internationally will find the book a practical and useful tool. Your own corporate issues aren't so unique after all, learning how others have approached theirs, across the world, is both instructive and refreshing, a must read! Antonino Cusimano, General Counsel and Secretary to the Board of Directors, Telecom Italia The materials collected and translated in English are precious and fascinating for a broad and international audience. The richness of the book is not, however, only in the materials carefully selected and sewn together, but also in the stitches that fasten them: The introductions, notes and questions, economic insights and empirical data that connect the materials allow readers to consider the causes and consequences of different legal rules in different systems, and compare different regulatory strategies. Viviane Muller Prado, Professor of Corporate Law, Escola de Direito, Fundação Getulio Vargas, Sao Paulo, Brazil This book proves not only that corporate law is global, but also that a global approach is essential in order to understand the laws of different countries and how they interact. The book, innovative in both methodology and contents, will be indispensable for anyone who studies and practices corporate la

Eats, Shoots & Leaves Lynne Truss 2004-04-12 We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In Eats, Shoots & Leaves, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the

wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

Your Art Will Save Your Life Beth Pickens 2018-04-10 “A survival guide for the creatives among us.” —Nicole Georges, author of *Fetch: How a Bad Dog Brought Me Home* As a teenager visiting the Andy Warhol Museum, Beth Pickens realized the importance of making art. As an adult, she has dedicated her life to empowering working artists. Intimate yet practical, *Your Art Will Save Your Life* helps artists build a sustainable practice while navigating the world of MFAs, residencies, and institutional funding.

Building a Dream Walter S. Good 2008-01 Good is recognized as a market leading text that offers a practical, "how to" approach to guiding students and potential small business entrepreneurs through the conceptual stages involved in setting up a business of their own. It is all about building the essential business plan, with many templates, forms, checklists, sample plans and real-life Canadian examples making it the most hands-on text available Good offers a strong supplement package, including an Instructor's Resource CD with an IM and PPT slides, Canadian videos offering additional practical examples/cases, and a robust OLC that will be expanded to include self-assessment exercises currently within the text in an interactive format.

Little Manila Is in the Heart Dawn Bohulano Mabalon 2013-05-29 In the early twentieth century—not long after 1898, when the United States claimed the Philippines as an American colony—Filipinas/os became a vital part of the agricultural economy of California's fertile San Joaquin Delta. In downtown Stockton, they created Little Manila, a vibrant community of hotels, pool halls, dance halls, restaurants, grocery stores, churches, union halls, and barbershops. Little Manila was home to the largest community of Filipinas/os outside of the Philippines until the neighborhood was decimated by urban redevelopment in the 1960s. Narrating a history spanning much of the twentieth century, Dawn Bohulano Mabalon traces the growth of Stockton's Filipina/o American community, the birth and eventual destruction of Little Manila, and recent efforts to remember and preserve it. Mabalon draws on oral histories, newspapers, photographs, personal archives, and her own family's history in Stockton. She reveals how Filipina/o immigrants created a community and ethnic culture shaped by their identities as colonial subjects of the United States, their racialization in Stockton as brown people, and their collective experiences in the fields and in the Little Manila neighborhood. In the process, Mabalon places Filipinas/os at the center of the development of California agriculture and the urban West.

Finance Basics (20-Minute Manager Series) Harvard Business Review 2014-03-11 Intimidated by corporate finance? The numbers (and the jargon) can feel overwhelming—but you have to understand them to manage effectively. *Finance Basics* explains the fundamentals simply and quickly, introducing you to key terms and concepts such as: • How to navigate financial statements • How to weigh costs and benefits • What's involved in budgeting and forecasting • How to gauge a company's financial health About HBR's 20-Minute Manager Series: Don't have much time? Advice you can quickly read and apply, for ambitious professionals and aspiring executives—from the most trusted source in business. Also available as an ebook.

The Minimalist Entrepreneur Sahil Lavingia 2021-10-26 “Pay attention.”—Jason Fried A revolutionary roadmap for building startups that go the distance Now more than ever, you don't need a fancy office, Ivy League degree, or millions of dollars in venture capital to launch a business that matters for the communities you care most about. Software, the internet, and remote work have made it possible for entrepreneurs to start for free, make a customer of anyone, and grow a profitable, sustainable company from anywhere. Packed with hard-won, battle-tested lessons from Lavingia's own journey of building Gumroad, a platform for creators to sell their work, The Minimalist Entrepreneur teaches founders how to: • start then learn • build a community, then solve a problem for them • charge for something even before you've built anything • avoid running out of money and, more importantly, energy • run a tight ship amid the rise of the gig economy and remote work • own a business without it owning you back. The Minimalist Entrepreneur is the manifesto for a new generation of founders who would rather build great companies than big ones. This is essential knowledge for every founder aspiring to build a business worth building.

Publishers' International ISBN Directory 2015 International ISBN International ISBN Agency 2014-10-31 The 41st edition of this established reference work offers a wealth of information on the worldwide publishing landscape. It includes more than 1,100,000 publishers' ISBN prefixes from 221 countries and territories. The Geographical Section (volumes 1-5) provides the names of more than 1,000,000 active publishing houses, arranged alphabetically by country, and within country by name. Islands of Profit in a Sea of Red Ink Jonathan L. S. Byrnes 2010-11-04 Companies around the world turn to MIT's Jonathan Byrnes for one reason: he can figure out where the profit is. He shows them which customers and businesses are cash cows, and which efforts are just a drain on resources. Most astonishingly, in each case he finds that roughly 40% of his client's businesses are unprofitable. We are transitioning from an era of mass markets to the Age of Precision Markets. Before, companies sought to distribute their products as widely as possible using arm's-length customer relationships. Broad metrics like aggregate revenues and costs were adequate. But today companies form different relationships with different sets of customers. Successful businesses create competitive advantages and sustained profitability by developing innovative relationships and new types of value. This is a double-edged sword: if customers are matched with the right relationships, sales and profits soar...but if they are matched poorly, profitability plunges. Islands of Profit in a Sea of Red Ink tells you how to rethink your business for maximum profit - what to do, what difficulties you'll encounter, and how to overcome them. This book gives you the roadmap and tools you'll need to be a highly effective manager in a new era of business.
