Who Is Temple Grandin? Patricia Brennan Demuth 2020-04-07 Autism did not stop her--in fact, it helped Temple Grandin become a brilliant scientist and inventor. Temple Grandin wasn't officially diagnosed with autism until she was in her 40s, but she knew at an early age that she was different from her family and classmates. She couldn't show affection, she acted out when noises or other stimuli overwhelmed her, and she only felt comfortable when spending time with the animals on her aunt's

ranch. But instead of seeing her differences as limitations, Temple used them to guide her education and career in animal science. She has become a leading advocate for the autistic as well as for the humane treatment of animals at meat packing companies. This inspiring biography by Patricia Brennan Demuth shines a light on Temple Grandin's intellect, creativity, and unique spirit.

Wine and Society Stephen Charters 2006 Wine is becoming increasingly popular in the Anglophone world and there are many books available which describe how and where it is made. However, none address the fundamental questions of different structures of production and how the consumer relates to the product - this book is the first to do just that. Wine and Society: the cultural and social context of wine production and consumption looks at the relationship between wine production and marketing, focussing in consumer behaviour and cultural attitudes. Divided into four parts, it examines the context of wine production, the wine consumer and the social context of wine, discussing the following themes: * That the core of wine production and consumption is shaped by historical, geographical and cultural factors. * Wine production - European and new world looking at the different kinds of producer and how the varying background of each shapes their perspective on what they produce * Terroir and appellations: why demarcation and sense of place became important, how they are used to achieve marketing differentiation, and the 'benefits' (or otherwise) to the customer. * The contemporary wine consumer and lifestyle factors - looking at wine clubs, tourism, education, culture and literature * The politics and economics of wine - from supporting rural industries in France to protecting customers from deception and health risks. Suitable for third year and post-graduate students of hospitality, wine (both in production and marketing), wine tourism, gastronomy and related courses, it encourages students to think critically about the issues raised by using real life case studies and examples from around the world, also including press releases and marketing campaigns.

The Visitor Maeve Brennan 2015-04-15 The current revival of the work of Maeve Brennan, who died in obscurity in 1993, has won her a reputation as a twentieth-century classic—one of the best Irish writers of stories since Joyce. Now, unexpectedly, Brennan's oeuvre is immeasurably deepened and broadened by a miraculous literary discovery—a short novel written in the mid-1940s, but till now unknown and unpublished. Recently found in a university archive, it is a story of Dublin and of the unkind, ungenerous, emotionally unreachable side of the Irish temper. The Visitor is the haunting tale of Anastasia King, who,

at the age of twenty-two, returns to her grandmother's house—the very house where she grew up—after six long years away. She has been in Paris, comforting her disgraced and dying mother, the runaway from a disastrous marriage to Anastasia's late father, the grandmother's only son. "It's a pity she sent for you." the grandmother says, smiling with anger. "And a pity you went after her. It broke your father's heart." Anastasia pays dearly for the choice she made, a choice that now costs her her own strong sense of family and makes her an exile—a visitor—in the place she once called home. Penelope Fitzgerald, writing of Brennan's story "The Springs of Affection," said that it carries an "electric charge of resentment and quiet satisfaction in revenge that chills you right through." The same can be said of the *The Visitor*, Maeve Brennan's "lost" novel—the early work of an incomparable master.

A Monk Swimming Malachy McCourt 2021-10-26 BACK IN PRINT! "A rollicking good read that, as the Irish say, would make a dead man laugh." —Philadelphia Inquirer Malachy McCourt was already famous as an actor, saloon-keeper, and late-night television personality when *Angela's Ashes* was published. Brother Frank's book introduced the incorrigible, indomitable young Malachy to a worldwide audience that was charmed, and clamored for more. Frank's book was a hard act to follow, but Malachy's delightful memoir, which picked up where *Angela's Ashes* left off, won critical acclaim and commercial success. Born in Brooklyn, and raised in the lanes of Limerick, Malachy returned to New York in 1952, at age 20. After stints in the Air Force and as a longshoreman, he parlayed his gifts of gab and conviviality into an ownership position at Malachy's—the first singles' bar—located around the corner from the Barbizon Hotel for young women, whose glamorous residents frequently repaired to Malachy's for a tipples and flirt. Malachy's madcap, manic life ricocheted from higher highs to lower lows as he tried selling Bibles at the beach on Fire Island and smuggling gold in Zurich. He entertained a voracious public on the stage as a member of the Irish Players and was a semi-regular on the *Tonight Show* with Jack Paar. In these years, he was almost always drunk, almost always chasing (or being chased) by women. His gifts for language and storytelling are so well honed that when you read *A Monk Swimming*, "You'll laugh uncontrollably . . . You're in the grip of a master raconteur" (*Houston Chronicle*). Now the last of the McCourts of Limerick, Malachy reflects on the tumultuous events of the twenty-five years since he wrote *A MONK SWIMMING* in his Afterword. "Read it and weep: they don't make lives like this anymore." -*The Irish Voice*

Albion's Seed David Hackett Fischer 1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Praise for *A Pig in Provence* “You can almost smell the lavender as you follow Brennan’s love affair with the province that became her second home and shaped the culinary persona of this cooking teacher and food author. She beautifully captures the details of living in a place where the culture of the table ties a community together—where everyone knows the butcher and the baker, and everyone depends on the farmers.” —Alice Waters, owner, Chez Panisse “Fascinating . . . Brennan revels equally in the preparation and consumption of the regional cuisine You can almost hear her lips smacking.” —The New York Times Book Review “Georgeanne Brennan’s romance with Provence continues to deepen, and the result of her long residence there is an intimacy with local people, food, and folkways. I would love to pull up a chair to her table.” —Frances Mayes, author of *Under the Tuscan Sun*

Meeting Rich Caleb J. Kruse 2016-03-13 In 1997, the world was rocked with the news of Rich Mullins' passing. Christians everywhere paused their lives to mourn the loss. Radio stations paid tributes. Newspapers dedicated articles. Friends, family members, fans and fellow musicians came together to remember this man that had impacted their lives. I was with my family when I heard. I was standing in our driveway. It seemed strange, because just a few hours prior, I saw Rich Mullins alive, leaving our house. My last conversation with him took place the night before in our living room. I still hadn't yet wrapped my mind around the fact that this legend had somehow come to stay at our house. Now... he was gone? The world listened in sad silence, trying to find out what they could. We listened too, and knew there were details to the story the world wouldn't hear. Years have gone by, and I've always felt compelled to write down the story of Rich, staying in our home for the last three weeks of his life as a guest. I know how good things can be forgotten, and I haven't wanted to forget how this has impacted me. Not long ago I picked up a pen. I knew that I probably never would if I didn't simply make a move. I began to write down what I remembered. Now, I want to share with you what this story has meant to me. Welcome to Meeting Rich. A liturgy. A legacy. A man with a guitar in my living room. "It is a beautiful description of the great and complex man Rich was". - Michael Aukofer

Alice Waters and Chez Panisse Thomas McNamee 2007-03-22 The first authorized biography of "the mother of American cooking" (The New York Times) This adventurous book charts the origins of the local "market cooking" culture that we all savor today. When Francophile Alice Waters opened Chez Panisse in Berkeley in 1971, few Americans were familiar with goat cheese, cappuccino, or mesclun. But it wasn't long before Waters and her motley coterie of dreamers inspired a new culinary standard incorporating ethics, politics, and the conviction that the best-grown food is also the tastiest. Based on unprecedented access to Waters and her inner circle, this is a truly delicious rags-to-riches saga.

Texas Ranger John Boessenecker 2016-04-26 The New York Times bestseller! “Frank Hamer, last of the old breed of Texas Rangers, has not fared well in history or popular culture. John Boessenecker now restores this incredible Ranger to his proper place alongside such fabled lawmen as Wyatt Earp and Eliot Ness. Here is a grand adventure story, told with grace and authority by a master historian of American law enforcement. Frank Hamer can rest easy as readers will finally learn the truth behind his amazing career, spanning the end of the Wild West through the bloody days of the gangsters.” --Paul Andrew Hutton, author of *The Apache Wars* To most Americans, Frank Hamer is known only as the “villain” of the 1967 film *Bonnie and Clyde*. Now, in *Texas Ranger*, historian John Boessenecker sets out to restore Hamer’s good name and prove that he was, in fact, a classic American hero. From the horseback days of the Old West through the gangster days of the 1930s, Hamer stood on the front lines of some of the most important and exciting periods in American history. He participated in the Bandit War of 1915, survived the climactic gunfight in the last blood feud of the Old West, battled the Mexican Revolution’s spillover across the border, protected African Americans from lynch mobs and the Ku Klux Klan, and ran down gangsters, bootleggers, and Communists. When at last his career came to an end, it was only when he ran up against another legendary Texan: Lyndon B. Johnson. Written by one of the most acclaimed historians of the Old West, *Texas Ranger* is the first biography to tell the full story of this near-mythic lawman.

Observations on the Pell Proceedings Frank Brennan 2021-04-08 Cardinal George Pell pleaded not guilty before a jury to child sexual assault charges in 2018. The public knew little of the proceedings because the trial judge had imposed a suppression order, prohibiting the media from publicising the evidence and court proceedings. Fr Frank Brennan SJ was asked by the Australian Catholic bishops to follow the proceedings and to offer commentary on the conduct of the proceedings once the suppression orders were lifted. The bishops asked that the commentary be seen, as far as possible, to be clear, objective and impartial. Cardinal Pell granted Brennan access to the published transcript of the proceedings. At the first trial, the jury could not reach agreement. So Pell was tried again when the jury convicted him of all five charges. Brennan attended critical parts of both trials, as well as the unsuccessful appeal before Victorian Supreme Court and the successful appeal in the High Court of Australia with all seven members of the nation's highest court acquitting Pell of all charges on 7 April 2020. After the initial conviction and after the ultimate acquittal, Brennan wrote a series of articles and was interviewed in the media. This book provides a chronology of his reportage, including an assessment of the flawed adverse findings made against Pell by the Royal Commission into Institutional Responses to Child Sexual Abuse. Brennan identifies the failures of the Victoria police, prosecution authorities, and Victoria's two most senior judges. Brennan concludes that these failures 'did nothing to help the efforts being made to address the trauma of institutional child sexual abuse. As a society we need to do better, and the legal system needs to play its part.'
