**The Dalai Lama and the Nechung Oracle** Associate Professor of Religious Studies Christopher Bell 2021-04

"This book is about two immortals whose friendship has spanned nearly five hundred years across the Tibetan plateau and beyond. The first immortal is the Dalai Lama, the emanation of a bodhisattva, an enlightened being who voluntarily takes rebirth in the world to benefit sentient beings. The second immortal is a wrathful god named Pehar, who has possessed the Nechung Oracle since the sixteenth century. This book is the first to examine the relationship between these two monolithic figures that began in the seventeenth century during the reign of the Fifth Dalai Lama (1617-1682). This study is also the first extensive examination of the famed Nechung Oracle and his institution. In the seventeenth century, the protector deity Pehar and his oracle at Nechung Monastery were state-sanctioned by the nascent Tibetan government, becoming the head of an expansive pantheon of worldly deities assigned to protect the newly unified country. While the Fifth Dalai Lama and his government endorsed Pehar as part of his larger unification project, the governments of later Dalai Lamas continued to expand the deity's influence, and by extension their own, by ritually establishing Pehar at monasteries and temples around Lhasa and across Tibet. Pehar's cult at Nechung Monastery came to embody the Dalai Lama's administrative control in a mutually beneficial relationship of protection and prestige, the effects of which continue to reverberate within Tibet and among the Tibetan exile community today"--

This intellectual transformation is sometimes called the beginning of philosophy. And it occurred - independently it seems - in both India and Greece, but not in the vast Persian Empire that divided them. How was this possible? This is a puzzle that has never been solved. This volume brings together Hellenists and Indologists representing a variety of perspectives on the similarities and differences between the two cultures, and on how to explain them. It offers a collaborative contribution to the burgeoning interest in the Axial Age and will be of interest to anyone intrigued by the big questions inspired by the ancient world.

*Death Rituals and Politics in Northern Song China* Mihwa Choi 2017 This study examines how political and legal disputes regarding the performance of death rituals contributed to an 11th-century revival of Confucianism in Northern Song China. Under Emperor Renzong (r. 1022-1063), court officials came to a consensus that the Confucian tradition was the sole legitimate source for imperial rituals, and thus put an end to the controversial civil program of honoring the royal ancestors with the Daoist liturgy. New legislation on the legal obligation of civil officers to observe the three-year period of mourning gave rise to frequent allegations of ritual violation, which in turn necessitated further studies of the classical ritual texts, the passing of additional laws, and the writing of new ritual manuals. Amid fierce factional divisions, a group of scholar-officials led by Sima Guang envisioned a statecraft that would lend more power to the bureaucracy, and provoked a series of political disputes with their criticism of the emperor's ritual violations. This group advocated the moral reformation of society. They believed in the canonical rituals' capacity to bring hierarchical social order, and waged campaigns against Buddhist and Daoist rituals, challenging their alleged capacity to ensure the well-being of the deceased in the world -beyond. Despite their efforts, funerary and burial practices would continue to be sites of contestation between ritual agents and their differing notions about life after death as well as for ritual preferences linked to their social status, political visions, and religious belief.

Religion, Ritual and Ritualistic Objects Albertina (Tineke) Nugteren 2019-04-23 This is a volume about the life and power of ritual objects in their religious ritual settings. In this Special Issue, we see a wide range of contributions on material culture and ritual practices across religions. By focusing on the dynamic interrelations between objects, ritual, and belief, it explores how religion happens through symbolic materiality. The ritual objects presented in this volume include: masks worn in the Dogon dance; antique ecclesiastical silver objects carried around in festive processions and shown in shrines in the southern Andes; funerary photographs and films functioning as mnemonic objects for grieving children; a dented rock surface perceived to be the god's footprint in the archaic place of pilgrimage, Gaya (India); a recovered manual of rituals (from Xiapu county) for Mani, the founder of Manichaeism, juxtaposed to a Manichaean painting from southern China; sacred stories and related sacred stones in the Alor–Pantar archipelago, Indonesia; lotus symbolism, indicating immortalizing plants in the mythic traditions of Egypt, the Levant, and Mesopotamia; lavishly illustrated variations of portrayals of Ravana, a Sinhalese god-king-demon; figurines made of cow dung sculptured by rural women in Rajasthan (India); and mythical artifacts called 'Apples of Eden' in a well-known interactive game series.

The Sinister Way Richard von Glahn 2004-04-20 The most striking feature of Wutong, the preeminent God of Wealth in late imperial China, was the deity's diabolical character. Wutong was perceived not as a heroic figure or paragon of noble qualities but rather as an embodiment of humanity's basest vices, greed and lust, a maleficent demon who preyed on the weak and vulnerable. In *The Sinister Way*, Richard von Glahn

examines the emergence and evolution of the Wutong cult within the larger framework of the historical development of Chinese popular or vernacular religion—as opposed to institutional religions such as Buddhism or Daoism. Von Glahn's study, spanning three millennia, gives due recognition to the morally ambivalent and demonic aspects of divine power within the common Chinese religious culture.

**Vishnu Sahasranama** V. Ravi Vishnu means all pervading. Vishnu is the administrator of the universe. He puts in place, the laws of the universe and administers the universe strictly according to the law. He is a strict disciplinarian, yet highly compassionate in nature. He presides over all the seven planes of the universe. The abode of Vishnu is supposed to be the Supreme one. He has prescribed various paths through which one has to travel to reach His abode, the point of no return for a soul, known as liberation. He has been referred to in Vedas. Without Vishnu, no fire ritual is complete. He is quite often referred to as Purusha, the Supreme Soul. His famous sleeping posture on Ananta, the snake, who floats on the ocean of milk, is very well known. This posture is not merely a gross description, but has got subtle meaning. Ananta means infinite and the milk of ocean refers to the eternal bliss. He lies in the ocean of eternal bliss. Those who seek Him also enter the state of bliss at some point of time. He incarnates in different forms to destroy evil doers. His avatars occur whenever there is imbalance between morality and immorality. When immorality begins to dominate over morality He incarnates. His notable incarnations are Lord Rama and Lord Krishna. The scene of unfolding this great Sahasranama happened in the great epic Mahabharata authored by sage, Veda Vyasa. Bhishma was lying on a bed made of arrows awaiting his death. At that time, he was meditating on Krishna. Knowing this, Krishna asked Yudhishtira (eldest among Pandava brothers and known for his righteousness) to seek spiritual initiation from Bhishma and also told Bhishma to initiate Yudhishtira. Yudhishtira asks Bhishma kimekam daivatam loke meaning who is the Supreme Lord of the world. Bhishma replies by saying, that the purest, the most auspicious, the chief among the gods and the father of all the beings is the One who is Supreme, referring to Lord Vishnu. This conversation appears in the prrvabag of this Sahasranama. The spiritual initiation of Yudhishtira by Bhishma is Vishnu Sahasranama. Krishna was also present when this happened and this Sahasranama was blessed by the Lord Himself. Vishnu is also known as Narayana. Garuda Purana (III.24.54, 55)

explains the etymological meaning of Narayana. "As He is the resort of merits and demerits and as He abides in the waters of ocean, He is called Narayana. Water is also called nara (probably meaning cosmic water); as His Abode is water, He is called Narayana." Vishnu is the most auspicious form of the Brahman. He is not only invoked during auspicious occasions, but also while performing funeral rites. At the time of conclusion of all rituals, the effect of the rituals are surrendered to Vishnu. Vishnu Sahasranama consists of three parts – purvabhag or the first part; stotrabhag or the main part from which one thousand names or nama-s are composed; and uttarabhag or the concluding part. The main part consists of 108 couplets from which all the 1000 nama-s are derived. Apart from these three parts, this Sahasranama has seven dhyana verses by which one can meditate upon His auspicious form. All the one thousand nama-s have been interpreted based on ancient Scriptures like Upanishad-s. Wherever possible, quantitation from Upanishad-s and other Scriptures have been used. Many of the nama-s are interpreted from the point of view of attaining Him to get liberation. Wherever needed, Sanskrit verses have been used along with IAST, for the sake of proper pronunciation.

**The Wild Edge of Sorrow** Francis Weller 2015-09-15 The work of the mature person is to carry grief in one hand and gratitude in the other and be stretched large by them. Noted psychotherapist Francis Weller

provides an essential guide for navigating the deep waters of sorrow and loss in this lyrical yet practical handbook for mastering the art of grieving. Describing how Western patterns of amnesia and anesthesia affect our capacity to cope with personal and collective sorrows, Weller reveals the new vitality we may encounter when we welcome, rather than fear, the pain of loss. Through moving personal stories, poetry, and insightful reflections he leads us into the central energy of sorrow, and to the profound healing and heightened communion with each other and our planet that reside alongside it. The Wild Edge of Sorrow explains that grief has always been communal and illustrates how we need the healing touch of others, an atmosphere of compassion, and the comfort of ritual in order to fully metabolize our grief. Weller describes how we often hide our pain from the world, wrapping it in a secret mantle of shame. This causes sorrow to linger unexpressed in our bodies, weighing us down and pulling us into the territory of depression and death. We have come to fear grief and feel too alone to face an encounter with the powerful energies of sorrow. Those who work with people in grief, who have experienced the loss of a loved one, who mourn the ongoing destruction of our planet, or who suffer the accumulated traumas of a lifetime will appreciate the discussion of obstacles to successful grief work such as privatized pain, lack of communal rituals, a pervasive feeling of fear, and a culturally restrictive range of emotion. Weller highlights the intimate bond between grief and gratitude, sorrow and intimacy. In addition to showing us that the greatest gifts are often hidden in the things we avoid, he offers powerful tools and rituals and a list of resources to help us transform grief into a force that allows us to live and love more fully.

**Confucianism and Family Rituals in Imperial China** Patricia Buckley Ebrey 2014-07-14 To explore the historical connections between Confucianism and Chinese society, this book examines the social and cultural processes through which Confucian texts on family rituals were written, circulated, interpreted, and used as guides to action. Weddings, funerals, and ancestral rites were central features of Chinese culture; they gave drama to transitions in people's lives and conveyed conceptions of the hierarchy of society and the interdependency of the living and the dead. Patricia Ebrey's social history of Confucian texts shows much about how Chinese culture was created in a social setting, through the participation of people at all social levels. Books, like Chu Hsi's Family Rituals and its dozens of revisions, were important in forming ritual behavior in China because of the general respect for literature, the early spread of printing, and the absence of an ecclesiastic establishment authorized to rule on the acceptability of variations in ritual behavior. Ebrey shows how more and more of what people commonly did was approved in the liturgies and thus brought into the realm labeled Confucian. Originally published in 1991.
