**U.S. Marines In Vietnam: The Landing And The Buildup, 1965** Dr. Jack Shulimson 2016-08-09 This is the second volume in a series of chronological histories prepared by the Marine Corps History and Museums Division to cover the entire span of Marine Corps involvement in the Vietnam War. This volume details the Marine activities during 1965, the year the war escalated and major American combat units were committed to the conflict. The narrative traces the landing of the nearly 5,000-man 9th Marine Expeditionary Brigade and its transformation into the III Marine Amphibious Force, which by the end of the year contained over 38,000 Marines. During this period, the Marines established three enclaves in South Vietnam's northernmost corps area, I Corps, and their mission expanded from defense of the Da Nang Airbase to a balanced strategy involving base defense, offensive operations, and pacification. This volume continues to treat the activities of Marine advisors to the South Vietnamese armed forces but in less detail than its predecessor volume, U.S. Marines in Vietnam, 1954-1964; The Advisory and Combat Assistance Era.

**Planning the Impossible** Eirini Kasioumi 2021-07-05 International airports have become an inherent part of many urban regions and key transport infrastructures for metropolitan economies. Yet they are also a source of tensions, often associated with the contrasting impacts of their operation. Taking the example of Charles de Gaulle airport (CDG) in Paris, the author analyzes the factors influencing urban development and the related spatial strategies. Step by step, she traces the history of the airport, examines prominent conflicts and their management by planners, and derives broader lessons. Intended for town planners, policy makers, and urban designers, the book makes an important contribution to understanding the challenges and assessing the effectiveness of planning approaches for airport regions.

**Lord of the Flies** William Golding 2003-12-16 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.
