

Flying Saucers A Modern Myth Of Things Seen In The

When people should go to the book stores, search introduction by shop, shelf by shelf, it is essentially problematic. This is why we allow the book compilations in this website. It will unquestionably ease you to look guide **flying saucers a modern myth of things seen in the** as you such as.

By searching the title, publisher, or authors of guide you really want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you aspire to download and install the flying saucers a modern myth of things seen in the, it is unquestionably easy then, since currently we extend the partner to buy and make bargains to download and install flying saucers a modern myth of things seen in the appropriately simple!

Civilization in Transition Carl Gustav Jung 1970 For this second edition of Civilization in Transition, essential corrections have been made in the text, and the bibliographical references have been brought up to date. This volume contains essays bearing on the contemporary scene and, in particular, on the relation of the individual to society. In the earliest one (1918), Jung advanced the theory that the European conflict was basically a psychological crisis originating in the collective unconscious of individuals. He pursued this theory in papers written during the '20s and '30s, focusing on the upheaval in Germany, and he gave it a much wider application in two major works of his last years ^DDL The Undiscovered Self, concerned with the relation between the individual and a mass society, and Flying Saucers, on the birth of a myth which Jung regarded as compensating the scientific trends of our technological era. An appendix contains documents relating to Jung's association with the International General Medical Society for Psychotherapy.

The Secret of the Saucers Orfeo M. Angelucci 1955

Watch the Skies! Curtis Peebles 1995 An unbiased history of the UFO phenomenon profiles every major UFO case since 1947 and provides investigation results and probable explanations as obtained by classified documents. Reprint.

Wonders in the Sky Jacques Vallee 2010-10-28 One of the most ambitious works of paranormal investigation of our time, here is an unprecedented compendium of pre-twentieth-century UFO accounts, written with rigor and color by two of today's leading investigators of unexplained phenomena. In the past century, individuals, newspapers, and military agencies have recorded thousands of UFO incidents, giving rise to much speculation about flying saucers, visitors from other planets, and alien abductions. Yet the extraterrestrial phenomenon did not begin in the present era. Far from it. The authors of *Wonders in the Sky* reveal a thread of vividly rendered-and sometimes strikingly similar- reports of mysterious aerial phenomena from antiquity through the modern age. These accounts often share definite physical features- such as the heat felt and described by witnesses-that have not changed much over the centuries. Indeed, such similarities between ancient and modern sightings are the rule rather than the exception. In *Wonders in the Sky*, respected researchers Jacques Vallee and Chris Aubeck examine more than 500 selected reports of sightings from biblical-age antiquity through the year 1879-the point at which the Industrial Revolution deeply changed the nature of human society,

and the skies began to open to airplanes, dirigibles, rockets, and other opportunities for misinterpretation represented by military prototypes. Using vivid and engaging case studies, and more than seventy-five illustrations, they reveal that unidentified flying objects have had a major impact not only on popular culture but on our history, on our religion, and on the models of the world humanity has formed from deepest antiquity. Sure to become a classic among UFO enthusiasts and other followers of unexplained phenomena, *Wonders in the Sky* is the most ambitious, broad-reaching, and intelligent analysis ever written on premodern aerial mysteries.

Montauk Stewart Swerdlow 1998-01-01 Relates the author's experience of alien abduction and government manipulation as he discovered his role in a time-travel experiment called the Montauk Project

Project Beta Greg Bishop 2005-02-08 The author of *Wake Up Down There!* describes how New Mexico physicist Paul Bennewitz was targeted by the government as part of a massive scheme of disinformation and covering up the real truth about UFOs. Original. 12,500 first printing.

The Meaning of Masonry Walter Leslie Wilmshurst 1922 The five essays contained in this book are offered in the best spirit of fraternity and goodwill and with the wish to render to the Order some small return for the profit the author has received from his association with it extending over thirty-two years. They have been written with a view to promoting the deeper understanding of the meaning of Masonry; to providing the explanation of it that one constantly hears called for and that becomes all the more necessary in view of the unprecedented increase of interest in, and membership of, the Order at the present day.

Current Industrial Reports 1974

The Theory of Psychoanalysis Carl Gustav Jung 1915

Collected Works of C.G. Jung, Volume 10 C. G. Jung 2014-03-01 Essays bearing on the contemporary scene and on the relation of the individual to society, including papers written during the 1920s and 1930s focusing on the upheaval in Germany, and two major works of Jung's last years, *The Undiscovered Self* and *Flying Saucers*. ?

Project Blue Book Brad Steiger 2019-01-03 A new edition of the blockbuster book that revealed the top-secret findings of the US government about UFOs. Throughout the 1950s and 1960s, while publicly dismissing the existence of UFOs, the United States Air Force was engaged in a secret program for evaluating every report of unidentified flying objects. Under the code name, Project Blue Book, the Air Force analyzed over 13,000 incidents. The goal of this enterprise was threefold: To determine the cause for each UFO sighting, to assess the security threat for each incident, and to determine how the United States could obtain or create the technology used by UFOs. This book, based on secret files obtained through the Freedom of Information Act, includes accounts of seven of the most important USAF enquiries-- among them the story of the nights the White House was buzzed by UFOs, the mystery of the Lubbock Lights, the full story of Captain Mantell--Ufology's first martyr, and the startling conversion of the prominent astronomer, J. Alan Hynek from UFO skeptic to believer. This is startling and fascinating book that uncovers not only the anatomy of a government cover-up, but also provides stark and chilling evidence that we are not alone. It is all here, government documents, the testimony of scientists, the military, pilots and citizens all over the country who have witnessed UFOS.

The Cosmic Question John A. Keel 1976

Teaching Jung Kelly Bulkeley 2011-09-15 This book offers a collection of original articles presenting several different approaches to Jung's psychology in relation to religion, theology, and contemporary culture. The contributors describe their teaching of Jung in different academic contexts, with special attention to the pedagogical and theoretical challenges that arise in the classroom.

A Grave Deception Jennifer Reynolds 2006-01-01 A true story about a woman who recalls 10 past lives. She also experiences alien abductions, including the mass abduction of her abductee support group in 1992. After witnessing the aliens take her deceased brother's soul in 1976, she is led to believe that somehow the aliens are involved in our reincarnation by reprocessing human souls.

Flying Saucers Over the White House Colin Bennett 2010-01-01 *Flying Saucers Over the White House* is the story of Captain Edward J. Ruppelt, a US Air Force officer who researched UFO sightings in the 1950s and made a concentrated effort to convince the United States Air Force that UFOs exist. Ruppelt, who coined the term 'UFO', headed "Project Blue Book," an assignment designed by the United States government to investigate and report on the existence of unidentified flying objects and their link to extraterrestrial beings. Ruppelt dissected the evidence, separating chance sightings of ordinary objects from true UFO sightings. He eventually wrote *The Report on Unidentified Flying Objects*, summarizing his findings. In *Flying Saucers Over the White House*, Bennett examines the life of this "founding father" of ufology, analyzing the evidence and the U.S. government's reporting of this phenomenon for a new generation of readers. COLIN BENNETT has written several books, including *The Entertainment Bomb*, **Looking for Orthon**, and *Politics of the Imagination*, which won the Anomalist Award for Best Biography in 2002. After leaving school to become a professional musician, Bennett returned to college to study English at Balliol College at the University of Oxford. He wrote several plays that were performed in London before reinventing himself as an electronics engineer and founding a consulting agency. Bennett currently resides in London where he continues to write and discover new interests.

Flying Saucers Carl G. Jung 1959

UFOs and the Nation of Islam Ilia Rashad Muhammad 2013-09-17 UFOs were identified and answered before the public had any concerns or questions about them! This research puts forth challenging arguments that offer substantial proof and documented evidence regarding the Nation of Islam's (NOI) inherent relationship to the modern UFO phenomena. This compendium of data answers what academics, researchers, and even UFOlogists have deliberately avoided. How did the Honorable Elijah Muhammad know so much about UFOs before there were any public concerns or investigations? Why did the U.S. Government arrest him after they encountered a huge circular UFO in 1942? How is it that Elijah Muhammad and Minister Louis Farrakhan have boldly challenged the world to disprove their connection to these wheel-like crafts and no one has challenged them? "UFOS AND THE NATION OF ISLAM" addresses these and several more questions about the UFO Phenomenon that other researchers cannot answer with verity. Unlike other researchers, theorists, pundits, and skeptics, this book uses the most reliable primary sources regarding this topic-sources that others have deliberately omitted. With over 450 footnotes for ease of verification, this book challenges and debunks common misperceptions about UFOs, leaving no room for even the staunchest critics to doubt. While scientific, religious, and educational schools of thought are afraid to publicly address the UFO phenomenon at its core, this research demystifies and exposes the propaganda, the pundits, and virtually all major UFO related publications that disregard the most reliable and authoritative source on this topic-the Nation of Islam. The UFO cover-up is not simply to hide the fact that such objects exist; instead, the cover-up is to

prevent the public from knowing the source of power behind these crafts.

The Pioneers of Space George Adamski 2017-11-05 George Adamski's Lost Book! For years rumors spread across the Internet about a lost book written by George Adamski, a book which outlined his initial contacts and philosophies of the various aliens he met. Recently copies started to appear around the Internet and this is your chance to own your own copy. Were Adamski's claims fact or fiction? Did Adamski really ride a UFO to the moon, mars and venus? Adamski claims, he said, were based upon a firsthand encounter with an extraterrestrial in the California desert circa 1953 which he described in *The Flying Saucers Have Landed* and it became an international bestseller. Over the years, Adamski claims to have held meetings with notables such as the Pope and the Queen of the Netherlands, discussing with them his supposed flights into space long before the first Russian cosmonaut. He also provided a set of flying saucer photos taken at his home only a few scant miles away from the base of the world famous Mount Palomar Observatory.

HAUNEBU: THE SECRET FILES David Childress 2020-01-01 David Childress, popular author and star of the History Channel show *Ancient Aliens*, brings us the incredible tale of the German flying disk known as the Haunebu. Although rumors of German flying disks have been around since the late years of WWII it was not until 1989 when a German researcher named Ralf Ettl living in London received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft—craft which we would classify today as UFOs or flying saucers. Ettl went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe. What the Ralf Ettl document dump shows us is what many have suspected for a long time: that WWII did not end in the manner in which we have been told, and a remnant of the Nazi military—particularly the SS—continued to operate flying saucers and submarines around the world in the decades after the end of the war. This activity—involving a flying saucer known as the Haunebu—was particularly notable in South America, but it ultimately involved all the continents of the world including Antarctica. Join Childress as he shows us the secret files involving the Haunebu, the Vrill craft, the Andromeda craft, and others. Includes a 16-page color section. Over 120 photographs and diagrams.

Flying Saucers C. G. Jung 1978 "In the threatening situation of the world today, when people are beginning to see that everything is at stake, the projection-creating fantasy soars beyond the realm of earthly organizations and powers into the heavens, into interstellar space, where the rulers of human fate, the gods, once had their abode in the planets.... Even people who would never have thought that a religious problem could be a serious matter that concerned them personally are beginning to ask themselves fundamental questions. Under these circumstances it would not be at all surprising if those sections of the community who ask themselves nothing were visited by 'visions,' by a widespread myth seriously believed in by some and rejected as absurd by others."--C. G. Jung, in *Flying Saucers ?* Jung's primary concern in *Flying Saucers* is not with the reality or unreality of UFOs but with their psychic aspect. Rather than speculate about their possible nature and extraterrestrial origin as alleged spacecraft, he asks what it may signify that these phenomena, whether real or imagined, are seen in such numbers just at a time when humankind is menaced as never before in history. The UFOs represent, in Jung's phrase, "a modern myth."

Alien Interview - Readers Edition Lawrence R. Spencer 2010-04-07 The "Readers Edition" is a simplified version of the book, *ALIEN INTERVIEW*. It does NOT include FOOTNOTES, INDEX or TABLE OF CONTENTS. Only the letters, personal notes and copies of top secret government interview transcripts from Roswell, N.M.. The interviews were conducted with the pilot of a crashed UFO at the US Army Air

Force Base in July and August of 1947 under government direction by Flight Nurse Matilda O'Donnell MacElroy. (deceased)

Annunaki Terrell Frazier 2018-03-04 The Annunaki are said to be the ancient Sumerian and Mesopotamian Gods. Their name means, "They that Came from the Heavens." but what if I told you that these so-called Gods actually did come from the Stars, from OuterSpace? The Author claims that his knowledge of the Annunaki was knowledge given to him at birth. He believes that the mysterious Annunaki are well rooted in Mankind's Past, Present, and even our Future.

UFO Crash at Roswell Benson Saler 1997

Secrets of the UFO Don Elkins 1977 A summary of the twenty five years of philosophical study that preceded the Ra contact. This study began with investigation into the metaphysical aspects of the UFO phenomenon. The progression from physical sightings to metaphysical implications is carefully traced in SECRETS OF THE UFO and serves as an introduction to the LAW OF ONE series. From the book: "The information in this book is either nonsense or it is the most centrally important thing that you could possibly learn. It is allegedly the answer to the strange riddle of the UFO's. The information contained herein is not speculation or theory, but a condensation and edited arrangement of received communications from the UFOs. The obvious weakness of this contactee information is that evidential proof of its validity is not obtainable. Its strength lies in its sheer bulk and in the similarity of messages produced by sources widely scattered around the world. The last 25 years have produced millions of words of these communications allegedly originating within the UFOs. "Approximately 15 million people in the U.S. have reported seeing UFOs, more than 2000 contact cases have been reported, and about 700 landings have left trace evidence. There is no longer any real doubt that UFOs exist. The question is: Who are they? And why are they here? It is quite possible that understanding them is the most important endeavor which we can undertake. "A ufologist is a detective who is exploring the single largest mystery of our time. As he wends his way through the elaborate maze of red herrings, misinformation, cover-ups, fanatics, skeptics, true believers and nonbelievers, he may well find that his most valuable ally in his search is a good sense of humor. "Or, as Groucho Marx said, 'Either he's dead or my watch has stopped '" -- Don Elkins and Carla L. Rueckert, 1976

When Prophecy Never Fails Diana G. Tumminia 2005-08-11 Of the approximately fifty percent of Americans who believe in UFOs, a fraction are devotees of one of the numerous UFO-based new religious movements. The Unarius Academy of Science is one of the oldest of these groups. Founded in 1954 by "Cosmic Visionaries" Ruth and Ernest Norman (also known, respectively, as Archangels Uriel and Raphael), Unarius is devoted to teaching the all-encompassing Uranian Science. Combining elements of pop psychology, new age thought, and science fiction, the Science asks its students to channel messages from the infinitely intelligent Space Brothers and to heal themselves through the practice of past-life therapy. Unarians await the arrival of spaceships, manned by the Space Brothers, that will bring to earth advanced intergalactic technology that will benefit all humankind. Tumminia has been conducting research on Unarius for over a decade - attending meetings, interviewing members, and studying official Unarian literature and videos. Here she offers an inside look at this fascinating movement. She pays particular attention to the ways Unarians adapt when their prophecies - and particularly their prediction that the Space Brothers would land in 2001 - don't materialize. This is the first in-depth study of any UFO religion.

Inside the Space Ships George Adamski 2018-03-12 What has happened to George Adamski since he wrote the famous incidents in *Flying Saucers Have Landed?* Since the memorable November 20, 1952,

when he first made personal contact with a man from another world? Since December 13, 1952 when he was able to make photographs within 100 feet of the same saucer that had brought his original visitor? Inside *The Space Ships* is Adamski's own story of what has happened to him since then. It begins with his first meeting, a few months later, with a second man from another world—his first meeting with one who speaks to him. This second visitor brings him to a Venusian Scout (flying saucer) and this, in turn, brings him to a mother ship. Later he is conveyed in both a Saturnian Scout and a Saturnian mother ship. Adamski tells us what transpires in these space craft and what the men and women from other worlds have told him. Adamski's photographs of flying saucers, originally published in *Flying Saucers Have Landed*, have since become world-famous as other witnesses in other parts of the world have succeeded in taking photographs identical with his. Now, however, in *Inside The Space Ships*, Adamski gives us 16 photographs and illustrations, no longer of Scouts (flying saucers) mostly, but of the great space ships from which they are launched. The main group of these photographs was taken in April, 1955, and neither the photographs nor a description of them has ever been published before.

Dreamland Phil Patton 2012-10-31 There is a place in the Nevada desert the size of Belgium that doesn't officially exist. It is the airbase where test flights of our top-secret experimental military aircraft are conducted and --not coincidentally--where the conspiracy theorists insist the Pentagon is hiding UFOs and aliens. This is Dreamland--or Area 51. For Phil Patton, the idea of writing a travel account of a place he couldn't actually visit was irresistible. What he found was a world where Chick Yeager and the secret planes of the Cold War converged with the Nevada Test Site and alien landings at Roswell. A think tank for aviation engineering, Dreamland can be seen from a summit outside the base's perimeter, a hundred miles north of Las Vegas. On Freedom Ridge, groups of airplane buffs gather with their camouflage outfits and binoculars. These are the Stealth chasers, the Skunkers, guys with code names like Agent X and Zero, hoping for a glimpse of the rumored raylike shapes of planes like Black Manta and "the mother ship." The most mysterious craft is Aurora, the successor to the legendary U-2, said to run on methane and fly as fast as Mach 6. Scanning the same horizon, the UFO buffs are looking for the hovering lights and doughnut-shaped contrails of alien aircraft. Are they looking at something sinister and mysterious? Imagined? Or more terrestrial than they think? Dreamland shows how much we need mystery in the information age, and how the cultures of nuclear power and airpower merge with the folklores of extraterrestrials and earthly conspiracies. Patton found people who found themselves in the mysteries of the place. John Lear, the son of aviation pioneer Bill Lear--who gave his name to the jet--served as a pilot for the CIA's Air America, but back home, he became fascinated by UFOs and eventually believed in it all: the underground bases, the alien-human hybrids, the secret treaties. But was he a true believer, or part of a disinformation campaign? Bob Lazar seems to know when the saucers will come, and has made three clear sightings at night along Dreamland's perimeter, but is his story real, or a vision of what's possible? Dreamland is an exploration of America's most secret place: the base for our experimental airplanes, the fount of UFO rumors, an offshoot of the Nevada Test Site. How this "blackspot" came to exist--its history, its creators, its spies and counterspies--is Phil Patton's tale. He tunnels into the subcultures of the conspiracy buffs, the true believers, and the aeronautic geniuses, creating a novelistic tour de force destined to make us all rethink our convictions about American know-how--and alien inventiveness.

Flying Saucers C. G. Jung 1987 Written in the 1950s at the height of popular fascination with UFOs, this is the great psychologist's brilliantly prescient meditation on the phenomenon that gripped the world.

Hitler's Flying Saucers Henry Stevens 2012-11-29 WWII expert Stevens shows us the incredible and

suppressed technology of the Third Reich and their desire to create highly advanced “wingless” aircraft—yes, flying saucers! Learn why the Schriever-Habermohl project was actually two projects and read the written statement of a German test pilot who actually flew one of these saucers; about the Leduc engine, the key to Dr. Miethes saucer designs; how US government officials kept the truth about foo-fighters hidden for almost sixty years and how they were finally forced to come clean about the German origin of foo fighters. Learn of the Peenemuende saucer project and how it was slated to go atomic. Read the testimony of a German eyewitness who saw magnetic discs. Read the U.S. governments own reports on German field propulsion saucers. Read how the post-war German KM-2 field propulsion rocket worked. Learn details of the work of Karl Schappeller and Viktor Schauberger. Learn how their ideas figure in the quest to build field propulsion flying discs. Find out what happened to this technology after the war. Find out how the Canadians got saucer technology directly from the SS. Find out about the surviving Third Power of former Nazis. Learn of the US government’s methods of UFO deception and how they used the German Sonderbueroll as the model for Project Blue Book.

Walking Among Us David M. Jacobs, PhD 2015-09-01 In his 1998 book, *The Threat*, Jacobs uncovered disconcerting reports about aliens’ plans for the future of Earth. He reported that a “change” is coming; a future when very human-like hybrids would intermingle with humans in everyday life. “Soon we will all be together,” the aliens said. “Soon everyone will be happy and everyone will know his place.” This book examines a chilling phenomenon that Jacobs began noticing in 2003. The alien integration action plan has kicked into high gear. The incidents of alien abductions have declined as occurrences of alien involvement in everyday life have accelerated. A silent and insidious invasion has begun. Alien hybrids have moved into your neighborhood and into your workplace. They have been trained by human abductees to “pass,” to blend in to society, to appear as normal as your next door neighbor. This book illustrates in detail the process of alien integration into society and the strategy and support structure that has been developed to make this happen seamlessly. While he is not certain why they are doing it, the final chapter of the book will provide some chilling possible answers as to why they are here and what they want to accomplish. Jacobs is a careful researcher who has investigated more than 1150 abduction events experienced by more than 150 abductees. This book focuses on the experiences of thirteen abductees.

Intimate Alien David J. Halperin 2020-03-24 A voyage of exploration to the outer reaches of our inner lives. UFOs are a myth, says David J. Halperin—but myths are real. The power and fascination of the UFO has nothing to do with space travel or life on other planets. It's about us, our longings and terrors, and especially the greatest terror of all: the end of our existence. This is a book about UFOs that goes beyond believing in them or debunking them and to a fresh understanding of what they tell us about ourselves as individuals, as a culture, and as a species. In the 1960s, Halperin was a teenage UFOlogist, convinced that flying saucers were real and that it was his life's mission to solve their mystery. He would become a professor of religious studies, with traditions of heavenly journeys his specialty. With *Intimate Alien*, he looks back to explore what UFOs once meant to him as a boy growing up in a home haunted by death and what they still mean for millions, believers and deniers alike. From the prehistoric Balkans to the deserts of New Mexico, from the biblical visions of Ezekiel to modern abduction encounters, *Intimate Alien* traces the hidden story of the UFO. It's a human story from beginning to end, no less mysterious and fantastic for its earthliness. A collective cultural dream, UFOs transport us to the outer limits of that most alien yet intimate frontier, our own inner space.

They Are Already Here Sarah Scoles 2021-06-08 An anthropological look at the UFO community, told through first-person experiences with researchers in their element as they pursue what they see as a solvable mystery—both terrestrial and cosmic. More than half a century since Roswell, UFOs have been

making headlines once again. On December 17, 2017, the New York Times ran a front-page story about an approximately five-year Pentagon program called the Advanced Aerospace Threat Identification Program. The article hinted, and its sources clearly said in subsequent television interviews, that some of the ships in question couldn't be linked to any country. The implication, of course, was that they might be linked to other solar systems. The UFO community—those who had been thinking about, seeing, and analyzing supposed flying saucers (or triangles or chevrons) for years—was surprisingly skeptical of the revelation. Their incredulity and doubt rippled across the internet. Many of the people most invested in UFO reality weren't really buying it. And as Scoles did her own digging, she ventured to dark, conspiracy-filled corners of the internet, to a former paranormal research center in Utah, and to the hallways of the Pentagon. In *They Are Already Here* we meet the bigwigs, the scrappy upstarts, the field investigators, the rational people, and the unhinged kooks of this sprawling community. How do they interact with each other? How do they interact with "anomalous phenomena"? And how do they (as any group must) reflect the politics and culture of the larger world around them? We will travel along the Extraterrestrial Highway (next to Area 51) and visit the UFO Watchtower, where seeking lights in the sky is more of a spiritual quest than a "gotcha" one. We meet someone who, for a while, believes they may have communicated with aliens. Where do these alleged encounters stem from? What are the emotional effects on the experiencers?

The Hynek UFO Report Joel Hynek 2020-01-13 The ultimate guide to Project Blue Book by one of the lead astronomers for the US Air Force program to investigate UFO sightings. Originally released in 1977, this new edition by the world's foremost authority on UFOs distills 12,000 sightings and 140,000 pages of Project Blue Book evidence into a coherent explanation. A US Air Force - sponsored UFO-basher for years, Hynek had completely changed his tune by the late 1960s. Whether you believe in little green men or an official government cover-up policy, The Hynek UFO Report is required reading. Have UFOs really been reported by every nation across the globe? Can all the eyewitness reports simply be fantasy? Are we victims of mass hallucination or just plain lies? Have close encounters actually occurred? Is the government concealing deep secrets at a hidden location? The Hynek UFO Report is rational, logical, and realistic. It is for anyone interested in UFOs, the possibility of extraterrestrial life, and the role of the US government in hiding the truth from the public.

Flying Saucers Carl Gustav Jung 1996 In the threatening situation of the world today, when people are beginning to see that everything is at stake, the projection-creating fantasy soars beyond the realm of earthly organizations and powers into the heavens, into interstellar space, where the rulers of human fate, the gods, once had their abode in the planets.... Even people who would never have thought that a religious problem could be a serious matter that concerned them personally are beginning to ask themselves fundamental questions. Under these circumstances it would not be at all surprising if those sections of the community who ask themselves nothing were visited by 'visions,' by a widespread myth seriously believed in by some and rejected as absurd by others.--C. G. Jung, in *Flying Saucers* Jung's primary concern in *Flying Saucers* is not with the reality or unreality of UFOs but with their psychic aspect. Rather than speculate about their possible nature and extraterrestrial origin as alleged spacecraft, he asks what it may signify that these phenomena, whether real or imagined, are seen in such numbers just at a time when humankind is menaced as never before in history. The UFOs represent, in Jung's phrase, a modern myth.

The Report on Unidentified Flying Objects Edward J. Ruppelt 2020-04-09 The Report on Unidentified Flying Objects is a book by Edward J. Ruppelt which described the study of UFOs by United States Air Force from 1947 to 1955. Ruppelt was a United States Air Force officer best known for his involvement in Project Blue Book, a formal governmental study of unidentified flying objects. He is generally

credited with coining the term "unidentified flying object." Because Ruppelt was the central axis of the government's investigation the book provides a unique insider look at how the government's efforts functioned.

How UFOs Conquered the World David Clarke 2016-04-05 A history of the various manifestations and shifting meaning of the Twentieth Century's single great contribution to mythology: the UFO. Neither a credulous work of conspiracy theory nor a sceptical debunking of belief in 'flying saucers', *How UFOs Changed the World* explores the origins of UFOs in the build-up to the First World War and how reports of them have changed in tandem with world events, science and culture. The book also explores the overlaps between UFO belief and religion and superstition.

UFO's in the Quran Abdul Aziz Khan 2008-12-01 The author examines references to alien visitors and UFOs that are found repeatedly in the Quran and the Hadeeth.

Loch Ness Monster and Other Lake Mysteries Gary Jeffrey 2006-01-15 In graphic novel format, describes the encounters of people with lake monsters, from the Loch Ness monster in Scotland to those in lakes Erie and Champlain in the United States.

The Adventures of Billy Meier Billy Meier 2013-01-23 There are eight episodes in all, in this inaugural publication, illustrating the contacts that pertain to the Red Meteor (Aphophis asteroid); and the true, romantic and mystical story of Merlin, King Arthur, the extraterrestrial origins of the sword that's come to be known as Excalibur...and much, much more. The comics contain the verbatim transcripts from Meier's discussions with the extraterrestrials.

The World of Flying Saucers Donald Howard Menzel 1963
