Rift Zone Tess Taylor 2020-04-07 a complicated love note to California an evocative excavation of a deeply fractured landscape, at once vast and granular startlingly observant, relentlessly curious a fearsome tremor of a book

The Forage House Tess Taylor 2013 Tess Taylor's much-anticipated lyric debut is at once a sensuous reckoning with an ambiguous family history and a haunting meditation on national legacy. The Forage House explores how we make stories, and how stories—even painful ones—make us.

Forage Rose McLarney 2019-09-03 Winner of Weatherford Award for Best Poetry Book about Appalachia A poet acclaimed for "uncompromising, honest poems that sound like no one else" (The Rumpus) now offers considerations of the natural world and humans' place within it in ecopoetry of both ambitious reach and elegant refinement Rose McLarney has won attention as a poet of impressive insight, craft, and a "constantly questioning and enlarging vision" (Andrew Hudgins). In her third collection, Forage, she continues to weave together themes she loves: home, heritage, the South, animals, water, the environment. These intricately sequenced poems take up everything from animals' symbolic roles in art

and as indicators of ecological change to how water can represent a large, troubled system or the exceptions of smaller, purer tributaries. At the confluence of these poems is a social commentary that goes beyond lamenting environmental degradation and disaster to record--and augment--the beauty of the world in which we live.

Selected Poems 1965-1990 Marilyn Hacker 1996-01-17 Here is a rich collection of work from five books by one of America's most controversial poets. Marilyn Hacker's poems have been praised for their technical virtuosity, forthright feminism, political acuity, and unabashed eroticism. Included are selections from Hacker's first book, *Presentation Piece* (1974), the Lamont Poetry Selection of the Academy of American Poets and a National Book Award Winner; *Separations* (1976); *Taking Notice* (1980), which was claimed as an integral part of the burgeoning feminist and lesbian canon; *Assumptions* (1985), which explored the conundrums of gender, race, and identity in contemporary life; and *Going Back to the River*(1990), which received a Lambda Literary Award.

Little Big Bully Heid E. Erdrich 2020-10-06 In a new collection that is "a force of nature" (Amy Gerstler), renowned Native poet Heid E. Erdrich applies her rich inventive voice and fierce wit to the deforming effects of harassment and oppression. *Little Big Bully* begins with a question asked of a collective and troubled we - how did we come to this? In answer, this book offers personal myth, American and Native American contexts, and allegories driven by women's resistance to narcissists, stalkers, and harassers. These poems are immediate, personal, political, cultural, even futuristic object lessons. What is truth now? Who are we now? How do we find answers through the smoke of human destructiveness? The past for Indigenous people, ecosystem collapse from near-extinction of bison, and the present epidemic of missing and murdered Indigenous women underlie these poems. Here, survivors shout back at useless cautionary tales with their own courage and visions of future worlds made well.

The Routledge Companion to Literature and Human Rights Sophia A. McClennen 2018-02-05 The Routledge Companion to Literature and Human Rights provides a comprehensive, transnational, and interdisciplinary map to this emerging field, offering a broad overview of human rights and literature while providing innovative readings on key topics. The first of its kind, this volume covers essential issues and themes, necessarily crossing disciplines between the social sciences and humanities. Sections cover: subjects, with pieces on subjectivity, humanity, identity, gender, universality, the particular, the body forms, visiting the different ways human rights stories are crafted and formed via the literary, the visual, the performative, and the oral contexts, tracing the development of the literature over time and in relation to specific regions and historical events impacts, considering the power and limits of human rights literature, rhetoric, and visual culture Drawn from many different global contexts, the essays offer an ideal introduction for those approaching the study of literature and human rights for the first time, looking for new insights and interdisciplinary perspectives, or interested in new directions for future scholarship. Tertulia Vincent Toro 2020-06-02 A fluid, expansive new collection from a poet whose work "dazzles with [an] energetic exploration of the Puerto Rican experience in the new millennium" (NBC News) Puerto Rican poet Vincent Toro's new collection takes the Latin American idea of an artistic social gathering (the "tertulia") and revises it for the Latinx context in the United States. In verses dense with juxtaposition, the collection examines immigration, economics, colonialism and race via the sublime imagery of music, visual art, and history. Toro draws from his own social justice work in various U.S. cities to create a kaleidoscopic vision of the connections between the personal and the political, the local and the global, in a book that both celebrates and questions the complexities of the human condition.

Aesthetic Animism David Jhave Johnston 2016-06-03 A poetics appropriate to the digital era that connects digital poetry to traditional poetry's concerns with being. This book offers a decoder for some of the new forms of poetry enabled by digital technology. Examining many of the strange technological vectors converging on language, it proposes a poetics appropriate to the digital era while connecting digital poetry to traditional poetry's concerns with being (a.k.a. ontological implications). Digital poetry, in this context, is not simply a descendent of the book. Digital poems are not necessarily "poems" or written by "poets"; they are found in ads, conceptual art, interactive displays, performative projects, games, or apps. Poetic tools include algorithms, browsers, social media, and data. Code blossoms into poetic objects and poetic proto-organisms. Introducing the terms TAVs (Textual-Audio-Visuals) and TAVITS (Textual-Audio-Visual-Interactive), *Aesthetic Animism* theorizes a relation between scientific method and literary analysis; considers the temporal implications of animation software; and links software studies to creative writing. Above all it introduces many examples of digital poetry within a playful yet considered flexible taxonomy. In the future imagined here, digital poets program, sculpt, and nourish immense immersive interfaces of semi-autonomous word ecosystems. Poetry, enhanced by code and animated by sensors, reengages themes active at the origin of poetry: animism, agency, consciousness. Digital poetry will be perceived as living, because it is living.

Forage Kindra Rayne 2020-04-13 After a year of transformation, Kindra is back with another collection of

poetry. After her first book 'Thoughts from Inside the Jungle', written when she was formerly known as Kindra Reiter. Forage was written after Kindra lost her oldest brother to suicide and while she was unexpectedly pregnant with her first child. During a year of intense transformation she wrote poems that came from the deepest parts of her soul, and so Forage came to life.

The Oxford Handbook of Canadian Literature Cynthia Sugars 2015-11-04 The Oxford Handbook of Canadian Literature provides a broad-ranging introduction to some of the key critical fields, genres, and periods in Canadian literary studies. The essays in this volume, written by prominent theorists in the field, reflect the plurality of critical perspectives, regional and historical specializations, and theoretical positions that constitute the field of Canadian literary criticism across a range of genres and historical periods. The volume provides a dynamic introduction to current areas of critical interest, including (1) attention to the links between the literary and the public sphere, encompassing such topics as neoliberalism, trauma and memory, citizenship, material culture, literary prizes, disability studies, literature and history, digital cultures, globalization studies, and environmentalism or ecocriticism; (2) interest in Indigenous literatures and settler-Indigenous relations; (3) attention to multiple diasporic and postcolonial contexts within Canada; (4) interest in the institutionalization of Canadian literature as a discipline; (5) a turn towards book history and literary history, with a renewed interest in early Canadian literature; (6) a growing interest in articulating the affective character of the "literary" - including an interest in affect theory, mourning, melancholy, haunting, memory, and autobiography. The book represents a diverse array of interests -- from the revival of early Canadian writing, to the continued interest in Indigenous, regional, and diasporic traditions, to more recent discussions of globalization, market forces, and neoliberalism. It includes a distinct section dedicated to Indigenous literatures and traditions, as well as a section that reflects on the discipline of Canadian literature as a whole.

The Muse of Abandonment Lee Upton 1998 The Muse of Abandonment examines personal and cultural forms of abandonment in the poetry of Charles Wright, Russell Edson, Jean Valentine, James Tate, and Louise Gluck. These poets register the tremors of the post-modern exhaustion of universals and a conflicted desire for authenticating presences. The first book to study these poets as members of a generation, The Muse of Abandonment analyses the poets' recasting of confessional and surrealistic legacies and discusses their reflections on coercion of thought and behavior, and an atmosphere in contemporary culture that would trivialize private sensibility.

Walkman Michael Robbins 2021-06-01 A new collection from an audacious, humorous poet celebrated for his "sky-blue originality of utterance" (Dwight Garner, The New York Times) Michael Robbins's first two books of poetry were raucous protests lodged from the frontage roads and big-box stores of off-ramp America. With Walkman, he turns a corner. These new poems confront self-pity and nostalgia in witty-miserable defiance of our political and ecological moment. It's the end of the world, and Robbins has listened to all the tapes in his backpack. So he's making music from whatever junk he finds lying around.

Shakespeare's Sonnets and Poems: A Very Short Introduction Jonathan F. S. Post 2017-09-21 Not for nothing is William Shakespeare considered possibly the most famous writer in history; his works have had a lasting effect on culture, vocabularies, and art. His plays contain some of our most well-known lines (how often have you heard the phrase 'To be or not to be?'), yet whilst his poems may often feel less familiar than his plays they have also seeped into our cultural history (who has not heard of "Shall I compare thee to a summer's day?"). In this Very Short Introduction Jonathan Post introduces all of Shakespeare's poetry: the Sonnets; the two great narrative poems, Venus and Adonis and The Rape of Lucrece; A Lover's Complaint; and The Phoenix and Turtle. Describing Shakespeare's double identity as both poet and playwright, in conjunction with several of his contemporaries, Post evaluates the reciprocal advantages as well as the different strategies and strains that came with writing for the stage and the page. Tackling the debates surrounding the disputed authorship of Shakespeare's poems, he also considers the printing history of Shakespeare's canon, and the genres favoured by the bard. Exploring their reception, both with contemporary audiences and through the ages until today, Post explores the core themes of love and lust, and analyzes how the sonnets compare with other great love poetry of the

Scraped Knees Kristine Brown 2017-01-20 In her debut poetry chapbook, Kristine Brown captains thirty-nine beautifully crafted poems and stories that bite with honesty. Scraped Knees is an exploration in sensory details; an incense-thickened yet clear-eyed look into the often hazy world around us. Brown scratches at the surface of tender obscurities-fear, love, loneliness-while ripping the scab right off our more tangible struggles-domestic abuse, homelessness, first dates, and suicide hotlines. The poems churn like an ocean. At times choppy, with sharp, staccato notes, the pains of a speaker grown and still growing; and then again calm, driven by lilting, lullaby-like prose that carries the speaker, and the reader, gently to shore.

Principles of Research Design and Drug Literature Evaluation Professor and Chair Department of Pharmaceutical Health Outcomes and Policy University of Houston College of Pharmacy Houston Texas Rajender R Aparasu, Ed. 2014-03-01 Principles of Research Design and Drug Literature Evaluation is a unique resource that provides a balanced approach covering critical elements of clinical research, biostatistical principles, and scientific literature evaluation techniques for evidence-based medicine. This accessible text provides comprehensive course content that meets and exceeds the curriculum standards set by the Accreditation Council for Pharmacy Education (ACPE). Written by expert authors specializing in pharmacy practice and research, this valuable text will provide pharmacy students and practitioners with a thorough understanding of the principles and practices of drug literature evaluation with a strong grounding in research and biostatistical principles. Principles of Research Design and Drug Literature Evaluation is an ideal foundation for professional pharmacy students and a key resource for pharmacy residents, research fellows, practitioners, and clinical researchers. FEATURES * Chapter Pedagogy: Learning Objectives, Review Questions, References, and Online Resources * Instructor Resources: PowerPoint Presentations, Test Bank, and an Answer Key * Student Resources: a Navigate Companion Website, including Crossword Puzzles, Interactive Flash Cards, Interactive Glossary, Matching Questions,

and Web Links From the Foreword: "This book was designed to provide and encourage practitioners development and use of critical drug information evaluation skills through a deeper understanding of the foundational principles of study design and statistical methods. Because guidance on how a study's limited findings should not be used is rare, practitioners must understand and evaluate for themselves the veracity and implications of the inherently limited primary literature findings they use as sources of drug information to make evidence-based decisions together with their patients. The editors organized the book into three supporting sections to meet their pedagogical goals and address practitioners needs in translating research into practice. Thanks to the editors, authors, and content of this book, you can now be more prepared than ever before for translating research into practice." L. The Study of Human Life Joshua Bennett 2022-09-20 A third collection that reveals an acclaimed poet further extending his range into the realm of speculative fiction, while addressing issues as varied as abolition, Black ecological consciousness, and the boundless promise of parenthood Across three sequences, Joshua Bennett's new book recalls and reimagines social worlds almost but not entirely lost, all while gesturing toward the ones we are building even now, in the midst of a state of emergency, together. Bennett opens with a set of autobiographical poems that deal with themes of family, life, death, vulnerability, and the joys and dreams of youth. The central section, "The Book of Mycah," features an alternate history where Malcolm X is resurrected from the dead, as is a young black man shot by the police some fifty years later in Brooklyn. The final section of *The Study of Human Life* are poems that Bennett has written about fatherhood, on the heels of his own first child being born last fall.

The Symmetry of Fish Su Cho 2022-10-11 "All hits no skips. I was incredibly moved by these poems." —Roxane Gay, via Goodreads From National Poetry Series winner Su Cho, chosen by Paige Lewis, a debut poetry collection about immigration, memory, and a family's lexicon Language and lore are at the core of *The Symmetry of Fish*, a moving debut about coming-of-age in the middle of nowhere. With

striking and tender insight, it seeks to give voice to those who have been denied their stories, and examines the way phrases and narratives are passed down through immigrant families—not diluted over time, but distilled into potency over generations. In this way, a family's language is not lost but continuously remade, hitched to new associations, and capable of blooming anew, with the power to cut across space and time to unearth buried memories. The poems in *The Symmetry of Fish* insist that language is first and foremost a bodily act; even if our minds can't recall a word or a definition, if we trust our mouths, expression will find us—though never quite in the forms we expect.

Forage Rose McLarney 2019-09-03 Winner of Weatherford Award for Best Poetry Book about Appalachia
A poet acclaimed for "uncompromising, honest poems that sound like no one else" (*The Rumpus*) now offers considerations of the natural world and humans' place within it in ecopoetry of both ambitious reach and elegant refinement Rose McLarney has won attention as a poet of impressive insight, craft, and a "constantly questioning and enlarging vision" (Andrew Hudgins). Poetry Matters Heather Milne 2018-05-15 *Poetry Matters* explores poetry written by women from the United States and Canada, which documents the social and political turmoil of the early twenty-first century and places this poetry in dialogue with recent currents of feminist theory including new materialism, affect theory, posthumanism, and feminist engagements with neoliberalism and capitalism. Central to this project is the conviction that a poetics that explores the political dimensions of affect; demonstrates an understanding of subjectivity as posthuman and transcorporeal; critically reflects on the impact of capitalism on queer, racialized, and female bodies; and develops an ethical vocabulary for reimagining the nation state and critically engaging with issues of democracy and citizenship is now more urgent than ever before. Milne focuses on poetry published after 2001 by writers who mostly began writing

after the feminist writing movements of the 1980s, but who have inherited and built upon their political and aesthetic legacies. The poets discussed in this book—including Jennifer Scappettone, Margaret Christakos, Larissa Lai, Rita Wong, Nikki Reimer, Rachel Zolf, Yedda Morrison, Marcella Durand, Evelyn Reilly, Juliana Spahr, Claudia Rankine, Dionne Brand, Jena Osman, and Jen Benka—bring a sense of political agency to poetry. These voices seek new vocabularies and dissenting critical and aesthetic frameworks for thinking across issues of gender, materiality, capitalism, the toxic convergences of nationalism and racism, and the decline of democratic institutions. This is poetry that matters—both in its political urgency and in its attentiveness to the world as “matter”—as a material entity under siege. It could not be more timely or more relevant.

The Complete Poems Walt Whitman 2004-08-26 In 1855 Walt Whitman published *Leaves of Grass*, the work which defined him as one of America's most influential voices, and which he added to throughout his life. A collection of astonishing originality and intensity, it spoke of politics, sexual emancipation and what it meant to be an American. From the joyful 'Song of Myself' and 'I Sing the Body Electric' to the elegiac 'When Lilacs Last in the Dooryard Bloom'd', Whitman's art fuses oratory, journalism and song in a vivid celebration of humanity.

Holding Myself Hostage in the Kitchen Daniel Blokh 2017 Is it possible to miss a life you know only by story? *holding myself hostage in the kitchen* is a deeply engaging narrative illuminating the poet's personal history as a first generation American, his family's Russian- Jewish heritage and history, home life, plain life, and modern life. With an observant eye, smart musical sense, and delightful craftsmanship, 16 year old Daniel Blokh delivers a mature meditation on identity. Perhaps it is possible to long for a life known only by story, and this collection pays homage to that space. - Nancy Lili Gonzalez, *Foxing Quarterly*, *Round Top Poetry Anthology*, and *Sorin Oak Review*.

The Poems William Shakespeare 1992-01-09 This is a fully annotated edition of all the poems which are

now generally regarded as Shakespeare's, excluding *The Sonnets*. It contains *Venus and Adonis*, *The Rape of Lucrece*, *The Phoenix and the Turtle*, *The Passionate Pilgrim*, and *A Lover's Complaint*. The introduction to the two long narrative poems examines their place within the classical and Renaissance European traditions, an issue which also applies to *The Phoenix and the Turtle*. *The Passionate Pilgrim* is a miscellany of twenty sonnets and lyrics, containing only five poems which are certain to be Shakespeare's. John Roe analyses the conditions in which the collection was produced, and weighs the evidence for and against Shakespeare's authorship of *A Lover's Complaint* and the much-debated question of its genre. He demonstrates how in his management of formal tropes Shakespeare, like the best Elizabethans, fashions a living language out of handbook oratory.

Work and Days Tess Taylor 2016-04-08 In 2010, Tess Taylor was awarded the Amy Clampitt Fellowship. Her prize: A rent-free year in a cottage in the Berkshires, where she could finish a first book. But Taylor--outside the city for the first time in nearly a decade, and trying to conceive her first child--found herself alone. To break up her days, she began to intern on a small farm, planting leeks, turning compost, and weeding kale. In this calendric cycle of 28 poems, Taylor describes the work of this year, considering what attending to vegetables on a small field might achieve now. Against a backdrop of drone strikes, "methamphetamine and global economic crisis," these poems embark on a rich exploration of season, self, food, and place. Threading through the farm poets--Hesiod, Virgil, and John Clare--Taylor revisits the project of small scale farming at the troubled beginning of the 21st century. In poems full of bounty, loss and the mysteries of the body, Taylor offers a rich, severe, memorable meditation about what it means to try to connect our bodies and our time on earth.

Public Poetics Bart Vautour 2015-06-08 *Public Poetics* is a collection of essays and poems that address some of the most pressing issues of the discipline in the twenty-first century. The collection brings together fifteen original essays addressing "publics," "poetry," and "poetics" from the situated space of

Canada while simultaneously troubling the notion of the nation as a stable term. It asks hard questions about who and what count as “publics” in Canada. Critical essays stand alongside poetry as visual and editorial reminders of the cross-pollination required in thinking through both poetry and poetics. *Public Poetics* is divided into three thematic sections. The first contains essays surveying poetics in the present moment through the lens of the public/private divide, systematic racism in Canada, the counterpublic, feminist poetics, and Canadian innovations on postmodern poetics. The second section contains author-specific studies of public poets. The final section contains essays that use innovative renderings of “poetics” as a means of articulating alternative communities and practices. Each section is paired with a collection of original poetry by ten contemporary Canadian poets. This collection attends to the changing landscape of critical discourse around poetry and poetics in Canada, and will be of use to teachers and students of poetry and poetics.

Somebody Else Sold the World Adrian Matejka 2021-07-06 A resonant new collection on love and persistence from the author of *The Big Smoke*, a finalist for the National Book Award and the Pulitzer Prize The poems in Adrian Matejka's newest and fifth collection, *Somebody Else Sold the World*, meditate on the ways we exist in an uncontrollable world: in love and its aftermaths, in families that divide themselves, in protest-filled streets, in isolation as routines become obsolete because of lockdown orders and curfews. *Somebody Else* uses past and future touchstones like pop songs, love notes, and imaginary gossip to illuminate those moments of splendor that persist even in exhaustion. These poems show that there are many possibilities of brightness and hope, even in the middle of pandemics and revolutions.

Poetry, Method and Education Research Esther Fitzpatrick 2020-07-21 Poetry can be both political and pedagogical. It is utilised in a variety of ways in research to enhance, critique, analyse, and express different voices. *Poetry, Method and Education Research* brings together international scholars to explore issues as diverse as neoliberalism, culture, decolonising education, health, and teacher identities. A key strength of the book is its attention to poetry as a research method, including discussions of "how to" engage with poetry in research, as well as including a range of research poems. Poetry is thus framed as

both a method and performance. Authors in this book address a wide variety of questions from different perspectives including how to use poetry to think about complex issues in education, where poetry belongs in a research project, how to write poetry to generate and analyse "data", and how poetry can represent these findings. This book is an essential resource for students and researchers in education programmes, and those who teach in graduate research methods courses.
