**America Day by Day** Simone de Beauvoir 2000-03-30 A portrait of 1940s America by a French writer, eg. "The constipated girl smiles a loving smile at the lemon juice that relieves her intestines. In the subway, in the streets, on magazine pages, these smiles pursue me like obsessions. I read on a sign in a drugstore, 'Not to grin is a sin.' Everyone obeys the order, the system. 'Cheer up! Take it easy.' Optimism is necessary for the country's social peace and economic prosperity."

**Distinction** Pierre Bourdieu 2013-04-15 No judgement of taste is innocent - we are all snobs. Pierre Bourdieu's Distinction brilliantly illuminates the social pretensions of the middle classes in the modern world, focusing on the tastes and preferences of the French bourgeoisie. First published in 1979, the book is at once a vast ethnography of contemporary France and a dissection of the bourgeois mind. In the course of everyday life we constantly choose between what we find aesthetically pleasing, and what we consider tacky, merely trendy, or ugly. Taste is not pure. Bourdieu demonstrates that our different aesth

**The First Thing You See** Gregoire Delacourt 2015-09-10 Imagine you are a young mechanic living in a small community in France. You own your own home, and lead a simple life. Then, one evening, you open your front door to find a distraught Hollywood starlet standing in front of you. This is what happens to Arthur Dreyfuss in the village of Long, population 687 inhabitants. But although feigning an American accent, this woman is not all that she seems. For her name is Jeanine Foucamprez, and her story is very different from the glamorous life of a star. Arthur is not all he seems, either; a lover of poetry with a darker past than one might imagine, he has learnt to see beauty in the mundane. THE FIRST THING YOU SEE is a warm, witty novel about two fragile souls learning to look beyond the surface - for the first thing you see isn't always what you get!

*Censoring an Iranian Love Story* Shahriar Mandanipour 2009-05-05 In his first novel to appear in English, "one of Iran's most important living fiction writers" (The Guardian) shows what it's like to live and love there today. In a country where mere proximity between a man and a woman may be the prologue to deadly sin, where illicit passion is punished by imprisonment, or even death, telling that most redemptive of human narratives becomes the greatest literary challenge. If conducting a love affair in modern Iran is not a simple undertaking, then telling the story of that love may be even more difficult. Shahriar Mandanipour (author of *Moon Brow*) evokes a pair of young lovers who find each other—despite surreal persecution and repressive parents—through coded messages and internet chat rooms; and triumphantly their story entwines with an account of their creator's struggle. Inventive, darkly comic and profoundly touching, *Censoring an Iranian Love Story* celebrates both the unquenchable power of the written word and a love that is doomed, glorious, and utterly real.

*The Kindly Ones* Jonathan Littell 2010-03-02 "Oh my human brothers, let me tell you how it happened." Dr. Max Aue, the man at the heart of Jonathan Littell's stunning and controversial novel *The Kindly Ones*, personifies the evils of the Second World War and the Holocaust. Highly educated and cultured, he was an ambitious SS officer, a Nazi and mass murderer who was in the upper echelons of the Third Reich. He tells us of his experience during the war. He was present at Auschwitz and Babi Yar, witnessed the battle of Stalingrad, and survived the fall of Berlin — receiving a medal from Hitler personally in the last days of Nazi Germany. Long after the war, he is living a comfortable bourgeois life in France, married with two children, managing a lace factory. And now, having evaded justice, he speaks out, giving a precise and accurate record of his life. The tone of his account is detached, lapidary, and for the most part unrepentant, whether he is describing his participation in mass murder on the Eastern Front, his bureaucratic investigations of labour productivity in the death camps, his casual murder of civilians as he tries to break through Russian lines towards the end of the war, or his fervid and convoluted relationship with his twin sister. Over its course, by entwining Aue's life with those of historical figures such as Eichmann and Speer, Himmler and indeed Hitler, *The Kindly Ones* comes to depict the entire architecture of Nazism — from its grandest intellectual pretensions to its most minute, most chilling managerial details and executions. *The Kindly Ones* presents — with unprecedented realism, meticulous research that is both fascinating and compelling, and brilliant literary accomplishment — the greatest horrors imaginable. "War and murder are a question, a question without an answer, for when you cry out in the night, no one answers," Aue says. In the same way, this powerfully affecting, powerfully challenging book confronts the reader with the most profound questions about history, morality, and art without offering

any easy resolution. Written originally in French, and published now in English for the first time, *The Kindly Ones* has already sold to date well over a million copies in Europe. In France it won two prestigious prizes, including the Goncourt, and has been compared to *War and Peace* and other great classics of literature.

**Whatever** Michel Houellebecq 2011-05-05 Just thirty, with a well-paid job, no love life and a terrible attitude, the anti-hero of this grim, funny novel smokes four packs of cigarettes a day and writes weird animal stories in his spare time. A computer programmer by day, he is tolerably content, until he's packed off with a colleague - the sexually-frustrated Raphael Tisserand - to train provincial civil servants in the use of a new computer system Houellebecq's first novel was a smash hit in France, expressing the misanthropic voice of a generation. Like *A Confederacy of Dunces*, Houellebecq's bitter, sarcastic and exasperated narrator vociferously expresses his frustration and disgust with the world.

*At the Risk of Thinking* Alice Jardine 2020-01-23 A Choice Outstanding Academic Title of the Year Finalist for the 2021 Prose Awards (Biography & Autobiography category) *At the Risk of Thinking* is the first biography of Julia Kristeva--one of the most celebrated intellectuals in the world. Alice Jardine brings Kristeva's work to a broader readership by connecting Kristeva's personal journey, from her childhood in Communist Bulgaria to her adult life as an international public intellectual based in Paris, with the history of her ideas. Informed by extensive interviews with Kristeva herself, this telling of a remarkable woman's life story also draws out the complexities of Kristeva's writing, emphasizing her call for an urgent revival of bold interdisciplinary thinking in order to understand--and to act in--today's world.

**The Anomaly** Hervé Le Tellier 2021-11-23 A New York Times bestseller and a "Best Thriller of the Year" Winner of the Goncourt Prize and now an international phenomenon, this dizzying, whip-smart novel blends crime, fantasy, sci-fi, and thriller as it plumbs the mysteries surrounding a Paris-New York flight. Who would we be if we had made different choices? Told that secret, left that relationship, written that book? We all wonder—the passengers of Air France 006 will find out. In their own way, they were all living double lives when they boarded the plane: Blake, a respectable family man who works as a contract killer. Slimboy, a Nigerian pop star who uses his womanizing image to hide that he's gay. Joanna, a Black American lawyer pressured to play the good old boys' game to succeed with her Big Pharma client. Victor Miesel, a critically acclaimed yet largely obscure writer suddenly on the precipice of global fame. About to start their descent to JFK, they hit a shockingly violent patch of turbulence, emerging on the other side to a reality both perfectly familiar and utterly strange. As it charts the fallout of this logic-defying event, *The Anomaly* takes us on a journey from Lagos and Mumbai to the White House and a top-secret hangar. In Hervé Le Tellier's most ambitious work yet, high literature follows the lead of a bingeable Netflix series, drawing on the best of genre fiction from "chick lit" to mystery, while also playfully critiquing their hallmarks. An ingenious, timely variation on the doppelgänger theme, it taps into the parts of ourselves that elude us most.
