The Saga of Grettir the Strong 2005-05-26 Composed at the end of the fourteenth century by an unknown author, *The Saga of Grettir the Strong* is one of the last great Icelandic sagas. It relates the tale of Grettir, an eleventh-century warrior struggling to hold on to the values of a heroic age becoming eclipsed by Christianity and a more pastoral lifestyle. Unable to settle into a community of farmers, Grettir becomes the aggressive scourge of both honest men and evil monsters - until, following a battle with the sinister ghost Glam, he is cursed to endure a life of tortured loneliness away from civilisation, fighting giants, trolls and berserks. A mesmerising combination of pagan ideals and Christian faith, this is a profoundly moving conclusion to the Golden Age of the saga writing.

**Broken** Karin Slaughter 2010-06-22 NEW YORK TIMES BESTSELLER • Features a new introduction on the origins of the Will Trent novels and *Broken's* place in the series Karin Slaughter's internationally bestselling

novels are as notable for their vivid portraits of lives shadowed by loss and heartbreak as they are for their dramatic criminal investigations. *Broken* features the return of her most compelling characters and introduces memorable new ones in a tale of corruption, murder, and confrontation that will leave more than one life . . . When Special Agent Will Trent arrives in Grant County, he finds a police department determined to protect its own and far too many unanswered questions about a prisoner's death. He doesn't understand why Officer Lena Adams is hiding secrets from him. He doesn't understand her role in the death of Grant County's popular police chief. He doesn't understand why that man's widow, Dr. Sara Linton, needs him now more than ever to help her crack this case. While the police force investigates the murder of a young woman pulled from a frigid lake, Trent investigates the police force, putting pressure on Adams just when she's already about to crack. Caught between two complicated and determined women, trying to understand Linton's passionate distrust of Adams, the facts surrounding Chief Tolliver's death, and the complexities of this insular town, Trent will unleash a case filled with explosive secrets—and encounter a thin blue line that could be murderous if crossed. Spellbinding and keenly paced, *Broken* is Karin Slaughter at her best. Here is an unforgettable story of raw emotions, dangerous assumptions, the deadly and layered game of betrayal, and a man's determination to expose the most painful of human truths—no matter how deeply they're hidden . . . or how devastating.

**Reunion in Barsaloi** Corinne Hofmann 2014-05-14 Fourteen years after fleeing Kenya with her baby daughter, Corinne returned in the summer of 2004 to meet Lketinga and his family again in their village, Barsaloi. Nervous as she was, and uncertain as to how he would react on seeing her again, she found to her relief that she was welcomed unreservedly by all those who remembered her - by Lketinga, who still thought of her as his 'wife number one', by his brother, James, now a schoolteacher and especially by Lketinga's mother, who had looked after Corinne with such care all those years before. Corinne Hofmann revisits an area of a country which she cares about passionately, describing in her immensely readable style the changes she saw after her time away, and once again bringing to life the atmosphere and characters in the Masai village.

Heida Steinunn Sigurðardóttir 2020-03-05 'HEIDA IS A FORCE OF NATURE . . . EXACTLY THE RIGHT SORT OF MODERN ROLE MODEL' SUNDAY TIMES The inspiring story of Icelandic sheep farmer, former model and feminist heroine Heida Asgeirsdóttir has become a double prize-winning international bestseller. As heard on Radio 4's Start the Week I'm not on my own because I've been sitting crying into a handkerchief or apron over a lack of interested men. I've been made every offer imaginable over the years. Men offer themselves, their sons . . . drunk fathers sometimes call me up and say things like: "Do you need a farmhand?" "I can lift the hay bales" "I can repair your tractors". . . Heida is a solitary farmer with a flock of 500 sheep in a remorseless area bordering Iceland's highlands. It's known as the End of the World. One of her nearest neighbours is Iceland's most notorious volcano, Katla, which has periodically driven away the inhabitants of Ljótarsstaðir ever since people first started farming there in the twelfth century. This portrait of Heida written with wit and humour by one of Iceland's most acclaimed novelists, Steinunn Sigurðardóttir, tells a heroic tale of a charismatic young woman, who walked away from a career as a model to take over the family farm at the age of 23. I want to tell women they can do anything, and to show that sheep farming isn't just a man's game. Divided into four seasons, *Heida* tells the story of a remarkable year, when Heida reluctantly went into politics to fight plans to raise a hydro-electric power station on her land. This book paints a unforgettable portrait of a

remote life close to nature. Translated into six languages, Heida has won two non-fiction prizes and has become an international bestseller. We humans are mortal; the land outlives us, new people come, new sheep, new birds and so on but the land with its rivers and lakes and resources, remains. **Place of the Heart** Steinunn Sigurdardottir 2014-03-25 Winner of the VISA Cultural Prize and the Icelandic National Literature Prize. Single mother Harpa has always been a misfit. Her physical description is like no other Icelander: so small she self-deprecatingly refers to herself as a dwarf, so dark-skinned she doubts her genetic link to her parents, so strange she nearly believed the children who mistook her for a mythical creature of the forest. Even as an adult, she struggles to make sense of her place in the world. So when she sees how her teenage daughter, Edda, has suffered since a close friend's drug overdose, Harpa has no choice but to tear her away from her friends in the city. She enlists the help of a friend and loads her reprobate daughter and their belongings into a pickup truck, setting out on a road trip to Iceland's bucolic eastern fjords. As they drive through the starkly beautiful landscape, winding around volcanic peaks, battling fierce windstorms, and forging ahead to a verdant valley, their personal vulnerabilities feel somehow less dangerous. The natural world, with all its contrasts, offers Harpa solace and the chance to reflect on her past in order to open her heart.

*Hadrian's Wall* Richard Hingley 2012-10-04 In *Hadrian's Wall: A Life*, Richard Hingley addresses the post-Roman history of this world-famous ancient monument. Constructed on the orders of the emperor Hadrian during the 120s AD, the Wall was maintained for almost three centuries before ceasing to operate as a Roman frontier during the fifth century. The scale and complexity of Hadrian's Wall makes it one of the most important ancient monuments in the British Isles. It is the most well-preserved of the frontier works that once defined the Roman Empire. While the Wall is famous as a Roman construct, its monumental physical structure did not suddenly cease to exist in the fifth century. This volume explores the after-life of Hadrian's Wall and considers the ways it has been imagined, represented, and researched from the sixth century to the internet. The sixteen chapters, illustrated with over 100 images, show the changing manner in which the Wall has been conceived and the significant role it has played in imagining the identity of the English,

including its appropriation as symbolic boundary between England and Scotland. Hingley discusses the transforming political, cultural, and religious significance of the Wall during this entire period and addresses the ways in which scholars and artists have been inspired by the monument over the years.

**About the Size of the Universe** Jón Kalman Stefánsson 2018 A modern saga spanning the whole of the 20th century, by one of Iceland's most celebrated writers. At the beginning of this story there is death, and yet it is a celebration of life - the passion between a man and a woman, forbidden love, violence, sorrow, betrayal. Happiness and misfortune are passed down from one generation to the next. The sorrow over what was and what might have been weighs heavily on the characters and at the end of this chain, for now, stands Ari, on his way to his dying father, with a score still to be settled. The raw beauty of life is written into the dramatic Icelandic landscape, and into a society that has undergone great transformation within a century. In language both archaic and lyrical, and yet entirely contemporary and full of humour, Jón Kalman Stefánsson proves himself one of the finest European writers of his generation. A companion volume to *Fish Have No Feet* (longlisted for the Man Booker International Prize 2017). Translated from the Icelandic by Philip Roughton

*The Still Point* Amy Sackville 2010-04-01 At the turn of the twentieth century, Arctic explorer Edward Mackley sets out to reach the North Pole and vanishes into the icy landscape without a trace. He leaves behind a young wife, Emily, who awaits his return for decades, her dreams and devotion gradually freezing into rigid widowhood. A hundred years later, on a sweltering mid-summer's day, Edward's great-grand-niece Julia moves through the old family house, attempting to impose some order on the clutter of inherited belongings and memories from that ill-fated expedition, and taking care to ignore the deepening cracks within her own marriage. But as afternoon turns into evening, Julia makes a discovery that splinters her long-held image of Edward and Emily's romance, and her husband Simon faces a precipitous choice that will decide the future of their relationship. Sharply observed and deeply engaging, *The Still Point* is a powerful literary debut and a moving meditation on the distances - geographical and emotional - that can exist between two people.

**Erebus** Michael Palin 2018-09-25 Driven by a passion for travel and history and a love of ships and the sea,

former Monty Python stalwart and beloved television globe-trotter Michael Palin explores the world of HMS Erebus, last seen on an ill-fated voyage to chart the Northwest Passage. Michael Palin brings the fascinating story of the Erebus and its occupants to life, from its construction as a bomb vessel in 1826 through the flagship years of James Clark Ross's Antarctic expedition and finally to Sir John Franklin's quest for the holy grail of navigation—a route through the Northwest Passage, where the ship disappeared into the depths of the sea for more than 150 years. It was rediscovered under the arctic waters in 2014. Palin travels across the world—from Tasmania to the Falkland Islands and the Canadian Arctic—to offer a firsthand account of the terrain and conditions that would have confronted the Erebus and her doomed final crew. Delving into the research, he describes the intertwined careers of the two men who shared the ship's journeys: Ross, the organizational genius who mapped much of the Antarctic coastline and oversaw some of the earliest scientific experiments to be conducted there; and Franklin, who, at the age of sixty and after a checkered career, commanded the ship on its last disastrous venture. Expertly researched and illustrated with maps, photographs, paintings, and engravings, *Erebus* is an evocative account of two journeys: one successful and forgotten, the other tragic yet unforgettable.

Inge Deutschkron became an Israeli citizen and an editor of *Maariv*. **Black Earth** Jens Mühling 2019-10-19 "Will someone pay for the spilled blood? No. Nobody." When Mikhail Bulgakov composed this dark and prophetic phrase in Kiev amid the turmoil of the Russian civil war, the political troubles of his native Ukraine were well underway, but far from over. In *Black Earth: A Journey through the Ukraine*, journalist and celebrated travel writer Jens Mühling takes readers across the country during its most recent political crises: the ousting of former president Viktor Yanukovich and the Russian annexation of Crimea. In the midst of this turmoil, Mühling delves deep into daily life in Ukraine, narrating his encounters with Ukrainian nationalists and old communists, Crimean Tatars and Cossacks, smugglers and soldiers, all of whose views could hardly be more different. *Black Earth* connects all these stories to convey an unconventional and unfiltered view of Ukraine, a country at the crossroads of Europe and Asia and the center of countless conflicts of opinion—and of arms.

**Fish Have No Feet** Jón Kalman Stefánsson 2016-08-25 Longlisted for the Man Booker International Prize 2017 Keflavik: a town that may be the darkest place in Iceland, surrounded by black lava fields, hemmed in by a sea

that may not be fished, and site of the U.S. military base, whose influences shaped Icelandic culture from the '50s to the dawning of the new millennium. Ari - a writer and publisher - lands back in Keflavik from Copenhagen. His father is dying, and he is flooded by memories of his youth in the '70s and '80s, listening to Pink Floyd and the Beatles, raiding American supply lorries and discovering girls. And one girl he could never forget. Layered through Ari's story is that of his grandparents in a village on the eastern coast, a world away from modern Keflavik. For his grandfather Oddur, life at sea was a destiny; for Margrét its elemental power brings only loneliness and fear. Both the story of a singular family and an epic that sparkles with love, pain and lifelong desire - with all of human life - *Fish have no Feet* is a novel of profound beauty and wisdom by a major international writer. By the author of the acclaimed trilogy, *Heaven and Hell*, *The Sorrow of Angels* and *The Heart of Man*.

**Allmen and the Dragonflies** Martin Suter 2018-05-08 “In the honorable vein of elegant, gentleman thieves, comes Allmen, the colorful protagonist of Suter’s beautifully observed, deliciously fun novel” (Noah Charney, author of *The Museum of Lost Art*). Johann Friedrich von Allmen, a bon vivant of dandified refinement, has exhausted his family fortune. Forced to downscale, Allmen inhabits the garden house of his former Zurich estate, attended by his Guatemalan butler, Carlos. When not reading novels by Balzac and Somerset Maugham, he plays jazz on a Bechstein baby grand. Allmen’s fortunes take a sharp turn when he meets Jojo, a stunning blonde whose lakeside villa contains five Art Nouveau bowls created by renowned French artist Émile Gallé and decorated with a dragonfly motif. Allmen, seeking to pay off mounting debts, absconds with the priceless bowls and embarks on a high-risk, potentially violent bid to cash them in. This is the first of a series of humorous, fast-paced detective novels devoted to a memorable gentleman thief who, with his trusted sidekick, Carlos, creates an investigative firm to recover missing precious objects. “A rollicking good time . . . Bestselling Swiss author Martin Suter may have a classic on his hands in this contemporary crime novel, the first of a series featuring the memorable character of Johann Friedrich von Allmen, gentleman thief.” —The Winnipeg Free Press “Suter combines sleight-of-hand suspense with stunning art and slightly worn Old World elegance to create a smartly entertaining read . . . A classy puzzler.” —Library Journal “The dark charms of Suter’s novel are irresistible from the first pages.” —Joshua Max Feldman, author of *Start Without Me*

Passage to Ararat Michael J. Arlen 2014-06-17 In *Passage to Ararat*, which received the National Book Award in 1976, Michael J. Arlen goes beyond the portrait of his father, the famous Anglo-Armenian novelist of the 1920s, that he created in *Exiles* to try to discover what his father had tried to forget: Armenia and what it meant to be an Armenian, a descendant of a proud people whom conquerors had for centuries tried to exterminate. But perhaps most affectingly, Arlen tells a story as large as a whole people yet as personal as the uneasy bond between a father and a son, offering a masterful account of the affirmation and pain of kinship.

**The Endurance** Caroline Alexander 2017-10 Drawing upon previously unavailable sources, Caroline Alexander gives us a riveting account of Shackleton's expedition one of history's greatest epics of survival. And she presents the astonishing work of Frank Hurley, the Australian photographer whose visual record of the adventure was never before published comprehensively. Together, text and image re-create the terrible beauty of Antarctica, the awful destruction of the ship, and the crew's heroic daily struggle to stay alive, a miracle achieved largely through Shackleton's inspiring leadership. The survival of Hurley's remarkable images is scarcely less miraculous: The original glass plate negatives, from which most of the book's illustrations are superbly reproduced, were stored in hermetically sealed canisters that survived months on the ice floes, a week in an open boat on the polar seas, and several more months buried in the snows of a rocky outcrop called Elephant Island. Finally, Hurley was forced to abandon his professional equipment; thereafter he captured some of the most unforgettable images of the struggle with a pocket camera and three rolls of Kodak film.

The Changing Faces of Religion in XVIIIth Century Scotland Raquel Lázaro Cantero 2016-12-01

Säkularisierung wird oft mit der Aufklärung in Verbindung gebracht. Jedoch wurde sie nicht von allen Denkern der Aufklärung verfochten. Mithilfe dieses Buches soll Licht auf die von den schottischen Aufklärern aufgedeckten Probleme und Lösungen geworfen werden, die sich bei der Untersuchung des Stellenwertes der Religion in der Gesellschaft auftraten. Tatsächlich sahen Hutcheson, Reid, Hume, Smith, Ferguson und Millar die Situation der Religion in der Gesellschaft aus verschiedenen Perspektiven und kamen oftmals zu sehr unterschiedlichen Schlüssen. Dieses komplexe Verständnis von Religion führte zur Zusammenstellung dieses Buches, welches sich auf drei Fragen konzentriert: Welche Rolle nimmt die Religion in der Gesellschaft ein? Inwieweit beeinflussen die Existenz Gottes und die Naturreligion die soziale Ordnung? Wie sollten bestimmte religiöse Überzeugungen in einem säkularen Kontext verstanden werden,

und was haben sie für soziale und moralische Folgen? Diese drei Kernfragen sind eng mit den wesentlichen gemeinsamen Anliegen der schottischen Denker verbunden: der Verteidigung der natürlichen menschlichen Geselligkeit gegen kontraktualistische Theorien sowie der Feststellung, ob die Religion die politische und moralische Gesellschaftsordnung behindert oder bestärkt. Secularization is often associated with the Enlightenment. However, not all Enlightenment thinkers defended it. This book aims to cast light on the problems and solutions that the thinkers of the Scottish Enlightenment uncovered when studying the place of religion in society. In fact, Hutcheson, Reid, Hume, Smith, Ferguson and Millar saw the situation of religion in society from different perspectives and often reached very different conclusions. This complex understanding of religion is what led us to compile this book, which focuses on three questions: What is the role of religion in society? How does the existence of God and natural religion affect the social order? How should certain religious beliefs be understood in a secular context, and what are their social and moral repercussions? These three key issues are closely connected to the Scottish thinkers' chief common concerns: defending natural human sociability from contractulist theories and determining whether religion hinders or strengthens the political and moral order of society.
