Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

*Clymer Yamaha YZ125-250; WR250Z, 1988-1993* Penton Staff 1994-01-01 With the help of the Clymer Yamaha YZ125-250; WR250Z, 1988-1993 Repair Manual in your toolbox, you will be able to maintain, service and repair your Yamaha YZ125-250 motorcycle built between 1988 and 1993, or your Yamaha WR250Z motorcycle built between 1991 and 1993 to extend its life for years to come. *Motorcycles I've Loved* Lily Brooks-Dalton 2015-04-07 "What the PCT is to Cheryl Strayed, the open road is to Brooks-Dalton."—Cosmopolitan A powerful memoir about a young woman whose passion for motorcycles leads her down a road all her own. At twenty-one-years-old, Lily Brooks-Dalton is feeling lost; returning to New England after three and a half years traveling overseas, she finds herself unsettled, unattached, and without the drive to move forward. When a friend mentions buying a motorcycle, Brooks-Dalton is intrigued and inspired. Before long she is diving headlong into the world of gearheads, reconsidering her surroundings through the visor of a motorcycle helmet, and beginning a study of motion that will help her understand her own trajectory. Her love for these powerful machines starts as a diversion, but as she continues riding and maintaining her own motorcycles, she rediscovers herself, her history, and her momentum. Forced to confront her limitations—new and old, real and imagined—Brooks-Dalton learns focus, patience, and how to navigate life on the road. As she builds confidence, both on her bike and off, she begins to find her way, ultimately undertaking an ambitious ride that leaves her strengthened, revitalized, and prepared for whatever comes next. Honest and lyrical, raw and thoughtful, *Motorcycles I've Loved* is a bold portrait of one young woman's empowering journey of independence and determination.

Triumph Motorcycle Restoration Timothy Remus 2013-12-11 As popular as the Triumph Twins were in the 60s and 70s, they are quite possibly more popular now. The new book from Wolfgang Publications offers complete start-to-finish assembly and restoration sequences on two Triumph Twins, a 1963 Bonneville and a 196

*Adweek* 1998 Vols. for 1981- include four special directory issues.

**Perfect Lives** Polly Samson 2016-03-22 In an English seaside town, lovers and children, men and women weave in and out of each other's lives and stories. A mother is tormented by her daughter's tattoo; another only pretends to love her baby. A wife stalks her husband and his new lover; a broken egg through a mailbox tells a story that will not go away; the cat thinks he knows best. Threaded throughout are longings for love and poignant disappointments, surprising pleasures and temptations. Some will fall but some, like the small boy at the circus who sees his babysitter fly past on a trapeze wearing little more than a blue bra and spangles, will retain their feeling of awe. The stories in *Perfect Lives* are rueful, knowing, witty, poignant, bashful, bold. Polly Samson's genius is in the nuance.
