Reading Adoption Marianne Novy 2005 She meditates on how her relationships with her adoptive parents, her birth mother, and her own daughter affect her reading, and ultimately finds issues in much adoption literature relevant to parenting in any kind of family. Written from Novy's dual perspectives as critic and adult adoptee, the book combines the techniques of literary and feminist scholarship with memoir, and in doing so it sheds new light on familiar texts."--BOOK JACKET.

Advanced Reporting Miles Maguire 2014-07-25 News gathering is a large, complicated and often messy task that has traditionally been viewed by journalists as irretrievably idiosyncratic, best learned through trial and error. Advanced Reporting takes the opposite approach, focusing on reporting as a

process of triangulation based on three essential activities: analyzing documents, making observations and conducting interviews. In this readable book, veteran journalism professor Miles Maguire shows how the best reporters use these three tools in a way that allows them to cross-check and authenticate facts, to reduce or eliminate unsupported allegations and to take readers and viewers to a deeper level of insight and understanding. This book will help to prepare students for a profession marked by increasing complexity and competition. To succeed in this environment, journalists must learn to make the most of digital media to intensify the impact of their work. At the same time, reporters must contend with a host of sophisticated public relations techniques while engaging with news audiences that no longer just consume journalism, but also collaborate in its creation. Discussion questions and exercises help students put theory into practice.

Rediscovering an American Community of Color Nancy Kathryn Burns 2017-10-24 An invaluable record of African American lives in the aftermath of Emancipation and Reconstruction This book presents a photographic narrative of African American and Native American migration and resettlement in the aftermath of Emancipation and Reconstruction. Taken between 1897 and 1917 by itinerant photographer William Bullard of Worcester, Massachusetts, these photographs address larger themes involving race in American history, many of which remain relevant today: the story of people of color claiming their rightful place in society and creating a community in new surroundings. William Bullard's heretofore unpublished collection of more than 230 glass negatives presenting the African American and Nipmuc communities of Worcester, Massachusetts, at the turn of the century provides an exceptional opportunity to significantly deepen our understanding of the use of photography at a political and personal level. Unlike most extant photographic collections of black Americans taken in this period, the subjects in Bullard's photographs are identified in his logbook, allowing this book to tell specific stories about individuals and re-create a more accurate historical context. In addition, though most publications engaging with African American history focus on the Gilded Age or the Civil Rights eras, this collection of Bullard's photographs exposes a critical gap in many visual histories. Predating the Great Migration, these photographs portray a moment seldom stressed in the historical narrative, replacing stereotypical notions of poverty and dysfunction with accomplishment and respectability.

Political Godmother Meg Heckman 2020-06 Newspaper publisher and GOP kingmaker Nackey Scripps Loeb headed the Union Leader Corporation, one of the most unusual--and influential--local newspaper companies in the United States. Her unapologetic conservatism and powerful perch in the home of the first-in-the-nation presidential primary elicited fear and respect while her leadership of New Hampshire's Union Leader gave her an outsized role in American politics. In *Political Godmother* Meg Heckman looks at Loeb's rough-and-tumble political life against the backdrop of the right-wing media landscape of the late twentieth century. Heckman reveals Loeb as a force of nature, more than willing to wield her tremendous clout and able to convince the likes of Pat Buchanan to challenge a sitting president. Although Loeb initially had no interest in the newspaper business, she eventually penned more than a thousand front-page editorials, drew political cartoons, and became a regular on C-SPAN. A fascinating look at power politics in action, *Political Godmother* reveals how one woman ignited conservatism's transformation of the contemporary Republican Party.

Gender, Work and Space Susan Hanson 2003-09-02 Gender, Work and Space explores how social boundaries are constructed between women and men, and among women living in different places. Focusing on work, the segregation of men and women into different occupations, and variations in women's work experiences in different parts of the city, the authors argue that these differences are grounded, constituted in and through, space, place, and situated social networks. The sheer range and depth of this extraordinary study throws new light on the construction of social, geographic, economic, and symbolic boundaries in ordinary lives.

Holy Legionary Youth Roland Clark 2015-06-05 Founded in 1927, Romania's Legion of the Archangel Michael was one of Europe's largest and longest-lived fascist social movements. In Holy Legionary Youth, Roland Clark draws on oral histories, memoirs, and substantial research in the archives of the Romanian secret police to provide the most comprehensive account of the Legion in English to date. Clark approaches Romanian fascism by asking what membership in the Legion meant to young Romanian men and women. Viewing fascism "from below," as a social category that had practical

consequences for those who embraced it, he shows how the personal significance of fascism emerged out of Legionaries' interactions with each other, the state, other political parties, families and friends, and fascist groups abroad. Official repression, fascist spectacle, and the frequency and nature of legionary activities changed a person's everyday activities and relationships in profound ways. Clark's sweeping history traces fascist organizing in interwar Romania to nineteenth-century grassroots nationalist movements that demanded political independence from the Austro-Hungarian Empire. It also shows how closely the movement was associated with the Romanian Orthodox Church and how the uniforms, marches, and rituals were inspired by the muscular, martial aesthetic of fascism elsewhere in Europe. Although antisemitism was a key feature of official fascist ideology, state violence against Legionaries rather than the extensive fascist violence against Jews had a far greater impact on how Romanians viewed the movement and their role in it. Approaching fascism in interwar Romania as an everyday practice, *Holy Legionary Youth* offers a new perspective on European fascism, highlighting how ordinary people "performed" fascism by working together to promote a unique and totalizing social identity.

Towards a science of ideas: An inquiry into the emergence, evolution and expansion of ideas and their translation into action Guido Enthoven 2022-08-02 Ideas are the basic building blocks that construct the world we live in. Yet despite the abundance of literature on creativity and innovation, there has been little reflection on ideas as such, their nature and their working mechanisms. This book provides foundations for a reflection focused specifically on ideas - what they are, how they emerge, develop, interact, gain acceptance and become translated into actions. In doing so the book moves beyond the mainstream approaches, offering new, promising theoretical angles, presenting original findings and initiating a research agenda for a science of ideas. This book provides a fresh perspective on how to conceptualize and study ideas and their working mechanisms by treating ideas as the main object of the study and by bringing together a group of original thinkers, scholars, and philosophers to move beyond the mainstream academic discourse on creativity and innovation.

Hawks on Hawks Joseph McBride 2013-12-03 "I read *Hawks on Hawks* with passion. I am very happy that this book exists." -- François Truffaut Howard Hawks (1896--1977) is often credited as being the most versatile of all of the great American directors, having worked with equal ease in screwball comedies, westerns, gangster movies, musicals, and adventure films. He directed an impressive number of Hollywood's greatest stars -- including Humphrey Bogart, Cary Grant, John Wayne, Lauren Bacall, Rosalind Russell, and Marilyn Monroe -- and some of his most celebrated films include *Scarface* (1932), *Bringing Up Baby* (1938), *The Big Sleep* (1946), *Red River* (1948), *Gentlemen Prefer Blondes* (1953), and *Rio Bravo* (1959). *Hawks on Hawks* draws on interviews that author Joseph McBride conducted with the director over the course of seven years, giving rare insight into Hawks's artistic philosophy, his relationships with the stars, and his position in an industry that was rapidly changing. In its new edition, this classic book is both an account of the film legend's life and work and a guidebook on how to make movies.

Such Splendid Prisons Harvey Solomon 2020-01-01 In the chaotic days after the bombing of Pearl Harbor, the Roosevelt administration made a dubious decision affecting hundreds of Axis diplomats remaining in the nation's capital. To encourage reciprocal treatment of U.S. diplomats trapped abroad, Roosevelt sent Axis diplomats to remote luxury hotels—a move that enraged Americans stunned by the attack. This cause célèbre drove a fascinating yet forgotten story: the roundup, detention, and eventual repatriation of more than a thousand German, Japanese, Italian, Bulgarian, and Hungarian diplomats, families, staff, servants, journalists, students, businessmen, and spies. *Such Splendid Prisons* follows five of these internees whose privileged worlds came crashing down after December 7, 1941: a suave, calculating Nazi ambassador and his charming but conflicted wife; a wily veteran Japanese journalist; a beleaguered American wife of a Japanese spy posing as a diplomat; and a spirited but naive college-aged daughter of a German military attaché. The close, albeit luxurious, proximity in which these Axis power emissaries were forced to live with each other stripped away the veneer of false prewar diplomatic bonhomie. Conflicts ran deep not only among the captives but also among the rival U.S. agencies overseeing a detainment fraught with uncertainty, duplicity, lust, and romance. Harvey Solomon re-creates this wartime American period of deluxe detention, public outrage, hidden agendas, rancor and racism, and political machinations in a fascinating but forgotten story.
