German and English Dirk Siepmann 2020-11-30 German and English: Academic Usage and Academic Translation focuses on academic and popular scientific/academic usage. This book's brief is both theoretical and practical: on the theoretical side, it aims to provide a systematic, corpus-based account of current academic usage in English and in German as well as of the translation problems associated with various academic genres; on the practical side, it seeks to equip academic translators with the skills required to produce target-language text in accordance with disciplinary conventions. The main perspective taken is that of a translator working from German into English, but the converse direction is also regularly taken into account. Most of the examples used are based on errors that occurred in real-life translation jobs. Additional practice materials and sample translations are available as eResources here: www.routledge.com/9780367619022. This book will be an important resource for professionals aspiring to translate academic texts, linguists interested in academic usage, translation scholars, and graduate and post-graduate students.

Music in Print Master Title Index 1999

Klingsor's Last Summer Hermann Hesse 2013-01-22 This is the first English-language edition of Klingsor's Last Summer, which was originally published in 1920, a year after Demian and two years before Siddhartha. The book has three parts: a story called A Child's Heart, followed by Klein and Wagner and Klingsor's Last Summer, Hesse's two longest and finest novellas. These novellas, along with Siddhartha (the three works were republished in 1931 under the title The Inward Way), are the first fruits of the period that began in the spring of 1919, when Hesse settled in the Ticino mountain village of Montagnola to start a new life without his wife and children. A Child's Heart, written in January 1919, in Basel, concerns the transmutation of a boy's innocence into knowledge of good and evil, and the painful guilt that accompanies this process. Both Klein and Wagner (written in May-June 1919, immediately after the arrival in Montagnola) and Klingsor's Last Summer (written shortly after) are set in a southern landscape that reflects Hesse's life that summer; both novellas have heroes who are more or less Hesse's age at the time; and in both the hero's death is preceded by a grand vision of unity in which the polarities of life are resolved. Hesse exposes himself mercilessly in Klein and Wagner, a story of escape, wrenching loose, letting go. But the expressionist painter Klingsor is a more direct self-portrait of the Hesse of 1919.
