Never Flirt with Puppy Killers Dan Wilbur 2016-05-10 "Classics" (the books you've lied about reading). Actual Classics (Greek and Latin books people don't even pretend to have read). Contemporary fiction (those books people talk about at parties that you've "definitely heard of" but never bothered to pick up). Children's (books that say the most with the fewest number of words, i.e. "The Best Books"). Reference (Those books that were around before Google). From children's literature, The Very Hungry Caterpillar gets the retile Eat Until You Feel Pretty. An American classic, The Great Gatsby is switched to Drink Responsibly. And from contemporary fiction, Gone Girl is retitled A Tale of Two Shitty People. There's something here for every reader.

Bitch to you", and more. Contains Adult Language. What others are saying about Calm the F*ck Down, an Irreverent Adult Coloring Book by Sasha O'Hara "This book will do exactly as it says. It will help you calm the "f" down. The book is awesome. It has one image per page, not front and back, so no worries about markers bleeding thru and ruining another image. I love that there are a couple of pages at the front to test your colors on. The book has awesome images and sayings. The images vary significantly so there really is something for everyone. I've included some sample images from the book to get an idea of what is inside. Amazing book for anyone who loves to color at a super reasonable price. Great gift idea. I'm buying a couple more for friends now that I've seen the inside..." - Melissa S. "I have had so much fun coloring your designs! They keep me somewhat sane when I am not feeling well. Thank you so much for putting out this book!" - Trish H. "I have so many coloring books that I've collected for the last 20 years; as a potty-mouthed b*tch, though, this is my current favorite. Can't wait for the next!" - Debbie M. "This is by far my favorite coloring book and I have tons!! Just the perfect amount of swears meets funny. Some of the swears books are disgusting. This one is perfect!!" -Gavin S. "I don't typically do product reviews but this time I'm making an exception. I absolutely love this book! Sure I'm sarcastic, sassy and have a sense of humor, and if you are too you'll love it as well. Some pages are simple, some more detailed so it's great for someone trying to just get a start in this hectic new wave of adult coloring. In the long run it makes me smile, and isn't that worth every penny?" - Anonymous "I just received this 15 minutes ago. This is just what the doctor ordered. Clearly it's not for those offended by foul language, but that should be obvious by title. I don't write that many reviews and certainly not within minutes of receiving the article. This little treasure of a coloring book was definitely worth the effort. While I enjoy my beautiful garden, faces, animals, mandalas and steampunk coloring books, Sasha O'Hara knocked it outta the park with this little diddy. I'm glad I didn't look at the pictures in the reviews. It was sooo much better being surprised by each turn of the page and literally laughing my a** off at such lovely drawings as the titles described my true feelings. There's a few I plan on coloring, framing and presenting to a few friends. Highly recommended to those not offended by uncensored foul language. - Moodswings

Bad Words from Around the World Christine Rai 2016-10-04 The first words you learn from a new language are the bad ones, I'll help you embrace that curiosity with 38 bad words from around the world! Here's a collection of 38 swear words I drew from 33 languages and cultures, including my own. Learn how to say: Bitch in 4 languages Fuck in 7 languages Damn in 3 languages Fuck off in 3 languages Dummy/idiot in 7 languages And learn some words that aren't easy to directly translate like: The German word backpfeifengesicht. It means a face badly in need of a fist. And the Amharic word silbabot. This literally translates to "you are the fatty layer on my warm milk" but it has the same application as calling someone a nuisance. What's Inside: Printed Single-Sided Pages At 8.5x11 single sided page includes design and the word definition, pronunciation, language, and country of origin for each word or phrase 3 test pages Easy, moderate, and complex designs. Some you can complete in one sitting and others you can come back to. Tired of mandalas? Don't have to patience to color in a bunch of tiny designs? I got you, the book features 38 varying designs that range in complexity so you can color some of these in one

sitting and come back to others. Bad Words from around the world is the perfect way to learn some new stuff and unwind. Are you trying to find an unique novelty gift for your best friend? Someone you know going off to study abroad? Need a present for literally any occasion (maybe not a 5th birthday party, but who am I to judge)? This is perfect. I'm all about equal opportunity insults so I curated this to only include words that can be used on anyone; nothing racist, homophobic, or misogynistic. Millions of kids around the world can't read or write any words including these bad ones, so a part of every book purchased will go to support a classroom in an underserved community. I hope this book puts a smile on your face, teaches you something, inspires you, or helps you express some of your creativity. Start your journey around the world here! As seen in Bustle and the Daily Dot! Check us out on weekendsquad.com
