Principles of Accounting Volume 1 - Financial Accounting Mitchell Franklin 2019-04-11 The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

God Still Uses Vessels Juanita Weiss 2012-02-21 IT'S ABOUT TIME YOU EMBRACED YOUR DAILY & LASTING PURPOSE IN THE KINGDOM OF GOD! Have you ever asked God, What is my purpose? Why did you call me What am I here for? I have. We all have. Those questions are not relegated to a certain group of people. The purpose he has for my life is your purpose as well. How he uses us as vessels to bring it forth might be different, but the result is the same. This book will answer those questions, give you a perspective for a fuller, more abundant life, and help you to discover your value in the Kingdom of God.
