The Fragile Ordinary Samantha Young 2018-07-01 I am Comet Caldwell. And I sort of, kind of, absolutely hate my name. People expect extraordinary things from a girl named Comet. That she'll be effortlessly cool and light up a room the way a comet blazes across the sky. But from the shyness that makes her book-character friends more appealing than real people to the parents whose indifference hurts more than an open wound, Comet has never wanted to be the center of attention. She can't wait to graduate from her high school in Edinburgh, Scotland, where the only place she ever feels truly herself is on her anonymous poetry blog. But surely that will change once she leaves to attend university somewhere far, far away. When new student Tobias King blazes in from America and shakes up the school, Comet thinks she's got the bad boy figured out. Until they're thrown together for a class assignment and begin to form an unlikely connection. Everything shifts in Comet's ordinary world. Tobias has a dark past and runs with a tough crowd—and none of them are happy about his interest in Comet. Targeted by bullies and thrown into the spotlight, Comet and Tobias can go their separate ways...or take a risk on something extraordinary. From the New York Times bestselling author of *The Impossible Vastness of Us* and the *On Dublin Street* series comes a heartfelt and beautiful new young adult novel, set in Scotland, about daring to dream and embracing who you are.

Irish Opinion and the American Revolution, 1760-1783 Vincent Morley 2002-07-18 This study traces the impact of the American Revolution and of the international war it precipitated on the political outlook of each section of Irish society. Morley uses a dazzling array of sources - newspapers, pamphlets, sermons and political songs, including Irish-language documents unknown to other scholars and previously unpublished - to trace the evolving attitudes of the Anglican, Catholic and Presbyterian communities from the beginning of colonial unrest in the early 1760s until the end of hostilities in 1783. He also reassesses the influence of the American revolutionary war on such developments as Catholic relief, the removal of restrictions on Irish trade, and Britain's recognition of Irish legislative independence. Morley sheds light on the nature of Anglo-Irish patriotism and Catholic political consciousness, and reveals the extent to which the polarities of the 1790s had already emerged by the end of the American war.

Amy Amy Amy: The Amy Winehouse Story Nick Johnstone 2011-09-23 Author Nick Johnstone unravels the all too short life and career of one of Britain's most brilliant and troubled stars. "Amy Amy Amy" tracks Amy Winehouse's erratic journey to fame from her North London Jewish family home, detailing her meteoric rise to stardom and the two albums that catapulted her to the top. Her well-publicised problems with alcohol and drugs, self-harm and personal relationships kept her in the headlines, always threatening to obscure her extraordinary musical gifts. Amy Amy Amy redresses the imbalance, giving full measure to Winehouse's talent while offering an honest account of her multiple personal crises. This updated edition of Amy Amy Amy takes the story up to July 2011 and Amy's tragic and unexpected death at her home in Camden Town following an aborted European tour and her final appearance on stage with her goddaughter at the Roundhouse in Camden.

The Seven Good Years Etgar Keret 2015-06-16 A brilliant, life-affirming, and hilarious memoir from a "genius" (The New York Times) and master storyteller. With illustrations by Jason Polan. The seven years between the birth of Etgar Keret's son and the death of his father were good years, though still full of reasons to worry. Lev is born in the midst of a terrorist attack. Etgar's father gets cancer. The threat of constant war looms over their home and permeates daily life. What emerges from this dark reality is a series of sublimely absurd ruminations on everything from Etgar's three-year-old son's impending military service to the terrorist mind-set behind Angry Birds. There's Lev's insistence that he is a cat, releasing him from any human responsibilities or rules. Etgar's siblings, all very different people who have chosen radically divergent paths in life, come together after his father's shivah to experience the grief and love that tie a family together forever. This wise, witty memoir—Etgar's first nonfiction book published in America, and told in his inimitable style—is full of wonder and life and love, poignant insights, and irrepressible humor.

Lukáš Jasanský, Martin Polák Tomáš Pospiszył 2013 Lukáš Jasanský and Martin Polák are among the best known and respected Czech photographers. They express themselves through extensive series of photographs that until now have only been documented separately, in small publications; a larger overview and assessment of their work has thus been missing. The photographic duo have, since the late 1980s, been documenting in detail the changes occurring in both urban landscapes (for example the Pragensia series) as well as rural ones (the Czech Landscape and Czech Villages series) which mark an evolution from the 'Communist past' to the 'Capitalist future'. This publication is the first book to comprehensively document the history of all the series of this photographer-duo. Published within the context of the series Tranzit, edited by Vít Havránek, focusing on Central and Eastern European artists. English and Czech text.

Remembering Che Aleida March 2022-07-12 Che Guevara's widow remembers a great revolutionary romance tragically cut short by Che's assassination in Bolivia. With a new introduction to be announced soon. When Aleida March first met Che Guevara, she was a twenty-year-old combatant from the provinces of Cuba, he an already legendary revolutionary and larger-than-life leader. And yet there was another, more human side to Che, one Aleida was given special access to, first as his trusted compañera and later as the love of his life. With great immediacy and poignancy, Aleida recounts the story of their epic romance—their fitful courtship against the backdrop of the Cuban revolutionary war, their marriage at the war's end and the birth of their four children, up through Che's tragic assassination in Bolivia less than ten years later. Featuring excerpts from their letters, nearly one hundred never-before-seen photographs from their private collection, and a moving short story Che wrote for Aleida, here is an intimate look at the man behind the legend and the tenacious, courageous woman who knew him best—a story of passionate love, wrenching sacrifice, and unwavering heroism.

KwieKulik Łukasz Ronduda 2012 Since the 1970s Zofia Kulik and Przemyslaw Kwiek (KwieKulik) have pioneered the transformation of artistic practice into social experimentation. KwieKulik sought to reconcile artistic praxis with everyday life, essentially based on the premise that form is a fact of society. The couple's pioneering approach to film, photography, and multi-screen slide projection epitomises their unique variation of expanded cinema. This comprehensive monograph documents their collective works from 1971 to 1987, illuminating the radically unique position of the artists in the history of neo-avant-garde in Central Europe. The book covers and documents more than 200 events, and includes a 'KwieKulik Glossary', the collection of concepts introduced and applied by the artists. Published with the Museum of Modern Art, Warsaw, BWA Wrocław-Galleries of Contemporary Art, ERSTE Foundation and The KwieKulik Archive, Warsaw-Lomianki.

The effect of harvesting and flooding on nutrient cycling and retention in *Cyperus papyrus* wetlands Edwin M.A. Hes 2021-11-18 African papyrus (*Cyperus papyrus* L.) wetlands provide water, food and materials to millions of people, and perform important landscape functions such as water and nutrient storage, habitat provision for fish, birds and other wildlife. They are also an integral part of the culture of African wetland communities. With an increasing demand

for food, papyrus wetlands are at risk of conversion to agriculture and losing these ecosystem services. Combining increased agricultural production with wetland conservation is urgently needed. The research presented in this book consisted of two parts. First, field experiments investigated nitrogen and phosphorus retention, showing that papyrus grows faster with disturbance from human activities or flooding, but produces less biomass and stores less nutrients. Then, a dynamic simulation model (Papyrus Simulator) based on the hydrological and ecological wetland processes showed that assimilation, mortality, decay, re-translocation, nutrient inflow and soil porosity were the most influential factors. The model demonstrated that controlled harvesting can increase nutrient retention by up to 40%, but overharvesting leads to the release of nutrients. These findings can help determining optimum harvesting strategies for constructed and natural wetlands, and contribute to the quantification of ecosystem services and an evidence-based adaptive management approach for African wetland landscapes.

Free from School Rahul Alvares 2005-01-12 It's not every day that a 16 year old writes a book. In fact, girls and boys of that age are supposed to spend their time studying what other people write. It is pre-sumed that at that age they do not themselves have anything significant or interesting to say. And the education system guarantees just that. The best rewards go to those who can parrot set answers to set questions in examination halls. Those who try to use their imagination or reply differently are often punished with low grades.

Miriam Cahn Marta Dziewanska 2019-02 From the editor's introduction: ??MIRIAM CAHN: I AS HUMAN? looks at this oeuvre from several vantage points. Kathleen Bühler and Adam Szymczyk view it from the biographical perspective, as we are all entangled?consciously or not?in various broader or narrower historical planes. Natalia Sielewicz, while reading the images and looking at the texts, attentively observes the strategies and stakes of the works of an artist: a woman who in her art ruptures the notions of stable subjectivity, who inhabits the shifting perspectives of ?I?. Based on her research on patriarchal violence, anthropologist and feminist Rita Segato looks at wounded women's bodies in Cahn's oeuvre and invites us to rethink the idea of minoritarian politics. Jakub Momro movingly writes about the shock of an encounter, seeing as experience, image-thought, and Cahn's work in the context of the intensities that create it/that it creates. Éric de Chasse, on the other hand, writes about the tension between figuration and abstraction: the mixture of distance, immediacy and truth; about performativity; and about the deeply political dimension of Cahn's work. The artist herself comments on these issues with eloquence and conviction in a conversation with Patricia Falguières, Élisabeth Lebovici, and Natasa Petresin-Bachelez [?].?00Exhibition: Kunstmuseum Bern, Switzerland (22.02. - 16.06.2019) / Haus der Kunst, München, Germany (12.07.-
