*Family Lineage of Thomas Gardner, Sr. and Descendants of England, and Essex and Nantucket Counties, Massachusetts* Dawn Boyer 2018-07-07 The Family Lineage of Thomas Gardner, Sr. and Descendants of England, and Essex and Nantucket Counties, Massachusetts provides a lineage of Thomas Gardner who was born between 1550 and 1580 in England, down through history to more modern-day descendants who were born as recently as the 1900's and living predominately in Essex and Nantucket Counties, Massachusetts as well as and Davidson, Guilford, and Forsythe Counties, North Carolina. This book provides at least eight (8) generations of direct descendants and their spouses. If you are a serious or hobby genealogist, and researching the Gardner lineage, this book could provide you some lineage data and vital statistics information you have been seeking to link your family or surname to this line of Gardners. **THIS BOOK IS A MUST HAVE IN YOUR GENEALOGY COLLECTION!** The family lineage published here are compilations of years of transcriptions from multiple resources, personal family interviews, ancestor's compilations, county history books, online and Internet genealogy groups, and other library database or book resources. The author spent over 20 years compiling the information in this publication for this specific family surname, as well as hundreds of other surnames that interlinked and intertwined to the author's own family and ancestry surnames. Do enjoy the fruits of the research to expand the reader's knowledge of this family surname. As noted on the copyright page, any errors may result from human transcription mistakes, original data having errors or omissions, or even some 'software burps' or data entry errors (e.g., a husband may have been entered as a spouse twice, thus shows up as a duplicate). The author suggests that genealogy researchers take the information in this book and use it as a 'with a grain of salt' baseline to further research on their own to confirm all the data in this publication against their own. **The Memoirs of Gen. Joseph Gardner Swift; LL. D., U. S** Joseph Gardner Swift 2017-10-12 Excerpt from The Memoirs of Gen. Joseph Gardner Swift; LL. D., U. S: First Graduate of the United States Military Academy, West Point, Chief Engineer U. S. A. From 1812-to 1818, 1800-1865, to Which Is Added a Genealogy of the Family of Thomas Swift of Dorchester, Mass., 1634 The genealogy of the descendants of Thomas Swift of Dorchester, Massachusetts, which is added to these Memoirs, was written a few years ago, during leisure moments, with the intention of confining it to the first four generations of the family, and contributing the same to the pages of the New England Historical and Genealogical Register. It was to have been one of a series of genealogies of those families with which I am connected by marriage, and which I hoped from time to time to complete. But the temptation to all who engage in genealogical work to expand has been yielded to, and what was intended to be simply the history of the early generations of the family has become what this book contains. While corresponding with various members of the family on the subject of its history, I found in possession of the sons of the late General Swift, of the United States Army, his journal. At my solicitation they permitted me to examine it. It proved a very interesting document, and it seemed to me that it would be a valuable contribution to history if printed. I suggested to them that it be embodied in one book with the genealogy, provided I could obtain enough subscribers to warrant it. They expressed their willingness, . And also from their family pictures contributed the illustrations which adorn the book. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
