Exhausted, wounded, and reeling from revelations that have shaken her to her core, Cat is at a breaking point. Camped in the woods with Cole and Leoben, she’s working day and night, desperate to find a way to stop Lachlan’s plan to reprogram humanity. But she’s failing—Cat can’t even control her newly regrown panel, and try as she might to ignore them, she keeps seeing glitching visions from

her past everywhere she turns. When news arrives that the Hydra virus might not be as dead as they'd thought, the group is pushed into an uneasy alliance with Cartaxus to hunt down Lachlan and fix the vaccine. Their search takes them to Entropia, a city of gene-hackers hidden deep in the desert that could also hold the answers about Cat's past that she's been searching for. But when confronted with lies and betrayals, Cat is forced to question everything she knows and everyone she trusts. And while Lachlan is always two steps ahead, the biggest threat to Cat may be the secrets buried in her own mind.

Art of Fernando Carcupino 2019-07 This is the third volume in the Sex and Horror series, which celebrates the publishing craze known as "fumetti sexy: " Italian adult comics and cartoons with a unique take on such genres as horror, crime, fantasy, history, and fairy tales. Their huge success in the 1960s and '70s was due in part to their uninhibited mix of twisted humor, gory violence, and up-front eroticism, but the element that makes them so collectable today is their technicolor cover illustrations, rendered by classically trained painters. This book focuses on the work of Fernando Carcupino, famed not just for his comic work but his pinups, as well.

December Park Ronald Malfi 2021-01-05 “A complex and chilling tale of friends, family and the often murderous secrets that hide in the dark” from the award-winning author of Bone White (Robert McCammon, New York Times–bestselling author). The Piper has come to take the children away . . . In the fall of 1993, fifteen-year-old Angelo Mazzone sees his first dead body. The murder is linked to the Piper, the possible abductor of three other children—who haven’t been found—over the past few months. Some people in town say the woods are haunted, but Angelo and his friends head in anyway, to search the darkness for a monster. What they find there will change who they are—and everything they once believed in . . . “A frightening, thoroughly engaging read with a deeply moving series of narrative motifs running throughout, ones that needle the mind and tug at the heart in the best way . . . A triumph of suspense, an affectionate ode to adolescence and by far Ronald Malfi’s strongest effort to date.” —Horror Novel Reviews “Malfi is a man of many voices, a sort of literary version of Mel Blanc (the ‘man of a thousand voices’), but all of his voices are captivating, though none of them quite the same. Horror and crime fans will find much to like here.” —Booklist
