Myth on the Modern Stage Hugh Dickinson 1969

Projecting History Nora M. Alter 2009-08-27 The intersection between social, historical, and political developments in Germany and the emergence of a nonfiction mode of film production

Fugitive Verses Joanna Baillie 1842

Concise 48 Laws of Power Robert Greene 2002 The perfect gift book for the power hungry (and who doesn't want power?) at an excellent price. The Concise Edition of an international bestseller. At work, in relationships, on the street or on the 6 o'clock news: the 48 Laws apply everywhere. For anyone with an interest in conquest, self-defence, wealth, power or simply being an educated spectator, The 48 Laws of Power is one of the most useful and entertaining books ever. This book 'teaches you how to cheat, dissemble, feign, fight and advance your cause in the modern world.' (Independent on Sunday) The distilled wisdom of the masters - illustrated through the tactics, triumphs and failures from Elizabeth I to Henry Kissinger on how to get to the top and stay there. Wry, ironic and clever this is an indispensible and witty guide to power. The laws are now famous:- Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary

The Turkish Turn in Contemporary German Literature L. Adelson 2005-08-19 Challenging the commonplace that suspends migrants between two worlds', this study turns a refreshingly curious eye to complex cultural relations and literary novelties wrought by Turkish migration to Germany. At interpretive and historic crossroads involving dialogue and storytelling, genocide and taboo, and capital and labour in the 1990s. This book illuminates far-reaching imaginative effects that literatures of migration can engender. In critical conversation with Arjun Appadurai, Seyla Benhabib, Homi Bhabha, Rey Chow, Andreas Huyssen, Dominick LaCapra, Doris Sommer, and many others, Adelson probes history and aesthetics as surprisingly twinned indices of national and global transformation at the millennial turn.
Forgotten Connections Klaus Mollenhauer 2013-10-30 Klaus Mollenhauer’s Forgotten Connections: On Culture and Upbringing is internationally regarded as one of the most important German contributions to educational and curriculum theory in the 20th century. Appearing here in English for the first time, the book draws on Mollenhauer’s concern for social justice and his profound awareness of the pedagogical tension between the inheritance of the past and the promise of the future. The book focuses on the idea of Bildung, in which philosophy and education come together to see upbringing and maturation as being much more about holistic experience than skill development. This translation includes a detailed introduction from Norm Friesen, the book’s translator and editor. This introduction contextualizes the original publication and discusses its application to education today. Although Mollenhauer’s work focused on content and culture, particularly from a German perspective, this book draws on philosophy and sociology to offer internationally relevant responses to the challenge of communicating cultural values and understandings to new generations. Forgotten Connections will be of value to students, researchers and practitioners working in the fields of education and culture, curriculum studies, and in educational and social foundations.

The Numbered Elias Canetti 1984

Shine Andy Cope 2018-05-29 "Redefining the genre of 'self-help comedy,' Shine is a book about the brevity of life. It contains adult themes of mortality, change, exhaustion and unrelenting pressure. Thankfully, the bleakness is done with humour and the solutions are entertaining, do-able and uplifting"--

Christianity in Roman Africa J. Patout Burns 2014-11-30 In-depth, illustrated exploration of how early North African Christians lived out their faith Using a combination of literary and archeological evidence, this in-depth, illustrated book documents the development of Christian practices and doctrine in Roman Africa -- contemporary Libya, Tunisia, Algeria, and Morocco -- from the second century through the Arab conquest in
the seventh century. Robin Jensen and Patout Burns, in collaboration with Graeme W. Clarke, Susan T. Stevens, William Tabbernee, and Maureen A. Tilley, skilfully reconstruct the rituals and practices of Christians in the ancient buildings and spaces where those practices were performed. Numerous site drawings and color photographs of the archeological remains illuminate the discussions. This work provides valuable new insights into the church fathers Tertullian, Cyprian, and Augustine. Most significantly, it offers a rich, unprecedented look at early Christian life in Roman Africa, including the development of key rituals and practices such as baptism and eucharist, the election and ordination of leaders, marriage, and burial. In exploring these, Christianity in Roman Africa shows how the early African Christians consistently fought to preserve the holiness of the church amid change and challenge.

1914 Lyn MacDonald 2014-11-13 Lyn MacDonald's acclaimed history 1914: The Days of Hope, is not so much the story of war as the story of an army. In this vivid account of the first months of the First World War, Lyn Macdonald draws on personal accounts of surviving veterans, bringing to life the disillusionment, the questioning and the heroism of the men of the British Army. The officers and men of 1914 were prepared to fight and ready to lay down their lives because it was their job. These men believed they were fighting the War to end War. 'Once again Lyn Macdonald has collected an extraordinary mass of original accounts, some by old soldiers, some in the form of diaries and journals, even by French civilians... Her research has been vast, and in result is triumphant' Tablet 'These poignant voices from the past conjure up a lost innocence as well as a lost generation' Piers Brendon, Mail on Sunday 'A mammoth, vivid compendium of the first months of the war... What Lyn Macdonald captures is the extraordinary resilience of the British regulars faced with the brutal shattering of their expectations' Daily Mail Lyn Macdonald is one of the most highly regarded historians of the First World War. Her books tell the men’s stories in their own words and cast a unique light on the experiences of the ordinary 'Tommy'. The Roses of No Man's Land, Somme and They Called it Passchendaele have been recently reissued by Penguin. She lives near Cambridge.

The Count of Abranhos Eça de Queirós 2020 "This novel depicts the life of a self-serving politician in late 19th-century Portugal"--

**The Quintessence of Strategic Management** Philip Kotler 2010-08-23 Having read this book: You will have a basic understanding of strategy and the process of strategic management. You will know the most important strategy tools (incl. the respective original literature) and how they interact. You will be aware of the focal areas and considerations of strategy in practice. You will be able to analyze and interpret business information with regard to the underlying strategic notions.

**Turkish Culture in German Society Today** David Horrocks 1996 A literary and cultural study combining social and political analysis along with a close reading of Turkish-born writer Emine Sevgi +zdamar in order to present the current situation of the Turkish minority living in modern Germany. The ten essays and conclusion include an interview and work sample from +zdamar's critically acclaimed over, followed.

**Prolegomena** Stuart Douglas Olson 2015-07-24 The Prolegomena provide an introduction to the Basler Iliad commentary. The volume includes essays on the history of Iliad commentaries and the text, formulaic language and the oral tradition, grammar, meter, characters, plot and chronological structure, narrative technique, and developments in Homeric criticism, as well as an Index of Mycenaean words with brief explanations.

**Sibilla Dalmar** Dohm 2012-06 Dieses Werk ist Teil der Buchreihe TREDITION CLASSICS. Der Verlag tredition aus Hamburg veröffentlicht in der Buchreihe TREDITION CLASSICS Werke aus mehr als zwei Jahrtausenden. Diese waren zu einem Grossteil vergriffen oder nur noch antiquarisch erhältlich. Mit der Buchreihe TREDITION CLASSICS verfolgt tredition das Ziel, tausende Klassiker der Weltliteratur verschiedener Sprachen wieder als gedruckte Bücher zu verlegen - und das weltweit! Die Buchreihe dient zur Bewahrung der Literatur und Forderung der Kultur. Sie tragt so dazu bei, dass viele tausend Werke nicht in Vergessenheit geraten

**Christian Discourses** Søren Kierkegaard 1971 The edition includes "Christian Discourses," "The Lilies of the Field and the Birds of the Air" and "Three Discourses at the Communion on Fridays." Originally published in 1971. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**A Schoolboy’s Diary and Other Stories** Robert Walser 2013-09-03 A Schoolboy’s Diary brings together more than seventy of Robert Walser’s strange and wonderful stories, most never before available in English. Opening with a sequence from Walser’s first book, “Fritz Kocher’s Essays,” the complete classroom assignments of a fictional boy who has met a tragically early death, this selection ranges from sketches of uncomprehending editors, overly passionate readers, and dreamy artists to tales of devilish adultery, sexual encounters on a train,
Plays on the Passions Joanna Baillie 2001-02-19 Baillie’s eminently readable dramas stand at the crossroads of the Scottish Enlightenment and early Romanticism, and compellingly engage with questions of women’s rights. Her exploration of the passions, first published in 1798, is here reissued with a wealth of contextual materials including “The Introductory Discourse,” Baillie’s own brand of feminist literary criticism. The three plays included here are “Count Basil: A Tragedy,” and “The Tryal: A Comedy,” which show love from opposing perspectives; and “De Monfort: A Tragedy,” which explores the drama of hate. Among other appendices, the Broadview edition includes materials on the contemporary philosophical understanding of the passions, and contemporary reviews. Baillie’s work is enjoying a revival of interest. She lived a long life, (1762-1851), and had a wide circle of literary friends including Maria Edgeworth and Sir Walter Scott (who termed her a “female Shakespeare”). Scottish born, she moved to England in her twenties where she then resided. Her Plays on the Passions, alternatively known as A Series of Plays in which it is Attempted to Delineate the Stronger Passions of the Mind—Each Passion being the Subject of a Tragedy and Comedy was produced in three volumes between 1798 and 1812. The first volume created quite a stir amongst the literary circles of London and Edinburgh when introduced anonymously. The speculation into the authorship concluded two years later when Baillie came forward as the writer of the collection, thereby causing a subsequent sensation since no one had considered the shy spinster a candidate in the mystery.

The Secret Gratitude Book Rhonda Byrne 2007-12-11 The best-selling author and producer of The Secret offers inspiring quotes and affirmations to encourage personal journaling and reflection on gratitude and abundance, equipping individuals with a powerful tool to transform their lives and experience more joy. 500,000 first printing. $250,000 ad/promo.

Hope for a Good Life Andreas M. Krafft 2018-05-02 This volume addresses the convincing belief that hope is an existential need and resource for living a good life, not only when all is going well, but especially in difficult times. The findings reported in this volume result from the annual survey of the Hope-Barometer Research Program collected during 7 years and conducted in several countries. Structured in three parts, the first one provides the reader with a general introduction into the topic of hope, the theoretical and methodological
foundations and major general results of the Hope-Barometer. Part two presents specific topics related to the levels and variations of hope across different population groups, and the relationship of hope with several measures of well-being. Further part three focuses on comparisons of elements and levels of hope across cultures discussing methods and techniques to improve hope and thus increase overall well-being.

Cultural Memory and Early Civilization Jan Assmann 2011-12-05 Now available to an English-speaking audience, this book presents a groundbreaking theoretical analysis of memory, identity, and culture. It investigates how cultures remember, arguing that human memory exists and is communicated in two ways, namely inter-human interaction and in external systems of notation, such as writing, which can span generations. Dr. Assmann defines two theoretical concepts of cultural memory, differentiating between the long-term memory of societies, which can span up to 3,000 years, and communicative memory, which is typically restricted to 80-100 years. He applies this theoretical framework to case studies of four specific cultures, illustrating the function contexts and specific achievements, including the state, international law, religion, and science. Ultimately, his research demonstrates that memory is not simply a means of retaining information, but rather a force that can shape cultural identity and allow cultures to respond creatively to both daily challenges and catastrophic changes.

The History of Peter the Great, Emperor of Russia Voltaire 1800

Authenticity in the Psychoanalytic Encounter Irma Brenman Pick 2018-02-15 Authenticity in the Psychoanalytic Encounter brings together Irma Brenman Pick’s original contributions to psychoanalytic technique. Working within the Kleinian tradition, she produces vivid clinical narratives that succeed in shedding a humane light on the struggles that patients – and, indeed, all of us – face in recognising, in an authentic way, our need for, and the contribution of, others in our lives. Brenman Pick is interested in the infantile antecedents of conflict in her patients, and the book demonstrates the attention needed to sense how these may be present in the patient’s clinical material. This involves an ability to understand the complex and sophisticated unconscious phantasies that are alive in the patient’s mind. She combines this with a creative clinical imagination that allows her to address these expertly in the here-and-now of the analytic encounter. A particular feature of this is the way Brenman Pick uses the analyst’s countertransference to bring in ways in which the struggle over authenticity also extends to the analyst. The focus on authenticity runs through the book and brings an interesting and original perspective to the topics discussed, which include adolescence, sexual identity, stealing and its relationship to the acknowledgement of dependency, the experience of uncertainty, concern for the object, destructiveness, creativity and the striving towards integration. These contributions will prove invaluable to psychoanalysts, psychotherapists and other mental health professionals interested in deepening their understanding of the complex relationships that can arise in the consulting room.

Kant on Human Dignity Oliver Sensen 2011-10-27 Kant is often considered the source of the contemporary idea of human dignity, but his conception of human dignity and its relation to human value and the requirement to respect others have not been widely understood. Kant on Human Dignity offers the first in-depth study in English of this subject. Based on a comprehensive analysis of the relevant passages in Kant as
well as an analysis of the famous arguments for a value of human beings in the Kant literature, the book provides a thorough interpretation of Kant’s conception of human dignity that brings out the unity of Kant’s moral thought.

**Christianity's Criminal History** K. D. 2018-10-02 Karlheinz Deschner (1924-2014) was a German scholar. He spent the first sixty years of his life investigating the history of the Catholic Church before starting the ten volumes of his maximum opus, *Kriminalgeschichte des Christentums* (Christianity’s Criminal History), which ended at ninety. White nationalists are pretty knowledgeable of the Jewish problem. But very few are aware that Jewish subversion is an epiphenomenon of a religion of Semitic origin: Christianity. Who among the white nationalists—or what more recently is known as the Alt-Right-knows the real history of Christianity? Who is aware that Christian fanatics literally destroyed the Greco-Roman world? The present book is an abridged translation of some chapters of the first three volumes of Deschner’s Christianity’s Criminal History.

**The Gin Closet** Leslie Jamison 2010-02-16 AS A YOUNG WOMAN, Tilly flees home for the hollow underworld of Nevada, looking for pure souls and finding nothing but bad habits. One day, after Tilly has spent nearly thirty years without a family, drinking herself to the brink of death, her niece Stella—who has been leading her own life of empty promise in New York City—arrives on the doorstep of Tilly’s desert trailer. The Gin Closet unravels the strange and powerful intimacy that forms between them. With an uncanny ear for dialogue and a witty, unflinching candor about sex, love, and power, Leslie Jamison reminds us that no matter how unexpected its turns, the life we’re given is all we have: the cruelties that unhinge us, the beauties that clarify us, the addictions that deform us, those fleeting possibilities of grace that fade as quickly as they come. The Gin Closet marks the debut of a stunning new talent in fiction.

**The Little Book of Otter Philosophy** (The Little Animal Philosophy Books) Jennifer McCartney 2019-08-22 Otters are some of the most delightful animals on the planet.

**A letter concerning enthusiasm** Anthony Ashley Cooper Earl of Shaftesbury 1732

**The Legend of Brynhild** Theodore Murdock Andersson 1980 Brynhild is the paramount figure of Germanic legend, but she has been subordinated more often than not to the male object of her passion. Her story is thus normally referred to as the legend of Sigurd or, in German circles, the legend of Siegfried. The title of this book is intended to make the point that the legend sings principally of the woman, not the man, a view that I argue specifically at the beginning of Chapter 2. My task has been to examine the sometimes fragmentary and always refractory medieval accounts of Brynhild with a view to extracting from them a better appreciation of her personality. This task made it necessary to reopen the long-standing debate on the textual relationships of the major literary documents (Poetic Edda, Volsunga saga, Pioreks saga, and Nibelungenlied). As a consequence the book has become a general reassessment of the so-called Nibelung question, a good part of which it attempts to summarize and elucidate.

**Ewald Christian Von Kleist's Sämtliche Werke Nebst Des Dichters Leben Aus Seinen Briefen an Gleim**
The Faculties of the Human Mind and the Case of Moral Feeling in Kant's Philosophy

Antonino Falduto

2014-04-02

In the past few decades a remarkable change occurred in Kant scholarship: the "other" Kant has been discovered, i.e. the one of the doctrine of virtue and the anthropology. Through the rediscovery of Kant's investigations into the empirical and sensuous aspects of knowledge, our understanding of Kant's philosophy has been enriched by an important element that has allowed researchers to correct supposed deficiencies in Kant's work. In addition, further questions concerning the nature of Kant's philosophy itself have been formulated: the more the "other" Kant comes to the fore, the stronger the question concerning the connection between pure philosophy and empirical investigation becomes. The aim of this study is to show that the psychological and anthropological interpretations of Kant's pure philosophy are not convincing and at the same time to illustrate some connections between his critical and anthropological investigations by means of an analysis of the theory of the faculties. Against both a "transcendental psychological" and an "anthropological" reading, the book presents Kant's theory of the faculties as a constitutive part of his critical philosophy and shows that there is a close connection between Kant's pure philosophy and his moral aesthetic.

Leadership styles in comparison. Effects of the three classic leadership styles as well as transactional and transformational leadership

2022-01-18 Seminar paper from the year 2015 in the subject Leadership and Human Resource Management - Management Styles, grade: 1,0, University of Frankfurt (Main), language: English, abstract: The history of leadership research and leadership theory goes far back into the past. Ever since people have lived together in groups, there have been leaders and those who are led. The many different leadership styles have also been discussed and criticized since the 1950s. The question arises which style is the most efficient or the "right" style for leading people. For a company it is of great importance with which behavior their managers can influence or motivate the employees to the best possible performance and thus achieve the company's goals. Empirical studies show that the leadership style has a great influence on the work and well-being of leaders and employees and thus also on the economic success of the company. However, there is no one optimal leadership style as several studies and publications have already proven. Each of the styles can achieve both positive and negative results, depending on the situation and the individual
employee. The leadership styles should be adapted according to the situation. In this paper, after defining the terms leadership and leadership style, on the one hand the classical leadership styles and on the other hand the transactional and the transformational leadership styles are explained and compared. Possible advantages and disadvantages as well as their influence on employee motivation, willingness to perform and leadership success will be shown. In addition, results of current studies will provide an insight into the state of research. Finally, the most important points are summarized and a concluding conclusion is drawn on the basis of the knowledge gained.

The Little Book of Sloth Philosophy Jennifer McCartney 2018-08-20 Relax, unwind and soak up the wisdom of the sloth with the slowest page turner you'll ever read. From tidying and Hygge, to living Lagom, the endless pressure to be happier, live better, sleep soundly, and eat mindfully can be exhausting. But this year's lifestyle trend finally delivers the perfect antidote - welcome to the year of the sloth. Sloths are mindfulness in action. Contemplative, deliberate, relaxed, and focused. They resist the rat race, the incessant pressures from society to be more productive, and they don't care how many steps they've logged on their fitness tracker. Long-limbed, a little bit shaggy, and a lot wide-eyed, they're wonderful creatures, not to mention completely adorable. Here you can enjoy take-it-slow wisdom inspired by sloths; including advice on sleep (more restorative than a 6am run), eating and 'exercise' (sloths are the original pioneers of slow food and yoga after all), work (did you know that lazy people have higher IQs?), family life, and love. Dispelling over-complicated myths about productivity, this brilliant book confirms that it really is OK to be a sloth.

The Power of Your Spoken Word Louise L. Hay 2005
