Stars Without Number (Perfect Bound) 2010-11-21 Stars Without Number is a science fiction role-playing game inspired by the Old School Renaissance and the great fantasy and science-fiction games of the seventies and eighties. * Compatible with most retroclone RPGs * Helps a GM build a sandbox sci-fi game that lets the players leave the plot rails to explore freely * World building resources for creating system-neutral planets and star sectors * 100 adventure seeds and guidelines for integrating them with the worlds you've made * Old-school compatible rules for guns, cyberware, starships, and psionics * Domain rules for experienced characters who want to set up their own colony, psychic academy, mercenary band, or other institution

The Last Sister Kendra Elliot 2020-01-14 Three sisters' secrets collide in a shocking novel of suspense by the Wall Street Journal and Amazon Charts bestselling author of the Mercy Kilpatrick series. Twenty years ago Emily Mills's father was murdered, and she found his body hanging in the backyard. Her younger sister, Madison, claims she was asleep in her room. Her older sister, Tara, claims she was out with friends. The tragedy drove their mother to suicide and Tara to leave town forever. The killer was caught. The case closed. Ever since, Emily and Madison have tried to forget what happened that night--until an eerily similar murder brings it all back. It also brings FBI special agent Zander Wells to the Oregon logging town. As eager as he is to

solve the brutal double slaying, he is just as intrigued with the mystery of Emily's and her sisters' past. When more blood is shed, Zander suspects there's a secret buried in this town no one wants unearthed. Is it something Emily and Madison don't know? Or aren't telling? And Tara? Maybe Emily can't bear to find her. Because when Tara disappeared, she took a secret of her own with her.

Ovid on Cosmetics Marguerite Johnson 2016-01-28 The *Medicamina Faciei Femineae* is a didactic elegy that showcases an early example of Ovid's trademark combination of poetic instruction and trivial subject matter. Exploring female beauty and cosmeceuticals, with particular emphasis on the concept of *cultus*, the poem presents five practical recipes for treatments for Roman women. Covering both didactic parody and pharmacological reality, this deceptively complex poem possesses wit and vivacity and provides an important insight into Roman social mores and day-to-day activities. The first full study in English devoted to this little-researched but multi-faceted poem, *Ovid on Cosmetics* includes an introduction that situates the poem within its literary heritage of didactic and elegiac poetry, its place in Ovid's oeuvre and its relevance to social values, personal aesthetics and attitudes to female beauty in Roman society. The Latin text is presented on parallel pages alongside a new translation, and all Latin words and phrases are translated for the non-specialist reader. Detailed commentary notes elucidate the text and individual phrases still further. *Ovid on Cosmetics* presents and explicates this witty, subversive yet significant poem. Its attention to the technicalities of cosmeceuticals and cosmetics, including detailed analyses of individual ingredients and the effects of specific creams and makeup, make this work a significant contribution to the beauty industry in antiquity.

The Opera Singer's Career Guide Pearl Yeadon McGinnis 2010-08-12 Any singer longing to have a career in opera, particularly in Europe, should be familiar with the European system of classifying voices known as *Fach*. *The Opera Singer's Career Guide: Understanding the European Fach System* presents valuable information to help readers learn, understand, and use the *Fach* system to their professional advantage. More than just soprano, alto, tenor, or bass, students and professionals alike should know the 25 different *Fach* categories fully defined here, along with the examples of roles, audition arias, and European opera houses and agents provided. Based on careful research and personal experience, singer and teacher Pearl Yeadon McGinnis describes the features, characteristics, and benefits of the *Fach* system, including voice categorization and classification and using *Fach* to train the young voice. She provides practical information on maintaining a career in opera, such as the different types, procedures, and pitfalls of opera auditions; types of opera contracts and contract negotiations; and the value of networking. She explains the different styles of European opera houses and gives an example of life in a state level German opera house, including the various performance spaces, the makeup and responsibilities of an ensemble, and the jobs and functions of opera house personnel. A glossary and several appendixes supply tools for auditioning, such as newly classified roles for Children, Lyric, and Beginner singers; roles for the established *Fach* categories; lists of opera agents and houses in the German speaking countries; and suggested audition arias by *Fach*. In addition, practical details are offered about establishing and maintaining residency in Europe, obtaining permission to live and work in Europe, and helpful hints about customs and travel.

Claudian Claudianus Claudius 2016-05-04 This work has been selected by scholars as being culturally important,

and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. The Philosophy of Natural Magic Heinrich Cornelius Agrippa von Nettesheim 1913

The Silence Kendra Elliot 2020-08-25 A dead conspiracy theorist. A mass murderer. Two cases collide for Callahan and McLane in a pulse-pounding thriller by Wall Street Journal and Amazon Charts bestselling author Kendra Elliot. A man is savagely murdered outside Portland, and Detective Mason Callahan finds blood-spatter evidence that tells a troubling story. Files reveal the murder victim, Reuben Braswell, was a radical conspiracist. In his home, investigators find pages of diatribes against law enforcement as well as ties to Mason's fiancée, FBI special agent Ava McLane. The victim was her informant--and had strong reasons to be paranoid. To Ava, Braswell's rants were those of a wearying and harmless man...until they collide with her investigation into the murders of police officers and finding the connection becomes urgent. Meanwhile, Braswell's brother and Ava's twin sister both disappear, and disturbing acts of sabotage target Ava's personal life. For Mason and Ava, the brutal crimes and escalating mysteries create a perfect storm for a terrorist conspiracy that becomes dangerously personal--one that has yet to claim its last victim.

Via Terra Achille Serrao 1999

Lucretius Poet and Philosopher Philip R. Hardie 2020-07-06 Six hundred years after Poggio's retrieval of the *De rerum natura*, and with the recent surge of interest in Lucretius and his influence, there has never been a better time to fully assess and recognize the shaping force of his thought and poetry over European culture from antiquity to modern times. This volume offers a multidisciplinary and updated overview of Lucretius as philosopher and as poet, with special attention to how these two aspects interact. The volume includes 18 contributions by established as well as early career scholars working on Lucretius' philosophical and poetic work, and his reception both in ancient and early modern times. All the chapters present new and original research. Section I explores core issues of Epicurean-Lucretian epistemology and ethics. Section II expounds much new material on ancient response to and reception of Lucretius. Section III presents new material and analysis on the immediate, fraught early modern reception of the poem. Section IV offers a wide collection of new and original papers on Lucretius' fortunes in the period from Machiavelli up to Victorian times. Section V explores little known aspects of the iconographical and biographical motifs related to the *De rerum natura*.

The Letters of Wolfgang Amadeus Mozart (1769-1791) Wolfgang Amadeus Mozart 1866

Alone Kendra Elliot 2014 RT Magazine 2014 Reviewers' Choice Finalist -- Best Romantic Suspense Suspense Magazine Best of 2014 One rainy night in the woods outside of Portland, Dr. Victoria Peres is called to the site of a haunting crime scene. Six beautiful young girls--all in white dresses and arranged in a perfect circle--have been left for dead. Only one girl, fighting for her life at a nearby hospital, has survived the carnage. Things get stranger still when Victoria and the police discover that the disturbing arrangement of the bodies--as meticulous as it is mysterious--is straight from the pages of a decades-old cold case. Victoria is called on to do what she does best, read the bones of the dead for clues...while dealing with the surprise return of her first love, medical examiner Seth Rutledge. Only this time she must figure out how the two cases, fifty years apart, are connected. In the fourth book in her heart-pounding Bone Secrets series, bestselling author Kendra Elliot sends readers on a dark and thrilling journey as forensic anthropologist Victoria Peres races to solve a horrific new case while confronting the secrets of her past.

The House of Early Sorrows Louise A. DeSalvo 2018 A stunning collection of one writer's beginnings. DeSalvo reframes and revises memoiristic essays that were the seeds of longer collections, to reveal her true power as a memoirist: the ability to dig ever deeper for personal and political truths that illuminate what it means to be a woman, a child of Italian immigrants, a writer, and a scholar.

Three Books of Occult Philosophy Heinrich Cornelius Agrippa 2021-11-23 • Three hardcover volumes in slipcase • Corrects the many mistranslations, copyist mistakes, and errors introduced from other editions, drawing on new research and access to Agrippa's source texts • Restores all of Agrippa's original illustrations • Presents a nearly complete bibliography of Agrippa's primary sources One of the most important texts in the Western magical tradition for nearly 500 years, Heinrich Cornelius Agrippa's 1533 work *Three Books of Occult Philosophy* collates a multitude of sources from the Classical, Medieval, and Renaissance periods and organizes them into a coherent explanation of the magical world. Divided into three parts--the natural world, the celestial world, and the divine world--the book systematically explains the philosophy, logic, and methods of magic and astrology and how they work. The basis for 19th-century magical orders such as the Golden Dawn and a primary source for countless books on magical uses of stones, herbs, incense, and astrology, Agrippa's many lists and diagrams have proven invaluable to magicians since the 16th century. Yet, until now, all English editions of Agrippa's *Three Books* were based on the same flawed 1651 translation from the mysterious "J.F." In this new translation from the original 1533 Latin edition, Eric Purdue corrects the many mistranslations, copyist mistakes, and errors introduced from other editions as well as restores all of Agrippa's original illustrations. Purdue notates every correction and offers commentary, drawing on major developments in the research of older magical and astrological texts. He also presents a nearly complete bibliography of Agrippa's primary sources, revealing Agrippa as a mainstream scholar of his day. Presenting the first new English translation of *Three Books of Occult Philosophy* in more than 350 years, this three-volume hardcover boxed set repairs the gaps in knowledge pervasive in the original translation and restores the magical spirit of

Agrippa's masterpiece, allowing us to hear Agrippa speak again.

Trends in Non-alcoholic Beverages Charis M. Galanakis 2019-08-29 Trends in Nonalcoholic Beverages covers the most recent advances, production issues and nutritional and other effects of different nonalcoholic beverages, such as carbonated beverages, cereal-based beverages, energy drinks, fruit punches, non-dairy milk products, nonalcoholic beer, ready-to-drink products (e.g. tea, coffee), smoothies, sparkling and reduced water beverages. Known Kendra Elliot 2016-01-19 After a brutal snowstorm in the Cascade Mountains, Chris Jacobs discovers two things he never expected to see: the charred shell of a cabin, and Gianna Trask and her sixteen-year-old daughter huddled in an SUV, having barely escaped from their burning vacation rental. Still scarred from a childhood ordeal, Chris knows there's something sinister about the scene—it's the stench of burned flesh. Forced to wait out the blizzard in their rescuer's retreat, medical examiner Gianna Trask wonders if her hidden past has finally caught up with her. When a body is found in the destroyed cabin's ashes and a forest ranger is brutally murdered, both Gianna and Chris must confront their secrets if they want to escape the violent threat lurking outside. In the fifth book in the Bone Secrets series, Kendra Elliot leads readers on a dangerous, twisting journey of two lives forever changed by a fiery snowstorm in the mountains."

Enrico Caruso Pierre Van Rensselaer Key 1922

A Merciful Silence Kendra Elliot 2018-06-19 In the fourth book of the Wall Street Journal bestselling series, FBI agent Mercy Kilpatrick must unlock the mystery of a mass murder, and the secrets of its silent witness... For Mercy Kilpatrick, returning to rural Oregon has meant coming to terms with her roots. Raised as a prepper, Mercy is now relying on her survivalist instincts to defend her town from the people the law can't reach. But this time, an investigation calling up a dark past for her and police chief Truman Daly may be hitting too close to home. A rainstorm has uncovered the remains of five people—a reprise of the distinctive slaughter of two families twenty years ago. Except the convicted killer is in prison. Is this the case of a sick copycat, or is the wrong man behind bars? One person might have the answer. The lone survivor of the decades-old crimes has returned to town still claiming that she can't remember a thing about the night she was left for dead. As the search for the truth becomes more dangerous, Mercy fears that the traumatized woman

may not have buried her memories at all. She might be keeping them a secret. And there's a price to be paid for revealing them.

Epigrams from Martial Marcus Valerius Martialis 1969

Pliny the Elder: The Natural History Book VII (with Book VIII 1-34) Pliny the Elder 2015-05-21
Pliny the Elder's Natural History is a vast encyclopaedia, surveying natural phenomena from cosmology to biology, medicine to magic. Direct observation, informed speculation and common knowledge are combined to present a key snapshot of ancient thought and the Romans' perspective on the world around them. Book VII of The Natural History provides a detailed examination of the human animal and is crucial to understanding the work as a whole. In Pliny's eyes, mankind 'for whose sake nature was created', represents the basis for which the natural world was founded and structured. As a result, the book provides valuable insight into the extraordinary complex of ideas and beliefs that were current in Pliny's era. One of the most interesting transitions of subject in The Natural History is that from man to animals (between Books VII and VIII) and for this reason the section on elephants at the beginning of Book VIII is included here, to show how Pliny moves on to his account of the animal he considers 'nearest to the human disposition'. This edition provides the full Latin text accompanied by commentary notes that provide linguistic help and explanations, plus vocabulary lists of Latin terms and an index of proper names. The in-depth introduction provides valuable details about the work's historical, scientific and literary context, as well as an overview of the work's legacy and reception.

Virgil's Aeneid Virgil 1875 Source texts of Vergil's Aeneid.

Martial's Epigrams Garry Wills 2008-10-30 One of literature's greatest satirists, Martial earned his livelihood by excoriating the follies and vices of Roman society and its emperors, and set a pattern that satirists have admired across the ages. For the first time, readers can enjoy an English translation of these rhymes that does not sacrifice the cleverly constructed effects of Martial's short and shapely thrusts. Martial's Epigrams "bespeaks a great scholar at play" (The New York Times Book Review), makes for addictive reading, and is a perfect, if naughty, gift. Look out for a new book from Garry Wills, What the Qur'an Meant, coming fall 2017.

Constructing the Criollo Archive Antony Higgins 2000 Focusing on a period neglected by scholars, Higgins reconstructs how during the colonial period criollos - individuals identified as being of Spanish descent born in America - elaborated a body of knowledge, an "archive," in order to establish their intellectual autonomy within the Spanish colonial administrative structures." "This book opens up an important area of research that will be of interest to scholars and students of Spanish American colonial literature and history."--BOOK JACKET.

Buried Kendra Elliot 2013 Haunted by the disappearance of his brother's school bus twenty years ago, Michael Brody's mystified when his brother's remains aren't among the other students' when bones are finally unearthed, so decides to track down the sole survivor of the mass kidnapping.

An Incomplete Education Judy Jones 2009-07-22 A completely updated, revised edition of the classic, outfitted with a whole new arsenal of indispensable knowledge on global affairs, popular culture, economic trends, scientific principles, and modern arts. Here's your chance to brush up on all those subjects you slept through in school, reacquaint yourself with all the facts you once knew (then promptly forgot), catch up on major developments in the world today, and become the Renaissance man or woman you always knew you could be! How do you tell the Balkans from the Caucasus? What's the difference between fission and fusion? Whigs and Tories? Shiites and Sunnis? Deduction and induction? Why aren't all Shakespearean comedies necessarily thigh-slappers? What are transcendental numbers and what are they good for? What really happened in Plato's cave? Is postmodernism dead or just having a bad hair day? And for extra credit, when should you use the adjective continual and when should you use continuous? *An Incomplete Education* answers these and thousands of other questions with incomparable wit, style, and clarity. American Studies, Art History, Economics, Film, Literature, Music, Philosophy, Political Science, Psychology, Religion, Science, and World History: Here's the bottom line on each of these major disciplines, distilled to its essence and served up with consummate flair. In this revised edition you'll find a vitally expanded treatment of international issues, reflecting the seismic geopolitical upheavals of the past decade, from economic free-fall in South America to Central Africa's world war, and from violent radicalization in the Muslim world to the crucial trade agreements that are defining globalization for the twenty-first century. And don't forget to read the section "A Nervous American's Guide to Living and Loving on Five Continents" before you answer a personal ad in the *International Herald Tribune*. As delightful as it is illuminating, *An Incomplete Education* packs ten thousand years of culture into a single superbly readable volume. This is a book to celebrate, to share, to give and receive, to pore over and browse through, and to return to again and again.

A Merciful Secret Kendra Elliot 2018-01-16 In this *Wall Street Journal* bestseller, a pair of ritual murders could expose Mercy Kilpatrick to something terrifying: her own past... Raised off the grid by survivalists, Mercy Kilpatrick believed in no greater safeguard than the backwoods of Oregon. Unforgiven by her father for abandoning the fold for the FBI, Mercy still holds to her past convictions. They're in her blood. They're her secrets--as guarded as her private survival retreat hidden away in the foothills. In a cabin near her hideaway, Mercy encounters a young girl whose grandmother is dying from multiple knife wounds. Hundreds of miles away, a body is discovered slashed to death in a similar way. The victims--a city judge and an old woman living in the woods--couldn't be more different. With the help of police chief Truman Daly, Mercy must find the killer before the body count rises. Mercy knows that the past has an edge on her. So does her family. How can she keep her secrets now...when they're the only things that can save her?

Music in Print Master Title Index, 1988 emusicquest 1990

Ovid's Lovers Victoria Rimell 2006-06-15 A compelling investigation of the question of the male/female relationship, which is central to Ovid's works.

Machinations of the Space Princess (Monochrome) James Desborough 2018-06-29 *Machinations of the Space Princess* is a Science-Fantasy role-playing game. That means it's very much about style over substance, mixing

science-fiction, magic and psionics in a game world that owes much more to Metal Hurlant and Star Wars than it does to 2001 or Bova's Grand Tour. This is a game of strangeness and fun, of space pirates and beautiful alien princesses, of living planets and robot hordes, of blasters at noon. This is... Sexy, sleazy, swords and sci-fi! A full game combining old and new school thinking, packed with GM and player advice and with simple tools for creating your own monsters, adversaries, weapons, armour, ships and alien races.

In the Pines Kendra Elliot 2021-08-10

Listening to Western Music Craig Wright 2016-01-01 Combining a student-friendly presentation with cutting-edge digital resources, LISTENING TO WESTERN MUSIC equips you with the tools to actively listen to and inspire a lifelong appreciation for music. Known for his clear, conversational style, Professor Wright helps you immediately find connections to music by comparing pop and classical music concepts. His text is organized chronologically and discusses musical examples from each era in its social context -- describing the construction and culture of each piece.
