Religious Education as Encounter. A Tribute to John M. Hull Siebren Miedema 2009 This volume is a tribute to our esteemed colleague Professor John Martin Hull for his exceptional academic achievements in the field of religious education. Especially worth mentioning are his worldwide continuous efforts in trying to realize interreligious education and interreligious learning in public schools. In his approach there is a strong emphasis on openness, dialogue, and encounter. When we are looking for an adequate vignette to characterize the contribution of this famous religious educator, a good one might be 'religious education as encounter'. That is why this volume is systematically focusing on this topic. It brings together contributions from leading researchers in the international field of religious education adhering to a great variety of religious or worldview traditions, and it addresses a wide range of perspectives regarding the concept of encounter in religious education.

Religious Diversity at School Ednan Aslan 2021-05-13 This volume features chapters by international experts in education, sociology, and theology who consider a range of challenges faced by educators in primary and secondary schools that are becoming increasingly diverse in terms of the ethnic and religious backgrounds of pupils. From the non-religious, to the refugee, to student fundamentalism and even radicalization—these multiple, fresh approaches analyze the dynamics of the changing pedagogical landscape in an age of ever increasing globalization and cultural plurality. Today's classrooms are often the most crucial spaces where children and adolescents encounter new cultural, religious, and other worldviews. Increasingly, teachers are called on to empower their pupils with the tools and competencies necessary to reflect on and process this plurality in ways that are productive for their intellectual growth and moral maturation. Regional case studies provide extensive data while offering insights into developments in school settings across Europe, in Turkey, and in the United States. In addition, a number of the contributions address the delivery, content, and policies of Islamic Religious Education in European contexts, the educational strategies employed in multi-religious societies, and interreligious dialogue in schools, whether intentional or spontaneous.

Talking Dialogue Karsten Lehmann 2021-02-22 Throughout the last two decades, the modern dialogue movement has gained worldwide significance. The knowledge about its origins is, however, still very limited. This book presents a wide range of insights from eleven case studies into the early history of several important international interreligious/interfaith dialogue organizations that have shaped the modern development of interreligious dialogue from the late nineteenth century up to the present. Based on new archival research, they describe, on the one hand, how these actors put their ideals into practice and, on the other, how they faced many challenges as pioneers in the establishment of new interreligious/interfaith organizational structures. This book concludes with a comparison of those case studies, bringing to light new and broader historico-sociological understanding of the beginnings of

international and multi-religious interreligious/interfaith dialogue organizations over more than one century. Crafts and Images in Contact Claudia E. Suter 2005 Art objects and pictures of the first millennium BC Chr. From the Middle East and the Eastern Mediterranean are viewed here from a perspective that sees art as a symbolic data carrier. Art conveys culturally shaped statements and thereby allows conclusions to be drawn about the culture, world view and religion of a people. In this book, it is examined in its triple function as an artifact, visual medium and reflection of cultural ideas.

Jerusalem and the One God Othmar Keel 2017-07-15 Jerusalem, with its turbulent history, is without doubt one of the best-known cities of the world. A long line of foreign powers have ruled over it, from as far back as biblical times. But the city owes its importance not to them but to the fact that it is the birthplace of the monotheistic currents that shape Judaism, Christianity, and Islam. Othmar Keel sketches in broad brush strokes the historical development of Israelite-Jewish monotheism in and around Jerusalem, arguing that monotheism is "a product of the city, not of the desert," and describes its integration of polytheistic symbols and perceptions into its worldview. Keel relies on biblical and extrabiblical texts as well as the rich iconographic evidence of archaeological discoveries. Abundant maps and sketches of archaeological artifacts enhance his argument.

Routledge International Handbook of Religion in Global Society Jayeel Cornelio 2020-11-30 Like any other subject, the study of religion is a child of its time. Shaped and forged over the course of the twentieth century, it has reflected the interests and political situation of the world at the time. As the twenty-first century unfolds, it is undergoing a major transition along with religion itself. This volume showcases new work and new approaches to religion which work across boundaries of religious tradition, academic discipline and region. The influence of globalizing processes has been evident in social and cultural networking by way of new media like the internet, in the extensive power of global capitalism and in the increasing influence of international bodies and legal instruments. Religion has been changing and adapting too. This handbook offers fresh insights on the dynamic reality of religion in global societies today by underscoring transformations in eight key areas: Market and Branding; Contemporary Ethics and Virtues; Intimate Identities; Transnational Movements; Diasporic Communities; Responses to Diversity; National Tensions; and Reflections on 'Religion'. These themes demonstrate the handbook's new topics and approaches that move beyond existing agendas. Bringing together scholars of all ages and stages of career from around the world, the handbook showcases the dynamism of religion in global societies. It is an accessible introduction to new ways of approaching the study of religion practically, theoretically and geographically.

Macht im interreligiösen Dialog Merdan Güneş 2022-07-11 "Dialog" gilt allgemein als anerkanntes Ziel interreligiöser Begegnungen. Bei Schwierigkeiten und Konflikten wird rasch zur Intensivierung des Dialogs aufgerufen. Doch verdient das "Dispositiv Dialog" einen genauen Blick; es steht nicht über den Konflikten und jenseits der Interessen: Wer bestimmt die Gestaltung und die Ziele von Dialogen? Welche Bedeutung hat die unterschiedliche Verteilung von Diskurspositionen, Interessen, Geldern, Publikationsmöglichkeiten? Und wie steht es um den Einfluss der Vorverständnisse von "Religion", "Vernunft und Verständigung" und "Gesellschaft"? Diesen eindeutigen Machtfragen gehen Wissenschaftlerinnen und Wissenschaftler aus den Bereichen Theologie, Religionswissenschaft, Philosophie, Pädagogik und Soziologie nach. Der Blick auf den europäischen Kontext wird ergänzt durch Beiträge aus afrikanischer und asiatischer Sicht.

In Memory of Them Christel Ahrens 2020-08-27 The book presents accounts of women reformers in the Ethiopian Evangelical Church Mekane Yesus (EECMY). The editors collected their stories and put them in a historic context, covering a period of 150 years starting from the arrival of Gustava Lundahl from Sweden in 1870 with her vision of a girls' school. A large field of experiences is covered from slaves to high standing women; illiterate ones and Bible translators; teachers and medical professionals; women with family responsibilities and those, who dedicated their lives to the gospel; women who were imprisoned and those holding leading positions.

Return to Sender John Corrigan 2019 This collection of studies by American and European scholars explores the various ways in which American evangelicals found their way to postwar Europe, what they did there, and how they were received. With attention to the American and European organizations that brokered their mission, the social and political settings that framed their activities, and the mixed results of their efforts, these studies provide a much-needed overview how an important twentieth-century style of Christianity "returned" to Europe.

Globalisation - Cultures - Religions / Globalisierung - Kulturen - Religionen 2006-01-01 The process of Globalisation has subjected cultures, religions and societies or communities of the world to fundamental changes, which are primarily characterised and conditioned by new communication technologies, migration, worldwide exchange of goods and capital. This development has led to the rise of plural societies, which not only mean chances and opportunities but also a potential of threat for the future of humanity. Subsequent to this development this international conference addresses the question of how living together in a global age could succeed and be fruitful. Im Zuge des Globalisierungsprozesses befinden sich alle Kulturen, Religionen und damit alle Gesellschaften der Welt in einem grundlegenden Wandel, der vor allem durch neue Kommunikationstechnologien, Migration, weltweiten Austausch von Kapital und Gütern bedingt ist. Diese Entwicklung hat zur Entstehung pluraler Gesellschaften geführt, die nicht nur eine Chance, sondern auch ein Bedrohungspotenzial für die Zukunft der Menschheit bedeutet. Vor diesem Hintergrund stellt sich für die Tagung die Frage, wie ein Zusammenleben der Menschen in einer zunehmend multireligiösen und multikulturellen Welt gelingen kann

Construction of the Other, Identification of the Self Martin Tamcke 2012 This volume of diverse contributions revisits the European religious construction of the Indian Other. In their attempt to identify their European Self, missionaries from Germany constructed India as their Other and archived such constructions. Such archival narratives epitomize the conviction of these missionaries in their Christian faith and their belief in the superiority of the European Self. These narratives, however, provide readers (for whose eyes they were not meant originally) with spaces to locate their own past and to identify their own Self. Mmanwu and Mission among the Igbo People of Nigeria Adolphus Chikezie Anuka 2019-06 The joy over the growth of Christianity in Africa is also a challenge to all concerned to help Christianity take roots, ennoble and become one with the cultural life of the numerous tribes of Africa. This missionary expectation is not yet fully realized in many local churches in Africa. From these perspectives, Adolphus Chikezie Anuka inaugurates a new brand of concrete, target-oriented emphasis on dialogical inculturation. In this book, the Mmanwu cultural institution of the Igbo people of south eastern Nigeria stands in central focus, opening itself to the influences of Christian values as well as speaking to the religious assumptions of Christianity. The theoretical results of this research work and its practical pastoral suggestions are both enlightening and appealing.

Humanity Fabian Klose 2016-10-10 This volume investigates the development of the concepts and practices of "humanity" from the sixteenth century up to the present. By taking a comparative and interdisciplinary approach, the contributors focus on Europe as well as Europe's relations to other world regions in the process that shaped "humanity". They show how this emerging concept led to the overcoming of fundamental divisions in many spheres on the one hand and the formation of new hierarchies on the other.

Wegbereiter des interreligiösen Dialogs Band II Petrus Bsteh 2018-10 27 Persönlichkeiten aus Geschichte und Gegenwart trugen mit ihren unterschiedlichen Biographien Verschiedenes zur Verständigung der Religionen bei. Dieser zweite Band der "Wegbereiter des interreligiösen Dialogs", zusammengestellt vom Forum für Weltreligionen, führt - in Fortsetzung von Band 1 - den Weg in Tiefe und Bedeutung des Dialogs. Er beinhaltet in drei Kapiteln eine Spurensuche des Dialogs: die Ansätze, den christlich-jüdischen Dialog und jenen mit den fernöstlichen Religionen. Pioniere, die im christlich-islamischen Miteinander engagiert waren und sind, werden in einem weiteren Band vorgestellt.

Transcontinental Links in the History of Non-Western Christianity Klaus Koschorke 2002 Sehr viel stärker und früher, als bislang wahrgenommen, ist die Geschichte des Christentums in Asien, Afrika und Lateinamerika seit dem 16. Jahrhundert durch polyzentrische Strukturen gekennzeichnet. Zugleich bestanden zahlreiche Querverbindungen zwischen den entstehenden ÜberseeKirchen, teils auch ganz unabhängig von missionarischen Netzwerken. Die Beiträge der Zweiten Internationalen München-Freisinger Konferenz behandeln unterschiedliche Formen transkontinentaler Verbindungen und frühe Beispiele direkter SüdSüdBeziehungen. Dabei werden drei Paradigmen diskutiert: 1. Ethnische Diasporen als Netzwerke, die für eine überregionale Selbstausbreitung des Christentums relevant sind; 2. Transkontinentale Rezeptionsprozesse; 3. Parallelentwicklungen in Asien, Afrika und Lateinamerika. (Texte in deutscher und englischer Sprache). Since the 16th century the history of Christianity in Asia, Africa and Latin America has been much more polycentric in patterns of interaction than has been traditionally recognized. At the same time there have existed many links between the emergent overseas churches, often quite independent of missionary connections. The papers from the Second International MunichFreising Conference deal with various forms of transcontinental links and early instances of SouthtoSouth interactions. (Texts in German and English)

Maddy Approaches to Monasticism in the Context of Christian Responses to Modern Culture is a study of how the values and practices of monasticism are being shaped by the shift to a cultural understanding of Christianity in modern times. The values and practices of traditional monasticism are contrasted with those of various expressions of new monasticism against the background of a multicultural and fluid social environment in an effort to find some reciprocal illumination. The study aims to describe monasticism in terms of authenticity and lived religion.

Interkulturelle Öffnung als Herausforderung Ulrike Caspar-Seeger 2022-03-09 In diakonischen Unternehmen nimmt die religiös-weltanschauliche Vielfalt unter den Mitarbeitenden stetig zu. Mit der vorliegenden Studie wird in den mit dem Begriff "Interkulturelle Öffnung" verbundenen Diskurs eine religionswissenschaftliche Perspektive eingebracht. Im Fokus der Untersuchung stehen die andersgläubigen Mitarbeitenden in diakonischen Unternehmen. Dabei wird zum einen nach der Verwurzelung der Mitarbeitenden in der eigenen religiös-weltanschaulichen Identität gefragt, zum anderen nach ihrer Identifikation mit dem diakonischen Arbeitgeber. Die Ergebnisse sind in einen theoretischen Rahmen eingebettet, der die Herausforderungen der Interkulturellen Öffnung darstellt und ein Angebot für die Weiterentwicklung des Prozesses macht.

Little Prayer Book, 1522, and A Simple Way to Pray, 1535 Mary Jane Jaemig 2017-07-15 This volume provides two of Martin Luther's most significant writings on prayer. In *Little Prayer Book* (1522), Luther seeks to reform the theology and practice of prayer in clear and understandable language for all people by encouraging simple, direct prayer to God, who promises to hear the one who prays. Luther focuses on the Ten Commandments, Apostles' Creed, and Lord's Prayer, giving his treatment of prayer a catechetical feel that would later provide the structure of his catechisms. In *A Simple Way to Pray* (1535), Luther offers his barber[AA1] and all other readers insights into his own prayer life. He organizes his comments around the seven petitions of the prayer Jesus taught to his disciples. He also uses the Ten Commandments and the Apostles' Creed as resources for prayer. He sets out to "kindle a fire in the heart" and increase the reader's eagerness for prayer. This volume is excerpted from *The Annotated Luther series*, volume 4 (Pastoral Writings). Each volume and selection in the series contains new introductions, extensive annotations, illustrations, and notes to help shed light on Luther's context and to interpret his writings for today.

Antisemitismus in Europa - eine Problemanzeige im Kontext des interreligiösen Dialogs André Ritter 2022 Dieser Band des Europäischen Instituts für interkulturelle und interreligiöse Forschung ist von der Erfahrung und Einsicht geleitet, dass Antisemitismus in Europa in der Mitte der Gesellschaft weiterhin allgegenwärtig ist. Bei der interdisziplinären Betrachtung dieses komplexen Themas fokussiert der Band drei Aspekte: - den Antisemitismus in Europa, dessen Vielfalt in verschiedenen Ländern mit unterschiedlichen Facetten sichtbar und wirksam ist, - die Kontextualisierung im interreligiösen Dialog, für den das vielschichtige Thema zugleich eine große ökumenische Herausforderung beschreibt, - die praktische Anwendung der Erkenntnisse auf die (politische wie religiöse bzw. kirchliche) Bildungsarbeit, die die jeweiligen Erfahrungen und Einsichten als Gabe und Aufgabe gemeinsamen Lernens versteht. Das Buch lädt entsprechend seiner vielstimmigen Ausrichtung zur Diskussion ein. Dabei können und sollen Perspektivwechsel und Horizonterweiterung unsere gemeinsame Verantwortung sowie unsere Zusammenarbeit über die Grenzen und Mauern in Europa hinweg stärken. Der Herausgeber, Dr. theol. André Ritter, ist Direktor und Geschäftsführer des Europäischen Instituts für interkulturelle und interreligiöse Forschung gGmbH mit Sitz in Heidelberg.

Die orthodoxen Kirchen im interreligiösen Dialog mit dem Islam Dietmar Schon 2017-07-24 Interreligiöser Dialog mit dem Islam gilt in einer globalisierten Welt als unverzichtbar, um friedliche Koexistenz von Menschen unterschiedlicher Religion zu sichern. Auch die orthodoxe Kirche hat sich im interreligiösen Dialog engagiert und zu einem Miteinander der Religionen beigetragen. Die Studie beleuchtet unmittelbar die in ökumenischem Kontext entstandenen Beiträge der autokephalen orthodoxen Kirchen seit den 1980er Jahren bis heute.

Wandel durch Dialog Michael Reder 2014-05-22 Der vorliegende zweite Band der Schriftenreihe "Interreligiöser Dialog in gesellschaftlicher Verantwortung" der Eugen-Biser-Stiftung beleuchtet unterschiedliche Aspekte des Wandels der deutschen und europäischen Gesellschaft im Zuge der zunehmenden Präsenz des Islam in Europa. Es zeigt sich, dass die wachsenden Konfliktpotenziale, die sich nicht zuletzt in einer dezidierten und politisch organisierten Islamfeindlichkeit niederschlagen, langfristig nur auf dem Wege des Dialogs überwunden werden können. In dem Band werden Gesprächsangebote von muslimischer wie von christlicher Seite vorgelegt, die es anzunehmen und weiterzuführen gilt.
