Knack Baby Sign Language Suzie Chafin 2009-12-28 Few children can communicate effectively before eighteen months of age, but sign language can allow baby and parent to reduce the frustration up to a year earlier. With more than 450 full-color photos, text, and sidebars, Knack Baby Sign Language provides a user-friendly, efficient method to learn and teach a baby sign language. Organized by age, it provides signs appropriate to use with babies, with toddlers, and with older children for whom signing with games, songs, and rhymes is enriching. The signs can also be used with special needs children and those with delayed communication abilities.

The Simple Guide To Having A Baby (2016) Parent Trust for Washington Children 2016-09-20 The simple way to learn about pregnancy, giving birth, and caring for your baby. This accessible, easy-to-read guide is a simplified version of the best-selling "Pregnancy, Childbirth, and the Newborn" for expectant parents who want only the most important, need-to-know, how-to information. The book tells readers: how to stay healthy during pregnancy, how to handle labor pain and birth, and how to care for a new baby. Using clear and simple language, it includes: • Advice on what to do and what not to do during pregnancy • Descriptions of easy exercises to help you stay healthy and feel better • Information on what to expect during labor and birth • Ways to deal with childbirth pain • Helpful hints on breastfeeding and being a parent

Giving Birth with Confidence JUDITH. LOTHIAN 2017-06-28

Pregnancy, Childbirth, and the Newborn Penny Simkin 2018-09-18 Available for the first time in full color, the up-to-date and authoritative pregnancy guide that has sold 1.5 million copies--by recognizing that "one size fits all" doesn't apply to maternity care Parents love this book because it puts them in control; experts love it because it's based on the latest medical research and recommendations from leading health organizations. Pregnancy, Childbirth, and the Newborn provides the information and guidance you need to make informed

decisions about having a safe and satisfying pregnancy, birth, and postpartum period--decisions that reflect your preferences, priorities, and values. Unlike pregnancy guides that can overwhelm and alarm by telling you up front all the things that can possibly go wrong, this book first describes normal, healthy processes, their typical variations, and the usual care practices for monitoring them. Only then does it cover possible complications and the care practices and procedures for resolving them. Throughout, the presentation is crystal-clear, the tone is reassuring, and the voice is empowering. And the language is inclusive, reflecting today's various family configurations such as single-parent families, blended families formed by second marriages, families with gay and lesbian parents, and families formed by open adoption or surrogacy. From sensible nutrition advice to realistic birth plans, from birth doulas when desired to cesareans when needed, from reducing stress during pregnancy to caring for yourself as well as your baby after birth, this pregnancy guide speaks to today's parents-to-be like no other.

The Fourth Trimester Kimberly Ann Johnson 2017-12-26 A guide to help support women through post-partum healing on the physical, emotional, relational, and spiritual levels. This holistic guide offers practical advice to support women through postpartum healing on the physical, emotional, relational, and spiritual levels—and provides women with a roadmap to this very important transition that can last from a few months to a few years. Kimberly Ann Johnson draws from her vast professional experience as a doula, postpartum consultant, yoga teacher, body worker, and women's health care advocate, and from the healing traditions of Ayurveda, traditional Chinese medicine, and herbalism—as well as her own personal experience—to cover • how you can prepare your body for birth; • how you can organize yourself and your household for the best possible transition to motherhood; • simple practices and home remedies to facilitate healing and restore energy; • how to strengthen relationships and aid the return to sex; • learning to exercise safely postpartum; • carrying your baby with comfort; • exploring the complex and often conflicting emotions that arise postpartum; • and much more.

Natural Alan Levinovitz 2020-04-07 Illuminates the far-reaching harms of believing that natural means “good,” from misinformation about health choices to justifications for sexism, racism, and flawed economic policies. People love what’s natural: it’s the best way to eat, the best way to parent, even the best way to act—naturally, just as nature intended. Appeals to the wisdom of nature are among the most powerful arguments in the history of human thought. Yet Nature (with a capital N) and natural goodness are not objective or scientific. In this groundbreaking book, scholar of religion Alan Levinovitz demonstrates that these beliefs are actually religious and highlights the many dangers of substituting simple myths for complicated realities. It may not seem like a problem when it comes to paying a premium for organic food. But what about condemnations of “unnatural” sexual activity? The guilt that attends not having a “natural” birth? Economic deregulation justified by the inherent goodness of “natural” markets? In *Natural*, readers embark on an epic journey, from Peruvian rainforests to the backcountry in Yellowstone Park, from a “natural” bodybuilding competition to a “natural” cancer-curing clinic. The result is an essential new perspective that shatters faith in Nature’s goodness and points to a better alternative. We can love nature without worshipping it, and we can work toward a better world with humility and dialogue rather than taboos and zealotry.

Gentle Birth Choices Barbara Harper 2005-08-09 Birth as every woman would like it to be •

Downloaded from avenza-dev.avenza.com
on September 27, 2022 by guest

Recommended by Lamaze International as one of the top ten books for pregnant women and their families • Includes a 45-minute DVD of six live gentle births • More than 32,000 copies sold of the original edition New parents are faced with a myriad of choices about pregnancy, labor, and birth. In *Gentle Birth Choices* Barbara Harper, renowned childbirth advocate, nurse, former midwife, and mother of three, helps to clarify these choices and shows how to plan a meaningful, family-centered birth experience. She dispels medical myths and reimagines birth without fear, pain, or violence. Harper explains the numerous gentle birth choices available, including giving birth in an independent birth center, at home, or in a hospital birthing room; finding a primary caregiver who shares your philosophy of birth; and deciding how to best use current technologies. She also provides practical advice for couples wishing to explore the option of using a doula or water during labor and birth to avoid the unwanted effects of drugs and epidurals. The *Gentle Birth Choices* DVD blends interviews with midwives and physicians and six actual births that illustrate the options of water birth, home birth, and vaginal birth after a prior Cesarean section. The DVD clearly reveals the strength of women during childbirth and the healthy and happy outcome of women exercising gentle birth choices. It is a powerful instructional tool, not only for expectant parents, but also for midwives, hospitals, birth centers, and doctors.

Transformed by Birth Britta Bushnell 2020-01-28 "Britta, you are a master at what you do." —P!NK, Grammy-winning singer-songwriter As expecting parents, you're bombarded with more information—and opinions—than ever about the "right" approach to pregnancy and childbirth. How do you navigate this ocean of information—not only to find the best practical solutions for you personally, but also to embrace this incredible opportunity for emotional and spiritual transformation that comes from bringing a child into this world? With *Transformed by Birth*, Dr. Britta Bushnell has created the transformative, intelligent, and empowering pregnancy and childbirth guide you've been waiting for. This book embraces birth as a metamorphic experience—a rite of passage in which you are initiated by opening to the unbidden, embodying your own wisdom, and gaining freedom from limiting beliefs. Our culture has inundated us with limiting ideals that prevent us from fully engaging in the journey of pregnancy and childbirth—including a need for control and certainty, vilification of pain, and reverence for technology and intellectual knowledge, among others. Dr. Bushnell helps you clear away unwanted beliefs and behaviors so you can open to the meaning and power of this uniquely life-changing experience. Here she offers daily practices, rituals, exercises, and more to help you cultivate resilience, power, and connection during this transformative time. Childbirth is more than just having a baby. *Transformed by Birth* invites you to discover childbirth as a transformational experience that alters your knowing of who you are and lasts long after pregnancy and birth are over.

The Thinking Woman's Guide to a Better Birth Henci Goer 1999-08-01 As an intelligent woman, you are probably used to learning as much as you can before making major decisions. But when it comes to one of the most important decisions of your life—how you will give birth—it is hard to gather accurate, unbiased information. Surprisingly, much of the research does not support common medical opinion and practice. Birth activist Henci Goer gives clear, concise information based on the latest medical studies. *The Thinking Woman's Guide to a Better Birth* helps you compare and contrast your various options and shows you how to avoid unnecessary procedures, drugs, restrictions, and tests. The book covers: Cesareans Breech babies Inducing labor Electronic Fetal Monitoring Rupturing Membranes Coping with slow labor Pain medication Epistiotomy Vaginal birth after a Cesarean Doulas

Deciding on a doctor or midwife Choosing where to have your baby and much more . . .

Hypnobirthing Marie Mongan 2016-03-01 The breakthrough approach to a safer, easier, more comfortable birthing. HypnoBirthing® is a celebration of life, and does not need to be feared, in embracing a natural birth a mother will discover a closer connection with their pre-born baby and will build a better understanding of the baby as a conscious little person who can interact with you, even before birth. Marie Mongan explodes the myth of pain as a natural accompaniment to birth. Including techniques for relaxing the mind during birth allows the body to work. Using the HypnoBirthing® method will lead to a happy and comfortable pregnancy and provide a life-changing experience for the life of the new family.

Painless Childbirth Fernand Lamaze 1956

Six Practical Lessons for an Easier Childbirth Elisabeth Bing 2010-04-14 THE BIBLE FOR EVERY COUPLE PREPARING FOR THE BIRTH OF A BABY When it was first introduced more than thirty years ago, the Lamaze method was a revolutionary childbirth technique. Since that time, it has made pregnancy and childbirth easier for millions of women, lessening their dependence on pain medications before and after birth. Elisabeth Bing's classic book on the Lamaze method guides women through the physical and psychological challenges of pregnancy. *Six Practical Lessons for an Easier Childbirth* details the changes a woman can expect in her body during pregnancy, labor, and delivery and provides a complete program of exercises for increased muscular control and relaxation during childbirth. This guidebook also emphasizes the partner's supportive role in the Lamaze method, both in preparation and in the delivery room. This newly revised edition includes an expanded program with new photographs of exercises for every pregnant woman. Elisabeth Bing also provides more information on what to expect in the hospital, including updated information on cesarean births and the medications commonly prescribed during delivery. Filled with vital information and reassurance, *Six Practical Lessons for an Easier Childbirth* will make expectant couples better prepared than ever for this joyous, rewarding experience.

Preparation for Birth Beverly Savage 1987 A comprehensive guide to every aspect of the natural childbirth experience using the lamaze method, including an explanation of labor and a discussion of the role of the father

Pregnancy Care Book Mary Michèle Farrugia 2009 Essential reading for anyone who is thinking about becoming pregnant or is already pregnant. This comprehensive book features extensive yet easy-to-understand information on everything related to pregnancy, from preconception to birth. The highly readable presentation style covers the following areas: Part 1 -- Before You Become Pregnant: everything from genetics basics to avoiding risks such as food toxins Part 2 -- Your First Trimester (Months 1 to 3): information on screening tests, diet and nutrition Part 3 -- Your Second Trimester (Months 4 to 6): everything from body changes to personal care to exercising safely Part 4 -- Your Third Trimester (Months 7 to 9): birth and newborn planning, childbirth classes and preparing for labor Part 5 -- Your Labor and Delivery: birth positions, labor stages, special deliveries and interventions Part 6 -- After Your Baby Is Born: information on newborn care, healthy parenthood and diet and exercise for breast-feeding mothers Health conditions and complications specific to each trimester are featured, as is an FAQ section. With extensive charts, tables and illustrations, and a full-color presentation, this book will appeal to a wide range of consumers. Mount Sinai Hospital is one

of the top teaching hospitals in North America and one of Canada's pre-eminent patient care, research and academic health science centers.

[Biological Nurturing](#) Suzanne Colson 2019-03-30 A carefully researched guide to allowing mothers and babies to breastfeed with their natural instincts and behavior.

Healthy Beginnings Nan Schuurmans 2017-03-20 Canada's premier resource for planning a happy, healthy pregnancy Healthy Beginnings is the ultimate guide to having a baby, with expert guidance through planning, conception, pregnancy, labor, and more. Developed by The Society of Obstetricians and Gynecologists of Canada (SOGC), this book answers the hundreds of questions you have about your body, your baby, and your life during this exciting time, written by Canada's lead authorities on maternal and newborn health. You will find clear answers about keeping yourself and your baby healthy through each trimester, and what to expect as your body changes seemingly overnight. When it's time, it's time, and the SOGC's experts walk you step-by-step through each of the four stages of labor and delivery, with insightful advice to help you have the birth experience you want and enjoy your first moments with your newborn. When pregnancy ends, motherhood begins, and this book helps you start caring for your newborn—and yourself—with help from leading authorities on postpartum care, breast feeding, and all the information you will need as a brand new parent. Based on the national guidelines for care, this book provides clinically accurate information in an accessible, user-friendly way. From planning a pregnancy to taking care of your new baby, your questions are answered here, by the premier experts in the field. Understand what to expect from your body during each trimester Learn how to eat, exercise, travel, work, and play as your pregnancy progresses Get expert insight and advice for each step of labor and delivery Take great care of your newborn—and yourself—and find help when you need it Expectant mothers are understandably overwhelmed with information—everyone has "advice," freely given, and sometimes questionable. How do you separate fact from superstition? Healthy Beginnings is the resource you can trust, with the most up-to-date answers on planning, pregnancy, delivery, and beyond.

Birth Matters Ina May Gaskin 2011-03-22 Renowned for her practice's exemplary results and low intervention rates, Ina May Gaskin has gained international notoriety for promoting natural birth. She is a much-beloved leader of a movement that seeks to stop the hyper-medicalization of birth—which has led to nearly a third of hospital births in America to be cesarean sections—and renew confidence in a woman's natural ability to birth. Upbeat and informative, Gaskin asserts that the way in which women become mothers is a women's rights issue, and it is perhaps the act that most powerfully exhibits what it is to be instinctually human. Birth Matters is a spirited manifesto showing us how to trust women, value birth, and reconcile modern life with a process as old as our species.

The Science of Mom Alice Callahan 2021-11-23 Now updated! The new edition of this best-selling guide uses science to tackle some of the most important decisions facing new parents—from sleep training and vaccinations to breastfeeding and baby food. Is cosleeping safe? How important is breastfeeding? Are food allergies preventable? Should we be worried about the aluminum in vaccines? Searching for answers to these tough parenting questions can yield a deluge of conflicting advice. In this revised and expanded edition of The Science of Mom, Alice Callahan, a science writer whose work appears in the New York Times and the Washington Post, recognizes that families must make their own decisions and gives parents

the tools to evaluate the evidence for themselves. Sharing the latest scientific research on raising healthy babies, she covers topics like the microbiome, attachment, vaccine safety, pacifiers, allergies, increasing breast milk production, and choosing an infant formula.

The Birth Partner Penny Simkin 2001 Definitive guide for preparing to help a woman through childbirth, and the essential manual to have at hand during the event.

Official Lamaze Guide Judith Lothian 2005-10 An official guide to the Lamaze Method of natural childbirth identifies potential dangers associated with such obstetrical practices as episiotomies and epidurals, citing the benefits of childbirth without intervention. Original.

Dr. Jack Newman's Guide To Breastfeeding, Revised Edition Jack Newman 2014-06-03 Breastfeeding is the natural and healthy way to nourish your baby, yet it's not always easy. New mothers need practical information about getting off to a good start and solving breastfeeding challenges. Health professionals need this information too, because it is rarely taught in medical school. Dr. Jack Newman's Guide to Breastfeeding covers the most common problems and questions that mothers encounter: How do I help my baby to get a good latch How can I know if my baby is getting enough milk How can I help him get more? Can I avoid sore nipples? Will my medication affect my baby? How do I fit breastfeeding into my life when I'm so busy? The answers are here. Dr. Jack Newman and Teresa Pitman are two of the foremost lactation experts in Canada and have helped tens of thousands of new mothers find solutions that work. In this comprehensive guide, they share the most current information about breastfeeding and provide new, effective strategies and solutions to make breastfeeding work for you.

Birth Tina Cassidy 2007-09 A detailed social history of childbirth examines the physical, political, social, religious, and anthropological factors that influence how women bring new life into the world, examining such topics as why birth can be difficult, how women have handled pain, the role of men during childbirth, and other important topics. Reprint.

A Good Birth, a Safe Birth Diana Korte 1992-09-16 Essential guide to the bewildering array of delivery options available.

Thank You, Dr Lamaze Marjorie Karmel 2005 In the 1950s Marjorie Karmel, an American woman in Paris pregnant with her first child, sought out pioneering French obstetrician Fernand Lamaze. This account of the subsequent birth of her children and her experiences of antenatal education and hospital care on both sides of the Atlantic was to change the way women give birth.

The Ultimate Breastfeeding Book of Answers Jack Newman 2006 Two leading lactation experts offer practical information, guidance, and encouragement to help new mothers overcome their fears, doubts, and practical concerns about breastfeeding, drawing on the latest research and furnishing updated facts and advice in a new edition of the comprehensive guide to breastfeeding. Original. 10,000 first printing.

Birth Partner 5th Edition Penny Simkin 2018-10-09 Since the original publication of *The Birth Partner*, partners, friends, relatives, and doulas have relied on Penny Simkin's guidance in

caring for the new mother, from her last trimester through the early postpartum period. Now fully revised in its fifth edition, *The Birth Partner* remains the definitive guide to helping a woman through labor and birth, and the essential manual to have at hand during the event. *The Birth Partner* includes thorough information on: Preparing for labor and knowing when it has begun Normal labor and how to help the woman every step of the way Epidurals and other medications for labor Pitocin and other means, including natural ones, to induce or speed up labor Non-drug techniques for easing labor pain Cesarean birth and complications that may require it Breastfeeding and newborn care and much more For the partner who wishes to be truly helpful in the birthing room, this book is indispensable.

Natural Childbirth the Bradley Way Susan McCutcheon 2018-02-06 The classic guide to an unmedicated childbirth, fully revised for the twenty-first century—with updated information and attractive new illustrations and photos throughout. For women birthing vaginally, 90% of Bradley births are drug-free! The Bradley Method®, used and praised by women for almost seventy years, prepares you for drug and surgery-free childbirth and puts you in control by providing the tools to navigate evidence-based care. Certified childbirth educator Susan McCutcheon, one of Dr. Bradley’s first students, now makes this natural approach to childbirth more accessible than ever. You will learn: • Exercises and nutrition to get your body ready for birthing • To defuse fear by understanding all aspects of laboring • How to involve your partner as a birth coach and a fully engaged participant • What’s driving the induction epidemic and how to avoid an unnecessary induction • What’s driving the cesarean surgery epidemic and how to reduce your risk • How to get the information you need to make informed decisions about your birth “The Bradley Method’s simple objective, through relaxation, breathing, and visualization, is a birth free of the interventions frequently offered to women in the different stages of childbirth: fetal monitors, drug-induced labor, anesthesia, episiotomy, and Caesarean section. (Its) other defining feature, the husband’s active participation in the delivery, is critical to this overall goal of an intervention-free birth.”—Mothering

Giving Birth With Confidence (Official Lamaze Guide, 3rd Edition) Judith Lothian 2017-03-28 For a Safe and Healthy Birth... Your Way! *Giving Birth with Confidence* will help take the mystery out of having a baby and help you better understand how your body works during pregnancy and childbirth, giving you the confidence to make decisions that best ensure the safety and health of you and your baby. *Giving Birth with Confidence* is the first and only pregnancy and childbirth guide written by Lamaze International, the leading childbirth education organization in North America. Written with a respectful, positive tone, this book presents: • Information to help you choose your maternity care provider and place of birth • Practical strategies to help you work effectively with your care provider • Information on how pregnancy and birth progress naturally • Steps you can take to alleviate fear and manage pain during labor • The best available medical evidence to help you make informed decisions Previously titled *The Official Lamaze Guide*, this 3rd edition has updated information on: • How vaginal birth, keeping mother and baby together, and breastfeeding help to build the baby’s microbiome. • How hormones naturally start and regulate labor and release endorphins to help alleviate pain. • Maternity-care practices that can disrupt the body’s normal functioning. • The latest recommendations on lifestyle issues like alcohol, vitamins, and caffeine. • Room sharing and cosleeping: the controversy, recommendations, and safety guidelines. • Out-of-hospital births are on the rise: New research and advice on planned home birth, including ACOG’s revised guidelines, which support women’s choices and

promote seamless transfer to hospital, if needed. • The importance of avoiding unnecessary caesareans for mother and child. Includes the new ACOG guidelines on inductions and active labor. • The research in support of the Lamaze International’s “Six Healthy Birth Practices,” which are: • Let labor begin on its own. • Walk, move around, and change positions throughout labor. • Bring a loved one, friend, or doula for continuous support. • Avoid interventions that aren’t medically necessary. • Avoid giving birth on your back and follow your body’s urges to push. • Keep mother and baby together—it’s best for mother, baby, and breastfeeding.

Give Birth a Chance Ilia Blandina 2018-02-20 Don’t Talk Yourself Out of a VBAC! Do you have a deep desire to give vaginal birth after having had a c-section (VBAC)? If you know deep in your heart that our ancestors did quite well with natural birth and want to follow in their footsteps. . . . If you know this path is a sacred one and you want to make it happen, but you don’t know where to begin. . . . If you long for a vaginal birth. . . . It starts with this book! Give Birth A Chance is like Birthing from Within meets The Matrix. It is a powerful guide to get yourself ready for an empowered birth experience whether you have had a c-section before or not. Read this book!

Confident Birth Susanna Heli 2012 Women have an innate ability to give birth, a knowledge that has been acquired through thousands of years of evolution. Yet all too often fear and stress can get in the way and block the natural process of childbirth. In this inspiring new

book, Susanna Heli, an experienced doula and physiotherapist, shows how childbirth can be transformed by understanding how fear can affect birth and how it is possible to overcome it by using four simple, dynamic and effective tools to rediscover the inner power to give birth. The tools are equally effective whichever type of birth you choose, and whether or not you have given birth before. A birth partner can play a key role in preventing worry and fear during birth. The book offers practical advice to help the birth partner support the labouring woman. Confident Birth will give you and your birth partner all the tools you need to cope with the challenges of childbirth, and make it an empowering and positive experience.

Why Induction Matters Rachel Reed 2018-09 Why Induction Matters offers parents the knowledge to make their own informed decisions on induction.

The Labor Progress Handbook Penny Simkin 2017-04-13 Praise for the previous edition: "This...edition is timely, useful, well organized, and should be in the bags of all doulas, nurses, midwives, physicians, and students involved in childbirth." -Journal of Midwifery and Women's Health *The Labor Progress Handbook: Early Interventions to Prevent and Treat Dystocia* is an unparalleled resource on simple, non-invasive interventions to prevent or treat difficult or prolonged labor. Thoroughly updated and highly illustrated, the book shows how to tailor one's care to the suspected etiology of the problem, using the least complex interventions first, followed by more complex interventions if necessary. This new edition now includes a new chapter on reducing dystocia in labors with epidurals, new material on the microbiome, as well as information on new counselling approaches specially designed for midwives to assist those who have had traumatic childbirths. Fully referenced and full of practical instructions throughout, *The Labor Progress Handbook* continues to be an indispensable guide for novices and experts alike who will benefit from its concise and accessible content.

Asking for a Pregnant Friend Bailey Gaddis 2021-06-01 *The Straight Scoop on the Questions That Make You Blush* Why do I feel turned on when breastfeeding? Could an epidural paralyze me? Am I awful for feeling sad my baby isn't the sex I'd hoped for? In this comprehensive new book, doula and birth educator Bailey Gaddis offers frank girlfriend talk and expert advice about pregnancy, childbirth, and early motherhood. During her own pregnancy, Bailey had many unanswered questions she felt were too taboo or embarrassing to ask. To help other women have a more informed, less cringey experience, she went on to train as a birth professional, and her work has inspired this book. Bailey consulted with medical experts and psychologists to ensure accurate answers to the featured questions, and she presents her sought-after expertise to you with thoughtfulness and humor. Her accurate, nonjudgmental answers to even the most embarrassing or scary questions will help guide you through pregnancy and the first weeks of motherhood with greater calm and confidence.

A Loving Weaning Wenema Wilson Lanoue 2017-07-19 Weaning from breastfeeding does not have to be confusing or difficult. When viewed as a journey of partnership and love, it can strengthen the parent-child bond and build trust and confidence. In this book, Winema Wilson Lanoue discusses the issues surrounding weaning, addresses the most frequently asked questions, and shows how parents can create a weaning plan that works for their unique family.

The Birth Book William Sears 1994-01-01 Gives expectant parents an overview of the

options available, offering up-to-the-minute advice on such matters as physical and emotional preparation, the father's role, avoiding a cesarean birth, and other information

Orgasmic Birth Elizabeth Davis 2010-06-08 Based on the hit documentary that inspired a vibrant online community, this innovative approach to birthing shows women how to maximize childbirth's emotional and physical rewards. With more than 4 million babies born in the United States each year, too many women experience birth as nothing more than a routine or painful event. In her much-praised film *Orgasmic Birth*, acclaimed filmmaker Debra Pascali-Bonaro showed that in fact childbirth is a natural process to be enjoyed and cherished. Now she joins forces with renowned author and activist Elizabeth Davis to offer an enlightening program to help women attain the most empowering and satisfying birth experience possible. While an orgasmic birth can, for some, induce feelings of intense, ecstatic pleasure, it is ultimately about taking control of one's own body and making the most informed decisions to have a safe, memorable, and joyful birth day. Whether women choose to give birth at home, in a hospital, or in a birthing center, *Orgasmic Birth* provides all the necessary tools and guidance to design the birth plan that's best for them. Featuring inspiring stories from mothers and their partners and filled with practical advice and solutions, this one-of-a-kind resource is the next frontier of natural, intimate childbirth.

Birthing from Within Pam England 2007 "Giving birth is the pivotal moment of a woman's life but it is often treated as a medical procedure, and not as a rite of passage. *Birthing from Within* offers parents engaging and memorable ways for pregnant women, and their partners, to activate personal, social and spiritual resources that will guide them through labour and afterwards. Many birth classes teach from the 'outside', from the perspective of the professional. Yet, knowledge of anatomy and the stages of labour can often seem irrelevant in the intensity of contraction. The pregnant woman needs to know about labour and birth from her own perspective, she needs to be prepared for birthing from within. Pam England offers a method that allows a woman to fully understand her own strengths and resources. The self-discoveries made during pregnancy makes birth life-enhancing and empowers the future of the family. It is a multi-sensory and holistic approach that aims to make parents feel positively informed about what they are about to experience, confident about the birth of their child. Pain is an inevitable part of childbirth but *Birthing from Within* provides resources for building pain-coping confidence in parents. It gives detailed instructions on dealing with normal labour pain and when the humane use of drugs may be called for."--Cover.

Homebirth in the Hospital Stacey Marie Kerr 2008 Written by a physician, this book embraces the power and possibility of integrative childbirth, in which the compassionate tradition of midwives is combined with the technical expertise of western medicine. --from publisher description

French Children Don't Throw Food Pamela Druckerman 2013 The book everyone is talking about: how the French manage to raise well-behaved children, and have a life! Who hasn't noticed how well-behaved French children are, compared to our own? How come French babies sleep through the night? Why do French children happily eat what is put in front of them? How can French mothers chat to their friends while their children play quietly? Why are French mothers more likely to be seen in skinny jeans than tracksuit bottoms?
