Albanian Literature Robert Elsie 2005-07-29 The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. "Albanian Literature: A Short History" tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, "Albanian Literature" is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.

Baudolino Umberto Eco 2014-08-28 An extraordinary epic, brilliantly-imagined, new novel from a world-class writer and author of The Name of the Rose. Discover the Middle Ages with Baudolino - a wondrous, dazzling, beguiling tale of history, myth and invention. It is 1204, and Constantinople is being sacked and burned by the knights of the fourth Crusade. Amid the carnage and confusion Baudolino saves a Byzantine historian and high court official from certain death at the hands of the crusading warriors, and proceeds to tell his own fantastical story.

The Making of the Modern Greek Family Paul Sant Cassia 1992 This 1991 study deals with a specific set of institutions in nineteenth-century Athens. Relying on matrimonial contracts, travellers' accounts, memoirs and popular literature, the authors show how distinctive forms of marriage, kinship and property transmission evolved in Athens in the nineteenth century. These forms then became a feature of wider Greek society which continued into the twentieth century. Greece was the first post-colonial modern nation state in Europe whose national identity was created largely by peasants who had migrated to the city. As Athenian society became less agrarian, a new mercantile group superseded and incorporated previous elites and went on to dominate and control the new resources of the nation state. Such groups developed their own, more mobile, systems of property transmission, mostly in response to external pressures of a political and economic character. This is a persuasive piece of detective work which has advanced our knowledge of modern Greece. It is a model for scholarship on the development of family and other 'intimate' ideologies where nation states encroach upon local consciousness.

Chronicle in Stone Ismail Kadare 2011-07-01 Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls

mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

Digital Logic John M. Yarbrough 1997 DIGITAL LOGIC offers the right balance of classical and up-to-date treatment of combinational and sequential logic design for a first digital logic design class. The author provides a thorough explanation of the design process, including completely worked examples beginning with simple examples and going on to problems of increasing complexity. This text contains PLD (Programmable Logic Design) coverage. Chapter 9 develops complete, worked EPROM, PLA, and EPLD design examples. The problems are developed in Chapter 7 as standard designs using SSI and MSI devices so that your students can see the difference between the two approaches.

Atlas Shrugged Ayn Rand 2005-04-21 Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

Metamorphosis Franz Kafka 2021-02-24 The Metamorphosis is a novella by Franz Kafka, first published in 1915. It has been cited as one of the seminal works of fiction of the 20th century and is studied in colleges and universities across the Western world. The story begins with a traveling salesman, Gregor Samsa, waking to find himself transformed (metamorphosed) into a large, monstrous insect-like creature. The cause of Samsa's transformation is never revealed, and Kafka himself never gave an explanation. The rest of Kafka's novella deals with Gregor's attempts to adjust to his new condition as he deals with being burdensome to his parents and sister, who are repulsed by the horrible, verminous creature Gregor has become.

The Miracle of Language Richard Lederer 2010-05-11 Master verbalist Richard Lederer, America's "Wizard of Idiom" (Denver Post), presents a love letter to the most glorious of human achievements... Welcome to Richard Lederer's beguiling celebration of language -- of our ability to utter, write, and receive words. No purists need stop here. Mr. Lederer is no linguistic sheriff organizing posses to hunt down and string up language offenders. Instead, join him "In Praise of English," and discover why the tongue described in Shakespeare's day as "of small reach" has become the most widely spoken language in history: English never rejects a word because of race, creed, or national origin. Did you know that jukebox comes from Gullah and canoe from Haitian Creole? Many of our greatest writers have invented words and bequeathed new expressions to our everyday conversations. Can you imagine making up almost ten percent of our written vocabulary? Scholars now know that William Shakespeare did just that! He also points out the pitfalls and pratfalls of English. If a man mans a station, what does a woman do? In the "The Department of Redundancy Department," "Is English Prejudiced?" and other essays, Richard Lederer urges us not to abandon that which makes us human: the capacity to distinguish, discriminate, compare, and evaluate.

The Siege Ismail Kadare 2010-02-12 From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

The Forty Rules of Love Elif Shafak 2010-02-18 In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of The Island of Missing Trees (a Reese's Book Club Pick), incarnates Rumi's timeless message of love. The Forty Rules of Love unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on Sweet Blasphemy, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

Santos leaves his high-powered life behind for a visit to the small town he grew up in... and the high school sweetheart whose wild passion he's never stopped craving. Faith Bennett loved Miguel the moment she saw him. But she always knew his future was in New York, while hers was tied to the auto shop that was her close-knit family's livelihood. Pushing him away nearly broke her, but when he took her heart with him, he left something precious behind. Now he's back, demanding her body, her desire, her very soul as retribution for the pain he still carries. He won't settle for anything less than everything she's got, but she still can't leave with him and he still can't stay, and their past has secrets too explosive to share.
