**Children's Literature and Culture of the First World War** Lissa Paul 2015-12-22 Because all wars in the twenty-first century are potentially global wars, the centenary of the first global war is the occasion for reflection. This volume offers an unprecedented account of the lives, stories, letters, games, schools, institutions (such as the Boy Scouts and YMCA), and toys of children in Europe, North America, and the Global South during the First World War and surrounding years. By engaging with developments in Children's Literature, War Studies, and Education, and mining newly available archival resources (including letters written by children), the contributors to this volume demonstrate how perceptions of childhood changed in the period. Children who had been constructed as Romantic innocents playing safely in secure gardens were transformed into socially responsible children actively committing themselves to the war effort. In order to foreground cross-cultural connections across what had been perceived as 'enemy' lines, perspectives on German, American, British, Australian, and Canadian children's literature and culture are situated so that they work in conversation with each other. The multidisciplinary, multinational range of contributors to this volume make

it distinctive and a particularly valuable contribution to emerging studies on the impact of war on the lives of children.

*Slippin' Out of Darkness* Bob Ruggiero 2017-10-11 The first biography of the seminal music group WAR whose many hits include "Spill the Wine," "All Day Music," "Why Can't We Be Friends?" "Slippin' into Darkness," "The Cisco Kid," and - of course - "Low Rider." They combined rock, funk, soul, R&B, jazz, and a strong Latin vibe in their music, they have been awarded two Platinum and eight Gold records in their career. Their album "The World is a Ghetto" was the bestselling release of 1973 and was #444 on the list of "Rolling Stone's Top 500 Albums" list. This unauthorized book follows the group from their early incarnations when Harold Brown and Howard Scott met to form the Creators and then the Night Shift, to their partnership with former Animals lead singer Eric Burdon, to a highly successful career on their own with the core original lineup of Brown, Scott, Lee Oskar, Lonnie Jordan, B.B. Dickerson, Papa Dee Allen, and Charles Miller. The story also follows the band through their later, leaner years, the tragic deaths of two members, and the conflicts that led to a fissure and a split of performing entities that continues to this day. Featuring original interviews, archival research, and musical analysis and commentary, "Slippin' Out of Darkness: The Story of WAR" tells the tale of one of the most unique bands in the history of Classic Rock-era music.

*My Vietnam War* E.E. "Doc" Murdock 2013-08-12 Writers have been writing about war since the siege of Troy, but few, if any, have captured the first-person experience of war as deeply as My Vietnam War. Set in 1967 (the deadliest year of the Vietnam War), this memoir-style novel depicts the psychological journey of a young man whose carefree days of studying philosophy at the university are ended by the draft. The story follows him from his initial rear-echelon assignment in Saigon, where he falls for a mysterious storytelling bar girl, to his eventual posting at an isolated front-line firebase in one of the deepest parts of the Vietnam jungle. While recovering from a leg wound (he is hit by a piece of bone from a fellow soldier who stepped on a booby trap mine), he becomes the assistant medic and sees the horrors of war close up. The experience begins his steady spiral down into PTSD. After he is seriously wounded, he ends up back in Saigon where, after an old friend from Arizona gets him involved in the underground drug trade, the mysterious bar girl may be his only hope for salvation. It is a powerful story, well-written, with vivid detail that you will never forget.

The Complete Married With Children Book: TV's Dysfunctional Family Phenomenon Denise Noe 2017-08-13 Married . . . with Children premiered on Fox TV in 1987 and updated the Don Ameche and Frances Langford radio comedy series, The Bickersons, and Jackie Gleason's TV classic, The Honeymooners, with a raunchy, cutting-edge slant that focused on a lovable yet laughable family headed by endearingly flawed Al (Ed O'Neill), his housework-hating wife, sexy daughter, and randy son. For 11 seasons, the brilliant team of talent put the funk in dysfunctional. Rediscover the exhilarating humor and intellectual excitement in Denise Noe's first book. She delves behind-the-scenes with Michael Moye, Ron Leavitt, Ed O'Neill, Katey Sagal, Christina Applegate, David Faustino, David Garrison, Amanda Bearse, E. E. Bell, and Ritch Shydner. You'll be fascinated by the story of how two rogue writers created a deliberately off-the-wall program; how it almost got derailed before production began; how a controversy could have plucked the series off the air but ended up injecting a much needed shot in the arm; how a reality-based show occasionally—and courageously—ventured into comedy with a fantasy, horror, and/or science fiction spin. Son of Sedonia Ben Chaney 2012-12 Imagine growing up in the largest slum on the planet in the year 2080AD. Twenty million people are your neighbors, huddled together in an ocean of rusted dwellings made from whatever Sedonia City, the towering metropolis in the distance, decides to throw away. Gang members, known as the T99s, are the heads of your community: smuggling tech, trafficking drugs, and fighting a constant guerilla war against the City's bio-augmented EXO police force. There is little hope for survival. None for escape to a better life beyond the half-mile high Border between city and slum. This is Matteo's world. A bright kid, but sick and weak since childhood, he is painfully dependent on Jogun: loving older brother, and hardened soldier for the T99s. When a luxury transport from Sedonia's aerial traffic crash-lands in Rasalla, it threatens to change Matteo and Jogun's fate forever. And all fates are connected. The Dwellers of Rasalla, bound by family in the scrap, ashes, and dirt. The Citizens of Sedonia, oblivious to danger in the buzzing twilight of the Neuro-Social Revolution. The EXOs, placing themselves in harm's way to perform their duty to protect their homes and fellow officers. And the Ruling Elite, whose long-buried secrets and desperate plans could spell the end of civilization...or a new beginning. Son of Sedonia is an action-filled science fiction epic with a soul and a clear message. Its characters live, breathe, suffer, and love in their different worlds, each brought to the brink as the Third-World collides with the First. Their future could well be ours.

Children Learn Business Children Learn Business 2015-10-24 The most successful professionals starting learning business concepts at a very early age. Having these childhood experiences proved most valuable as adults. They grew up and entered the workforce leagues ahead of their peers in social skills, communication, and business acumen. Children are quick to learn from others and adapt to their environment, more so than any other age. Knowing this, we must ask ourselves an important question. If the best time to learn is during childhood, why there is a significant lack of business education tailored for children? Millions of children's books are available for sale, however they are written on tales of a fantasy world where animals can speak, everyone is free from responsibility, and there is no conflict. As expected, these books add no value to a child's development and may even paint an unrealistic viewpoint of the world.

**Flight of Remembrance** Marina Dutzmann Kirsch 2011-12 Now an Award-Winning Finalist in the Non-Fiction: Narrative category of The 2012 USA Best Book Awards, sponsored by USA Book News. Obtain a free 40-page excerpt on [www.kirschstonebooks.com](http://www.kirschstonebooks.com). Against the backdrop of World War II tragedy and devastation in Latvia, Poland and Germany and three decades of European history, this true narrative provides a window into the palpating heart of wartime upheaval through the lives of Rolf Dutzmann and Lilo Wassull-two people fatefully positioned "on the other side." In December of 1939, swept along on a tide of dire necessity and circumstance due to the imminent Soviet takeover of his homeland, Rolf, a young Latvian aeronautical engineering student, flees with his family to Germany, a country fully under Hitler's control and already engaged in a brutal war. While the account chronicles Rolf's pursuit of his technical dream against daunting wartime odds, it is first and foremost a poignant love story that plays out against a panorama of worldwide chaos and destruction. It is also a story of the seen and unseen forces that coalesce to keep Rolf and Lilo alive after they meet in 1940 Berlin, leading them through a chain of cataclysmic events including Rolf's draft into the Luftwaffe and his father's assignment as chief inspector of V-2 rocket production; the bombing of Berlin; the destruction of their homes; their numerous desperate, cross-country escapes from the bombing, the advancing Soviet troops from the east, and other Allied forces from the west; the POW camp hardships; and the deprivation of the postwar years. Despite the immeasurable evil, suffering and desolation of World War II, a synchronistic chain of events provides an uplifting reminder that love and hope may take wing even out of the ashes of life's most terrifying adversities.

**The Smartest Kids in the World** Amanda Ripley 2013-08-13 How do other countries create “smarter” kids? What is it like to be a child in the world’s new education superpowers? The Smartest Kids in the World “gets well beneath the glossy surfaces of these foreign cultures and manages to make our own culture look newly strange....The question is whether the startling perspective provided by this masterly book can also generate the will to make changes” (The New York Times Book Review). In a handful of nations, virtually all children are learning to make complex arguments and solve problems they’ve never seen before. They are learning to think, in other words, and to thrive in the modern economy. Inspired to find answers for our own children, author and Time magazine journalist Amanda Ripley follows three Americans embedded in these countries for one year. Kim, fifteen, raises \$10,000 so she can move from Oklahoma to Finland; Eric, eighteen, trades his high-achieving Minnesota suburb for a booming city in South Korea; and Tom, seventeen, leaves a historic Pennsylvania village for Poland. Through these young informants, Ripley meets battle-scarred reformers, sleep-deprived zombie students, and a teacher who earns \$4 million a year. Their stories, along with groundbreaking research into learning in other cultures, reveal a pattern of startling transformation: none of these countries had many “smart” kids a few decades ago. Things had changed. Teaching had become more rigorous; parents had focused on things that mattered; and children had bought into the promise of education.

*Signing with a Heavy Hand and Heart, Love Mommy* Sondra Torres 2013-03-13 Words from Ms. Torres: “I take my FAS and turn it in to a teaching tool to help others learn what I go through every day of my life.” “If one person listens to what I have to say, then I have done my job. This is what I was born to do. I have won many awards for my work. The awards I’ve won have been great, but my biggest award is knowing that my message is being delivered and knowing that I might be helping so many people and unborn babies. . If I can prevent one more child from this awful syndrome I will be happy. My ultimate goal is to get the word out there that FAS is 100% preventable. I want everyone to know about the effects of alcohol on the fetus. My advice, my plea, is that you PLEASE, PLEASE do not drink while you are pregnant, even if you plan on giving your baby up for adoption. Let your baby fulfil his or her dreams and live a normal life. For all the fathers to be, you play an important role in this too. You must be encouraging and supportive. Staying away from alcohol yourself would be helpful.” What others are saying: Thank you for sending your book to me. I read it all, and I wanted to cry. What a wonderful sacrifice you and your family took on. It is wonderful what you have done and how Chanel has grown and turned out to be a wonderful young lady. You are certainly a very special person blessed by God from the beginning. I love you very much. Aunt Gloria“Ms. Torres is a true light in a world that needs more education on Fetal Alcohol Syndrome and its effects on unborn children. She has opened doors that will never be shut. She has just begun to educate the nation on Fetal Alcohol Syndrome.” Deborah Thornton, SEDNET Project Mangement“Ms. Torres is the epitome of self-advocacy and embodies strength, resilience, and determination. She is courageous and tireless in her quest to educate others regarding FAS; and is compassionate and determined in her mission to empower and advocate for other young

adults with disabilities.” Barbara Shannon, School Psychologist

Last night, I received a copy of *Signing with a heavy hand and heart, Love Mommy: A journey through fetal alcohol syndrome* by Mrs Sondra A Torres and Miss Chanel E Torres from Ms. Torres. I opened it and couldn't put it down until I was finished. This story of a young woman living with the effects of fetal alcohol syndrome (a birth defect that is 100% preventable-all pregnant women need to do is not drink when pregnant) is moving, sometimes funny and always inspirational. I quickly grew to care about Chanel and her adoptive family. Ms. Torres creates a vivid picture of what it is like to live with and care for children with special needs. In relatively few words, Torres brings her family to life-its struggles and its joys. The feelings of love and joy are powerfully conveyed while not minimizing the challenges presented in raising a child with FAS. As a teacher and parent I laughed and cried and wished I could meet this brave girl and her loving mother. Torres is compassionate towards all, including birth parents, but my heart breaks for the children who struggle with this disability. It is a daily battle for which there are some effective interventions but no cures. I will say that Ms. Torres left me more hopeful for these children than my experience as a teacher had-her powerful home environment is definitely a plus for Chanel."CHANEL TORRES IS AVAILABLE FOR SPEAKING ENGAGEMENTS TO BOOK THIS SPEAKER FOR A PRESENTATION, PLEASE GO TO [advocatefortheunborn.wordpress.com](http://advocatefortheunborn.wordpress.com)

Lord of the Flies William Golding 2003-12-16 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new *Suggestions for Further Reading* by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

**The Reality of Our Global Future** Peter B. Scott-Morgan, Dr. 2012-03-01 Where are we heading? Stripped of all the hype and fantasy – where really is the world economy set to take us by 2040? Those of us alive today are on an extraordinary course: For several decades our future has largely been determined by a handful of relatively-obscure trends that together generate the awesome propulsion of a High-Tech engine that is launching the international community on a voyage into completely unfamiliar territory. But where will we all end up? Based on unparalleled insights into what organizations across the globe are actually doing, for the first time the world's foremost expert on the hidden inner-workings of society explains in simple and accessible language exactly where the most deeply-established trends are taking us. How, despite claims that its accelerating progress is not sustainable for much longer, Digitization is on an inexorable course to a mind-blowing society of virtual-assistants, robot cars, cyborgs and everything on-the-record. And how Networking will combine with Digitization to lead by 2040 to computers capable of human-like interaction and an internet a billion times more powerful than today's. Dr. Scott-Morgan reveals how the Miniaturization trend offers nanotech breakthroughs ranging from cancer treatments to quantum computing – but not, as has often been claimed, Star-Trek Replicators or the threat of 'grey goo'. And he shows how exponential Simulation will support fundamental and sweeping advances that lead to almost limitless electricity and maybe almost limitless life-extension. Our world is set for a Global Renaissance. However, the backdraft of the High-Tech launch

engine is also stirring up a turbulence of unintended consequences that threaten to disrupt our trajectory. Rather than Global Renaissance, we would then enter Global Chaos. Yet these are not ordinary times. In the startling conclusion to his book, Dr. Scott-Morgan reveals how in only the last couple of years a brand new exponential trend has begun to emerge out of the turbulence. In terms of influencing our destination – whether we end up in a Global Renaissance or in Global Chaos – it is that trend that will be the most important one of all. NOTE: This is the companion volume to 'The Reality of Global Crises' by the same author.

**Global Conflict** Louise Spilsbury 2016-10-13 The Children in Our World picture book series helps children make sense of the larger issues and crises that dominate the news in a sensitive and appropriate manner. **A Complicated Legacy** Robert H. Stucky 2014-05-23 If movies and books like *Belle*, *Twelve Years a Slave*, *The Butler*, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy-- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his

and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

**Rules and Responsibilities** Louise Spilsbury 2020-07-21 "Rules help us take care of ourselves, each other, and the places and things around us." Rules and Responsibilities helps kids understand what rules are and the consequences of not following rules. National and international laws are also included in the discussion. Beyond following rules and obeying laws, this picture books also explains what being responsible is and how kids can take responsibility for their actions. "You can be a responsible person too! You can help make rules at home and school. You can make sure you respect and follow the rules and laws that affect you. You can also take more responsibility for the world around you." A glossary and additional resources can be found at the back of the book.

**Refugees and Migrants** Ceri Roberts 2018-06-12 The Children in Our World picture book series helps children make sense of the larger issues and crises that dominate the news in a sensitive and appropriate manner. With relatable comparisons, carefully researched text and striking illustrations, children can begin to understand who refugees and migrants are, why they've left their homes, where they live and what readers can do to help those in need. Where issues aren't appropriate to describe in words, Hanane Kai's striking and sensitive illustrations help children visualise who refugees and migrants are, in images that are suited to their age and disposition. The series forms an excellent cross-curricular resource that looks at refugees, war, poverty and racism making them ideal for tying into Refugee Week and current affairs discussions.

*Children in Our World: Protecting the Planet* Louise Spilsbury 2020-09-08 The CHILDREN IN OUR WORLD picture book series helps children make sense of the larger issues and crises that dominate the news in a sensitive and appropriate manner. Where issues aren't appropriate to describe in words, Hanane Kai's striking and sensitive illustrations help children visualise the issues with images that are suited to their age and disposition.

**Embraced** Jordan Jantz 2016-02-08 \*REVISED THIRD EDITION\* ALL PROCEEDS GO TO CHARITY - THE CHRISTMAS BOX HOUSE INTERNATIONAL. We are all writing the story of our life. We want to know what it's about. What are its themes and which theme is on the rise? People want to know where this book is taking them and where they are headed. Not to spoil our heat-embracing ending, but I want to ensure that when the ending comes, it won't be shallow; I will have done something life-transforming for others through this book. This book is about that life-transformation we all want for ourselves. I began this book because I hit that point in my life. I became intrigued by people who had unearthed their true calling...or those people who were willing to try. In this book, Embraced, nothing seems braver to me than facing up to one's own identity and filtering out the chatter that tells us to be something we're not. In this book I hit on an incredible well-

spring of honesty. Complete strangers opened their lives and their homes to me, confessing honesty and events that had never been revealed to ordinary people. By that I mean they did not have resources of character traits available to them to give them an uncommon advantage in pursuing a better life. I'm not an expert of any sort. I have not one credential and nothing to speak about in the academic department, just what you all read about in the book produced by author and owner of Jewel of the West Publishing, Jewel Adams, *Out of the Closet, Into the Light*, and the live video produced by the President of North Star International and Voice(s) of Hope, Ty Mansfield. These are the only things that I did that ever can be considered helpful additions to the world we share. I did learn from working on this book, *Embraced*, that it is the hard times that change the course of our lives. In this book I reveal these moments to show my own fallibility. This book is far different from what I originally envisioned. It reflects what I've found not what I predicted. This book does not follow a conventional outline because as you know, real life is not conventional. Each experience can become embraced in our life. So this book is to unearth the psychological secrets that haunt us. It is not organized by industry or personality type. It is not a travelogue. It is about misconceptions and fears. When people heard this book's title, the most common question I got asked was, "So is your book about your life, or about careers?" and I'd laugh and warn them not to get trapped by semantics. I answered, "It is about people who've dared to be honest with themselves." When reading it, I know you will become embraced.
