**Dereliction of Duty** Robert Patterson 2012-01-30 Lt. Col. Robert "Buzz" Patterson exposes the terrifying, behind-the-scenes story of the years when the most irresponsible President in our history had his finger on the nuclear trigger. Dereliction of Duty is the inside story of the damage Bill Clinton did to the U.S. military and how he compromised our national security. From his laughable salutes, to his arrogant, anti-military staffers, the message came through loud and clear: the Clinton Administration had nothing but contempt for America's men and women in uniform. For two years, Patterson was the White House military aide who carried the "nuclear football," which provides the President with remote nuclear strike capabilities. What he witnessed is shocking. Dereliction of Duty is the book every American concerned about our national security has been waiting for—written by a military man who was an eyewitness inside the Clinton White House, and who can no longer in good conscience keep silent.

**Volkswagen Golf GTI** Kenneth Cservenka 2009-02-15 Cars.

Golf Course Irrigation James Barrett 2004-01-16 Complete guidelines to developing and maintaining the most effective, environment-friendly irrigation systems for golf courses Golf Course Irrigation offers valuable insight on the design, installation, management, and maintenance of irrigation systems-the most important management tool used on today's golf courses. Without manufacturers' bias, this useful resource provides hands-on guidance to the highest quality irrigation systems, including specifications and applications of the best pump stations, controllers, sprinkler heads, nozzles, valves, sensors, and other components that make the difference in top-quality irrigation systems. Typically regarded as significant users of water, golf courses are under increasing scrutiny by governmental and environmental groups, making it essential that the up-to-date information found here-on such topics as water supply, plant irrigation requirements, application uniformity, and construction management-be at the fingertips of every golf course professional. While fostering the best playing conditions, these systems conserve water and energy with such technology as low-pressure heads and controls that use "if/then" logic to automatically adjust to changing conditions, which can improve playability while saving money. Golf Course Irrigation is a practical tool to help golf course architects, builders, superintendents, irrigation consultants, designers, and installers to improve aesthetics and playing conditions in the face of diminishing natural resources. It is also an informative reference for golf course owners, developers, local officials, students, and fans of the game.
