The Making of the English Working Class E. P. Thompson 2016-03-15 A history of the common people and the Industrial Revolution: “A true masterpiece” and one of the Modern Library’s 100 Best Nonfiction Books of the twentieth century (Tribune). During the formative years of the Industrial Revolution, English workers and artisans claimed a place in society that would shape the following centuries. But the capitalist elite did not form the working class—the workers shaped their own creations, developing a shared identity in the process. Despite their lack of power and the indignity forced upon them by the upper classes, the working class emerged as England’s greatest cultural and political force. Crucial to contemporary trends in all aspects of society, at the turn of the nineteenth century, these workers united into the class that we recognize all across the Western world today. E. P. Thompson’s magnum opus, *The Making of the*

English Working Class defined early twentieth-century English social and economic history, leading many to consider him Britain's greatest postwar historian. Its publication in 1963 was highly controversial in academia, but the work has become a seminal text on the history of the working class. It remains incredibly relevant to the social and economic issues of current times, with the Guardian saying upon the book's fiftieth anniversary that it "continues to delight and inspire new readers."

Mother of Peace Hak Ja Han Moon 2020-07 Discover the untold story of Hak Ja Han Moon, the North Korean village girl who is now known to millions as the Mother of Peace. Her heart-wrenching story reveals details of a war-torn childhood and trials of faith as she and her late husband, Rev. Sun Myung Moon, built a vast and still-growing international movement capable of fulfilling God's will for peace in the 21st century. A major milestone of her life, described in never-told-before detail, was her marriage in 1960, at age 17, to the charismatic Rev. Dr. Sun Myung Moon. For the next 52 years, she joined him in the daunting task of building a global interfaith movement to fulfill God's will for peace in the 21st century. Mother Moon's journey as a religious woman leader is breathtaking: Born in Japanese-occupied Korea in 1943, she spent her early life in nature so she could commune with God. War forced her to flee south with her mother and grandmother; they crossed the Han River Bridge minutes before it was blown up. Later, she walked and worked side-by-side with Father Moon, one of history's most energetic and visionary men. They visited every corner of the earth and, despite relentless persecution, met with world leaders, including Mikhail Gorbachev and Kim Il Sung, to bring God's message for them. During this time, she bore 14 children and buried four. She stood with Father Moon for hours as they officiated at Marriage Blessing Ceremonies for hundreds of thousands of couples. Together, they launched hundreds of organizations and businesses to serve youth, family and peacemaking. Since Father Moon's passing in 2012, Mother Moon has shouldered the leadership of their still-growing movement. She has led "Peace Starts With Me" rallies in six continents and plans to bring Blessing Ceremonies to all people.

The Reason for God Timothy Keller 2008-02-14 A New York Times bestseller people can believe in—by "a pioneer of the new urban Christians" (Christianity Today) and the "C.S. Lewis for the 21st century" (Newsweek). Timothy Keller, the founding pastor of Redeemer Presbyterian Church in New York City, addresses the frequent doubts that skeptics, and even ardent believers, have about religion. Using

literature, philosophy, real-life conversations, and potent reasoning, Keller explains how the belief in a Christian God is, in fact, a sound and rational one. To true believers he offers a solid platform on which to stand their ground against the backlash to religion created by the Age of Skepticism. And to skeptics, atheists, and agnostics, he provides a challenging argument for pursuing the reason for God.

Anglican Psalter John Scott 2012-11-22 Using Coverdale's translation of the Psalms from the Book of Common Prayer, the very best of Anglican chant is married to texts that have been used to sing the transcendent glory of God for three thousand years. The Psalms are ruthlessly honest in their portrayal of conflicting human emotions, and many psalters have excised the verses that speak of vengeance, hatred and anger. Acknowledging that these emotions are also part of human experience, the Anglican Psalter retains this material, to be included or omitted as local preference or the occasion dictates. Includes work by renowned composers past and present including Elgar, Parry, Stanford, Stainer, Wesley, Malcolm Archer, David Willcocks, John Barnard, and many more.

A Global Radical Waterfront Holger Weiss 2021 "This volume investigates the ambition of the Red International of Labour Unions to radicalize the global waterfront during the interwar period. The main vehicle was the International Propaganda Committee of Transport Workers, replaced in 1930 by the International of Seamen and Harbour Workers as well as their agitation and propaganda centres, the International Harbour Bureaus and the International Seamen's Clubs. The investigation scrutinizes their solidarity campaigns in support of local and national strikes as well as on their agitation against

discrimination, segregation and racism within the unions, their demands to organize non-white maritime transport workers, and their calls for engagement in anti-fascist, anti-war and anti-imperialist actions"--

Making Amulets Christian Theodore de Bruyn 2017-07-14 *Making Amulets Christian: Artefacts, Scribes, and Contexts* examines Greek amulets with Christian elements from late antique Egypt in order to discern the processes whereby a customary practice—the writing of incantations on amulets—changed in an increasingly Christian context. It considers how the formulation of incantations and amulets changed as the Christian church became the prevailing religious institution in Egypt in the last centuries of the Roman empire. Theodore de Bruyn investigates what we can learn from incantations and amulets containing Christian elements about the cultural and social location of the people who wrote them. He shows how incantations and amulets were indebted to rituals or ritualizing behaviour of Christians. This study analyzes different types of amulets and the ways in which they incorporate Christian elements. By comparing the formulation and writing of individual amulets that are similar to one another, one can observe differences in the culture of the scribes of these materials. It argues for 'conditioned individuality'

in the production of amulets. On the one hand, amulets manifest qualities that reflect the training and culture of the individual writer. On the other hand, amulets reveal that individual writers were shaped, whether consciously or inadvertently, by the resources they drew upon-by what is called 'tradition' in the field of religious studies.

Wild at Heart John Eldredge 2011-04-17 John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free.

An African American and Latinx History of the United States Paul Ortiz 2018-01-30 An intersectional history of the shared struggle for African American and Latinx civil rights Spanning more than two hundred years, *An African American and Latinx History of the United States* is a revolutionary, politically charged narrative history, arguing that the "Global South" was crucial to the development of America as we know it. Scholar and activist Paul Ortiz challenges the notion of westward progress as exalted by widely taught formulations like "manifest destiny" and "Jacksonian democracy," and shows how placing African American, Latinx, and Indigenous voices unapologetically front and center transforms US history into one of the working class organizing against imperialism. Drawing on rich narratives and primary source documents, Ortiz links racial segregation in the Southwest and the rise and violent fall of a powerful tradition of Mexican labor organizing in the twentieth century, to May 1, 2006, known as International Workers' Day, when migrant laborers—Chicana/os, Afrocubanos, and immigrants from every continent on earth—united in resistance on the first "Day Without Immigrants." As African American civil rights activists fought Jim Crow laws and Mexican labor organizers warred against the suffocating grip of capitalism, Black and Spanish-language newspapers, abolitionists, and Latin American revolutionaries coalesced around movements built between people from the United States and people from Central America and the

Caribbean. In stark contrast to the resurgence of “America First” rhetoric, Black and Latinx intellectuals and organizers today have historically urged the United States to build bridges of solidarity with the nations of the Americas. Incisive and timely, this bottom-up history, told from the interconnected vantage points of Latinx and African Americans, reveals the radically different ways that people of the diaspora have addressed issues still plaguing the United States today, and it offers a way forward in the continued struggle for universal civil rights. 2018 Winner of the PEN Oakland/Josephine Miles Literary Award

Moving Away from the Death Penalty Ivan Šimonovič 2014 Capital punishment is irrevocable. It prohibits the correction of mistakes by the justice system and leaves no room for human error, with the gravest of consequences. There is no evidence of a deterrent effect of the death penalty. Those sacrificed on the altar of retributive justice are almost always the most vulnerable. This book covers a wide range of topics, from the discriminatory application of the death penalty, wrongful convictions, proven lack of deterrence effect, to legality of the capital punishment under international law and the morality of taking of human life.

Prologue and Gospel Elizabeth Harris 1994 This book demonstrates that a type of prologue found in ancient Greek literature could be the literary convention behind John 1.1-18. The structure and content of the Johannine prologue determine the structure and content of the whole Gospel. It provides the reader

with seminal statements about the cosmic situation and God's plan for mankind, statements which are explicated thereafter. This function of the prologue is explored through the three historical personages mentioned in that largely metaphysical construction about the Logos: John, Moses and Jesus Christ. The person and mission of Jesus Christ, cryptically stated in the prologue, are explicated through three christological expressions: 'the Son of Man', 'I am', and 'the Son (of God)'. These require the Logos-creator conception in the background to give them theological coherence.

The Popes, the Catholic Church and the Transatlantic Enslavement of Black Africans 1418–1839 Pius Onyemechi Adiele 2017-09-01 Mehr als 400 Jahre lang erlitten schwarzafrikanische Männer, Frauen und Kinder während des transatlantischen Sklavenhandels schlimmste Formen der Versklavung und Erniedrigung durch Katholiken und das westliche Christentum. Damals wie heute glaubte niemand an die tiefe Verwicklung der Kirche und des Papsttums in den schwarzafrikanischen Holocaust. Trotz jüngster Behauptungen des päpstlichen Officiums in Rom, wonach die Päpste jegliche Form von Sklaverei verurteilten, so auch im Falle der Versklavung von Schwarzafrikanern, verweisen neuere Studien innerhalb dieses Forschungsfeldes auf das Gegenteil. Die Kirche und die Päpste nahmen vielmehr zentrale Rollen in diesem schlimmsten Verbrechen gegen die Schwarzafrikaner seit Beginn der schriftlichen Dokumentation ein. Mithilfe zahlreicher päpstlicher Bullen aus den Geheimarchiven des Vatikans und einer Vielzahl an königlichen Dokumenten aus dem portugiesischen Nationalarchiv in Lissabon, strebt der vorliegende Band eine kritische und analytische Untersuchung dieses Aspekts des transatlantischen Sklavenhandels an, der über so viele Jahre von den westlichen Historikern und Gelehrten verschleiert wurde. For over 400 years, Black African men, women and children suffered the worst type of enslavement and humiliation from the hands of Catholics and other Western Christians during the transatlantic slave trade. Before now, no one could ever believe that the Popes of the Church were deeply involved in this Holocaust against Black African people. Despite the claims made by the hallowed papal office in Rome in recent years that the Popes condemned the enslavement of peoples

wherever it existed including that of Black Africans, recent researches in these fields of study have proved the contrary to be true. The Church and her Popes were rather among the major “role players” in this worst crime against Black Africans in recorded history. With the help of a considerable number of papal Bulls from the Vatican Secret Archives and a great amount of Royal documents from the Portuguese National Archives in Lisbon, the present book is aiming to undertake a critical and analytical inquiry of this aspect of the transatlantic slavery that has been kept in the dark for so many years by the Western historians and scholars. The results of this studious but fruitful academic inquiry are laid bare in this notable work of the 21st century. Pius Onyemechi Adiele is a Catholic priest of Ahiara Diocese Mbaise and an alumnus of Seat of Wisdom Seminary Owerri and Bigard Memorial Seminary Enugu in Nigeria. He obtained his licentiate in Theology from the famous University of Münster and his doctoral degree in Church History from the renowned University of Tübingen in Germany. At present, he is a research fellow in the areas of African Church History and Enslavement of peoples as well as the pastor in charge of the merged parishes of Lauchheim, Westhausen, Lippach, Röttingen and Hülen in Germany.

The Myth of Persecution Candida Moss 2013-03-05 In *The Myth of Persecution*, Candida Moss, a leading expert on early Christianity, reveals how the early church exaggerated, invented, and forged stories of Christian martyrs and how the dangerous legacy of a martyrdom complex is employed today to silence dissent and galvanize a new generation of culture warriors. According to cherished church tradition and popular belief, before the Emperor Constantine made Christianity legal in the fourth century, early Christians were systematically persecuted by a brutal Roman Empire intent on their destruction. As the story goes, vast numbers of believers were thrown to the lions, tortured, or burned alive because they refused to renounce Christ. These saints, Christianity's inspirational heroes, are still venerated today. Moss, however, exposes that the "Age of Martyrs" is a fiction—there was no sustained 300-year-long effort by the Romans to persecute Christians. Instead, these stories were pious exaggerations; highly stylized rewritings of Jewish, Greek, and Roman noble death traditions; and even forgeries designed to marginalize heretics, inspire the faithful, and fund churches. The traditional story of persecution is still taught in Sunday school classes, celebrated in sermons, and employed by church leaders, politicians, and media pundits who insist that Christians were—and always will be—persecuted by a hostile, secular world. While violence against Christians does occur in select parts of the world today, the rhetoric of persecution

is both misleading and rooted in an inaccurate history of the early church. Moss urges modern Christians to abandon the conspiratorial assumption that the world is out to get Christians and, rather, embrace the consolation, moral instruction, and spiritual guidance that these martyrdom stories provide.

Jesus the Jew Géza Vermès 1981-01-01 This now classic book is a significant corrective to several recent developments in the study of the historical Jesus. In contrast to depictions of Jesus as a wandering Cynic teacher, Geza Vermes offers a portrait based on evidence of charismatic activity in first-century Galilee. Vermes shows how the major New Testament titles of Jesus-prophet, Lord, Messiah, son of man, Son of God-can be understood in this historical context. The result is a description of Jesus that retains its power and its credibility.
