**Jonathan and His Continent** Max O'Rell 1889

**The Show I'll Never Forget** Sean Manning 2009-02-23 In The Show I'll Never Forget, writer Sean Manning has gathered an amazing array of unforgettable concert memories from a veritable A-list of acclaimed novelists, poets, biographers, cultural critics, and songwriters. Their candid, first-person recollections reveal as much about the writers' lives at the time as they do about the venues where the shows occurred or the artists onstage. Ishmael Reed on Miles Davis Luc Sante on Public Image Ltd. Heidi Julavits on Rush Daniel Handler and Andrew Sean Greer on Metric Diana Ossana on Led Zeppelin Maggie Estep on Einsturzende Neubauten Dani Shapiro on Bruce Springsteen Gary Giddins on Titans of the Tenor! Nick Flynn on Mink DeVille Susan Straight on The Funk Festival Rick Moody on the The Lounge Lizards Jennifer Egan on Patti Smith Harvey Pekar on Joe Maneri Thurston Moore on Glen Branca, Rudolph Grey, and Wharton Tiers Chuck Klosterman on Prince Sigrid Nunez on Woodstock Jerry Stahl on David Bowie Charles R. Cross on Nirvana Marc Nesbitt on The Beastie Boys And many more . . . No matter where your musical taste falls, these often funny, occasionally sad, always thought-provoking essays-all written especially for The Show I'll Never Forget-are sure to connect with anyone who loves, or has ever loved, live music.

**The Wheatstone English Concertina in Victorian England** Allan W. Atlas 1996 The Wheatstone English concertina was enormously popular in Victorian England. Developed around 1830 by the physicist Sir Charles Wheatstone, the instrument quickly found a home on the leading concert stages and in upper-class salons. It attracted such composers as Macfarren, Benedict, Barnett, and Molique, who supplied its repertory with concertos, sonatas, character pieces, and chamber works. Its two great virtuosos, Giulio Regondi and Richard Blagrove, drew the plaudits of audiences and critics alike. This is the first comprehensive book about the instrument, its music, performers, audiences, and reception. It includes an appendix containing an edition of five pieces for the instrument.

*Encyclopedia of Recorded Sound in the United States* Guy A. Marco 1993 This alphabetical reference covers the entire spectrum of the recording of sound, from Edison's experimental cylinders to contemporary high technology. The major focus is on the recorded sound industry in the US, with additional material on Canada, Europe, Australia, and New Zealand. The coverage is particularly strong on the earliest periods of recorded sound history--1877-1948, the 78 rpm era and 1949-1982, the LP era. In addition to performers and their work, entries also cover important commercial organizations, individuals who made significant technical contributions, societies and associations, sound archives and libraries, magazines, catalogs, award winners, technical topics, special and foreign terms, copyright laws, and other areas of interest. Annotation copyright by Book News, Inc., Portland, OR

**Gospel C/G Anglo Concertina Solos** Ondrej Sarek 2013-03-24 Sacred music is often played. But there is a problem when the player wants to play a solo on an Anglo Concertina (20 button C/G). For the reason the book was written. You can find here 21 gospels and spirituals. Each song is arranged in two styles. Melody in cross-row style and two-handed "piano-style" playing. Amazing Grace; Angel Band; The Angel Rolled the Stone Away; Are You Washed in the Blood; Crying Holy; Gimme Dat Ol'Time Religion; Go, Tell It on the Mountains; Heav'n; I'm Gonna Sing; Kum Ba Yah; Mary had a baby; Michael, Row the boat Ashore; Oh Freedom; Oh, Sinner man; Oh, When the Saints; Rock My Soul; Singin' With a Sword in My Hand; Steal Away; Swing Low, Sweet Chariot; Wayfaring Stranger; Were You There When They Crucified My Lord?The are in the book songs without text.Check out samples from books:

Appendices include details of record companies, management companies, agents and promoters. The reference also details publishers, festivals and events and other organizations involved with music.

**Blackface Minstrelsy in Britain** Michael Pickering 2017-07-05 Blackface minstrelsy is associated particularly with popular culture in the United States and Britain, yet despite the continual two-way flow of performers, troupes and companies across the Atlantic, there is little in Britain to match the scholarship of blackface studies in the States. This book concentrates on the distinctively British trajectory of minstrelsy. The historical study and cultural analysis of minstrelsy is important because of the significant role it played in Britain as a form of song, music and theatrical entertainment. Minstrelsy had a marked impact on popular music, dance and other aspects of popular culture, both in Britain and the United States. Its impact in the United States fed into significant song and music genres that were assimilated in Britain, from ragtime and jazz onwards, but prior to these influences, minstrelsy in Britain developed many distinct features and was adapted to operate within various conventions, themes and traditions in British popular culture. Pickering provides a convincing counter-argument to the assumption among writers in the United States that blackface was exclusively American and its British counterpart purely imitative. Minstrelsy was not confined to its value as song, music and dance. Jokes at the expense of black people along with demeaning racial stereotypes were integral to minstrel shows. As a form of popular entertainment, British minstrelsy created a cultural low-Other that offered confirmation of white racial ascendancy and imperial dominion around the world. The book attends closely to how this influence on colonialism and imperialism operated and proved ideologically so effective. At the same time British minstrelsy cannot be reduced to its racist and imperialist connections. Enormously important as those connections are, Pickering demonstrates the complexity of the subject by insisting that the minstrel show and minstrel performers are understood also in terms of their own theatrical dynamics, t

**How Music Works** David Byrne 2017-05-02 \*Updated with a new chapter on digital curation\* How Music Works is David Byrne's incisive and enthusiastic look at the musical art form, from its very inceptions to the influences that shape it, whether acoustical, economic, social or technological. Utilizing his incomparable career and inspired collaborations with Talking Heads, Brian Eno, and many others, Byrne taps deeply into his lifetime of knowledge to explore the panoptic elements of music, how it shapes the human experience, and reveals the impetus behind how we create, consume, distribute, and enjoy the songs, symphonies, and rhythms that provide the backbeat of life. Byrne's magnum opus uncovers ever-new and thrilling realizations about the redemptive liberation that music brings us all.

designed as a 'self-service' course for the beginner, particularly one needing to learn to read music as well as play the concertina."

**Civil War Concertina** Gary Coover 2014-05-09 This book presents 60 songs and tunes from the American Civil War that were favorites with the soldiers and those at home, arranged especially for the 20-button C/G Anglo concertina. Inside are patriotic airs, marching songs, soldier songs, sentimental ballads and minstrel show songs adapted from the original sheet music, including popular works by Stephen C. Foster, George F. Root, Henry Clay Work and many others. All songs and tunes include the melody in standard musical notation along with complete lyrics and chords so you can play them on any musical instrument. For those who play the 20-button Anglo concertina, every selection includes an Anglo concertina tablature system that makes it easy to learn and play simple and complex arrangements. The music is arranged for concertina in a variety of styles - single note, simple harmony, octaves, and full accompaniment. All 60 tunes also have a QR code that links to a YouTube video so you can hear and see exactly how each printed arrangement is played. Although the 20-button Anglo only has one row of buttons in the key of C and another row in the key of G, it is far less limited than you might think, and you will be surprised just how much music you can make with it and how so many of these wartime melodies seem to fit perfectly. This book will take you back a hundred and fifty years so you can experience the songs and music of the rallies, the camps, the battlefields and the homes.

Down Home Dairyland James P. Leary 2002-10 Drawing on decades of research, folklorists Jim Leary and Richard March have distilled a definitive presentation of Upper Midwestern traditional and ethnic music, from Ojibwa drums to Norwegian fiddles, from polka to salsa, from gospel choirs to southeast Asian rock bands. The book Down Home Dairyland: A Listener's Guide provides a wonderful overview of Wisconsin's musical heritage through forty essays, fifty-seven photographs, plus a rich discography and bibliography. Both the cassette and the music CD sets provide samplings from the Down Home Dairyland series of forty half-hour radio programs on Wisconsin Public Radio. These audio collections include interviews with traditional musicians, sample sound recordings, and discussion of the patterns of musical styles in the region. Distributed for the Center for the Study of Upper Midwestern Cultures, University of Wisconsin-Madison.

**Music Composition For Dummies** Scott Jarrett 2020-12-29 You can hum it, but can you write it down? When most people think of a composer, they picture a bewigged genius like Mozart or Beethoven frenetically directing mighty orchestras in the ornate palaces of Vienna. While that may have been the case once upon a time, modern composers make themselves heard far beyond the classical conservatoire and concert hall. These days, soundtracks are in high demand in industries such as TV, film, advertising, and even gaming to help create immersive and exciting experiences. Whatever your musical ambitions—composing a dark requiem in a beautiful Viennese apartment or producing the next great Star Wars-like movie theme in LA—the fully updated

Music Composition For Dummies hits all the right notes to help you become confident in the theory and practice of composition. To help you translate your musical ideas from fleeting tunes in your head to playable bars and notation on paper, professional composer and instructor Scott Jarrett and music journalist Holly Day take you on a friendly step-by-step journey through the process of musical creation, including choosing the right rhythms and tempos, creating melodies and chord progressions, and working with instruments and voices. You'll learn how to match keys and chords to mood, use form to enhance your creativity, and write in different styles from pop to classical—and you'll even learn how to keep hammering away when inspiration eludes you. Organize and preserve your musical ideas Formalize your knowledge with professional vocabulary Get familiar with composition apps and software Make a demo and market on social media Filled with musical exercises to help you acquire the discipline you need for success, Music Composition For Dummies has everything you need to turn your inner soundtrack into a tuneful reality!

**The Puppet Show Of Memory** Maurice Baring 2014-09-29 It was into the famous Baring family of merchant bankers that Maurice Baring was born in 1874, the seventh of eight children. A man of immense subtlety and style, Baring absorbed every drop of culture his fortunate background gave him; in combination with his many natural talents and prolific writing this assured him a place in literary history.

Old Country Life Sabine Baring-Gould 2021-12-02 "Old Country Life" by S. Baring-Gould. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

**The Folk Music Sourcebook** Larry Sandberg 1989-08-21 This revised and updated book is a guide for the listener, collector, singer, player and devotee of folk music. It covers music from string band to bluegrass, Canadian, Creole, Zydeco, jug bands, ragtime and the many kinds of blues. The book evaluates, reviews and recommends on such subjects as where to buy records and instruments and places where folk music flourishes.

*75 Irish Session Tunes for Anglo Concertina* Gary Coover 2015-07-16 75 of the most popular Irish reels, jigs, hornpipes, polkas, slip jigs and airs played at traditional Irish music sessions worldwide, with standard musical notation and with easy-to-learn tablature for the Anglo concertina.

**Anglo Concertina in the Harmonic Style** Gary Coover 2013-03-07 Have you always wanted to play the 30-button Anglo concertina with more than just a simple one-note melody? This tutor will teach you how to play with chords and full harmonies in a wide variety of musical styles. The book includes 60 tunes with

full chords and increasingly complex arrangements. Of all the other Anglo tutors out there, the tablature system presented here is by far and away the easiest to understand and play. In addition to tunes and exercises for beginning players, this tutor also presents more difficult tunes that have been carefully transcribed from recordings of the top Anglo concertina players of the last several decades. The playing of William Kimber, John Kirkpatrick, Jody Kruskal, Bertram Levy, Kenneth N.J. Loveless, Brian Peters, Andy Turner, John Watcham and many others are showcased to help you learn and develop your own unique style on this surprisingly versatile acoustic little squeezebox. Instead of including a CD with the book, most of the tunes can be found on the "anglotutor" playlist on YouTube where you can both see and hear them being played on a 30-button C/G Anglo concertina.

**Pirate Songs for Concertina** Gary Coover 2018-05-31 Sea songs, hornpipes and jigs arranged for Anglo concertina

International Who's Who in Popular Music 2009 Routledge 2009-03 A comprehensive guide to the people and organizations involved in the world of popular music.

**Folk Directory** 1970

**International Accordion Favorites** BRUCE BOLLERUD 2015-08-27 Welcome to the world of international accordion music. This collection contains a sampling of ethnic folk music from Europe and the Americas and forms the foundation of a basic folk accordion repertoire. These songs are from many nations. They are crowd pleasers and they are fun to play. I have played most of these songs in the various bands I have played with over the years. These melodies have stood the test of time, so what are you waiting for? Open the book, get your accordion out and let's play some music! One word about these songs: I generally learn a song and then play it by heart-by memory as opposed to playing it by reading from a sheet of music. I believe this allows for more personal expression and interpretation which can be affected by audience response or the way I feel at the time. You'll notice that on most of the performances on the CD I didn't play repeats. Because of the limited time available on a disc we found we couldn't fit all the tunes if we played them as written. Written by Bruce Bollerud, June 2007.

**Sounding the Cape** Denis Martin 2013 For several centuries Cape Town has accommodated a great variety of musical genres which have usually been associated with specific population groups living in and around the city. Musical styles and genres produced in Cape Town have therefore been assigned an "identity" which is first and foremost social. This volume tries to question the relationship established between musical styles and genres, and social - in this case pseudo-racial - identities. In *Sounding the Cape*, Denis-Constant Martin recomposes and examines through the theoretical prism of creolisation the history of music in Cape Town, deploying analytical tools borrowed from the most recent studies of identity configurations. He demonstrates that musical creation in the Mother City, and in South Africa, has always been nurtured by

contacts, exchanges and innovations whatever the efforts made by racist powers to separate and divide people according to their origin. Musicians interviewed at the dawn of the 21st century confirm that mixture and blending characterise all Cape Town's musics. They also emphasise the importance of a rhythmic pattern particular to Cape Town, the ghoema beat, whose origins are obviously mixed. The study of music demonstrates that the history of Cape Town, and of South Africa as a whole, undeniably fostered creole societies. Yet, twenty years after the collapse of apartheid, these societies are still divided along lines that combine economic factors and "racial" categorisations. Martin concludes that, were music given a greater importance in educational and cultural policies, it could contribute to fighting these divisions and promote the notion of a nation that, in spite of the violence of racism and apartheid, has managed to invent a unique common culture.

**Music's Meanings** Philip Tagg 2013-03-03 "In addressing a pedagogical problem –how to talk about music as if it meant something other than itself – Philip Tagg raises fundamental questions about western epistemology as well as some of its strategically mystifying discourses. With an unsurpassed authority in the field, the author draws on a lifetime of critical reflection on the experience of music, and how to communicate it without resorting to exclusionary jargon. This is a must-read book for anyone interested in music, for whatever reason: students, teachers, researchers, performers, industry and policy stakeholders, or just to be able to talk intelligently about the musical experience." (Prof. Bruce Johnson)

**Easy Anglo 1-2-3** Gary Coover 2015-03-12 For beginners on the Anglo concertina, this book includes 35 tunes in easy-to-learn tablature. Starting off with simple tunes on 1-row, then tunes for 2-row 20-button instruments and finally tunes for 30-button Anglos. Single note, harmonica, octave, harmonic and Irish styles are presented with the same simple tablature system used in the author's other books to show which buttons to play along with the melody in standard musical notation.

A Thesaurus of English Word Roots Horace Gerald Danner 2014-03-27 Horace G. Danner's A Thesaurus of English Word Roots is a compendium of the most-used word roots of the English language. As Timothy B. Noone notes in his foreword: "Dr. Danner's book allows you not only to build up your passive English vocabulary, resulting in word recognition knowledge, but also gives you the rudiments for developing your active English vocabulary, making it possible to infer the meaning of words with which you are not yet acquainted. Your knowledge can now expand and will do so exponentially as your awareness of the roots in English words and your corresponding ability to decode unfamiliar words grows apace. This is the beginning of a fine mental linguistic library: so enjoy!" In A Thesaurus of English Word Roots, all word roots are listed alphabetically, along with the Greek or Latin words from which they derive, together with the roots' original meanings. If the current meaning of an individual root differs from the original meaning, that is listed in a separate column. In the examples column, the words which contain the root are then

listed, starting with their prefixes, for example, dysacusia, hyperacusia. These root-starting terms then are followed by terms where the root falls behind the word, e.g., acouesthesia and acoumeter. These words are followed by words where the root falls in the middle or the end, as in such terms as bradyacusia and odyacusis.. In this manner, A Thesaurus of English Word Roots places the word in as many word families as there are elements in the word. This work will interest linguists and philologists and anyone interested in the etymological aspects of English language.

*Peggy Seeger* Jean R. Freedman 2017-02-03 Born into folk music's first family, Peggy Seeger has blazed her own trail artistically and personally. Jean Freedman draws on a wealth of research and conversations with Seeger to tell the life story of one of music's most charismatic performers and tireless advocates. Here is the story of Seeger's multifaceted career, from her youth to her pivotal role in the American and British folk revivals, from her instrumental virtuosity to her tireless work on behalf of environmental and feminist causes, from wry reflections on the U.K. folk scene to decades as a songwriter. Freedman also delves into Seeger's fruitful partnership with Ewan MacColl and a multitude of contributions which include creating the renowned Festivals of Fools, founding Blackthorne Records, masterminding the legendary Radio Ballads documentaries, and mentoring performers in the often-fraught atmosphere of The Critics Group. Bracingly candid and as passionate as its subject, Peggy Seeger is the first book-length biography of a life set to music.

**Country Music Records** Tony Russell 2004-10-07 More than twenty years in the making, Country Music Records documents all country music recording sessions from 1921 through 1942. With primary research based on files and session logs from record companies, interviews with surviving musicians, as well as the 200,000 recordings archived at the Country Music Hall of Fame and Museum's Frist Library and Archives, this notable work is the first compendium to accurately report the key details behind all the recording sessions of country music during the pre-World War II era. This discography documents--in alphabetical order by artist--every commercial country music recording, including unreleased sides, and indicates, as completely as possible, the musicians playing at every session, as well as instrumentation. This massive undertaking encompasses 2,500 artists, 5,000 session musicians, and 10,000 songs. Summary histories of each key record company are also provided, along

with a bibliography. The discography includes indexes to all song titles and musicians listed.

**World Music** Terry E. Miller 2013-04-03 Authors Terry E. Miller and Andrew Shahriari take students around the world to experience the diversity of musical expression. *World Music: A Global Journey*, now in its third edition, is known for its breadth in surveying the world's major cultures in a systematic study of world music within a strong pedagogical framework. As one prepares for any travel, each chapter starts with background preparation, reviewing the historical, cultural, and musical overview of the region. Visits to multiple 'sites' within a region provide in-depth studies of varied musical traditions. Music analysis begins with an experimental "first impression" of the music, followed by an "aural analysis" of the sound and prominent musical elements. Finally, students are invited to consider the cultural connections that give the music its meaning and life. Features of the Third Edition Over 3 hours of diverse musical examples. with a third audio CD of new musical examples Listening Guides analyze the various pieces of music with some presented in an interactive format online Biographical highlights of performers and ethnomusicologists updated and new ones added Numerous pedagogical aids, including "On Your Own Time" and "Explore More" sidebars, and "Questions to Consider" Popular music incorporated with the traditional Dynamic companion web site hosts new Interactive Listening Guides, plus many resources for student and instructor. Built to serve online courses. The CD set is available separately (ISBN 978-0-415-89402-9) or with its Value Pack and book (ISBN 978-0-415-80823-1). For eBook users, MP3 files for the accompanying audio files are available only with the Value Pack of eBook & MP3 files (ISBN 978-0-203-15298-0). Please find instructions on how to obtain the audio files in the contents section of the eBook.

*Sailor Songs for Concertina* Gary Coover 2019-05-31

**The Oxford Handbook of Choral Pedagogy** Frank Abrahams 2017-02-01 As the landscape of choral education changes - disrupted by Glee, YouTube, and increasingly cheap audio production software - teachers of choral conducting need current research in the field that charts scholarly paths through contemporary debates and sets an agenda for new critical thought and practice. Where, in the digitizing world, is the field of choral pedagogy moving? Editor Frank Abrahams and Paul D. Head, both experienced choral conductors and teachers, offer here a comprehensive handbook of newly-commissioned chapters that provide key scholarly-critical perspectives on teaching and learning in the field of choral music, written by academic scholars and researchers in tandem with active choral conductors. As chapters in this book demonstrate, choral pedagogy encompasses everything from conductors' gestures to the administrative management of the choir. The contributors to *The Oxford Handbook of Choral Pedagogy* address the full range of issues in contemporary choral pedagogy, from repertoire to voice science to the social and political aspects of choral singing. They also cover the construction of a choral singer's personal identity, the gendering of choral ensembles, social justice in choral

education, and the role of the choral art in society more generally. Included scholarship focuses on both the United States and international perspectives in five sections that address traditional paradigms of the field and challenges to them; critical case studies on teaching and conducting specific populations (such as international, school, or barbershop choirs); the pedagogical functions of repertoire; teaching as a way to construct identity; and new scholarly methodologies in pedagogy and the voice.
