The Tiger Prince Chen Jiang Hong 2018-10-23 A magnificently illustrated Chinese folklore tale about a tigress, a seer, a King, and the prince, who must leave his family and learn the ways of the tigers so that the war between man and animal can end. Deep in the Great Forest, a tigress is mourning the death of her tiger babies who have been killed by hunters. Seeking revenge, she attacks the villages, destroying

houses and prompting the king to gather his army. But a seer named Lao Lao warns the king that if he angers the tigress further she will destroy the kingdom. Lao Lao counsels the king to give his own son to the tigress and promises that no harm will come to the boy. The next morning, the king brings the prince to the edge of the Great Forest and tells him, "Now you must go on alone." To end the war between man and animal, the prince must forget his human ways and begin to learn what tigers know. The Tiger Prince was inspired by The Tigress, a late Shang dynasty bronze vessel in the Cernuschi Museum in Paris depicting a scene from the Chinese folktale of a baby raised by a tigress.

Phantom of the Opera Gaston Leroux 2021-02-23 The Phantom of the Opera (1910) is a novel by French writer Gaston Leroux. Originally serialized in *Le Galois*, the novel was inspired by legends revolving around the Paris Opera from the early nineteenth century. Originally a journalist, Leroux turned to fiction after reading the works of Arthur Conan Doyle and Edgar Allan Poe. Despite its lack of success relative to Leroux's other novels, The Phantom of the Opera has become legendary through several adaptations for film, theater, and television, including Andrew Lloyd Webber's celebrated 1886 Broadway musical of the same name. In 1880s Paris, the legendary Palais Garnier Opera House is rumored to be haunted by a malignant entity. Known as the Phantom of the Opera, he has been linked to the hanging death of a stagehand in addition to several strange and mysterious occurrences. Just before a gala performance, a young Swedish soprano named Christine is called on to replace the opera's lead, who is suffering from a last-minute illness. From the audience, the Vicomte Raoul de Chagny recognizes Christine, his childhood sweetheart, and goes backstage after the opera has ended to reintroduce himself. While waiting by her dressing room, he hears her talking to an unknown man, but upon entering finds himself alone with Christine. Pressing her for information, she reveals that she has been receiving lessons from a figure she calls the Angel of Music, prompting suspicion and terror in Raoul, who is familiar with the legend of the Phantom. As Raoul makes his feelings for Christine known, the Phantom professes his love for his protégé, and a battle for her affection ensues. Caught in this love triangle, threatened on all sides by jealousy and pursuit, Christine struggles to hold on as her star in the Paris Opera rises. With a beautifully designed cover and professionally typeset manuscript, this edition of Gaston Leroux's The Phantom of the

Opera is a classic of French literature reimagined for modern readers.

Urban Life in Post-Soviet Asia Catharine Alexander 2007-09-12 Capturing a unique historical moment, this book examines the changes in urban life since the collapse of the Soviet Union from an ethnographic perspective, thus addressing significant gaps in the literature on cities, Central Asia and post-socialism. It encompasses Tashkent, Almaty, Astana and Ulan-Ude: four cities with quite different responses to the fall of the Soviet Union. Each chapter takes a theme of central significance across this huge geographical terrain, addresses it through one city and contextualizes it by reference to the other sites in this volume. The structure of the book moves from nostalgia and memories of the Soviet past to examine how current changes are being experienced and imagined through the shifting materialities, temporalities and political economies of urban life. Privatization is giving rise to new social geographies, while ethnic and religious sensibilities are creating emergent networks of sacred sites. But, however much ideologies are changing, cities also provide a constant lived mnemonic of lost configurations of ideology and practice, acting as signposts to bankrupted futures. *Urban Life in Post-Soviet Asia* provides a detailed account of the changing nature of urban life in post-Soviet Asia, clearly elucidating the centrality of these urban transformations to citizens' understandings of their own socio-economic condition.
