Bread Book Chad Robertson 2021-12-21 Visionary baker Chad Robertson unveils what's next in bread, drawing on a decade of innovation in grain farming, flour milling, and fermentation with all-new ground-breaking formulas and techniques for making his most nutrient-rich and sublime loaves, rolls, and more—plus recipes for nourishing meals that showcase them. “The most rewarding thing about making bread is that the process of learning never ends. Every day is a new study . . . the possibilities are infinite.”—from the Introduction More than a decade ago, Chad Robertson's country levain recipe taught a generation of bread bakers to replicate the creamy crumb, crackly crust, and unparalleled flavor of his world-famous Tartine bread. His was the recipe that launched hundreds of thousands of sourdough starters and attracted a stream of understudies to Tartine from across the globe. Now, in *Bread Book*, Robertson and Tartine's director of bread, Jennifer Latham, explain how high-quality, sustainable, locally sourced grain and flours respond to hydration and fermentation to make great bread even better. Experienced bakers and novices will find Robertson's and Latham's primers on grain, flour, sourdough starter, leaven, discard starter, and factoring dough formulas refreshingly easy to understand and use. With sixteen brilliant formulas for naturally leavened doughs—including country bread (now reengineered), rustic baguettes, flatbreads, rolls, pizza, and vegan and gluten-free loaves, plus tortillas, crackers, and fermented pasta made with discarded sourdough starter—*Bread Book* is the wild-yeast baker's flight plan for a voyage into the future of exceptional bread.

Why Do Architects Wear Black? Cordula Rau 2017-09-25 "Why is it really that architects wear black?" was a question put to Cordula Rau by an automotive industry manager during an architectural competition. Even

though she herself is an architect, and wears black, she did not have an answer on the spot. So she decided to ask other architects, as well as artists and designers. She has been collecting their handwritten replies in a notebook since 2001. In 2008, this collection of autographs appeared as a small publication – obviously bound in black. For the purpose of the new edition, this legendary collection was expanded by new notable, amusing, pragmatic, and quirky reasons: "Please read – and don't ask me why architects wear black!".
