Vestiges of Colonial Empire in France R. Aldrich 2004-12-10 This book offers the first comprehensive study of 'sites of memory' in France connected to the history of French imperialism and colonialism, and the ways that the French have remembered or forgotten their colonial past. Through a study of monuments, memorials, museum collections and other 'sites of memory' in France connected with France's overseas empire this book analyzes the way in which French authorities marked the Paris and provincial landscapes with these reminders of France's colonial 'mission' during the period of imperial expansion, and the fate of these sites in the post-colonial period and what that evolution reveals about French memory and amnesia of the colonial epoch.

Dictionnaire des régionalismes de France Institut national de la langue française (France) 2001-03-15 Premier ouvrage d'ensemble présentant une description aussi attentive des régionalismes du français de France, il est un complément indispensable aux dictionnaires de langue générale. Depuis quand les Lyonnais parlent-ils de bugnes et les Angevins de rillaux ? Où, en France et hors de France, dit-on serrer les pouces pour souhaiter bonne chance ? Quelles sont les autres façons d'écrire baeckeoffe, potjevleesch ou quichenotte et comment prononcer ces mots ? Quelle différence y a-t-il entre le pastis des Landes et ceux du Lot ou de l'Aveyron ? D'où viennent les mots chabrol et tartiflette ? Quels mots l'ouest de la France a-t-il en partage avec le Québec ? Quels mots sont en usage de la Belgique romane à la Suisse romande en passant par l'est de la France ? Le Dictionnaire des régionalismes de France permet de répondre à ces questions et à bien d'autres, en présentant un panorama des régionalismes lexicaux de France. S'appuyant sur 500 enquêtes à travers le pays, il offre plus de 10 000 exemples glanés au fil des conversations ou puisés dans plus de 1 300 ouvrages (romans, essais, bandes dessinées, livres de cuisine, guides de voyage, etc.) et 150 journaux ou périodiques, illustrant plus d'un millier d'articles. Rédigé sous la direction de Pierre Rézeau, directeur de recherche au C.N.R.S. (Institut national de la langue française, Nancy), le Dictionnaire des régionalismes de France est un travail d'équipe réunissant des chercheurs et des universitaires spécialistes de lexicographie, de géographie linguistique et d'histoire de la langue. A Vehicle for Change Éamon Ó Cofaigh 2022-05-13 An Open Access edition of this book will be available on the Liverpool University Press website and the OAPEN library. Since its invention, the automobile has been systematically 'consumed', to become part of the fabric of twentieth- and twenty-first-century society, its impact and perception making the car an accurate gauge of changing cultural norms and values. As it grew in popularity, the automobile conditioned the very texture of modern life, and the particularly car-centred society of contemporary France is an especially apt locus for examination. The ubiquity of the automobile across all social strata provides us with a defined lens through which to examine the evolution of French society in the modern and post-modern eras. Taking the Second World War as a pivotal moment in recent French history, this book demonstrates how the automobile was both consumed and fetishized in distinct ways before and after this conflict. The ways in which society evolved from the pre- to the post-war period allow us to view French culture through the prism of the automobile as it embodied technological and social progress in twentieth-century France. The present volume seeks to explore and interrogate the processes of representation and mediation inherent in the evolving patterns of automobile consumption, and their subsequent impacts on local and national identity, framed by a detailed case study centred on France from the late-nineteenth century to the oil crisis of the early 1970s.

South Wind Through the Kitchen Elizabeth David 2006 South Wind Through the Kitchen is the best of British cookery writer, Elizabeth David. Selected from her nine books, here are classic essays on the food of Provence and of Paris, on Italian fish markets and Middle Eastern herb gardens. There are nearly 200 recipes: appetizers, soups, eggs, fish, meat, poultry, vegetables, sauces, breads, preserves, and desserts. Whether discussing the pains of rolling puff pastry or the ease of making pizza, railing against the practices of English

bakeries or praising the sausage rolls at the Hôtel du Midi, David always speaks her own mind. Best of all, she's a contagious enthusiast: she makes you want to rise from your chair to travel, shop, or try your hand at an omelette. "Reading her," writes Julian Barnes, "you have a strong sense of a person whose cardinal principles are truth and pleasure. Perhaps it is not absurd to compare her effect on a certain sector of tired, hungry, impoverished '50s Britain with Kinsey's effect on America."

Rick Stein's Secret France Rick Stein 2019-10-31 Real French home cooking with all the recipes from Rick's new BBC Two series. Over fifty years ago Rick Stein first set foot in France. Now, he returns to the food and cooking he loves the most ... and makes us fall in love with French food all over again. With characteristic passion and joie de vivre, Rick serves up incredible recipes: chicken stuffed with mushrooms and Comté, grilled bream with aioli from the Languedoc coast, a duck liver parfait bursting with flavour, and a recipe for the most perfect raspberry tart plus much, much more. Simple fare, wonderful ingredients, all perfectly assembled; Rick finds the true essence of a food so universally loved, and far easier to recreate than you think.

Le tourisme en France 2 Philippe Violier 2021-09-01 La France s'est imposée progressivement parmi les pays les plus touristiques du monde. L'importance du tourisme dans l'économie nationale est telle, que les institutions ont cru pouvoir l'utiliser de manière mécanique pour lutter contre la désertification de certaines régions. Si, ponctuellement, une telle logique a pu fonctionner, les concentrations, spécialement littorales, n'ont cessé de s'affirmer, reflet des aspirations des populations et des évolutions socio-économiques. Le tourisme en France 2 met en perspective une approche régionale du tourisme. Une rupture avec les visions classiques ancrées selon les territoires institutionnels ou ordonnées selon les catégories spatiales est proposée afin d'avoir une analyse spécifiquement touristique. Cet ouvrage présente également une étude originale et complète du tourisme d'outre-mer.
