The Leavers (National Book Award Finalist) Lisa Ko 2017-05-02 FINALIST FOR THE 2017 NATIONAL BOOK AWARD FOR FICTION Named a Best Book of 2017 by NPR, Entertainment Weekly, the Los Angeles Times, BuzzFeed, Bustle, and Electric Literature "There was a time I would have called Lisa Ko's novel beautifully written, ambitious, and moving, and all of that is true, but it's more than that now: if you want to understand a forgotten and essential part of the world we live in, The Leavers is required reading." –Ann Patchett, author of Commonwealth Lisa Ko's powerful debut, *The Leavers*, is the winner of the 2016 PEN/Bellwether Prize for Fiction, awarded by Barbara Kingsolver for a novel that addresses issues of social justice. One morning, Deming Guo's mother, Polly, an undocumented Chinese immigrant, goes to her job at a nail salon—and never comes home. No one can find any trace of her. With his mother gone, eleven-year-old Deming is left mystified and bereft. Eventually adopted by a pair of well-meaning white professors, Deming is moved from the Bronx to a small town upstate and renamed Daniel Wilkinson. But far from all he's ever known, Daniel struggles to reconcile his adoptive parents' desire that he assimilate with his memories of his mother and the community he left behind. Told from the perspective of both Daniel—as he grows into a directionless young man—and Polly, Ko's novel gives us one of fiction's most singular mothers. Loving and selfish, determined and frightened, Polly is forced to make one heartwrenching choice after another. Set in New York and China, *The Leavers* is a vivid examination of borders and belonging. It's a moving story of how a boy comes into his own when everything he loves is taken away, and how a mother learns to live with the mistakes of the past. Lisa Ko's fiction has appeared in *Best American Short Stories 2016*, *Apogee Journal*, *Narrative*, *Copper Nickel*, the *Asian Pacific American Journal*, and elsewhere. She has been awarded fellowships and residencies from the New York Foundation for the Arts, the MacDowell Colony, the Lower Manhattan Cultural Council, Writers OMI at Ledig House, the Jerome Foundation, and Blue Mountain Center, among others. She was born in New York City, where she now lives. Visit her at lisa-ko.com.

The Image of the City Kevin Lynch 1964-06-15 The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

The Glass Castle Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The Bricks that Built the Houses Kae Tempest 2016-05-03 The highly anticipated debut novel from Kae Tempest--acclaimed poet, playwright, rapper, and recording artist--proves their talent to be boundless and unstoppable. Becky, Harry, and Leon are leaving London in a fourth-hand Ford with a suitcase full of stolen money, in a mess of tangled loyalties and impulses. But can they truly leave

the city that's in their bones? Kae Tempest's novel reaches back through time-- through tensely quiet dining rooms and crassly loud clubs--to the first time Becky and Harry meet. It sprawls through their lives and those they touch--of their families and friends and faces on the street--revealing intimacies and the moments that make them. And it captures the contemporary struggle of urban life, of young people seeking jobs or juggling jobs, harboring ambitions and making compromises. *The Bricks that Built the Houses* is an unexpected love story. It's about being young, but being part of something old. It's about how we become ourselves, and how we effect our futures. Rich in character and restless in perspective, driven by ethics and empathy, it asks--and seeks to answer--how best to live with and love one another. Kae Tempest, a major talent in the poetry and music worlds, sits poised to become a major novelist as well.
