Ruby Bridges Goes to School: My True Story Ruby Bridges 2016-05-31 The extraordinary true story of Ruby Bridges, the first Black child to integrate a New Orleans school -- now with simple text for young readers!

I Survived the Galveston Hurricane, 1900 (I Survived #21) Lauren Tarshis 2021-09-07 More than a century later, the Galveston Hurricane of 1900 is still America's deadliest disaster. Lauren Tarshis's story of one child surviving the horrible event churns with page-turning action and bold hope. The city of Galveston, Texas, was booming. Perched on an island off the southern coast of Texas, Galveston had been founded in the 1830s. By 1900, it was Texas's richest and most important city. Boats loaded up with American cotton and wheat steamed from Galveston to countries around the world. Arriving ships were crowded with immigrants. The streets, paved with crushed oyster shells, sparkled like they'd been sprinkled with diamonds True, this glittering city was prone to flooding. But just a few years before, a weather forecaster had said the idea of a hurricane striking Galveston was absurd. So when a storm started brewing on September 8, 1900, no one believed it would be any worse than previous storms. They gathered on the beach to cheer on the wild waves. But what started as entertainment soon turned into a nightmare as those wild waves crashed into the city. By morning, hundreds of homes were destroyed. Eight thousand people were dead. The city had all but disappeared. In this thrilling installment of Lauren Tarshis's New York Times bestselling *I Survived* series, one child finds safety only to head back into the treacherous waters to make sure his neighbors are safe.

Offering a one-of-a kind teaching resource for Texas history teachers, *The Big Resource Guide to Teaching and Learning Texas History*, by author and teacher Tracey Williams, includes everything to make Texas history come alive in the classroom. The teaching units are aligned with the Texas Essential Knowledge and Skills and contain activities, assignments, and assessments to help instructors teach the state curriculum. *The Big Resource Guide to Teaching and Learning Texas History* covers all major topics in Texas history and offers a graphic organizer to help students record the important details of the topics. This resource includes essential Texas history vocabulary, cross-curricular vocabulary, and end-of-chapter assessments. This guide helps prepare students for assessments, and it also aligns with English language arts, offering reading and writing activities. An engaging resource, it allows students to collaborate with their peers, be creative, investigate subject matter, solve problems, and have fun while learning.

Vocabulary Instruction, Second Edition Edward J. Kame'enui 2012-05-10 This highly regarded work brings together prominent authorities on vocabulary teaching and learning to provide a comprehensive yet concise guide to effective instruction. The book showcases practical ways to teach specific vocabulary words and word-learning strategies and create engaging, word-rich classrooms. Instructional activities and games for diverse learners are brought to life with detailed examples. Drawing on the most rigorous research available, the editors and contributors distill what PreK-8 teachers need to know and do to support all students' ongoing vocabulary growth and enjoyment of reading. New to This Edition*Reflects the latest research and instructional practices.*New section (five chapters) on pressing current issues in the field: assessment, authentic reading experiences, English language learners, uses of multimedia tools, and the vocabularies of narrative and informational texts.*Contributor panel expanded with additional leading researchers.

The Texas Outlook 1916

Texas History Walter Louis Buenger 2016

Sleuthing the Alamo James E. Crisp 2010-04-10 In *Sleuthing the Alamo*, historian James E. Crisp draws back the curtain on years of mythmaking to reveal some surprising truths about the Texas Revolution-- truths often obscured by both racism and "political correctness," as history has been hijacked by

combatants in the culture wars of the past two centuries. Beginning with a very personal prologue recalling both the pride and the prejudices that he encountered in the Texas of his youth, Crisp traces his path to the discovery of documents distorted, censored, and ignored--documents which reveal long-silenced voices from the Texan past. In each of four chapters focusing on specific documentary "finds," Crisp uncovers the clues that led to these archival discoveries. Along the way, the cast of characters expands to include: a prominent historian who tried to walk away from his first book; an unlikely teenaged "speechwriter" for General Sam Houston; three eyewitnesses to the death of Davy Crockett at the Alamo; a desperate inmate of Mexico City's Inquisition Prison, whose scribbled memoir of the war in Texas is now listed in the Guinness Book of World Records; and the stealthy slasher of the most famous historical painting in Texas. In his afterword, Crisp explores the evidence behind the mythic "Yellow Rose of Texas" and examines some of the powerful forces at work in silencing the very voices from the past that we most need to hear today. Here then is an engaging first-person account of historical detective work, illuminating the methods of the serious historian--and the motives of those who prefer glorious myth to unflattering truth.

Go Math! Houghton Mifflin Harcourt 2014-06-12 Go Math! offers an engaging and interactive approach to covering the Common Core State Standards. This Grade K student edition is organized into individual chapter booklets and comes with a student resource book.

Indians who Lived in Texas Betsy Warren 1981-06 Briefly describes the environment, daily life, and customs of four Indian groups that lived in Texas--the farmers, the fishermen, the plant gatherers, and the hunters.

The New Politics of the Textbook Heather Hickman 2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions, this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K-16 schools to perpetuate their interests at the expense of minoritized social groups. The contributors provide a comprehensive examination of how textbooks, the most dominant cultural force in which corporations and political leaders impact the schooling curricula, shape students' thoughts and behavior, perpetuate power in dominant groups, and trivialize social groups who are oppressed on the structural axes of race, class, gender, sexuality, and (dis)ability. Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism, militarism, consumerism, White supremacy, heterosexism, rugged individualism, technology, and a positivistic conception of the world. Finally, the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other, to reflect upon the constitutive forces causing oppression in schools and in the wider society, and to reflect upon how to challenge corporate and political dominance over knowledge production.

The Handmaid's Tale Margaret Atwood 2011-09-06 An instant classic and eerily prescient cultural phenomenon, from "the patron saint of feminist dystopian fiction" (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the

unfortunate “Handmaids” under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred’s persistent memories of life in the “time before” and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood’s devastating irony, wit, and acute perceptive powers in full force, *The Handmaid’s Tale* is at once a mordant satire and a dire warning.

The Civil Rights Movement in Mississippi Ted Ownby 2013-10-17 Based on new research and combining multiple scholarly approaches, these twelve essays tell new stories about the civil rights movement in the state most resistant to change. Wesley Hogan, Françoise N. Hamlin, and Michael Vinson Williams raise questions about how civil rights organizing took place. Three pairs of essays address African Americans' and whites' stories on education, religion, and the issues of violence. Jelani Favors and Robert Luckett analyze civil rights issues on the campuses of Jackson State University and the University of Mississippi. Carter Dalton Lyon and Joseph T. Reiff study people who confronted the question of how their religion related to their possible involvement in civil rights activism. By studying the Ku Klux Klan and the Deacons for Defense in Mississippi, David Cunningham and Akinyele Umoja ask who chose to use violence or to raise its possibility. The final three chapters describe some of the consequences and continuing questions raised by the civil rights movement. Byron D'Andra Orey analyzes the degree to which voting rights translated into political power for African American legislators. Chris Myers Asch studies a Freedom School that started in recent years in the Mississippi Delta. Emily Crosby details the conflicting memories of Claiborne County residents and the parts of the civil rights movement they recall or ignore. As a group, the essays introduce numerous new characters and conundrums into civil rights scholarship, advance efforts to study African Americans and whites as interactive agents in the complex stories, and encourage historians to pull civil rights scholarship closer toward the present.

Into Reading

Black History 365 Walter Milton, Jr. 2020-08-15

Exiled Ron Rozelle 2017-12-26 After an undisputed record of political achievement—leading the decisive battle for Texas independence at San Jacinto, serving twice as president of the Republic of Texas, twice again as a United States senator after annexation, and finally as governor of Texas—Sam Houston found himself in the winter of his life in a self-imposed exile among the pines of East Texas. Houston was often a bundle of complicated contradictions. He was a spirited advocate for public education but had little formal education himself. He was very much “a Jackson man” but disagreed with his mentor on the treatment of Native Americans. He was a slaveholder who opposed abolition but scuttled his own political reputation by resisting the South’s move toward secession. After refusing to take an oath of loyalty to the Confederacy in 1861, Houston was swiftly evicted from the governor’s office. “Let me tell you what is coming,” he later said from a window at the Tremont Hotel in Galveston. “After the sacrifice of countless millions of treasure and hundreds of thousands of lives, you may win Southern independence if God be not against you, but I doubt it.” Houston died just two years later, and the nation was indeed fractured. Ron Rozelle’s masterful biographical portrait here lingers on Houston’s final years, especially as lived out in Huntsville, when so much of his life’s work seemed on the verge of coming undone. Artfully written for the general reader, *Exiled: The Last Days of Sam Houston* is a compelling look at Sam Houston’s legacy and twilight years.
