The Silkworm Robert Galbraith 2014-06-19 Private investigator Cormoran Strike must track down a missing writer -- and a sinister killer bent on destruction -- in this "wonderfully entertaining" mystery (Harlan Coben, New York Times Book Review) that inspired the acclaimed HBO Max series C.B. Strike. When novelist Owen Quine goes missing, his wife calls in private detective Cormoran Strike. At first, Mrs. Quine just thinks her husband has gone off by himself for a few days -- as he has done before -- and she wants Strike to find him and bring him home. But as Strike investigates, he discovers that Quine's disappearance is no coincidence. The novelist has just completed a manuscript featuring poisonous pen-portraits of almost everyone he knows. If the novel were published, it would ruin lives -- meaning that almost everyone in his life would have motives to silence him. When Quine is found brutally murdered under bizarre circumstances, Strike must race against time to understand the motivation of a ruthless killer, a killer unlike any he has encountered before . . . A compulsively readable crime novel with twists at every turn, *The Silkworm* is the second in J. K. Rowling's highly acclaimed series featuring Cormoran Strike and his determined young assistant, Robin Ellacott.

It was always difficult being Harry Potter and it isn't much easier now that he is an overworked employee of the Ministry of Magic, a husband, and father of three school-age children. While Harry grapples with a past that refuses to stay where it belongs, his youngest son Albus must struggle with the weight of a family legacy he never wanted. As past and present fuse ominously, both father and son learn the uncomfortable truth: sometimes, darkness comes from unexpected places. The playscript for Harry Potter and the Cursed Child was originally released as a 'special rehearsal edition' alongside the opening of Jack Thorne's play in London's West End in summer 2016. This edition also includes useful background information including the Potter family tree and a timeline of events from the wizarding world prior to the beginning of *Harry Potter and the Cursed Child*.

Consuming Literature Shuyu Kong 2004-12-14 This book examines the changes taking place in literary writing and publishing in contemporary China under the influence of the emerging market economy. It focuses on the revival of literary best sellers in the Chinese book market and the establishment of a best-seller production machine. The author examines how writers have become cultural entrepreneurs, how state publishing houses are now motivated by commercial incentives, and how "second-channel," unofficial publishers and distributors both compete and cooperate with official publishing houses in a dual-track, socialist-capitalist economic system. Taken together, these changes demonstrate how economic development and culture interact in a postsocialist society, in contrast to the way they work in the mature capitalist economies of the West. That economic reforms have affected many aspects of Chinese society is well known, but this is the first comprehensive analysis of market influences in the literary field. This book thus offers a fresh perspective on the inner workings of contemporary Chinese society.

From Warsaw with Love John Pomfret 2021-10-26 *From Warsaw with Love* is the epic story of how Polish intelligence officers forged an alliance with the CIA in the twilight of the Cold War, told by the award-winning author John Pomfret. Spanning decades and continents, from the battlefields of the Balkans to secret nuclear research labs in Iran and embassy grounds in North Korea, this saga begins in 1990. As the United States cobbles together a coalition to undo Saddam Hussein's invasion of Kuwait, six US officers are trapped in Iraq with intelligence that could ruin Operation Desert Storm if it is obtained by the brutal Iraqi dictator. Desperate, the CIA asks Poland, a longtime Cold War foe famed for its excellent spies, for help. Just months after the Polish people voted in their first democratic election since the 1930s, the young Solidarity government in Warsaw sends a veteran ex-Communist spy who'd battled the West for decades to rescue the six Americans. John Pomfret's gripping account of the 1990 cliffhanger in Iraq is just the beginning of the tale about intelligence cooperation between Poland and the United States, cooperation that one CIA director would later describe as "one of the two foremost intelligence relationships that the United States has ever had." Pomfret uncovers new details about the CIA's black site program that held suspected terrorists in Poland after 9/11 as well as the role of Polish spies in the hunt for Osama bin Laden. In the tradition of the most memorable works on espionage,

Pomfret's book tells a distressing and disquieting tale of moral ambiguity in which right and wrong, black and white, are not conveniently distinguishable. As the United States teeters on the edge of a new cold war with Russia and China, Pomfret explores how these little-known events serve as a reminder of the importance of alliances in a dangerous world.

Readers, Reading and Reception of Translated Fiction in Chinese Leo Tak-hung Chan 2014-04-08
Translated fiction has largely been under-theorized, if not altogether ignored, in literary studies. Though widely consumed, translated novels are still considered secondary versions of foreign masterpieces. *Readers, Reading and Reception of Translated Fiction in Chinese* recognizes that translated novels are distinct from non-translated novels, just as they are distinct from the originals from which they are derived, but they are neither secondary nor inferior. They provide different models of reality; they are split apart by two languages, two cultures and two literary systems; and they are characterized by cultural hybridity, double voicing and multiple intertextualities. With the continued popularity of translated fiction, questions related to its reading and reception take on increasing significance. Chan draws on insights from textual and narratological studies to unravel the processes through which readers interact with translated fiction. Moving from individual readings to collective reception, he considers how lay Chinese readers, as a community, 'received' translated British fiction at specific historical moments during the late twentieth and early twenty-first centuries. Case studies discussed include translations of stream-of-consciousness novels, fantasy fiction and postmodern works. In addition to lay readers, two further kinds of reader with bilingual facility are examined: the way critics and historians approach translated fiction is investigated from structuralist and poststructuralist perspectives. A range of novels by well-known British authors constitute the core of the study, including novels by Oscar Wilde, James Joyce, D.H. Lawrence, Virginia Woolf, John Fowles, Helen Fielding and J.K. Rowling.

A Mythological Approach to Exploring the Origins of Chinese Civilization Shuxian Ye 2022 Is the lion the symbol of China? Or should it be the dragon or the phoenix? This book makes a provocative interpretation of the Chinese ancient totems such as the bear and the owl. Taking a mythological approach, it explores the origin of Chinese civilization using the quadruple evidence method, which integrates ancient and unearthed literature, oral transmission, and archeological objects and graphs. It testifies to the authenticity of unresolved ancient myths and legends from the origins of Chinese Jade Ware (6200BC-5400 BC) to the names of the Yellow Emperor (2698-2598 BC) and the legends from the Xia (2010BC-1600BC), Shang (1600BC-046BC), Zhou (1046BC-771BC), and Qin (221BC-206BC) Dynasties. The book lays the foundation for a reconstruction of Chinese Mythistory. With well over 200 photographs of historic artifacts, the book appeals to both researchers and general readers.

Red Carpet Erich Schwartzel 2022-02-08 "This is a fascinating book. It will educate you. Schwartzel has done some extraordinary reporting." — The New York Times Book Review "In this highly entertaining but deeply disturbing book, Erich Schwartzel demonstrates the extent of our cultural thrall to China. His depiction of the craven characters, American and Chinese, who have enabled this situation represents a significant feat of investigative journalism. His narrative is about not merely the movie business, but the new world order." —Andrew Solomon, author of *Far from the Tree* and *The Noonday Demon* An eye-opening and deeply reported narrative that details the surprising role of the movie business in the high-stakes contest between the U.S. and China From trade to technology to military might, competition between the United States and China dominates the foreign policy landscape. But this battle for global influence is also playing out in a strange and unexpected arena: the movies. The film industry, Wall Street Journal reporter Erich Schwartzel explains, is the latest battleground in the tense and complex rivalry between these two world powers. In recent decades, as China has grown into a giant of the international economy, it has become a crucial source of revenue for the American film industry. Hollywood studios are now bending over backward to make movies that will appeal to China's citizens—and gain approval from severe Communist Party censors. At the same time, and with America's unwitting help, China has built its own film industry into an essential arm of its plan to export its national agenda to the rest of the world. The competition between these two movie businesses is a

Cold War for this century, a clash that determines whether democratic or authoritarian values will be broadcast most powerfully around the world. *Red Carpet* is packed with memorable characters who have—knowingly or otherwise—played key roles in this tangled industry web: not only A-list stars like Matt Damon, Angelina Jolie, and Richard Gere but also eccentric Chinese billionaires, zany expatriate filmmakers, and starlets who disappear from public life without explanation or trace. Schwartzel combines original reporting, political history, and show-biz intrigue in an exhilarating tour of global entertainment, from propaganda film sets in Beijing to the boardrooms of Hollywood studios to the living rooms in Kenya where families decide whether to watch an American or Chinese movie. Alarming, occasionally absurd, and wildly entertaining, *Red Carpet* will not only alter the way we watch movies but also offer essential new perspective on the power struggle of this century.

China in the Mix Ying Xiao 2017-08-09 Scarce attention has been paid to the dimension of sound and its essential role in constructing image, culture, and identity in Chinese film and media. *China in the Mix* fills a critical void with the first book on the sound, languages, scenery, media, and culture in post-Socialist China. In this study, Ying Xiao explores fascinating topics, including appropriations of popular folklore in the Chinese new wave of the 1980s; Chinese rock "n" roll and youth cinema in fin de siècle China; the political-economic impact of free market imperatives and Hollywood pictures on Chinese film industry and filmmaking in the late twentieth century; the reception and adaptation of hip hop; and the emerging role of Internet popular culture and social media in the early twenty-first century. Xiao examines the articulations and representations of mass culture and everyday life, concentrating on their aural/oral manifestations in contemporary Chinese cinema and in a wide spectrum of media and cultural productions. *China in the Mix* offers the first comprehensive investigation of Chinese film, expressions, and culture from a unique, cohesive acoustic angle and through the prism of global media-cultural exchange. It shows how the complex, evolving uses of sound (popular music, voice-over, silence, noise, and audio mixing) in film and media reflect and engage the important cultural and socio-historical shifts in contemporary China and in the increasingly networked world. Xiao offers an innovative new conception of Chinese film and media and their audiovisual registers in the historiographical frame of China amid the global landscape.

The Good Women of China Xinran 2011-03-18 An unprecedented, intimate account of the lives of modern Chinese women, told by the women themselves -- true stories of the political and personal upheavals they have endured in their chaotic and repressive society For eight groundbreaking years, Xinran hosted a radio program in China during which she invited women to call in and talk about themselves. Broadcast every evening, *Words on the Night Breeze* became famous throughout the

country for its unflinching portrayal of what it meant to be a woman in modern China. Centuries of obedience to their fathers, husbands and sons, followed by years of fear under Communism, had made women terrified of talking openly about their feelings. Xinran won their trust and, through her compassion and ability to listen, became the first woman to hear their true stories. This unforgettable book is the story of how Xinran negotiated the minefield of restrictions imposed on Chinese journalists to reach out to women across the country. Through the vivid intimacy of her writing, these women confide in the reader, sharing their deepest secrets. Whether they are the privileged wives of party leaders or peasants in a forgotten corner of the countryside, they tell of almost inconceivable suffering: forced marriages, sexual abuse, separation of parents from their children, extreme poverty. But they also talk about love -- about how, despite cruelty, despite politics, the urge to nurture and cherish remains. Their stories changed Xinran's understanding of China forever. Her book will reveal the lives of Chinese women to the West as never before.

New Directions in Children's Gothic Anna Jackson 2017-03-27 Children's literature today is dominated by the gothic mode, and it is in children's gothic fictions that we find the implications of cultural change most radically questioned and explored. This collection of essays looks at what is happening in the children's Gothic now when traditional monsters have become the heroes, when new monsters have come into play, when globalisation brings Harry Potter into China and yaoguai into the children's Gothic, and when childhood itself and children's literature as a genre can no longer be thought of as an uncontested space apart from the debates and power struggles of an adult domain. We look in detail at series such as The Mortal Instruments, Twilight, Chaos Walking, The Power of Five, Skulduggery Pleasant, and Cirque du Freak; at novels about witches and novels about changelings; at the Gothic in China, Japan and Oceania; and at authors including Celia Rees, Frances Hardinge, Alan

Garner and Laini Taylor amongst many others. At a time when the energies and anxieties of children's novels can barely be contained anymore within the genre of children's literature, spilling over into YA and adult literature, we need to pay attention. Weird things are happening and they matter.
