**PALMISTRY - The Mystery of Destiny** Sunita Chabra 2011-07-01 Palmistry is the cryptic code of life. A soul takes birth with his/her manual of destiny written on the hand. What an intriguing thought! Though we do not remember our past births, probably due to karmic amnesia, our brains store this information, in addition to the blueprint of our present lives. According to proven scientific theory, nerves carry messages from the brain to the hands. Palmistry believes that the nerves also carry the cryptic code of our destiny from the brain to the hands. Palmistry can trace its roots back to ancient India. The first section of this volume tells us how to interpret lines and signs on the palm using Hindu palmistry. Some of the ancient signs that are included here, appear for the first time in any book published on the subject. The second section is devoted to outlining the destiny paths of the rich and famous: Barack Obama, Vladimir Putin, Albert Einstein, Sonia Gandhi, Michael Jackson, Prince Charles, Nicole Kidman, Benazir Bhutto and Hillary Clinton. This book includes spiritual messages to help us understand the larger picture and move towards peace and happiness in the journey of life.

**Amitabh** Susmita Dasgupta 2006-08-04 A remarkable insight into the films and times of India's greatest star-actor In an industry where fashions change every Friday, Amitabh Bachchan has been synonymous with cinematic entertainment for over thirty years. But beyond the labels of 'one-man industry' and 'star of the millennium', a number of issues pertaining to the star, his films and his era remain largely unaddressed. What is it that makes Amitabh Bachchan the star he is? Is it his undeniable genius as an actor, his ability to connect with the masses and the classes alike, or is it his writers and directors who project him in varied roles? Did his films in his heyday reflect the angst of his time, or did they ferment the spirit of anger and rebellion in the first place? Was he really the rebel as his 'angry young man' image suggests, or was there, behind all the sound and fury, a conformist subtext that called for restoration of the status quo? How relevant is Amitabh Bachchan today? In *Amitabh: The Making of a Superstar*, Susmita Dasgupta answers these and other questions that lie buried in the trail of glory the star blazed. In a warm and insightful analysis, the author traces the world-view and philosophy that have shaped the films of Amitabh Bachchan—from the angry young man of *Zanjeer*, the tragic antihero of *Deewar* and the entertainer of *Amar Akbar Anthony* to his more conservative turns in *Mahabbatein* and *Kabhi Khushi Kabhie Gham*. In the process, she not only chronicles the star's journey from a flop actor to a national icon but also brings to life a period in the history of Indian cinema which altered forever the economics of film-making in the country.

**A Guide to Palmistry** Shanker Adawal There have been innumerable requests for writing a book on Palmistry. The author has written a book that gives the basics of this science. Palmistry has been there from the early ages and we find literature where Sanskrit language has been used in explaining issues of this science in the early Vedic ages. In this book the author has tried to explain the uniqueness of each hand and as to how it helps in deciphering characteristics. In the science of hand reading importance is

given to the shape, size, lines and the marks on hand. These have been dealt in details through various chapters in the book. Palmistry is in no way related to the science of Occultism but can be divided into two parts viz the art of reading character from the shape of hands/ fingers and the science of reading the actions and habits. Also it gives an insight of the future if one is able to correlate the shape of the hand with the lines marked thereon. The author has in the various chapters tried to explain various factors like the size, shape, texture, lines and marks that help in deciphering character and the actions that a person is prone towards. This is a basic book on Palmistry which will be useful reading to all. One could develop on these basics for a greater understanding of the subject.

*Learn Palmistry* Bharti Anand According to palmist Shastra, human hand is a horoscope which never perishes and Lord Brahma is its creator. The horoscope made by the creator Lord Brahma Contains Solution of every problems in which there is no possibility of any mathematical error. Even the lines on the palm provide prediction like planets & nakshatra and provide guidelines for the future. Just as two people can not have same destiny, same views and same course of life, in the same way palm lines can't be same for two persons. The great palmist from Paris Disbarsolalas has declared that, if anyone in the world gets me two people with same palm lines and I will make my life's will and wealth on his/her name. Everyone in the world has different lines. This is a definite and a universal fact. Every person has got his or her own destiny&character. Even the twins have some dissimilarities between them. A palmist works like a doctor. A doctor treats the patient and cures his diseases. A palmist treats the mind of the patient which is more complicated than physical cure. Each body part of every human being created by that supreme God has its own special significance and purpose. God has created palm lines to know the life events. That is the reason, finger prints never change but palm lines keep changing at various stages of our life. According to Shastras the first thing one should see in the morning after getting up from the bed is his/her own palm lines. Palmistry is a science, an art as well as a divine knowledge which helps one to understand the path of life. The knowledge of palmistry has been prevalent in Indian society & its boundary since ages. Samudara Rishi was the first one who takes the credit of creating this astrological science in chronological order. So Jyotish Shastra is called Samudrik Shashtra also.
