**The Emperor (Complete)** Georg Ebers 2020-09-28 Kasius, a mountain of moderate elevation, stands on a tongue of land that projects from the coast between the south of Palestine and Egypt. It is washed on the north by the sea which, on this day, is not gleaming, as is its wont, in translucent ultramarine; its more distant depths slowly surge in blue-black waves, while those nearer to shore are of quite a different hue, and meet their sisters that lie nearer to the horizon in a dull greenish-grey, as dusty plains join darker lava beds. The northeasterly wind, which had risen as the sun rose, now blew more keenly, wreaths of white foam rode on the crests of the waves, though these did not beat wildly and stormily on the mountain-foot, but rolled heavily to the shore in humped ridges, endlessly long, as if they were of molten lead. Still the clear bright spray splashed up when the gulls dipped their pinions in the water as they floated above it, hither and thither, restless and uttering shrill little cries, as though driven by terror. Three men were walking slowly along the causeway which led from the top of the hill down into the valley, but it was only the eldest, who walked in front of the other two, who gave any heed to the sky, the sea, the gulls, and the barren plain that lay silent at his feet. He stopped, and as soon as he did so, the others followed his example. The landscape below him seemed to rivet his gaze, and it justified the disapproval with which he gently shook his head, which was somewhat sunk into his beard. A narrow strip of desert stretched westward before him as far as the eye could reach, dividing two levels of water. Along this natural dyke a caravan was passing, and the elastic feet of the camels fell noiselessly on the road they trod. The leader, wrapped in his white mantle, seemed asleep, and the camel-drivers to be dreaming; the dull-colored eagles by the road-side did not stir at their approach. To the right of the stretch of flat coast along which the road ran from Syria to Egypt, lay the gloomy sea, overhung by grey clouds; to the left lay the desert, a strange and mysterious feature in the landscape, of which the eye could not see the end, either to the east or to the west, and which looked here like a stretch of snow, there like standing water, and again like a thicket of rushes.

**Preserving the Legacy of German Jewry** Christhard Hoffmann 2008 Founded in May 1955 in Jerusalem by German-Jewish intellectuals who had survived the Holocaust - among them Martin Buber, Ernst Simon, Gershom Scholem, and Robert Weltsch - the Leo Baeck Institute of Jews from Germany (LBI) has been

engaged in preserving the legacy of German Jewry by collecting material, doing research, and presenting historical narratives. Published on the occasion of the fiftieth anniversary of its founding, the present volume is the first to reconstruct the LBI's fascinating history, from its beginnings as a memorial community of surviving German Jews to its present status as an internationally renowned research institute. The authors are social and cultural historians from various countries, the majority of whom are not directly affiliated with the LBI. Der anfängliche Plan einer 'Gesamtgeschichte des deutschen Judentum' ist mittlerweile einer uberaus vielfaltigen und lebendigen Forschung gewichen, und das LBI selbst, wie dieser gelungene, material- und aufschlussreiche Band zeigt, selbst Gegenstand seiner Historisierung geworden. **Theology and Church** Walter Kasper 1989 This new collection of essays by West Germany's most distinguished Roman Catholic theologian covers the two broad areas indicated in the title. The first half discusses the Christian understanding of God; the place of Christianity in the modern world; the modern sense of freedom and history and the theological definition of human rights; christology and anthropology; and the possibilities of a new spiritual christology in a trinitarian setting. The second half discusses various aspects of the church: as universal sacrament of salvation; as the place of truth and as communion. Two final studies examine the continuing challenge of the Second Vatican Council and the fundamental form and meaning of the eucharist. An extended introduction considers systematic theology today and the tasks which confront it.

**Free, Fair, and Alive** David Bollier 2019-09-03 The power of the commons as a free, fair system of provisioning and governance beyond capitalism, socialism, and other -isms. From co-housing and agroecology to fisheries and open-source everything, people around the world are increasingly turning to 'commoning' to emancipate themselves from a predatory market-state system. *Free, Fair, and Alive* presents a foundational re-thinking of the commons – the self-organized social system that humans have used for millennia to meet their needs. It offers a compelling vision of a future beyond the dead-end binary of capitalism versus socialism that has almost brought the world to its knees. Written by two leading commons activists of our time, this guide is a penetrating cultural critique, table-pounding political treatise, and practical playbook. Highly readable and full of colorful stories, coverage includes: Internal dynamics of commoning How the commons worldview opens up new possibilities for change Role of language in reorienting our perceptions and political strategies Seeing the potential of commoning everywhere. *Free, Fair, and Alive* provides a fresh, non-academic synthesis of contemporary commons written for a popular, activist-minded audience. It presents a compelling narrative: that we can be free and creative people, govern ourselves through fair and accountable institutions, and experience the aliveness of authentic human presence.

**Gezählte Tage (1972)** Peter Huchel 2019-10 "With Brecht, Benn, Bobrowski and Celan, Peter Huchel is one of a handful of essential post-war poets in the German language. A precise observer of natural phenomena, Huchel is above all a realist whose metaphors take us deep into the social and historical landscape, into zones of devastation and despair, the zero-hour of isolation. His world is devoid of illusion or sentimentality; there is no redemption, at most an exactitude that is itself a confirmation of what is human and real. Lifted out of the schismatic currents of the Cold War era by Martyn Crucefix's supple and arrestingly sensual translations, Huchel surprises us as a fresh and startling voice for our own numbered days." --Iain Galbraith

**Cloud Atlas** David Mitchell 2010-07-16 By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon. Praise for *Cloud Atlas* "[David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his

ambition is written in magma across this novel's every page."—The New York Times Book Review "One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature."—Dave Eggers "Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative."—People "The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I've never read anything quite like it, and I'm grateful to have lived, for a while, in all its many worlds."—Michael Chabon "Cloud Atlas ought to make [Mitchell] famous on both sides of the Atlantic as a writer whose fearlessness is matched by his talent."—The Washington Post Book World "Thrilling . . . One of the biggest joys in Cloud Atlas is watching Mitchell sashay from genre to genre without a hitch in his dance step."—Boston Sunday Globe "Grand and elaborate . . . [Mitchell] creates a world and language at once foreign and strange, yet strikingly familiar and intimate."—Los Angeles Times
