The Ideals of the East Kakasu Okakura 1903

The Diary of Lady Murasaki Murasaki Shikibu 1996-03-07 The Diary recorded by Lady Murasaki (c. 973-c. 1020), author of *The Tale of Genji*, is an intimate picture of her life as tutor and companion to the young Empress Shoshi. Told in a series of vignettes, it offers revealing glimpses of the Japanese imperial palace - the auspicious birth of a prince, rivalries between the Emperor's consorts, with sharp criticism of Murasaki's fellow ladies-in-waiting and drunken courtiers, and telling remarks about the timid Empress and her powerful father, Michinaga. The Diary is also a work of great subtlety and intense personal reflection, as Murasaki makes penetrating insights into human psychology - her pragmatic observations always balanced by an exquisite and pensive melancholy.

© **Murakami** Takashi Murakami 2007 In conjunction with the first major retrospective of his work, "Murakami" traces artist Takashi Murakami's global impact socially, culturally, and historically. Representing output from original works of art to mass-produced multiples, the volume also considers the implications of his working methods within the tradition of the Western avant-garde. Rizzoli

Art and Nationalism in Colonial India, 1850-1922 Partha Mitter 1994 Partha Mitter's book is a pioneering study of the history of modern art on the Indian subcontinent from 1850 to 1922. The author tells the story of Indian art during the Raj, set against the interplay of colonialism and nationalism. The work addresses the tensions and contradictions that attended the advent of European naturalism in India, as part of the imperial design for the westernisation of the elite, and traces the artistic evolution from unquestioning westernisation to the construction of Hindu national identity. Through a wide range of literary and pictorial sources, *Art and Nationalism in Colonial India* balances the study of colonial cultural institutions and networks with the ideologies of the nationalist and intellectual movements which followed. The result is a book of immense significance, both in the context of South Asian history and in the

wider context of art history.

Picasso Ibero 2021-09-07 Picasso in dialogue with the Iberian holdings of the Louvre Although he spent most of his adult life in France, painter Pablo Picasso (1881-1973) never denied the artistic influence that his upbringing in Spain imparted upon him. Of particular significance was the art and culture of the Iberian Peninsula where he had been born and later lived as a young man, though it was likely that his first real encounter with Iberian art took place at the Louvre in France. This volume accompanies a curatorial collaboration between the Centro Botín in Spain and the Musée Picasso-Paris in France that explores Picasso's relationship with Iberian art on an unprecedented scale. The book demonstrates this rich connection by comparing works by Picasso with masterpieces from the Louvre's Iberian collection and major Spanish archaeological museums. Further context provided by the world's leading experts in Iberian art conveys the depth of Picasso's cultural and artistic dialogue with his birthplace.

Japanese Painting and National Identity Victoria Weston 2004 This is the first monograph in English to address the art and philosophy of a group of painters regarded as seminal figures in the development of modern Japanese painting. Lead by the outspoken and widely published art critic Okakura Tenshin, a group of mostly Tokyo-based painters took on nothing less than the modernization of traditional Japanese painting. The painters who looked to Okakura Tenshin as their leader saw themselves not just as artists but as servants of the nation. Their task, they believed, was to give expression to the vitality of Meiji Japan while also helping to shape public opinion at home and abroad. Thus, they chose themes purposefully redolent with what they identified as Japanese cultural values; they experimented with painting techniques based on tradition yet revitalized through innovation. This book details how these artists came to this mission, as well as their training, their philosophical objectives, and their works.

The Alternate Nation of Abanindranath Tagore Debashish Banerji 2010-01-20 The Alternate Nation of Abanindranath Tagore provides a revisionary critique of the art of Abanindranath Tagore, the founder of a 'national' school of Indian painting, popularly known as the Bengal School of Art. It categorically argues that the art of Abanindranath, which developed as part of what has been called the Bengal Renaissance in the 19th-20th centuries, was not merely a normalization of nationalist or orientalist principles, but was a hermeneutic negotiation between modernity and community, geared toward the fashioning of an alternate nation, resistant to the stereotyping identity formation of the nation-state. It also establishes that his art—embedded in communitarian practices like kirtan, alpona, pet-naming, syncretism and storytelling through oral allegories—sought a dialogic social identity within the inter-subjective contexts of locality, regionality, nationality and trans-nationality. This book is well-illustrated with many of Abanindranath's creations. It will be a rich reference work for students, researchers and academics from various subject areas such as arts and humanities, sociology and cultural studies, and would be precious for artists, art collectors, connoisseurs, museums and art galleries.

Takashi Murakami Michael Darling 2017-05-30 The first major U.S. monograph in ten years on Murakami is the definitive survey of the paintings of one of today's most influential artists. Takashi Murakami (b. 1962), one of contemporary art's most widely recognized exponents, receives a long-awaited critical consideration in this important volume. Accompanying the first retrospective exhibition devoted solely to Murakami's paintings, this book traces Murakami's career from his earliest training to his current studio practice. Where other books address the commercial aspects of Murakami's work, this is the first serious survey of his work as a painter. Through essays and illustrations—many previously unpublished—it explores the artist's relationship to the tradition of Japanese painting and his facility in straddling high and low, ancient and modern, Eastern and Western, commercial and high art. New texts address Murakami's output in the context of postwar Japan, situating the artist in relation to folklore, traditional Japanese painting, the Tokyo art scene in the 1980s and 1990s, and the threat of nuclear annihilation. This richly illustrated volume also includes a detailed biography and exhibition history. Takashi Murakami is a true essential for collectors and fans alike.

Modern Masters of Kyoto Michiyo Morioka 1999 "Modern Masters of Kyoto presents more than eighty examples of Kyoto nihonga - hanging scrolls, screens, and an album - dating from the 1860s to the 1940s. Featuring two exceptionally original artists, Tsuji Kako (1870-1931) and his pupil Tomita Keisen (1879-1936), the volume includes works by their predecessors, their contemporaries, and their successors. Collectively their works demonstrate the evolution of Kyoto nihonga in the late nineteenth and early twentieth centuries. The book introduces Western readers to a range of Kyoto artists from the most famous to the talented but relatively unknown. Their often visually stunning paintings provide a window from which to glimpse both the past and the modern in Japanese art."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Revered and Reviled L. Vocelle 2016-10-03 Throughout history the cat has been an indomitable influence on societies and cultures, first as goddess, then as demon, and now as hero and social media empress. Man's view of the cat has come full circle. As both mascot and muse to great adventurers, writers, artists and statesmen, the cat has offered comfort and inspiration. Never obsequious or ordinary, always elegant and inscrutable, the cat has played a fundamental role in civilization through the centuries, and this is its story. -Find out why women and cats have been bound together throughout history. -Ever wondered why the black cat is considered bad luck; why cats were considered good luck on ships and planes? -The answers to these questions and many more are here in this easy to read and fully referenced cat history with over 150 black and white illustrations.

What China and India Once Were Benjamin Elman 2018-09-25 In the early years of the twenty-first century, China and India have emerged as world powers. In many respects, this is a return to the historical norm for both countries. For much of the early modern period, China and India were global leaders in a variety of ways. In this book, prominent scholars seek to understand modern China and India through an unprecedented comparative analysis of their long histories. Using new sources, making new connections, and reexamining old assumptions, noted scholars of China and India pair up in each chapter to tackle major questions by combining their expertise. What China and India Once Were details how these two cultural giants arrived at their present state, considers their commonalities and divergences, assesses what is at stake in their comparison, and, more widely, questions whether European modernity provides useful contrasts. In jointly composed chapters, contributors explore ecology, polity, gender relations, religion, literature, science and technology, and more, to provide the richest comparative account ever offered of China and India before the modern era. What China and India Once Were establishes innovative frameworks for understanding the historical and cultural roots of East and South Asia in global context, drawing on the variety of Asian pasts to offer

new ways of thinking about Asian presents.

Index to Artistic Biography Patricia Pate Havlice 1973 This volume is an attempt at providing an index for the location of artists' biographies. It includes works in ten languages, and for each artist includes the following: the artist's name, dates, nationality, and media employed. A three-letter code is used to list the volume in the bibliography which includes the artists' biography. Entries include variant spellings, pseudonyms, and alternate names. Artists are also indexed under variant names. As an example, Leonardo da Vinci can be located under both "L" and "V", with appropriate cross references.

The Inrō Handbook Raymond Bushell 1979 For collectors who have discovered the delights of such miniature Japanese art forms as the inro and the netsuke, this authoritative and enlightening book offers a wealth of valuable information. That it also affords entry to a world of fascinating design and superb craftsmanship goes without saying. In addition to illustrating in color and discussing in detail 108 distinguished inro and their accompanying netsuke, as well as 18 related miniature objects, it presents highly informative essays on the making of inro, on pearl shell inlays, and, in particular on the materials and techniques of lacquer art, the last of these with 62 color photos. It also furnishes an extensive list of lacquer artists' signatures with 386 photos. It is refreshing to have an author tell his readers not only what his book is but also what it is not. In his introduction Bushell says: "This book is addressed to the collector of inro, netsuke, and other forms of miniature Japanese art, with emphasis on works in lacquer. Its purpose is specific and limited. It is not a comprehensive study of lacquer. It is not a historical survey, a technical analysis, a comparative examination, or a compendium of terms and definitions. In point of time it is limited to the Tokugawa, Meiji, Taisho, and early Showa periods. In point of craft it is limited to the later development of precise and sophisticated techniques, with their brilliant decorative effects." Bushell points out that he is not making an unnecessary emotional appeal in praise of lacquer. His objective is far more practical. This book is the product of his efforts to understand the structure underlying the beauty of lacquer art and to provide clear and simple explanations. Because other books on the subject had not satisfied him, he undertook his own basic research, and here he presents the information he acquired through painstaking study with master lacquer craftsmen and other authorities.

Japan's Orient Stefan Tanaka 1995-02-08 Stefan Tanaka examines how late nineteenth and early twentieth century Japanese historians created the equivalent of an "Orient" for their new nation state. He argues that the Japanese attempted to use a variety of pasts—Chinese, Indian, and proto-historic Japanese—to construct an identity that was both modern and Asian.

Bright Stars Kate Bryan 2021-10-12 'Bryan's writing pops and zings like a Basquiat painting' - NOEL FIELDING In *Bright Stars*, Kate Bryan examines the lives and legacies of 30 great artists who died too young, celebrating their inspirational stories and extraordinary talent. Some of the world's greatest and most-loved artists died under the age of forty. But how did they turn relatively short careers into such long legacies? What drove them to create, against all the odds? And how can we use these stories to re-evaluate artists lost to the shadows, or whose legacies are not yet secured? Most artists have decades to hone their craft, win over the critics and forge their reputation, but that's not the case for the artists in this book. Art heavyweights Vincent van Gogh and Jean-Michel Basquiat have been mythologised, with their early deaths playing a key role in their posthumous fame. Others, such as Aubrey Beardsley and Noah Davis, were driven to create, knowing their time was limited. For some, premature death, compounded by gender and racial injustice, meant being left out of the history books - as was the case with Amrita Sher-Gil, Charlotte Salomon and Pauline Boty, now championed by Kate Bryan in this important re-appraisal. And, as Caravaggio and Vermeer's stories show us, it can take centuries for forgotten artists to be given the recognition they truly deserve. With each artist comes a unique and often surprising story about how lives full of talent and tragedy were turned into brilliant legacies that still influence and inspire us today. This is a celebration of talent so great it shines on. Beautifully illustrated with portraits of the artists, as well as reproductions of some of their most famous works, this important and timely work makes a crucial contribution to our understanding of the lives of some of the most talented artists throughout history. ***** 'Bryan's writing pops and zings like a Basquiat painting - and reminds us why truly great artists are immortal.' -NOEL FIELDING 'Bright Stars is a compelling reflection on the concept of legacy. Bryan's wide ranging assessment of artists we lost too soon proves that longevity in art is rewarded to the stars that burn the brightest, however fleeting their lives and careers.' - MARIA BALSHAW, DIRECTOR OF TATE 'Kate Bryan marshalls a wealth of fascinating detail about artists's lives cut sadly short ... and in sprightly prose brings their work vividly to life.' - JOAN BAKEWELL ***** The Artists Keith Haring, Jean-Michel Basquiat, Caravaggio, Dash Snow, Vincent van Gogh, Amedeo Modigliani, Francesca Woodman, Ana Mendieta, Félix González-Torres, Raphael, Yves Klein, Gordon Matta-Clark, Robert Mapplethorpe, Egon Schiele, Paula Modersohn-Becker, Amrita Sher-Gil, Johannes Vermeer, Robert Smithson, Henri de Toulouse-Lautrec, Aubrey Beardsley, Noah Davis, Eva Hesse, Charlotte Salomon, Umberto Boccioni, Gerda Taro, Joanna Mary Boyce, Pauline Boty, Helen Chadwick, Khadija Saye, Bartholomew Beal.
