Historia, clima y paisaje Vicenç M. Rosselló i Verger 2004 Antonio López Gómez (1923-2001), el dedicatario de este libro memorial, aparece en la imagen adjunta delante de su más querida obra hidráulica, el pantano de Tibi, cuya ejecutoria descubrió y propagó en su considerable producción geográfica. El profesor demostró en su trayectoria académica (universidades de Oviedo, de Valencia y Autónoma de Madrid) y en su quehacer investigador, centrado en el Instituto J. S. Elcano (C.S.I.C), un afán integrador de la Geografía, heredado de su maestro, Manuel de Terán. La extensa cultura humanística y la sólida formación científica trascendieron en el magisterio y en la obra investigadora y difusora de A.L.G. Cuando no existían "áreas de conocimiento" en nuestra disciplina, todavía incardinada -en el mejor de los casos- en una licenciatura de Historia, fue pionero en el campo de la climatología. Su contacto con la materna serranía de Atienza y, sobre todo, con la entonces fulgurante realidad de las huertas valencianas le subyugó y de ahí su interés por el mundo agrario. Del estudio del poblamiento pasaría más tarde a la geografía histórica... Sin fisuras, sin hiatos, sin contradicciones, que no se dan en un geógrafo total. Discípulos directos o de segunda o tercera generación, compañeros, amigos y coidealistas, convocados por los departamentos de la Universidad Autónoma de Madrid, de la Universitat de València y de la Universitat d'Alacant, han aportado enjundiosos trabajos centrados en tres de las líneas fundamentales por las que se afaná el maestro: la geografía histórica, una modalidad cuyo auge subraya la madurez de nuestra ciencia; los estudios del clima, que asumió primero en solitario y luego en equipo; y los paisajes rurales, los cuales marcan especialmente su etapa valenciana de investigación. El conjunto

constituye un justo referente del estado actual de la geografía española y pretende rendir homenaje a Antonio López Gómez, profesor "discreto, sobrio, reservado, honesto y generoso", que formó escuela, más caracterizada por un estilo -de pensamiento, de conducta, de comunicación- que por una doctrina, la cual su liberalismo nunca la permitió imponer.

Uma História da Cartilha do Araguaia: "...Estou Lendo!!!" (1978-1989) Alessandra Pereira Carneiro Rodrigues 2020-04-06 A vida da gente tem sempre uma história bonita. E este livro também. Ele nasceu num animado mutirão. Professores dos patrimônios e sertão trabalharam com carinho e amor. Misturaram muitas idéias. E assim brotou nosso "... Estou Lendo!!!" GATTI et al., 1984a, Apresentação A história da alfabetização no Brasil e em Mato Grosso precisa ser revisitada, nesse caso, a leitura de Uma História da Cartilha do Araguaia "...Estou Lendo!!!" (1978-1989) possibilitará ao leitor vislumbrar um método ou uma metodologia que teve um papel primordial de inserir o aluno/professor no domínio da leitura e da escrita, de forma rápida e com mais autonomia, tendo como referência um material de produção coletiva, que parte de uma proposta formativa e reflexiva e constitui-se como uma ousada ferramenta didática, a cartilha "...Estou Lendo!!!". Conhecer "...Estou Lendo!!!" é ter acesso a uma obra que descortina a evolução dos métodos no campo da alfabetização, sem, no entanto, questionar os já existentes. Nota-se, sobremaneira, a apresentação de um método inovador para o tempo em questão, o qual como base pressupostos de Paulo Freire. Presumo que esta obra levará o leitor a uma interessante viagem no campo da alfabetização, por se constituir como um elemento pertencente à cultura escolar que fez história, deixando muitas saudades. Sendo assim, convido você, professor, a conhecer a história da cartilha "...Estou Lendo!!!", elaborada em meio a um movimento pensado por um grupo de educadores na perspectiva de fazer educação correlacionada à vida e aos saberes dos sujeitos envolvidos.

The Social Organization of Sports Medicine Dominic Malcolm 2012 This volume charts changing perceptions of sport within medical discourse, attempts by sports medicine providers to forge professional identities in response to these processes, the day-to-day experiences of deliverers of sports medicine and the reactions of recipients of that healthcare.

On the Border Andrew Grant Wood 2004-09-14 A stunningly beautiful backdrop where cultures meet, meld, and thrive, the U.S.–Mexico borderlands is one of the most dynamic regions in the Americas. On the Border explores little-known corners of this fascinating area of the world in a rich collection of essays. Beginning with an exploration of mining and the rise of Tijuana, the book examines a number of aspects of the region's social and cultural history, including urban growth and housing, the mysterious underworld of border-town nightlife, a film noir treatment of the Peteet family suicides, borderlands cuisine, the life of squatters, and popular religion. As stimulating as it is lively, On the Border will spark a new appreciation for the range of social and cultural experiences in the borderlands.

History of Universities Mordechai Feingold 2005-10-20 Volume XX/2 of History of Universities contains the customary mix of learned articles, book reviews, conference reports, and bibliographical information, which makes this publication such an indispensable tool for the historian of higher education. Its contributions range widely geographically, chronologically, and in subject-matter. The volume is, as always, a lively combination of original research and invaluable reference material.

Textbook of Hepatology Juan Rodés 2008-04-15 THE encyclopedic guide to hepatology – for consultation by clinicians and basic scientists Previously the Oxford Textbook of Clinical Hepatology, this two-volume textbook is now with Blackwell Publishing. It covers basic, clinical and translational science (converting basic science discoveries into the practical applications to benefit people). Edited by ten leading experts in the liver and biliary tract and their diseases, along with outstanding contributions from over 200 international clinicians, this text has global references, evidence and extensive subject matter – giving you the best science and clinical practice discussed by the best authors. It includes unique sections on: Symptoms and signs in liver disease Industrial diseases affecting the liver The effects of diseases of other systems on the liver The effects of liver diseases on other systems It's bigger and more extensive than other books and discusses new areas in more depth such as stem cells, genetics, genomics, proteomics, transplantation, mathematics and much more. Plus, it comes with a fully searchable CD ROM of the entire content. Click here to view a sample chapter on the liver and coagulation

The Reign of Constantius II Nicholas Baker-Brian 2022-07-15 Constantius II, son of Constantine the Great, ruled the Roman Empire between 337 and 361 CE. Constantius' reign is characterised by a series of political and cultural upheavals and is rightly viewed as a time of significant change in the history of the fourth century. Constantius initially shared power with his brothers, Constantine II and Constans, but this arrangement lasted a short period of time before Constantine II was killed in a contest over authority by Constans. Further threats to the stability of the empire arose with the usurpation of the ambitious Roman general Magnentius between 350 and 353, and additional episodes of imperial instability occurred as Constantius' relations with his junior Caesars, Gallus and Julian, deteriorated, the latter to the point where civil war would have been on the cards once again if Constantius had not died on 3 November 361. This book examines the dynastic, political and cultural impact of Constantius' reign as a member of the Constantinian family on the later empire, first as a joint ruler with his brothers and then as sole Augustus. The chapters investigate the involvement of Constantius in the imperial, administrative, legal, religious and cultural life of the Roman Empire in the

fourth century. Constantius' handling of various threats to Roman hegemony such as the ambitions of the neighbouring Sasanian Empire, and his relationships with Gallus and with Julian are explored. The book's analysis is guided by the epigraphic, iconographic, literary and legal evidence of the Roman and Byzantine periods but it is not a conventional imperial 'biography'. Rather, it examines the figure of Constantius in light of the numerous historiographical issues surrounding his memorialisation in the historical and literary sources, for instance as 'Arian' tyrant or as internecine murderer. The over-arching aim is to investigate power in the post-Constantine period, and the way in which imperial and episcopal networks related to one another with the ambition of participating in the exercise of power. The Reign of Constantius II will appeal to those interested in the Later Roman Empire, the Constantinian imperial family, Roman-Sasanian relations, and the role of religion in shaping imperial dynamics with Christianity.

Una historia de la Iglesia Episcopal The Rev. Dr. Robert W. Prichard 2022-11-22
" . . . a lively story of the Episcopal tradition."—E. Brooks Holifield A carefully researched history that sets church events against the background of social changes, now available in Spanish. The author has interwoven new content recognizing the diversity of the church and the significance of events and individuals previously less acknowledged. For church historians, seminarians, and those who have interest in the past, present, and future developments within the Episcopal and broader religious landscape.

A World of Giving Patricia L Rosenfield 2014-11-04 The age of international philanthropy is upon us. Today, many of America's most prominent foundations support institutions or programs abroad, but few have been active on the global stage for as long as Carnegie Corporation of New York. *A World of Giving* provides a thorough, objective examination of the international activities of Carnegie Corporation, one of America's oldest and most respected philanthropic institutions, which was created by steel baron Andrew Carnegie in 1911 to support the "advancement and diffusion of knowledge and understanding." The book explains in detail the grantmaking process aimed at promoting understanding across cultures and research in many nations across the world. *A World of Giving* highlights the vital importance of Carnegie Corporation's mission in guiding its work, and the role of foundation presidents as thought and action leaders. The presidents, trustees, and later on, staff members, are the human element that drives philanthropy and they are the lens through which to view the inner workings of philanthropic institutions, with all of their accompanying strengths and limitations, especially when embarking on international activities. It also does not shy away from controversy, including early missteps in Canada, race and poverty issues in the 1930s and 1980s related to South Africa, promotion of area studies affected by the McCarthy Era, the critique of technical assistance in developing countries, the century-long failure to achieve international understanding on the part of Americans, and recent critiques by Australian historians of the Corporation's nation-transforming work there. This is a comprehensive review of one foundation's work on the international stage as well as a model for how philanthropy can be

practiced in a deeply interconnected world where conflicts abound, but progress can be spurred by thoughtful, forward-looking institutions following humanistic principles.

Spain at War James Matthews 2019-04-18 Spain's principal and most devastating war during the 20th century was, unusually for most of Europe, an internal conflict. During the Spanish Civil War of 1936 to 1939 two competing armies – the insurgent and counterrevolutionary Nationalist Army and the Republican Popular Army – engaged in a conflict to impose their version of Spanish identity and the right to shape the country's future. In its aftermath, Francoist Spain remained on a war footing for the duration of the Second World War. In spite of the unabated flood of books on the Spanish Civil War and its consequences, historians of Spain in the 20th century have focused relatively little on the interaction of society and culture, and their roles in wartime mobilization. *Spain at War* addresses this omission through an examination of individual experiences of conflict and the mobilization of society. This edited volume acknowledges the agency of low-ranking individuals and the impact of their choices upon the historical processes that shaped the conflict and its aftermath. In doing so, this new military history provides a more complex and nuanced understanding of Spain's most intense period of wartime cultural mobilization between the years 1936 to 1944 and challenges traditional political accounts of the period.

Integrating Social Responsibility and Sustainable Development Walter Leal Filho 2021-04-05 This book is a truly interdisciplinary publication, useful to scholars, social movements, practitioners and members of governmental agencies and private companies, undertaking research and/or executing projects focusing on social responsibility and sustainability from across the world. Sustainable development has become a matter of central concern to both public institutions and enterprises. Indeed, for many companies, a due emphasis to environmental issues is not only positive from the point of view of environmental gains, but also to the image of the business. Often, but not always, this is reflected in the preparation of formal strategies and programmes, which entail their institutional strategies and visions. The wide area of social responsibility, often known as Corporate Social Responsibility (CSR), entails elements of social equality and environmental accountability, and eco-efficiency. Due to their complexity, the interrelations between social responsibility and sustainable development need to be better understood. There is also a real need to showcase successful examples of how public institutions and companies are handling their sustainability challenges. It is against this background that this book has been produced.

The Politics of Drug Violence Angelica Duran-Martinez 2017-12-13 Over the last few decades, drug trafficking organizations in Latin America became infamous for their shocking public crimes, from narcoterrorist assaults on the Colombian

political system in the 1980s to the more recent wave of beheadings in Mexico. However, while these highly visible forms of public violence dominate headlines, they are neither the most common form of drug violence nor simply the result of brutality. Rather, they stem from structural conditions that vary from country to country and from era to era. In *The Politics of Drug Violence*, Angelica Durán-Martínez shows how variation in drug violence results from the complex relationship between state power and criminal competition. Drawing on remarkably extensive fieldwork, this book compares five cities that have been home to major trafficking organizations for the past four decades: Cali and Medellín in Colombia, and Ciudad Juárez, Culiacán, and Tijuana in Mexico. She shows that violence escalates when trafficking organizations compete and the state security apparatus is fragmented. However, when the criminal market is monopolized and the state security apparatus cohesive, violence tends to be more hidden and less frequent. The size of drug profits does not determine violence levels, and neither does the degree of state weakness. Rather, the forms and scale of violent crime derive primarily from the interplay between marketplace competition and state cohesiveness. An unprecedentedly rich empirical account of one of the worst problems of our era, the book will reshape our understanding of the forces driving organized criminal violence in Latin America and elsewhere.

Medieval Religion Constance Hoffman Berman 2004-08-02 Constance Hoffman Berman presents an indispensable collection of the most influential and revisionist work to be done on religion in the Middle Ages in the last two decades. Bringing together an authoritative list of scholars from around the world, this book is a comprehensive compilation of the most important work in this field. *Medieval Religion* provides a valuable service for all those who study the Middle Ages, church history or religion.

The Routledge Companion to Digital Media and Children Lelia Green 2020-10-27 This companion presents the newest research in this important area, showcasing the huge diversity in children's relationships with digital media around the globe, and exploring the benefits, challenges, history, and emerging developments in the field. Children are finding novel ways to express their passions and priorities through innovative uses of digital communication tools. This collection investigates and critiques the dynamism of children's lives online with contributions fielding both global and hyper-local issues, and bridging the wide spectrum of connected media created for and by children. From education to children's rights to cyberbullying and youth in challenging circumstances, the interdisciplinary approach ensures a careful, nuanced, multi-dimensional exploration of children's relationships with digital media. Featuring a highly international range of case studies, perspectives, and socio-cultural contexts, *The Routledge Companion to Digital Media and Children* is the perfect reference tool for students and researchers of media and communication, family and technology studies, psychology, education, anthropology, and sociology, as well as interested teachers, policy makers, and

parents.

The Oxford Handbook of the History of Education John L. Rury 2019 This handbook offers a global view of the historical development of educational institutions, systems of schooling, ideas about education, and educational experiences. Its 36 chapters consider changing scholarship in the field, examine nationally-oriented works by comparing themes and approaches, lend international perspective on a range of issues in education, and provide suggestions for further research and analysis. Like many other subfields of historical analysis, the history of education has been deeply affected by global processes of social and political change, especially since the 1960s. The handbook weighs the influence of various interpretive perspectives, including revisionist viewpoints, taking particular note of changes in the past half century. Contributors consider how schooling and other educational experiences have been shaped by the larger social and political context, and how these influences have affected the experiences of students, their families and the educators who have worked with them. The Handbook provides insight and perspective on a wide range of topics, including pre-modern education, colonialism and anti-colonial struggles, indigenous education, minority issues in education, comparative, international, and transnational education, childhood education, non-formal and informal education, and a range of other issues. Each contribution includes endnotes and a bibliography for readers interested in further study.

CRC World Dictionary of Medicinal and Poisonous Plants Umberto Quattrocchi 2016-04-19 "Following on the successes of two previous dictionary projects, the CRC World Dictionary of Plant Names and the CRC World Dictionary of the Grasses, Umberto Quattrocchi has undertaken this dictionary of economically important plants.... He has done for these plants what was so admirably done in his other works—brought the vast and scattered literature on plant names, and in this case, too, their uses, into coherent order so that the inquisitive scholar can get a foothold." —From the Foreword, Donald H. Pfister, Harvard University and Harvard University Herbaria, Cambridge, Massachusetts The CRC World Dictionary of Medicinal and Poisonous Plants: Common Names, Scientific Names, Eponyms, Synonyms, and Etymology provides the starting point for better access to data on plants used around the world in medicine, food, and cultural practices. The material found in the five volumes has been painstakingly gathered from papers of general interest, reports and records, taxonomic revisions, field studies, herbaria and herbarium collections, notes, monographs, pamphlets, botanical literature, and literature tout court. It includes sources available at various natural history libraries, floras and standard flora works, local floras and local histories, nomenclatural histories, and the International Code of Botanical Nomenclature. Much more than a dictionary, the book provides the names of thousands of genera and species of economically important plants, concise summaries of plant properties, and appropriate observations about medicinal uses. Drawing from a tremendous range of primary and secondary sources, it is an indispensable time-saving guide for

all those involved with botany, herbal medicine, pharmacognosy, toxicology, medicinal and natural product chemistry, and agriculture.

"Homens de Ferro, Mulheres de Pedra": O Itinerário de Resistências de Africanos Escravizados entre a África Centro-Occidental e América Espanhola; Fugas, Formação de Quilombos e Conspirações Urbanas (1720-1809) Bruno Pinheiro Rodrigues 2019-11-14 Homens de ferro, Mulheres de pedra é um livro sobre a luta incessante por liberdade de africanos que foram tornados escravos ainda na África e transportados para o Novo Mundo. Trata-se de um conjunto de histórias sobre persistência, força, paixões e recomeços, que conferiram aos sujeitos analisados a natureza de ferro ou pedra, permitindo, assim, suportar a longa travessia do Atlântico até a fronteira oeste da América portuguesa e depois seguir América espanhola adentro. Nesta obra, o leitor é convidado a conhecer a complexidade do mundo escravista do Atlântico Sul, povoado por diferentes personagens e espaços. Ganham presença nas suas páginas comerciantes portugueses e brasileiros, pombeiros, sertanejos, chefes africanos, indígenas, quilombolas, itinerários comerciais que ligavam o Rio de Janeiro ao Mato Grosso, atravessando territórios de indígenas Paiaguás, além das rotas de fuga para floresta densa ou território espanhol, especialmente Santa Cruz de la Sierra. Sequestro de navio negreiro, confrontos, alianças entre chefes africanos e portugueses ou negros escravizados e indígenas e insurreição urbana são apenas alguns dos casos que aparecem ao longo das páginas que compõem o livro. A importância desta publicação não se deve somente ao fato de fazer coro com os esforços nacionais para divulgação da história e cultura afro-brasileira, mas, sobretudo, porque parte do pressuposto de que as desigualdades raciais no Brasil só poderão ser superadas se inicialmente conhecermos a própria história dos afro-brasileiros que aqui viveram como escravos e lutaram pela liberdade. Ademais, trata-se de um livro endereçado tanto para pesquisadores interessados em compreender o sistema escravista arquitetado entre o continente africano e a América portuguesa, como também para todo e qualquer brasileiro que tenha anseio em se familiarizar com as próprias raízes históricas e culturais. Esperamos que nossos homens e mulheres de ferro e pedra possam fazer o leitor olhar para história brasileira de outro ângulo, do ponto de vista daqueles que se levantaram contra a escravidão e a ela resistiram.

Historia social de la música popular en Chile, 1950- 1970 Juan Pablo González Rodríguez 2020-03-18 Este libro ofrece al lector una mirada de las décadas 1950 a 1970 en Chile, desde la perspectiva de la producción, consumo y circulación de música popular. Retomando el enfoque del volumen anterior (1890-1950), en este volumen se presentan las inquietudes y necesidades sociales del período a través de las expresiones de una música moderna, masiva y mediatizada. El protagonismo que adquieren los jóvenes y las mujeres, las transformaciones en las costumbres y las prácticas sociales, los nuevos ritmos y lenguajes musicales, y las formas innovadoras de baile, son algunas de las materias tratadas en este estudio. Se consideran todos los géneros y corrientes musicales en boga en Chile entre 1950 y 1970; los espacios y medios para su desarrollo, sus protagonistas, y el flujo de intercambios e influencias externas que adquieren importancia a raíz del progreso en las comunicaciones y

la ampliación de la democratización social. El libro aborda la década de oro del bolero y de las orquestas tropicales; el nacimiento del rock and roll y su impacto en la música juvenil chilena; las distintas formas de incorporar el folclore a la canción popular “todas vigentes en los años sesenta”; la música en el cine y el teatro; y la presencia del cancionero latinoamericano, europeo y estadounidense en el país. Este volumen incluye también un disco para facilitar la experiencia de la memoria sonora de los lectores, buscando una comprensión más cabal del fenómeno social de la música popular.

Análise Institucional, Genealogia, História Oral: Fabricando Intercessores em Pesquisa e Intervenção Heliana de Barros Conde Rodrigues 2020-02-06 Os artigos que compõem este livro, anteriormente dispersos por periódicos e coletâneas voltados a problemáticas variadas, foram aqui reunidos no intuito de promover intercessões – e não interseções, frise-se – entre a genealogia foucaultiana, a Análise Institucional e a história oral.

Sector agroalimentario argentino. Informe de coyuntura. Julio/Septiembre 2004

Desert Christians William Harmless 2004-06-17 In the fourth century, the deserts of Egypt became the nerve center of a radical new movement, what we now call monasticism. Groups of Christians—from illiterate peasants to learned intellectuals—moved out to the wastelands beyond the Nile Valley and, in the famous words of Saint Athanasius, made the desert a city. In so doing, they captured the imagination of the ancient world. They forged techniques of prayer and asceticism, of discipleship and spiritual direction, that have remained central to Christianity ever since. Seeking to map the soul's long journey to God and plot out the subtle vagaries of the human heart, they created and inspired texts that became classics of Western spirituality. These Desert Christians were also brilliant storytellers, some of Christianity's finest. This book introduces the literature of early monasticism. It examines all the best-known works, including Athanasius' Life of Antony, the Lives of Pachomius, and the so-called Sayings of the Desert Fathers. Later chapters focus on two pioneers of monastic theology: Evagrius Ponticus, the first great theoretician of Christian mysticism; and John Cassian, who brought Egyptian monasticism to the Latin West. Along the way, readers are introduced to path-breaking discoveries—to new texts and recent archeological finds—that have revolutionized contemporary scholarship on monastic origins. Included are fascinating snippets from papyri and from little-known Coptic, Syriac, and Ethiopic texts. Interspersed in each chapter are illustrations, maps, and diagrams that help readers sort through the key texts and the richly-textured world of early monasticism. Geared to a wide audience and written in clear, jargon-free prose, Desert Christians offers the most comprehensive and accessible introduction to early monasticism.

History of Universities Oxford 2005-10-20 Volume XX/2 of History of Universities contains the customary mix of learned articles, book reviews, conference reports, and bibliographical information, which makes this publication such an indispensable tool for the historian of higher education. Its contributions range widely geographically, chronologically, and in subject-matter. The volume is, as always, a lively combination of original research and invaluable reference material.

Lost Prince David Baldwin 2011-11-30 The story of the Princes in the Tower is one of history's most enduring, poignant and romanticised tales. But were the princes really murdered? David Baldwin presents a fresh new approach to the mystery and reveals, for the first time, the true fate of the younger prince, Richard, Duke of York. David Baldwin has searched contemporary documents to unearth the clues that underpin his radical new theory and has visited all the places associated with Richard Plantagenet. In doing so, he has opened up an entirely new line of investigation and exonerated Richard III of the greatest of the crimes imputed to him. Dead princes were a potential embarrassment, but a living prince would have been a real danger and a closely guarded secret, not only in Richard's reign but in the reigns of Henry VII and Henry VIII.

Boletín de historia y antigüedades 2004

Images of Sex and Desire in Renaissance Art and Modern Historiography Angeliki Pollali 2017-12-06 Studies on gender and sexuality have proliferated in the last decades, covering a wide spectrum of disciplines. This collection of essays offers a metanarrative of sexuality as it has been recently embedded in the art historical discourse of the European Renaissance. It revisits 'canonical' forms of visual culture, such as painting, sculpture and a number of emblematic manuscripts. The contributors focus on one image—either actual or thematic—and examine it against its historiographic assumptions. Through the use of interdisciplinary approaches, the essays propose to unmask the ideology(ies) of representation of sexuality and suggest a richer image of the ever-shifting identities of gender. The collection focuses on the Italian Renaissance, but also includes case studies from Germany and France.

Afro-Latinos em Movimento: Protesto Negro e Ativismo Institucional no Brasil e na Colômbia Cristiano Rodrigues 2020-04-08 Afro-latinos em Movimento: Protesto Negro e Ativismo Institucional no Brasil e na Colômbia, de Cristiano Rodrigues, é um livro inestimável para muitas agendas de pesquisa. Resulta de uma pesquisa original, extensa e de qualidade, utilizando análise documental e entrevistas, feita com rigor e qualidade exigida numa tese de doutorado, defendida em 2014, no prestigiado Iesp-Uerj.

Cinema de Duas Faces Fabiana Rodrigues 2020-05-04 Cinema de duas faces é um convite à delicadeza das minúcias dramáticas que envolvem não somente a obra de Ingmar Bergman como o percurso de uma vida delineada pela (in)constância de crises arduamente existenciais. A escolha de cinco obras de Bergman – quatro principais e uma periférica – dá-se, também, por todas elas pertencerem ao chamado terceiro período, ou período de conteúdo simbólico, que começa em 1956 e vai até 1963, e porque sua "Trilogia do silêncio" aponta para um período no qual Bergman apresenta a sua descrença em Deus ou em qualquer ser superior.

Historia de la probabilidad y de la estadística IX SANTOS DEL CERRO Jesús 2018-10-15 Este libro recoge las ponencias presentadas en el IX Congreso Internacional de Historia de la Estadística y de la Probabilidad organizado por la Asociación de Historia de la Estadística y de la Probabilidad de España (AHEPE) y celebrado en el Colegio Universitario de Estudios Financieros (CUNEF), en Madrid (julio, 2017). Reúne las aportaciones sobre la Historia de la Probabilidad desde sus inicios: estudios sobre Cardano, Nicolás Bernoulli, s'Gravesande, John Graunt, etc.; otros trabajos que dotan de cuerpo a la Historia de la Estadística en España: Ramón de la Serna, la creación de la Comisión de Estadística General del Reino en 1856, etc. Algunos capítulos de este libro tratan de la génesis de la Estadística oficial, otros muestran la importancia de la Estadística relacionada con la Economía, Medicina, Ciencia actual, Biología, Econometría, etc. Se incluyen, además, estudios sobre tablas de mortalidad, la relación entre fiscalidad y probabilidad, así como las contribuciones de autores más recientes en el ámbito de la Estadística y la Probabilidad, tales como R. A. Fisher, K. Pearson, Galton y Boscovich. También se completa con interesantes análisis sobre las loterías, las rentas vitalicias y los seguros de vida. Muchos de estos temas no solo ayudan a entender nuestra compleja sociedad actual, sino que constituyen una fuente esencial de conceptos fundamentales para los múltiples ámbitos profesionales donde se utilizan la Probabilidad y la Estadística como herramientas básicas.
