A Little History of the World E. H. Gombrich 2014-10-01 E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and

deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

A New English Dictionary on Historical Principles James Augustus Henry Murray 1909

The House of Ashes Stuart Neville 2021-09-07 For fans of Gillian Flynn and Tana French, a chilling story of a Northern Irish murder sixty years buried Sara Keane's husband, Damien, has uprooted them from England and moved them to his native Northern Ireland for a "fresh start" in the wake of her nervous breakdown. Sara, who knows no one in Northern Ireland, is jobless, carless, friendless—all but a prisoner in her own house. When a blood-soaked old woman beats on the door, insisting the house is hers before being bundled back to her care facility, Sara begins to understand the house has a terrible history her husband never intended for her to discover. As the two women form a bond over their shared traumas, Sara finds the strength to stand up to her abuser, and Mary—silent for six decades—is finally ready to tell her story . . . Through the counterpoint voices—one modern Englishwoman, one Northern Irish farmgirl speaking from half a century earlier—Stuart Neville offers a chilling and gorgeous portrait of violence and resilience in this truly haunting narrative.

A Memoir on Ireland, Native and Saxon Daniel O'Connell 1843

Labour in Irish History James Connolly 1971

Annual Literary Index 1904

An Impartial History of Ireland from the Period of the English Invasion to the Present Time
Dennis Taaffe 1810

Fraser's Magazine for Town and Country 1852

Macariae Excidium, Or, The Destruction of Cyprus Charles O'Kelly 1850

Horrible Histories Gruesome Guides: Dublin Terry Deary 2012-05-03 Shudder at the savage story of Dublin, brimming with blood-soaked battles and riotous rebellions. Terry Deary reveals the horrible history of the great Irish city, from the blood-dripping battle of Clontarf to the risings and rebellions of the twentieth century. Find out why the mayor of Dublin put his Mum in prison, picnic with pirates at St Stephen's Green, creep around cruel cathedrals and then head to dreadful Dublin castle. Torture, traitors and cut-throat Irish chieftains - it's a trip you simply aren't miss!

London Terry Deary 2010-02-01 *Horrible Histories Gruesome Guide: London* takes readers on a gore-tastic tour of the streets of London, exposing all of its most scurrilous secrets. With this book tourists can plot their path to the past \- take a trip to the terrifying Tower, dip into the ruthless River Thames (London's largest toilet!) and peer into creepy St Paul's Cathedral. Plague, pestilence and fire, it's a trip no *Horrible Histories* fan will want to miss!

Baron Macaulay 1860

Vindiciæ Hibernicæ Mathew Carey 1837

The Irish Farmers' Journal and Weekly Intelligencer 1819

American Military History Volume 1 Army Center of Military History 2016-06-05
American Military History provides the United States Army-in particular, its young officers, NCOs, and cadets-with a comprehensive but brief account of its past. The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses. Since then it has gone through a number of updates and revisions, but the primary intent has remained the same. Support for military history education has always been a principal mission of the Center, and this new edition of an invaluable history furthers that purpose. The history of an active organization tends to expand rapidly as the organization grows larger and more complex. The period since the Vietnam War, at which point the most recent edition ended, has been a significant one for the Army, a busy period of expanding roles and missions and of fundamental organizational changes. In particular, the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional, open-ended chapters in the story of the U.S. Army in action. This first volume covers the Army's history from its birth in 1775 to the eve of World War I. By 1917, the United States was already a world power. The Army had sent large expeditionary forces beyond the American hemisphere, and at the beginning of the new century Secretary of War Elihu Root had proposed changes and reforms that within a generation would shape the Army of the future. But world war-global war-was still to come. The second volume of this new edition will take up that story and extend it into the twenty-first century and the early years of the war on terrorism and includes an analysis of the wars in Afghanistan and Iraq up to January 2009.
