**The Body in History, Culture, and the Arts** Justyna Jajszczok 2019-03-27 The aim of this book is to explore the body in various historical contexts and to take it as a point of departure for broader historiographical projects. The chapters in the volume present the ways in which the body constitutes a valuable and productive object of historical analysis, especially as a lens through which to trace histories of social, political, and cultural phenomena and processes. More specifically, the authors use the body as a tool for critical re-examination of particular histories of human experience, and of societal and cultural practices, thus contributing to the burgeoning area of body history in terms of both specific case studies as well as historiography in general.

**John Gay's The Beggar's Opera 1728-2004** 2006-01-01 When Richard Steele remarked that the greatest Evils in human Society are such as no Law can come at, he was not able to foresee the spectacular success of John Gay's satire of society, the administration of law and crime, politics, the Italian opera and other topics. Gay's *The Beggar's Opera*, with its mixture of witty dialogue and popular songs, was imitated by 18th century writers, criticized by those on the seats of power, but remained a favourite of the English theatre public ever since. With N. Playfair's 1920 revival and B. Brecht's and K. Weill's 1928 *Dreigroschenoper*, Gay's play has been a starting-point for dramatists such as V. Havel (*Zebrácká opera*, 1975), W. Soyinka (*Opera Wonyosi*, 1977), Ch. Buarque (*Ópera do Malandro*, 1978), D. Fo (*L'opera dello sghignazzo*, 1981), A. Ayckbourn (*A Chorus of Disapproval*, 1984), as well as others such as Latouche, Hacks, Fassbinder, Dear, Wasserman, and Lepage. Apart from contributions by international scholars analysing the above-named plays, the editors' introduction covers other dramatists that have payed homage to Gay. This interdisciplinary collection of essays is of particular interest for scholars working in the field of drama/theatre studies, the eighteenth century, contemporary drama, postcolonial studies, and politics and the stage.

**Women in German Yearbook** Jeanette Clausen 1994-06-01 The tenth volume of *Women in German Yearbook* offers new perspectives on issues of gender and sexual identity. Richard McCormick analyzes, through a reading of G. W. Pabst's film *Geheimnisse einer Seele*, social anxieties about gender identity in Weimar popular culture. Elizabeth Mittman discusses Christa Wolf and Helga K'nigsdorf as different "embodiments" of the drastically altered eastern German public sphere in 1989/90. Ruth-Ellen B. Joeres suggests that the homosocial content of letters by early nineteenth-century German women writers created a social sphere distinct from those usually identified as public or private. Marjorie Gelus analyzes the obsessive focus on sex and gender in three of Kleist's stories. Gail Hart argues that Kleist's defeminization of "Anmut" in his "Marionettentheater" essay reinforces the exclusivity of a male homosocial universe. The relationship of masochism to female erotic desire is the subject of Brigid Haines's examination of Lou Andreas-Salomä's *Eine Ausschweifung*. Silke von der Emde investigates Irmtraud Morgner's use of postmodern strategies to promote feminist goals. Susan Anderson rereads Monika Maron's *Die \_berlÜuferin*, analyzing the self-emancipatory effects of fantasy. A cluster of articles providing feminist perspectives on the Holocaust is introduced by Ruth Kl\_ger's "Dankrede zum Grimmelshausen-Preis." Karen Remmler discusses the relationship between memory and the portrayal of female bodies in two recent Holocaust narratives. Suzanne Shipley examines the significance of exile in the autobiographies of two women who fled Austria for New York. Sigrid Lange introduces Marie-Therese Kerschbaumer's *Der weibliche Name des Widerstands*, a challenge to Austria's attempts to minimize its role in Nazi persecutions. Miriam Frank provides an overview of lesbian literature and publishing practices in Germany, and Luise Pusch reports on a recent attempt at language censorship in the German parliament. The volume closes with the editors' look at *Women in German* after twenty years. Jeanette Clausen is an associate professor of German at Indiana UniversityPurdue University at Fort Wayne. She is coeditor of *German Feminism* and since 1987 has coedited the *Women in German Yearbook*. Sara Friedrichsmeyer is a professor of German at the University of Cincinnati, Raymond Walters College, and author of *The Androgyne in Early German Romanticism*. She has been coeditor of the *Women in German Yearbook* since 1990.

Reconsidering the Emergence of the Gay Novel in English and German James P. Wilper 2016-02-15 In *Reconsidering the Emergence of the Gay Novel in English and German*, James P. Wilper examines a key moment in the development of the modern gay novel by analyzing four novels by German, British, and American writers. Wilper studies how the texts are influenced by and respond and react to four schools of thought regarding male homosexuality in the late nineteenth and early twentieth centuries. The first is legal codes criminalizing sex acts between men and the religious doctrine that informs them. The second is the ancient Greek erotic philosophy, in which a revival of interest took place in the late nineteenth century. The third is sexual science (or "sexology"), which offered various medical and psychological explanations for same-sex desire and was employed variously to defend, as well as to attempt to cure, this "perversion." And fourth, in the wake of the scandal caused by his trials and conviction for "gross indecency," Oscar Wilde became associated with a homosexual stereotype based on "unmanly" behavior. Wilper analyzes the four novels—Thomas Mann's *Death in Venice*, E. M. Forster's *Maurice*, Edward Prime-Stevenson's *Imre: A Memorandum*, and John Henry Mackay's *The Hustler*—in relation to these schools of thought, and focuses on the exchange and cross-cultural

influence between linguistic and cultural contexts on the subject of love and desire between men.

**Exiles Traveling** 2015-06-29 This volume presents for the first time a study of the interface between exile and travel within the context of exile from Nazi Germany. The nineteen essays share the overarching aim to compare the tropes of travel and exile as generators of a critical discourse and as central categories within German exile, in particular literature, music and film. The essays are guided by powerful questions: How does travel compare to exile, and how much overlap is there between these two categories? How do exiles travel, as practitioners of displacement? Or rather, to what extent does the concept of travel apply to the exilic predicament? Do the terms "exile" and "travel" still have validity in our postmodern era of cosmopolitanism, ever increasing mobility, the embrace of otherness, and tourism? How does exile literature in which travel is thematized compare to the tradition(s) of travel writing? And how are the critical moments of leavetaking, re-membering home, and return imagined and narrated? The essays feature numerous German and Austrian authors, musicians, and filmmakers and lend fresh insights into German Exile and the field of Exile Studies at large.

*Puppy Love 2* Jeff Erno 2010-05 Matt and Petey are a young gay couple in love. They're a Dom/sub couple. They're an Owner and his pup. In *Puppy Love 2*, they begin to build a life together. The close knit relationship they share with another D/s couple, Alex and Drew, begins to flourish. The four find their lives interwoven with each other, and ultimately the foursome become a family. The tragedies and struggles they go through are remarkable, and the emergence of Petey's sociopathic nemesis Ryan Connors only heightens the drama. Will Matt and Petey's love for one another be strong enough to weather the storms they are forced to face? Will Matt revert to his selfish habits of infidelity and womanizing? Will he demonstrate the maturity that is required to be a responsible Master to his pup? Will Petey ever realize that he has genuine worth, and will he find the confidence within himself to be the hero he was born to be?

**The Mental Corpus** John R. Taylor 2012-05-04 This book presents a radical reconceptualization of the nature of linguistic knowledge. John Taylor challenges the conventional notion that a language can be understood in terms

of the interaction of syntax with a lexicon, the second listing the words and the first the rules for combining them. He proposes instead that an individual's knowledge of a language can be thought of as a repository of memories of linguistic experience. Each encounter with the language, he argues, leaves a trace in our minds. We record the forms of utterances, the concepts and interpretations associated with them, and the contexts in which they were heard or seen. Features of incoming language - a word, a phrase, a meaning, a voice quality, an interactional situation - resonate with items already stored. Similarities between stored items give rise to generalizations of varying degrees of certainty and precision, which in turn are able to sanction new and innovative expressions. John Taylor writes with conviction, clarity, and wit, illustrating every stage of his argument with arresting examples. His account makes a profound and original contribution to understanding the nature of language and the operations of the mind and brain. His book will appeal in equal measure to linguists, philosophers, and cognitive scientists.

The American People: Volume 2 Larry Kramer 2020-01-07 In The American People: Volume 2: The Brutality of Fact, Larry Kramer completes his radical reimagining of his country's history. Ranging from the brothels of 1950s Washington, D.C., to the activism of the 1980s and beyond, Kramer offers an elaborate phantasmagoria of bigoted conspiracists in the halls of power and ordinary individuals suffering their consequences. With wit and bite, Kramer explores (among other things) the sex lives of every recent president; the complicated behavior of America's two greatest spies, J. Edgar Hoover and James Jesus Angleton; the rise of Sexopolis, the country's favorite magazine; and the genocidal activities of every branch of our health-care and drug-delivery systems. The American People: Volume 2 is narrated by (among others) the writer Fred Lemish and his two friends—Dr. Daniel Jerusalem, who works for America's preeminent health-care institution, and his twin brother, David Jerusalem, a survivor of a Nazi concentration camp who was abused by many powerful men. Together they track a terrible plague that intensifies as the government ignores it and depict the bold and imaginative activists who set out to shock the nation's conscience. In Kramer's telling, the United States is dedicated to the proposition that very few men are created equal, and those who love other men may be destined for death. Here is a historical novel like no other—satiric and impassioned and driven by an uncompromising moral and literary vision.

*Committed Sensations - An Initiation to Homosexuality* Andreas Frank 2020-04-09 Same-sex relationships have always existed and will always exist. That is normal. For several years, social research has dealt extensively with same-sex partnerships of lesbian and gay couples as well as with homosexuality and the coming-out of young Lesbians and Gays. Every second man has sex and orgasm experiences with another man, reports Alfred Kinsey, empirical sexologist. This Handbook and Compendium "Committed Sensations" is not only about help and ways for a personal coming-out and a successful identity development with regard to everyday questions like how to build up a network of queer friends, but at the

political level it also summarizes topics like e.g. gay-lesbian family politics, state marriage and church weddings - and as well it is about fostering discussions for the central keynotes of lesbian and gay couples within the last 50 years of gay-lesbian movement. From the content: @ Young people's Coming-Out @ How to introduce the friend to parents and in-laws @ Marriage and family policies for same-sex partnerships and their children @ Design of a modern queer/human theology @ Gender as a social construction @ For the homosexual, the private is political: politics for same-sex couples in the Parliament @ Homosexuality is a mature variant of human sexual behavior that is equivalent to Heterosexuality @ Social reporting on Lesbians, Gays and their long-term marriages @ Intimate communication: let's talk about Condoms, PrEP and Safe Sex @ Marketing & Online-Dating-Apps for Gays and Lesbians @ Identity as a statement on yourself @ Loyalty in relationships: The majority of Gays live together with a boyfriend in their apartment. 38 percent of gay men lead their relationship even for more than 10 years @ Church wedding and wedding ceremonies with partnership blessings of same-sex couples @ Lesbians, Gays and same-sex partnerships as a topic at school.

**The New Jew in Film** Nathan Abrams 2012-03-12 Jewish film characters have existed almost as long as the medium itself. But around 1990, films about Jews and their representation in cinema multiplied and took on new forms, marking a significant departure from the past. With a fresh generation of Jewish filmmakers, writers, and actors at work, contemporary cinemas have been depicting a multiplicity of new variants, including tough Jews; brutish Jews; gay and lesbian Jews; Jewish cowboys, skinheads, and superheroes; and even Jews in space. The New Jew in Film is grounded in the study of over three hundred films from Hollywood and beyond. Nathan Abrams explores these new and changing depictions of Jews, Jewishness, and Judaism, providing a wider, more representative picture of this transformation. In this compelling, surprising, and provocative book, chapters explore masculinity, femininity, passivity, agency, and religion in addition to a departure into new territory—including bathrooms and food. Abrams's concern is to reveal how the representation of the Jew is used to convey confidence or anxieties about Jewish identity and history as well as questions of racial, sexual, and gender politics. In doing so, he provides a welcome overview of important Jewish films produced globally over the past twenty years.
