ALL ABOUT UPSC CIVIL SERVICES EXAM Nishant Jain 2019-08-07

Balli of Bagdih Nilotpal Dutta 2022-09-29 Smart and confident Balli has a deep connection with Bagdih, a coal mine in a fairly remote part of Bihar where his father works and where his Nana had chosen to work after the partition of India. Bagdih, which nurtures everyone who comes to earn livelihood and still holds no grudge when they never return, has a special relationship with Balli, whom she finds so much like herself. Growing up in a small colony, Balli builds his beautiful world with Samar and lovely Samaira, whom he loves and feels fiercely protective about. As he helplessly watches his world slowly disintegrate due to misunderstandings and unmet expectations, he only has his promise of joining the Indian Army made to Nana and affection of a much older Shambhu to keep him moving. Balli leaves the place that gave him everything to pursue his goals only to return years later on a rescue mission. As he encounters several emotions on his return and goes through upheavals, he finds solace only in Bagdih's serene lap. Set in the later part of twentieth century, 'Balli of Bagdih' is a depiction of how the characteristics of a place can build the character of a person born and brought up there.

India's Struggle for Independence Bipin Chandra 2016-08-09 India's struggle for Independence by Bipin Chandra is your go to book for an in-depth and detailed overview on Indian independence movement . Indian freedom struggle is one of the most important parts of its history. A lot has been written and said about it, but there still remains a gap. Rarely do we get to hear accounts of the independence from the entire country and not just one region at one place. This book fits in perfectly in this gap and also provides a narration on the impact this movement had on the people. Bipin Chandra's book is a well-documented history of India's freedom struggle against the British rule. It is one of the most accurate books which have been painstakingly written after thorough research based on legal and valid verbal and written sources. It maps the first war of independence that started with Mangal Pandey's mutiny and witnessed the gallant effort of Sri Rani Laxmi Bai. Many of the pages of this book are dedicated to Mahatma Gandhi's non-cooperation and the civil disobedience movements. It contains detailed description of Subash Chandra Bose's weapon heavy tactics and his charisma. This book includes all the independence movements and fights, irrespective of their size and impact, covering India in its entirety. Although these movements varied in means and ideas, but they shared a common goal of independence. This book contains oral and written narratives from different parts of the country, making this book historically rich and diverse. The book captures the evolution of Indian independence struggle in full detail and leaves no chapter of this story untouched. This book is a good read for the students of Indian modern history and especially for students who are preparing for UPSC examination and have taken History as their subject.

India After Gandhi: The History of the World's Largest Democracy Ramachandra Guha 2017-07-13 Ramachandra Guha's India after Gandhi is a magisterial account of the pains, struggles, humiliations and glories of the world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation, and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections; the fall of the Congress and the rise of Narendra Modi; a major anti-corruption movement; more violence against women, Dalits, and religious minorities; a wave of prosperity for some but the persistence of poverty for others; comparative peace in Nagaland but greater discontent in Kashmir than

ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country's independence, this definitive history of modern India is the work of one of the world's finest scholars at the height of his powers.

How To Face IAS Interview: Character and Nation Building (Prabhat Prakashan) Dr. B. Ramaswamy

The Steel Frame: A History of the IAS Deepak Gupta 2019-03-19 Deepak Gupta did his BA from Allahabad, MA from St Stephen's college and MPhil in International relations from JNU. From the IAS batch of 1974, he has spent many years in the field in the erstwhile state of Bihar, including two districts (Saharsa 1979–80; Rohtas 1986–88) as Collector. He served in many departments in state and center and was also posted in India Trade Centre, Brussels and spent a year as WHO Advisor on TB in Delhi. He retired in 2011 as Secretary, Ministry of New and Renewable Energy. After retirement he consulted with the World Bank and UNIDO and writes on issues of energy and sustainable development. He was Chairman of UPSC from November 2014 to September 2016. His published works include Documentation of Participatory Irrigation Management, Covering a Billion with DOTS, Achieving Universal Energy Access in India: Challenges and Way Forward, and Caught by the Police.

A History of Philosophy Frank Thilly 2019-03-30 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature.

When Crime Pays Milan Vaishnav 2017-01-01 The first thorough study of the co-existence of crime and democratic processes in Indian politics In India, the world's largest democracy, the symbiotic relationship

between crime and politics raises complex questions. For instance, how can free and fair democratic processes exist alongside rampant criminality? Why do political parties recruit candidates with reputations for wrongdoing? Why are one-third of state and national legislators elected--and often re-elected--in spite of criminal charges pending against them? In this eye-opening study, political scientist Milan Vaishnav mines a rich array of sources, including fieldwork on political campaigns and interviews with candidates, party workers, and voters, large surveys, and an original database on politicians' backgrounds to offer the first comprehensive study of an issue that has implications for the study of democracy both within and beyond India's borders.

The Essentials of Indian Philosophy Mysore Hiriyanna 2000

Dictionary Of Public Administration U.C. Mandal 2007

Method in the Madness Parameswaran Iyer 2021-01-31 Parameswaran Iyer, former Secretary to the Government of India, is best known for leading the implementation of the Swachh Bharat Mission (SBM) - Prime Minister Narendra Modi's flagship programme, which became the world's largest sanitation revolution. But Iyer is not your typical bureaucrat. With a far-from-usual career combining two distinguished tenures in the government and an eventful stint outside it, he likes to describe himself as an uncommon 'Insider-Outsider-Insider'. In *Method in the Madness*, he reflects on the unique path he chose - from cracking the IAS

to becoming a globe-trotting World Bank technocrat, to playing the role of a coach to his professional tennis-playing children, to finally returning to India and implementing the SBM. Written with humour and wisdom, this is an inspiring read full of key management insights, practical career advice, and valuable life lessons that will resonate with readers across age groups and professions.

Geomorphology Savindra Singh 1998

India's Ancient Past R.S. Sharma 2006-09-18 This book presents a complete and accessible description of the history of early India. It starts by discussing the origins and growth of civilizations, empires, and religions. It also deals with the geographical, ecological, and linguistic backgrounds, and looks at specific cultures of the Neolithic, Chalcolithic, and Vedic periods, as well as at the Harappan civilization. In addition, the rise of Jainism and Buddhism, Magadha and the beginning of territorial states, and the period of Mauryas, Central Asian countries, Satvahanas, Guptas, and Harshavardhana are also analysed. Next, it stresses varna system, urbanization, commerce and trade, developments in science and philosophy, and cultural legacy. Finally, the process of transition from ancient to medieval India and the origin of the Aryan culture has also been examined.

Revel for Psychology -- Access Card Saundra Ciccarelli 2014-07-02 Throughout REVEL for Psychology, Fourth Edition, Saundra Ciccarelli and J. Noland White employ a learner-centered, assessment-driven approach that maximizes student engagement, and helps educators keep students on track. The authors draw students into the discipline by showing how psychology relates to their own lives. Clear learning objectives, based on the recommended APA undergraduate learning outcomes, guide students through the material. And assessment tied to these learning objectives lets students check their understanding, while allowing instructors to monitor class progress and intervene when necessary to bolster student performance. REVEL™ is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL offers an immersive learning experience designed for the way today's students read, think, and learn. Enlivening course content with media interactives and assessments, REVEL empowers educators to increase engagement with the course, and to better connect with students.

Models in Geography Majid Husain 2007 ""Models in Geography"" aim at presenting the important models and theories in human geography at one place in a concise and cogent manner. These include System Analysis, Malthusian, Marxian and Demographic Transitional Models, Central Place Theory of Christaller and Losch, von Thunen Model of Agricultural Land Use, Weber's Theory of Industrial Location, Rostow's Stages of Growth, Heartland and Rimland Theories, and Laws of International Boundaries and Frontiers. Besides, the Limits to Growth and Laws of Migration have also been examined. A full chapter has been devoted to types and patterns of rural settlements, primate city, rank-size rule and models of urban land. Documented with the latest data, maps and diagrams, one chapter has been written on climatic change. It is hoped that the book will be of immense help to the students and teachers alike. This will also be useful for those preparing for various competitive examinations."

Global Politics Andrew Heywood 2014-03-11 In this extensively revised new edition of Global Politics, internationally renowned author Andrew Heywood provides a systematic and integrated analysis of the theory and practice of contemporary international relations. This edition is fully updated to cover key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of current issues like international migration. An entirely new chapter on the importance and impact of theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in global politics. Drawing on an exceptionally wide range of theoretical perspectives throughout, each chapter is packed with innovative features to aid study and reinforce learning. To complement this textbook, there is a companion website with resources for both lecturers and students, offering exam questions, PowerPoint slides, online-only case-studies, self-test questions, and more. This new edition offers: - Updated key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of issues like international migration - An entirely new chapter on theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in international relations - Full page case studies of Global Politics in Action, illuminating major events in world affairs - Global Actor case studies considering the nature and significance of key players on the world stage, from Google to the G-20 - Focus and debating features looking closely at issues and approaches.

Public Administration Bidyut Chakrabarty 2006-02-02 This reader brings together significant articles on the theory and practice of public administration. It outlines the historical processes and goes on to reflect on contemporary administrative perspectives and experiences. A new preface takes stock of important developments in the field since the publication of the original edition.

Economic Survey 2010-11 Ministry of Finance Government of India, 2011-07-07 A flagship annual document of the Ministry of Finance, Government of India, Economic Survey 2010-11 reviews the developments in the Indian economy over the past 12 months, summarizes the performance on major development programmes, and highlights the policy initiatives of the government and the prospects of the economy in the short to medium term.

Environmental Studies R. Rajagopalan 2011 Adopting a lucid approach, the book aims to develop an appreciation of the seriousness of the environmental crisis at the local and global levels. The text discusses the major environmental problems we face today: global warming, overexploitation of natural resources, degraded land, disappearing forests, endangered species, rising pollution, growing population, and dangerous toxins, among others. The book illustrates various problems, solutions, successes, and failures with numerous Indian and global examples. Written in a student-friendly manner, the text is enriched with a number of photographs and illustrations.

With up to date coverage of all exam questions, new types of questions and tricks, the thoroughly checked error free edition will ensure Complete Command over the subject and help you succeed in the examinations.

An Uncertain Glory Jean Drèze 2013-08-11 When India became independent in 1947 after two centuries of colonial rule, it immediately adopted a firmly democratic political system, with multiple parties, freedom of speech, and extensive political rights. The famines of the British era disappeared, and steady economic growth replaced the economic stagnation of the Raj. The growth of the Indian economy quickened further over the last three decades and became the second fastest among large economies. Despite a recent dip, it is still one of the highest in the world. Maintaining rapid as well as environmentally sustainable growth remains an important and achievable goal for India. In *An Uncertain Glory*, two of India's leading economists argue that the country's main problems lie in the lack of attention paid to the essential needs of the people, especially of the poor, and often of women. There have been major failures both to foster participatory growth and to make good use of the public resources generated by economic growth to enhance people's living conditions. There is also a continued inadequacy of social services such as schooling and medical care as well as of physical services such as safe water, electricity, drainage, transportation, and sanitation. In the long run, even the feasibility of high economic growth is threatened by the underdevelopment of social and physical infrastructure and the neglect of human capabilities, in contrast with the Asian approach of simultaneous pursuit of economic growth and human development, as pioneered by Japan, South Korea, and China. In a democratic system, which India has great reason to value, addressing these failures requires not only significant policy rethinking by the government, but also a clearer public understanding of the abysmal extent of social and economic deprivations in the country. The deep inequalities in Indian society tend to constrict public discussion, confining it largely to the lives and concerns of the relatively affluent. Drèze and Sen present a powerful analysis of these deprivations and inequalities as well as the possibility of change through democratic practice.

Evolution of Geographical Thought Majid Husain 2015-08-01 This book covers a wide canvas of the story of geographical thoughts, ideas, and knowledge, from the early Greek period to modern contemporary geography. Presenting an introduction to the philosophy, history, and methodology of geography, the book maps the intellectual changes in the discipline over the years. To keep students abreast with the recent trends in geography, along with its methodological problems, the book has been updated and revised, making it a comprehensive textbook on geographical thought. The main objective of the sixth edition is to incorporate a number of relevant new topics and concepts which will expand the geographical base of interested students about the philosophy and methodology of geography. The book is presented in a larger format with improved maps and illustrations. A new chapter introduces students to a contemporary sub-discipline of Feminist Geography. Also included is a comprehensive list of biographic notes on selected geographers. [Subject: Geography]

Mission IAS - Prelim & Main Exam, Trends, How to prepare, Toppers' Interviews, Strategies, Tips & Detailed Syllabus 3rd Edition Disha Experts 2020-02-04

India Since Independence Bipan Chandra 2008-02-11 A thorough and incisive introduction to contemporary India. The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling *India's Struggle for Independence*, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.
