People of the Book T. Michael W. Halcomb 2012-05-03 We live in an era when the Bible appears to be less and less relevant to mainstream cultures. Those who do care about the Scriptures tend to derive their interpretations secondhand, from the preacher's pulpit or from generalized study guides written by complete strangers. These approaches overlook the communal and conversational nature of the Bible itself. If we hope to recover the transformative power of these ancient texts, and invite our world to reconsider their significance, we will need to engage whole communities together in the bottom-up task of interpretation. People of the Book was written to offer an organic-holistic approach to communal interpretation, an approach that can work for your community and appeal to your wider culture. Halcomb and McNinch envision the Bible as a conversation we are privileged to enter: listening, questioning, wrestling, reasoning, and responding together as authentic people of the Book. **The Tell-Tale Heart** Edgar Allan Poe 2020-08-26 Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

Writing Awesome Answers to Comprehension Questions (Even the Hard Ones) Nancy Boyles 2021-05-04 Help students appreciate texts and write about them with conviction. Responding to a comprehension question is a surprisingly complex task. It draws on multiple skills: students must be able to read and analyze a text passage; consider what aspect of the text the question addresses; and then quickly and concisely write about their ideas, citing evidence to support them. Hence the prominence of constructed-response questions in standardized testing. In this refreshingly clear and upbeat guide, literacy consultant Nancy Boyles gives a step-by-step demonstration of how to help students achieve success with this task—and in the process of unpacking the steps involved, demonstrates how the instruction can inspire teachers' creativity as well as deepen students' literacy skills. Filled with ready-to-use scaffolds for every stage of instruction—sets of sample questions, anchor charts, cue cards, answer frames—this is a one-stop resource for teaching students how to organize their thoughts about what they've read, and then set them down in writing.
