An Artful Relic Andrew R. Casper 2021-08-19 In 1578, a fourteen-foot linen sheet bearing the faint bloodstained imprint of a human corpse was presented to tens of thousands of worshippers in Turin, Italy, as one of the original shrouds used to prepare Jesus Christ's body for entombment. From that year into the next century, the Shroud of Turin emerged as Christianity's preeminent religious artifact. In an unprecedented new look, Andrew R. Casper sheds new light on one of the world's most famous and controversial religious objects. Since the early twentieth century, scores of scientists and forensic investigators have attributed the Shroud's mysterious images to painterly, natural, or even supernatural forces. Casper, however, shows that this modern opposition of artifice and authenticity does not align with the cloth's historical conception as an object of religious devotion. Examining the period of the Shroud's most enthusiastic following, from the late 1500s through the 1600s, he reveals how it came to be considered an artful relic—a divine painting attributed to God's artistry that contains traces of Christ's body. Through probing analyses of materials created to perpetuate the Shroud's cult following—including devotional, historical, and theological treatises as well as printed and painted reproductions—Casper uncovers historicized connections to late Renaissance and Baroque artistic cultures that frame an understanding of the Shroud's bloodied corporeal impressions as an alloy of material authenticity and divine artifice. This groundbreaking book introduces rich, new material about the Shroud's emergence as a sacred artifact. It will appeal to art historians specializing in religious and material studies, historians of religion, and to general readers interested in the Shroud of Turin.

Italian Style Eugenia Paulicelli 2016-09-22 This is the first in-depth, book-length study on fashion and Italian cinema from the silent film to the present. Italian cinema launched Italian fashion to the world. The book is the story of this launch. The creation of an Italian style and fashion as they are perceived today, especially by foreigners, was a product of the post World War II years. Before then, Parisian fashion had dominated Europe and the world. Just as fashion was part of Parisian and French national identity, the book explores the process of shaping and inventing an Italian style and fashion that ran parallel to, and at times took the lead in, the creation of an Italian national identity. In bringing to the fore these intersections, as well as emphasizing the importance of craft in cinema, fashion and costume design, the book aims to offer new visions of films by directors such as Nino Oxilia, Mario Camerini, Alessandro Blasetti, Federico Fellini, Michelangelo Antonioni, Luchino Visconti and Paolo Sorrentino, of film stars such as Lyda Borelli, Francesca Bertini, Pina Menichelli, Lucia Bosè, Monica Vitti, Marcello Mastroianni, Toni Servillo and others, and the costume archives and designers who have been central to the development of Made in Italy and Italian style.

Caravaggio in Film and Literature Laura Rorato 2017-07-05 Although fictional responses to Caravaggio date back to the painter's lifetime (1571-1610), it was during the second half of the twentieth century that interest in him took off outside the world of art history. In this new monograph, the first book-length study of Caravaggio's recent impact, Rorato provides a panoramic overview of his appropriation by popular culture. The extent of the Caravaggio myth, and its self-perpetuating nature, are brought out by a series of case studies involving authors and directors from numerous countries (Italy, Great Britain, America, Canada, France and Norway) and literary and filmic texts from a number of genres - from straightforward tellings of his life to crime fiction, homoerotic film and postcolonial literature.

Dosso's Fate Dosso Dossi 1998 Dosso Dossi has long been considered one of Renaissance Italy's most intriguing artists. Although a wealth of documents chronicles his life, he remains, in many ways, an enigma, and his art continues to be as elusive as it is compelling. In *Dosso's Fate*, leading scholars from a wide range of disciplines examine the social, intellectual, and historical contexts of his art, focusing on the development of new genres of painting, questions of style and chronology, the influence of courtly culture, and the work of his collaborators, as well as his visual and literary sources and his painting technique. The result is an important and original contribution not only to literature on Dosso Dossi but also to the study of cultural history in early modern Italy.

Caravaggio & His Followers in Rome David Franklin 2011 "The Italian artist Caravaggio (1571-1610) had a profound impact on a wide range of baroque painters of Italian, French, Dutch, Flemish, and Spanish origin who resided in Rome either during his lifetime or immediately afterward. This captivating book illustrates the notion of "Caravaggism," showcasing 65 works by Peter Paul Rubens and other important artists of the period who drew inspiration from Caravaggio. Also depicted are Caravaggio canvases that fully exhibit his distinctive style, along with ones that had a particularly discernible impact on other practitioners. Caravaggio's influence was greatest in Rome, where his works were seen by the largest and most international group of artists, and was at its peak in the early decades of the 17th century both before and after his untimely death at the age of 39. Not since Michelangelo or Raphael has one European artist affected so many of his contemporaries and over such broad geographic territory. Essays by an array of major Caravaggio scholars illuminate the underlying principles of the exhibit, reveal how Caravaggio altered the presentation and interpretation of many traditional subjects and inspired unusual new ones, and explore the artist's legacy and how he irrevocably changed the course of painting."--

Vittorio De Sica Stephen Snyder 2000-01-01 Recognized as a master of Italian cinema, Vittorio De Sica is perhaps best known and most respected for his critically acclaimed neorealist films of the period 1946-55. As this anthology reveals, however, his production was remarkably multifaceted. The essays included here - some newly commissioned, some reprinted, and others in translation - look at De Sica's varied career from many perspectives. Structured chronologically, the volume begins by introducing readers to De Sica's early popularity as an actor and singer during the years of Italian Fascism, and to his initial directorial efforts before the end of World War II. It was not until the postwar era, however, that De Sica made his mark in film history. Special attention is given to this critical phase of his career, which encompasses the neorealist films that made him famous: "Shoeshine", "Bicycle Thieves", "Miracle in Milan", and "Umberto D." When the neorealist movement waned after 1955, De Sica returned to his roots in Neapolitan comedy for a series of commercially successful films starring Sophia Loren and Marcello Mastroianni. Memorable works from this period include "Two Women" and "Marriage Italian Style" as well as "Yesterday, Today, and Tomorrow", which won De Sica an Academy Award in 1965. In one of his final films, "The Garden of the Finzi Continis", he returned to the subject of World War II and to the human tragedy characteristic of his best neorealist productions. This fine anthology offers a comprehensive critical survey that covers the entire scope of De Sica's career, and is an excellent resource for students, critics and film enthusiasts.
