Man from the South (A Roald Dahl Short Story) Roald Dahl 2012-09-13 Man from the South is a short, sharp, chilling story from Roald Dahl, the master of the shocking tale. In Man from the South, Roald Dahl, one of the world's favourite authors, tells a sinister story about the darker side of human nature. Here, a man takes part in a very unusual bet, one with appalling consequences . . . Man from the South is taken from the short story collection Someone Like You, which includes seventeen other devious and shocking stories, featuring the wife who serves a dish that baffles the police; a curious machine that reveals the horrifying truth about plants; the man waiting to be bitten by the venomous snake asleep on his stomach; and others. 'The absolute master of the twist in the tale.' (Observer) This story is also available as a Penguin digital audio download read by Stephen Mangan. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

Komodo Dragons James B. Murphy 2015-03-31 More than twenty years have passed since Walter Auffenberg's monumental *The Behavioral Ecology of the Komodo Monitor*. In the intervening years the populations of Komodo dragons—native only to a handful of islands in southeast Indonesia—have dwindled, sparking intensive conservation efforts. During the last two decades new information about these formidable predators has emerged, and the most important findings are clearly presented here. A memoir from Walter Auffenberg and his son Kurt is followed by the latest information on Komodo dragon biology, ecology, population distribution, and behavior. The second part of the book is dedicated to step-by-step management and conservation techniques, both for wild and captive dragons. This successful model is a useful template for the conservation of other endangered species as well, for, as Kurt and Walter Auffenberg note, “The species may well indeed survive in the wild for generations to come while countless other organisms are lost.”

Scanderbeide Margherita Sarrocchi 2007-11-01 The first historical heroic epic authored by a woman, *Scanderbeide* recounts the exploits of fifteenth-century Albanian warrior-prince George Scanderbeg and his war of resistance against the Ottoman sultanate. Filled with scenes of intense and suspenseful battles contrasted with romantic episodes, *Scanderbeide* combines the action and fantasy characteristic of the genre with analysis of its characters' motivations. In selecting a military campaign as her material and epic poetry as her medium, Margherita Sarrocchi (1560?-1617) not only engages in the masculine subjects of political conflict and warfare but also tackles a genre that was, until that point, the sole purview of men. First published posthumously in 1623, *Scanderbeide* reemerges here in an adroit English prose translation that maintains the suspense of the original text and gives ample context to its rich cultural implications.

Dante and the Orient Brenda Deen Schildgen 2002 "In *Dante and the Orient*, Schildgen argues that Dante's treatment of the East enabled him to use the rhetoric employed in crusade narratives and other travel literature to oppose the military and polemic goals of the Crusades and to plead for the reformation of both church and state."--BOOK JACKET.

Flavian Epic Antony Augoustakis 2016-08-02 The epics of the three Flavian poets--Silius Italicus, Statius, and Valerius Flaccus--have, in recent times, attracted the attention of scholars, who have re-evaluated the particular merits of Flavian poetry as far more than imitation of the traditional norms and patterns. Drawn from sixty years of scholarship, this edited collection is the first volume to collate the most influential modern academic writings on Flavian epic poetry, revised and updated to provide both scholars and students alike with a broad yet comprehensive overview of the field. A wide range of topics receive coverage, and analysis and interpretation of individual poems are integrated throughout. The plurality of the critical voices included in the volume presents a much-needed variety of approaches, which are used to tackle questions of intertextuality, gender, poetics, and the social and political context of the period. In doing so, the volume demonstrates that by engaging in a complex and challenging intertextual dialogue with their literary predecessors, the innovative epics of the Flavian poets respond to contemporary needs, expressing overt praise, or covert anxiety, towards imperial rule and the empire.

Dracula in Visual Media John Edgar Browning 2014-01-10 This is a comprehensive sourcebook on the world's most famous vampire, with more than 700 citations of domestic and international *Dracula* films, television programs, documentaries, adult features, animated works, and video games, as well as nearly

a thousand comic books and stage adaptations. While they vary in length, significance, quality, genre, moral character, country, and format, each of the cited works adopts some form of Bram Stoker's original creation, and Dracula himself, or a recognizable vampiric semblance of Dracula, appears in each. The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert Eighteen-Bisang, and J. Gordon Melton.

Those Who from Afar Look Like Flies Luigi Ballerini 2017-08-28 *Those Who from Afar Look Like Flies* is an anthology of poems and essays that aims to provide an organic profile of the evolution of Italian poetry after World War II. Beginning with the birth of *Officina* and *Il Verri*, and culminating with the crisis of the mid-seventies, this tome features works by such poets as Pasolini, Pagliarani, Rosselli, Sanguineti and Zanzotto, as well as such forerunners as Villa and Cacciatore. Each section of this anthology, organized chronologically, is preceded by an introductory note and documents every stylistic or substantial change in the poetics of a group or individual. For each poet, critic, and translator a short biography and bibliography is also provided.

Innovation in Chinese Medicine Elisabeth Hsu 2001-09-27 In the West ideas about Chinese medicine are commonly associated with traditional therapies and ancient practices which have survived, unchanging, since time immemorial. Originally published in 2001, this volume, edited by Elisabeth Hsu, demonstrates that this is far from the reality. In a series of pioneering case-studies, twelve contributors, from a range of disciplines, explore the history of Chinese medicine and the transformations that have taken place from the fourth century BC onwards. Topics of discussion cover diagnostic and therapeutic techniques, pharmacotherapy, the creation of new genres of medical writing and schools of doctrine. This interdisciplinary volume will be of value to anyone with an interest in the various aspects of Chinese medicine.

Lu Pavone Giuseppe Jovine 1993 Questa raccolta di poesie e di racconti popolari anonimi in dialetto molisano tracciano il percorso di due storie che, pur diversificate, si compenetrano e si completano a vicenda: la storia individuale dell'autore e la storia collettiva della società di un paese del Sud. Le immagini di un mondo apparentemente immobile e arcaico si alternano alle vicende di una realtà storica complessa e tormentata, nel cui magma vecchio e nuovo si scontrano e si fondono. This collection of

poems and anonymous folktales in the Molisan dialect traces the unfolding of two stories which, although distinct, interweave and complete each other: the author's individual story and the story of a town in the South of Italy. The images of an apparently immobile and archaic world alternate with the events of a complex and tormented historical reality, in whose magma the new and the old clash and fuse."

Barack Obama David Maraniss 2012-06-19 From one of our preeminent journalists and modern historians comes the epic story of Barack Obama and the world that created him. In *Barack Obama: The Story*, David Maraniss has written a deeply reported generational biography teeming with fresh insights and revealing information, a masterly narrative drawn from hundreds of interviews, including with President Obama in the Oval Office, and a trove of letters, journals, diaries, and other documents. The book unfolds in the small towns of Kansas and the remote villages of western Kenya, following the personal struggles of Obama's white and black ancestors through the swirl of the twentieth century. It is a roots story on a global scale, a saga of constant movement, frustration and accomplishment, strong women and weak men, hopes lost and deferred, people leaving and being left. Disparate family threads converge in the climactic chapters as Obama reaches adulthood and travels from Honolulu to Los Angeles to New York to Chicago, trying to make sense of his past, establish his own identity, and prepare for his political future. *Barack Obama: The Story* chronicles as never before the forces that shaped the first black president of the United States and explains why he thinks and acts as he does. Much like the author's classic study of Bill Clinton, *First in His Class*, this promises to become a seminal book that will redefine a president.

The Remorseful Day Colin Dexter 2009-03-12 For a year, the murder of Mrs. Yvonne Harrison at her home in Oxfordshire had baffled the Thames Valley CID. The manner of her death--her naked handcuffed body left lying in bed--matched her reputation as a women of adventuresome sexual tastes. The case seemed perfect for Inspector Morse. So why has he refused to become involved--even after anonymous hints of new evidence, even after a fresh murder? Sgt. Lewis's loyalty to his infuriating boss slowly turns

to deep distress as his own investigations suggest that Mrs. Harrison was no stranger to Morse. Far from it. Never has Morse performed more brilliantly than in this final adventure, whose masterly twists and turns through the shadowy byways of passion grip us to the death. . . .

Reassessing Reform Christopher M. Bellitto 2012-11-07 At the conclusion of his definitive study *The Idea of Reform*, which carved out reform as a distinct field of intellectual history, Gerhart Ladner stated that the idea of reform was "to remain the self-perpetuating core, the inner life spring of Christian tradition through lesser and greater times." Ladner himself sought to explore patristic theology and early Christian monasticism, and his insights laid the groundwork for a half-century of scholarship. Now, in celebration of the fiftieth anniversaries of the publication of *The Idea of Reform* and the Second Vatican Council, *Reassessing Reform* explores and critiques the enduring significance of Ladner's study, surveying new avenues and insights of more recent reform scholarship, especially concerning the long Middle Ages. Contributors aim to reassess Ladner's historical and theological examination of the idea of reform in the Christian tradition, with a special focus on its meaning from the end of the patristic age to the dawn of modernity, through case studies and historiographical assessments. Many of the authors are not only scholars of history, but they also work intimately with church reform in their own everyday professional and faith lives. This study brings together the following contributors: David Albertson, C. Colt Anderson, Ann W. Astell, Inigo Bocken, Gerald Christianson, Lester L. Field Jr., Ken A. Grant, John Howe, William V. Hudon, William P. Hyland, Dennis D. Martin, Louis B. Pascoe, S.J., Phillip H. Stump, and Michael Vargas. ABOUT THE EDITORS: Christopher M. Bellitto is associate professor of history at Kean University and academic editor-at-large of Paulist Press. He is the author of eight books, among them *Nicolas de Clamanges: Spirituality, Personal Reform, and Pastoral Renewal on the Eve of the Reformations* (CUA Press), and coeditor of five others, including *The Church, the Councils, and Reform: The Legacy of the Fifteenth Century* (CUA Press). David Zachariah Flanagin, associate professor of theology and religious studies at Saint Mary's College of California, is the author of several articles on the history of ecclesiology and the development of biblical exegesis. PRAISE FOR THE BOOK "This volume is a fitting look back to Ladner and his achievement. It shows the respect scholars have for him, but this is no blind reverence. There is much to be learned from Ladner, and these studies reform the way we look back at the medieval world and show that our minds can and should be always open to further reforming." --Catholic Historical Review "This well-edited volume is marked by the uniformly high quality of all the contributions. It is a fitting tribute to the influential book that it celebrates." -Journal of Ecclesiastical History

The Way Through the Woods Colin Dexter 2011-08-24 "Cunning...Your imagination will be frenetically flapping its wings until the very last chapter." THE WASHINGTON POST BOOK WORLD Morse is enjoying a rare if unsatisfying holiday in Dorset when the first letter appears in THE TIMES. A year before, a stunning Swedish student disappeared from Oxfordshire, leaving behind a rucksack with her identification. As the lady was dishy, young, and traveling alone, the Thames Valley Police suspected foul play. But without a body, and with precious few clues, the investigation ground to a halt. Now it seems that someone who can hold back no longer is composing clue-laden poetry that begins an enthusiastic correspondence among England's news-reading public. Not one to be left behind, Morse writes a letter of his own--and follows a twisting path through the Wytham Woods that leads to a most shocking murder.

Varanoid Lizards of the World Eric R. Pianka 2004 Monitor lizards (genus *Varanus*) have attracted a great deal of interest--these large and impressive lizards are often the centerpiece of reptile house exhibits. Monitors tend to be fairly wary and difficult to observe--therefore they are not particularly tractable

research subjects, but they have nevertheless received an extraordinary amount of attention from devoted students. *Varanoid Lizards of the World* is a comprehensive account of virtually everything important that is known about monitor lizards, beginning with detailed species accounts and proceeding to various modern comparative analyses. Where possible, people who have had detailed field experience with a particular species have assembled species accounts. In the process of reporting what is known, we also identify what remains to be learned about these lizards. We hope to establish a prototype showing how such a diverse monophyletic group can be exploited both to identify and to understand the actual course of evolution. As such, this effort becomes a protocol for future workers to follow for other groups of closely-related species.

Statius, Poet Between Rome and Naples Carole E. Newlands 2013-01-17 This book examines the poetry of Statius (c. 40-96 AD), in relation to significant social and cultural issues of his day, in particular shifting attitudes to Hellenism, gender and Roman imperialism. It also discusses the reception of Statius' poetry in the Middle Ages, when his reputation was at its zenith. Medieval interpretations of Statius' epics suggest that their popularity rested in part on the prominence they give to female action and the female voice, thus suggesting new expressive and generic possibilities.

World of Warcraft: Arthas Christie Golden 2009-04-21 Frostmourne. It was caught in a hovering, jagged chunk of ice, the runes that ran the length of its blade glowing a cool blue. Below it was a dais of some sort, standing on a large gently raised mound that was covered in a dusting of snow. A soft light, coming from somewhere high above where the cavern was open to daylight, shone down on the runeblade. The icy prison hid some details of the sword's shape and form, exaggerated others. It was revealed and concealed at the same time, and all the more tempting, like a new lover imperfectly glimpsed through a gauzy curtain. Arthas knew the blade -- it was the selfsame sword he had seen in his dream when he first arrived. The sword that had not killed Invincible, but that had brought him back healed and healthy. He'd thought it a good omen then, but now he knew it was a true sign. This was what he had come to find. This sword would change everything. Arthas stared raptly at it, his hands almost physically aching to grasp it, his fingers to wrap themselves around the hilt, his arms to feel the weapon swinging smoothly in the blow that would end Mal'Ganis, end the torment he had visited upon the people of Lordaeron, end this lust for revenge. Drawn, he stepped forward. The uncanny elemental spirit drew its icy sword. "Turn away, before it is too late," it intoned. * * * His evil is legend. Lord of the undead Scourge, wielder of the runeblade Frostmourne, and enemy of the free peoples of Azeroth. The Lich King is an entity of incalculable power and unparalleled malice -- his icy soul utterly consumed by his plans to destroy all life on the World of Warcraft. But it was not always so. Long before his soul was fused with that of the orc shaman Ner'zhul, the Lich King was Arthas Menethil, crown prince of Lordaeron and faithful paladin of the Silver Hand. When a plague of undeath threatened all that he loved, Arthas was driven to pursue an ill-fated quest for a runeblade powerful enough to save his homeland. Yet the object of his search would exact a heavy price from its new master, beginning a horrifying descent into damnation. Arthas's path would lead him through the arctic northern wastes toward the Frozen Throne, where he would face, at long last, the darkest of destinies.

Omega Under the Moon N. J. Lysk 2017-05-22 School is over. Forever. And Cole is ready for real life to start. His new apprenticeship as a mechanic promises enough money to get a little flat in town, close to his pack but not too close. And who knows what else he could do with that freedom? But before that, there's a camping trip to the woods with his best mates, TJ and Ari. TJ has been Cole's best friend since before school and he's almost as good getting out of trouble as getting into it. Ari came later, but Cole can't imagine life without his sharp intelligence and sweet smiles either. If you are a guy who likes guys, they don't make them easier on the eyes than TJ and Ari, but Cole is just fine keeping that to himself.

They have meat to grill, some beer, and three nights to say goodbye to their childhood. Everything is going great until Cole starts feeling odd. Within a few hours his whole life is turned upside down: He is an omega. He is in heat. And he is alone in the woods with two alphas. There is no going back from that night and Cole isn't sure their friendship can survive what they shared, but one thing is for certain: an omega cannot walk away from his fate.

"The Turk and Islam in the Western Eye, 1450?750 " JamesG. Harper 2017-07-05 Unprecedented in its range - extending from Venice to the New World and from the Holy Roman Empire to the Ottoman Empire - this collection probes the place that the Ottoman Turks occupied in the Western imaginaire, and the ways in which this occupation expressed itself in the visual arts. Individual essays in this volume examine specific images or groups of images, problematizing the 'truths' they present and analyzing the contexts that shape the presentation of Ottoman or Islamic subject matter in European art. The contributors trace the transmission of early modern images and representations across national boundaries and across centuries to show how, through processes of translation that often involved multiple stages, the figure of the Turk (and by extension that of the Muslim) underwent a multiplicity of interpretations that reflect and reveal Western needs, anxieties and agendas. The essays reveal how anachronisms and inaccuracies mingled with careful detail to produce a "Turk," a figure which became a presence to reckon with in painting, sculpture, tapestry and printmaking.
