[Experiences in Translation](#) Umberto Eco 2008-01-01 In this book Umberto Eco argues that translation is not about comparing two languages, but about the interpretation of a text in two different languages, thus involving a shift between cultures. An author whose works have appeared in many languages, Eco is also the translator of Gérard de Nerval's *Sylvie* and Raymond Queneau's *Exercices de style* from French into Italian. In *Experiences in Translation* he draws on his substantial practical experience to identify and discuss some central problems of translation. As he convincingly demonstrates, a translation can express an evident deep sense of a text even when violating both lexical and referential faithfulness. Depicting translation as a semiotic task, he uses a wide range of source materials as illustration: the translations of his own and other novels, translations of the dialogue of American films into Italian, and various versions of the Bible. In the second part of his study he deals with translation theories proposed by Jakobson, Steiner, Peirce, and others. Overall, Eco identifies the different types of interpretive acts that count as translation. An enticing new typology emerges, based on his insistence on a common-sense approach and the necessity of taking a critical stance.

Father Browne's Titanic Album E. E. O'Donnell 2021-04-01 As a passenger on the first two legs of Titanic's ill fated voyage, Father Francis Browne SJ's photographs are an immensely important record. As well as taking a unique set of photos, Father Browne also assembled an incredibly valuable album of Titanic material such as an original deck plan, menus, letters to him from fellow passengers, contemporary newspaper cuttings and other documents, many of which are reproduced here. Thanks to the gift of a ticket from his uncle, a young Jesuit named Francis Browne travelled on the Titanic during her maiden voyage from Southampton, to Cherbourg to Cork. Invited to remain with the ship as it crossed the Atlantic, Fr Browne was saved from possible disaster by a telegram from his Jesuit superior ordering him to "get off that ship". When the unthinkable happened and the Titanic sank, Fr Browne's photographs appeared on the front pages of newspapers all around the world. For many years the photographs of Fr Browne were forgotten until 1985 when Fr Eddie O'Donnell happened across an old tin trunk in the Jesuit archives and re-discovered 42,000 photographs, including the Titanic collection.
