**The Routledge Handbook of Translation and Culture** Sue-Ann Harding 2018-04-09 The Routledge Handbook of Translation and Culture collects into a single volume thirty-two state-of-the-art chapters written by international specialists, overviewing the ways in which translation studies has both informed, and been informed by, interdisciplinary approaches to culture. The book's five sections provide a wealth of resources, covering both core issues and topics in the first part. The second part considers the relationship between translation and cultural narratives, drawing on both historical and religious case studies. The third part covers translation and social contexts, including the issues of cultural resistance, indigenous cultures and cultural representation. The fourth part addresses translation and cultural creativity, citing both popular fiction and graphic novels as examples. The final part covers translation and culture in professional settings, including cultures of science, legal settings and intercultural businesses. This handbook offers a wealth of information for advanced undergraduates, postgraduates and researchers working in translation and interpreting studies.

Il re a nudo Michel Platini 2019

Art, Global Maoism and the Chinese Cultural Revolution Jacopo Galimberti 2019-11-18 This is the first book to explore the global influence of Maoism on modern and contemporary art. Featuring eighteen original essays written by established and emerging scholars from around the world, and illustrated with fascinating images not widely known in the west, the volume demonstrates the significance of visuality in understanding the protean nature of this powerful worldwide revolutionary movement. Contributions address regions as diverse as Singapore, Madrid, Lima and Maputo, moving beyond stereotypes and misconceptions of Mao Zedong Thought's influence on art to deliver a survey of the social and political contexts of this international phenomenon. At the same time, the book attends to the similarities and differences between each case study. It demonstrates that the chameleonic appearances of global Maoism deserve a more prominent place in the art history of both the twentieth and twenty-first centuries.

Churchmen and Urban Government in Late Medieval Italy, c.1200-c.1450 Frances Andrews 2013-11-28 Major new study of secular-religious boundaries and the role of the clergy in the administration of Italy's late medieval city-states.

Arduous Tasks Lina N Insana 2009-05-22 One of twentieth-century Italy's greatest thinkers, Primo Levi (1919-1987) started reflecting on the Holocaust almost immediately after his return home from the year he survived in Auschwitz. Levi's powerful Holocaust testimonials reveal his preoccupation with processes of translation, in the form of both embedded and book-length renderings of texts relevant to Holocaust survival. In *Arduous Tasks*, Lina N. Insana demonstrates how translation functions as a metaphor for the transmission of Holocaust testimony and broadens the parameters of survivor testimony. The first book to study Levi and translation, *Arduous Tasks* overcomes the conventional views of the separation between his own personal memoirs and his translations by stressing the centrality of translation in Levi's entire corpus. Examining not only the testimonial nature of his work, Insana also discusses the transgressive and performative aspects of transmission in his writings. *Arduous Tasks* is a superb and innovative study on the importance of translation not only to Levi, but also to Holocaust studies in general.

Orlando Innamorato Di Bojardo, Orlando Furioso Di Ariosto Matteo Maria Boiardo 1834

**The Art of Persuasion** Luciano Chelos (ed) 2001 This book explores the variety of means by which political information has been conveyed in Italy from the early post-war period to the current era when political discourse takes second place to style, image, and soundbite. Examined are both official forms of communication (cinema, government newsreel, the press, election broadcasts) and more informal, clandestine forms of communication mostly originating from social movements, pressure groups and other organizations outside the party system (satire, political songs, terrorism).

**Reflections on Female and Trans\* Masculinities and Other Queer Crossings** Nina Kane 2017-06-23 This collection of essays emerged out of the Agender conference, and various queer cultural activities associated with the PoMoGaze project (Leeds Art Gallery, 2013-2015). PoMoGaze was a term created to promote queer co-curatorial projects held at the gallery as part of Community Engagement activities, and references 'PoMo' as a shortening of 'Postmodern' combined with 'Gaze' as a play on words linking the act of looking with LGBT\*IQ activities. The book presents many voices exploring themes of female and trans\* masculinities, gender equality, and the lives, work and activism of LGBT\*IQ artists and thinkers. It includes discussion of arts-making, cultural materials, diverse identities, contemporary queer politics, and social histories, and travels across time telling gender-crossing stories

**The Routledge Handbook of Translation and Activism** Rebecca Ruth Gould 2020-06-17 The Routledge Handbook of Translation and Activism provides an accessible, diverse and ground-breaking overview of literary, cultural, and political translation across a range of activist contexts. As the first extended collection to offer perspectives on translation and activism from a global perspective, this handbook includes case studies and histories of oppressed and marginalised people from over twenty different languages. The contributions will make visible the role of translation in promoting and enabling social change, in promoting equality, in fighting discrimination, in supporting human rights, and in challenging autocracy and injustice across the Middle East, Africa, Latin America, East Asia, the US and Europe. With a substantial introduction, thirty-one chapters, and an extensive bibliography, this Handbook is an indispensable resource for all activists, translators, students and researchers of translation and activism within translation and interpreting studies.

**Freud and Judaism** David Meghnagi 2018-06-12 After first having been denied, the Jewish element in the works of Freud has been variously studied from many different points of view. In this wide-ranging collection, there can be found studies that are representative of the tendencies in research during the last few years: from the biographical and psychological approach explaining this connection through the existence of a 'particular Jewish tendency' or 'outlook' deriving from the special social and existential condition of the Jew in modern society, to the approach establishing a parallel between the history of thought and of the psychoanalytic institution on the one hand and the history of contemporary Judaism in the face of the phenomenon of assimilation on the other; from the reconstruction of the historical context in which Freud found himself working, to the identification of anti-Jewish drives within clinical practice itself. In the two essays on Moses links are sought between Freud's scientific production and his personal meditation on Judaism, and between his own personal myths and the connection of those with the plan to evolve a positive theory of Judaism in reply to the outbreak of antisemitic racism.

Feminine Feminists Giovanna Miceli Jeffries 1994 *Feminine Feminists* was first published in 1994. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. What does it mean to be a woman today in Italy, a country with the lowest birthrate in the world and the heaviest maternal stereotype? Does being a feminist exclude practices of cultural femininity? What are Italian women's cultural productions? These questions are at the center of this volume, which looks at how feminism and femininity are embedded in a broad spectrum of Italian cultural practices. In recent years, several books have introduced the American public to Italian women's voices. This volume goes beyond others in its range of theoretical topics and modes, considering cultural practices not only in their popular, material appearance, but also in the disciplines and forms of knowledge that order information and circumscribe behavior. The essays, all by well-known scholars in Italian studies, reflect the authors' specific critical interests in cinema, fashion, literary texts, feminist theory, and popular culture, past and present. Some address the culture of everyday life, while others examine feminism and femininity in the context of philosophy, ethics, or national identity within a global culture. Some begin with the conviction that performing "femininity"—whether in appearance or in nurturing practices—can be culturally liberating. Others put this notion to the critical test. By situating the problem of femininity within the discussion of feminism, this volume takes on larger issues within feminist discourse. Its bold examination of the component of femininity within the context of women's experiences offers readers rare insight into Italian women's culture and into the multicultural possibilities of feminism.

Giovanna Miceli Jeffries is a lecturer in the department of French and Italian at the University of Wisconsin, Madison.

**International Faust Studies** Lorna Fitzsimmons 2011-10-27 This major interdisciplinary collection captures the vitality and increasingly global significance of the Faust figure in literature, theatre and music. Bringing together scholars from around the world, *International Faust Studies* examines questions of adaptation, reception and translation centering on Faust discourse in a diversity of cultural contexts, including the Chinese, Japanese, Indian, African, Brazilian and Canadian, as well as the European, British and American. It broadens the field by including studies of lesser known or neglected Faust discourse, including the translation of Goethe's *Faust* recently attributed to Coleridge, in addition to the canonical.

*The Philosophy of Mario Perniola* Enea Bianchi 2022-07-14 Enea Bianchi provides the first in-depth introduction to the pioneering thought of 20th-century Italian philosopher, Mario Perniola. Examining Perniola's entire oeuvre, this book also pushes his philosophy into new directions by investigating the

connection between his aesthetics and the philosophical underpinnings of dandyism. Rich in influences, from ancient Stoicism to Roman ritualism, Baroque literature and avant-garde revolutionary movements, Perniola's philosophy is wide-ranging. This book highlights and explores numerous notions pivotal to understanding Perniola's thought, including: the "sex appeal of the inorganic", the "enigma", "strategic beauty" and the "artistic shadow". Combining these concepts with three exemplar dandies - George Brummell, Charles Baudelaire and Oscar Wilde - Bianchi demonstrates not only the close relationship between their principles and Perniola's aesthetics, but their shared, and timely, opposition to the status quo. A dandy philosophy emerges, which challenges the individual not only to refute the ongoing commodification of tastes, emotions and lifestyles, but also to develop a welcoming and loving disposition with respect to the enigma of our prismatic world.

**Against the Commons** Álvaro Sevilla-Buitrago 2022-09-27 An alternative history of capitalist urbanization through the lens of the commons Characterized by shared, self-managed access to food, housing, and the basic conditions for a creative life, the commons are essential for communities to flourish and protect spaces of collective autonomy from capitalist encroachment. In a narrative spanning more than three centuries, *Against the Commons* provides a radical counterhistory of urban planning that explores how capitalism and spatial politics have evolved to address this challenge. Highlighting episodes from preindustrial England, New York City and Chicago between the 1850s and the early 1900s, Weimar-era Berlin, and neoliberal Milan, Álvaro Sevilla-Buitrago shows how capitalist urbanization has eroded the egalitarian, convivial life-worlds around the commons. The book combines detailed archival research with provocative critical theory to illuminate past and ongoing struggles over land, shared resources, public space, neighborhoods, creativity, and spatial imaginaries. *Against the Commons* underscores the ways urbanization shapes the social fabric of places and territories, lending particular awareness to the impact of planning and design initiatives on working-class communities and popular strata. Projecting history into the future, it outlines an alternative vision for a postcapitalist urban planning, one in which the structure of collective spaces is ultimately defined by the people who inhabit them.

**Il re è nudo. Noi no. Peer education a scuola per uno stile di vita sano** S. Fraddanni 2011

*Il re è nudo!* Enrico Maria Guidi 2018-06-27 *Il Re è nudo* è una silloge di brevi saggi, o "articoli" (non giornalistici), su argomenti di attualità, non tuttavia intesi nel senso di "cronache" o "fatti" che investono l'epoca contemporanea, quanto, piuttosto, su ciò che in qualche maniera riguarda il "ruolo" che la persona o i gruppi di persone occupano nella realtà. Si spazia così dalla "sociologia", alla "psicologia", ad argomenti in qualche modo "etici" o "moralì", senza nessun fine "accademico" o "scientifico", e tantomeno "didattico". Neppure si intende nei saggi fornire una soluzione o proporre in maniera diretta e univoca un indirizzo, ma il tutto è teso piuttosto a sollevare problemi, a sollecitare un ragionamento, insomma a spingere il lettore a pensare in proprio e non ad accettare come "imperativi categorici" ciò che dall'esterno, mass media, politica, opinione pubblica, educazione, istituzioni, religione viene trasmesso e spesso imposto, con mezzi più o meno accettabili, e assorbito dall'individuo come una carta assorbente, senza un vero giudizio e una presa di posizione e coscienza critici.

*Orlando Innamorato Di Bojardo* Matteo Maria Boiardo 1834

Encyclopedia of Italian Literary Studies Gaetana Marrone 2006-12-26 The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

The Routledge Handbook of Translation and Health Şebnem Susam-Saraeva 2021-05-10 The Routledge Handbook of Translation and Health provides a bridge between translation studies and the burgeoning field of health humanities, which seeks novel ways of understanding health and illness. As discourses around health and illness are dependent on languages for their transmission, impact, spread, acceptance and rejection in local settings, translation studies offers a wealth of data, theoretical approaches and methods for studying health and illness globally. Translation and health intersect in a multitude of settings, historical moments, genres, media and users. This volume brings together topics ranging from interpreting in healthcare settings to translation within medical sciences, from historical and contemporary travels of medicine through translation to areas such as global epidemics, disaster situations, interpreting for children, mental health, women's health, disability, maternal health, queer feminisms and sexual health, and nutrition. Contributors come from a wide range of disciplines, not only from various branches of translation and interpreting studies, but also from disciplines such as psychotherapy, informatics, health communication, interdisciplinary health science and classical Islamic studies. Divided into four sections and each contribution written by leading international authorities, this timely Handbook is an indispensable resource for all students and researchers of translation and health within translation and interpreting studies, as well as medical and health humanities.
